

**Standard 2.6 - Legal Requirements**

*The training program should meet all applicable local, state, and federal requirements.*

*What's Needed and/or acceptable documentation to support the program evaluation rating:*

**2.6 Legal Requirements**

*A. Provide copies of Policies and Procedures. Post Haz-Mat signs. Show MSDS sheets.*

**WASTE OIL AND COOLANT REMOVAL**

When storage tanks reach an estimated 80% capacity a call will be placed with our State of New Hampshire contracted vendor for removal and disposal by appropriate State of N.H.-Dept. of Environment Hazardous Waste guidelines. All waste manifests will be filed by Nashua Community College Hazardous waste Coordinator.

|                     |  |
|---------------------|--|
