Connecting to Wi-Fi Using Mac
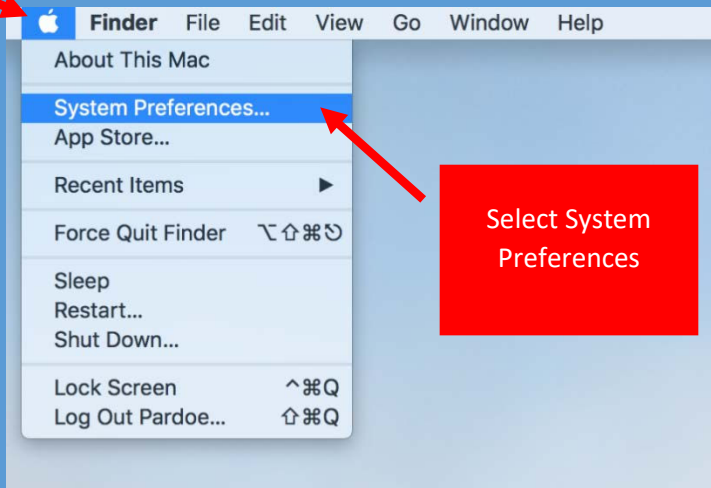

Click on the **Apple Icon**, select **System Preferences**

In the **System Preferences** window select **Network**

Click Apple Icon

Select System Preferences

Select Network

Be sure to choose the **Wi-Fi** option on the left side of the screen

Choose the Wi-Fi option

Select which wireless network you would like to join

Click on the drop down menu next to **Network Name** and choose which wireless network you would like to connect to, either **CCSNH** or **CCSNH-Guest**.

CCSNH will be used for any individual who has a valid CCSNH e-mail account while CCSNH-Guest will be used for anyone who is visiting the campus or has not yet been assigned an e-mail address.

Although NCC is still visible it will no longer be an active network

Once you have chosen the correct network, you will be prompted to enter your username and password.
CCSNH Network View

The Wi-Fi network "CCSNH" requires WPA2 enterprise credentials.

☑ Remember this network

Cancel   Join

If logging into the **CCSNH Network** your username and password will be the same as your username and password for your CCSNH e-mail.
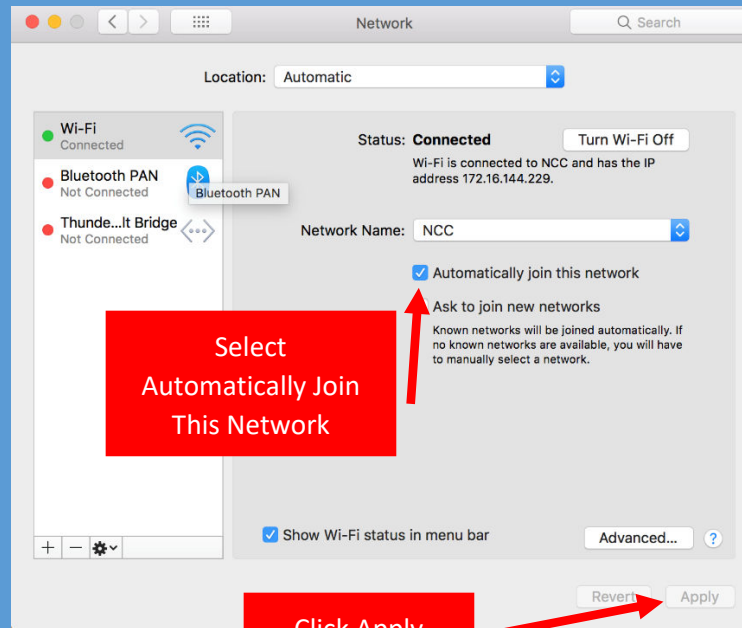

If you are choosing the **CCSNH-Guest** option you will be prompted to provide your full name and a current e-mail address. Be sure to read and accept the terms of use before selecting register.

Read and accept the terms of use
