PROCEEDINGS AND DEBATES OF THE 117th CONGRESS, SECOND SESSION

Vol. 168

WASHINGTON, WEDNESDAY, MARCH 9, 2022

No. 42—Book IV

House of Representatives

EXPLANATORY STATEMENT SUBMITTED BY MS. DELAURO, CHAIR OF THE HOUSE COMMITTEE ON APPROPRIATIONS, REGARDING THE HOUSE AMENDMENT TO THE SENATE AMENDMENT TO H.R. 2471, CONSOLIDATED APPROPRIATIONS ACT, 2022

The following is an explanation of the Consolidated Appropriations Act, 2022.

DIVISION G—DEPARTMENT OF THE INTERIOR, ENVIRONMENT, AND RELATED AGENCIES APPROPRIATIONS ACT, 2022

The following statement is an explanation of the effects of Division G, which provides appropriations for the Department of the Interior, the Environmental Protection Agency (EPA), the Forest Service, the Indian Health Service, and related agencies for fiscal year 2022.

The joint explanatory statement accompanying this division is approved and indicates congressional intent. Unless otherwise noted, the language set forth in House Report 117-83 carries the same weight as language included in this joint explanatory statement and should be complied with unless specifically addressed to the contrary in this joint explanatory statement. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein.

In cases where the House report or this joint explanatory statement direct the submission of a report, such report is to be submitted to both the House and Senate Committees on Appropriations. Where this joint explanatory statement refers to the Committees or the Committees on Appropriations, unless otherwise noted, this reference is to the House Subcommittee on Interior, Environment, and Related Agencies and the Senate Subcommittee on Interior, Environment, and Related Agencies.

Each department and agency funded in this Act is directed to follow the directions set forth in this Act and the accompanying statement and to not reallocate resources or reorganize activities except as provided herein or otherwise approved by the House and Senate Appropriations Committees through the reprogramming process as referenced in this Act. This joint explanatory statement addresses only those agencies and accounts

for which there is a need for greater explanation than provided in the Act itself. Funding levels for appropriations by account, program, and activity, with comparisons to the fiscal year 2021 enacted level and the fiscal year 2022 budget request, can be found in the table at the end of this division.

Unless expressly stated otherwise, any reference to “this Act” or “at the end of this statement” shall be treated as referring only to the provisions of this division.

Continued Directives.—The Committees continue the directives in the explanatory statement accompanying Public Law 116-94 regarding Everglades Restoration and Domestic Production of Critical Minerals. Directives regarding Transparency of Information Regarding Grants, Agreements, Research, and Conferences Attendance in the explanatory statement accompanying Public Law 116-260 are also continued.

Deferred Maintenance.—The Department of the Interior and the Forest Service are directed to maintain updated 5-year deferred maintenance plans that, to the extent practicable, include a list of all outstanding deferred maintenance needs, and to provide them to the Committees on a quarterly basis.

Disaster Recovery Needs.—The Committees direct the Department of the Interior and the other agencies funded in this bill to establish quarterly reporting requirements for their component bureaus, regions, offices, and programs, as appropriate, to maintain up-to-date comprehensive information for supplemental funding needs related to disaster recovery.

Federal Lands Recreation Enhancement Act.—The Department of the Interior and the Forest Service are directed to annually post on a centralized agency website the list of Federal Lands Recreation Enhancement Act (FLREA) (Public Law 108-447) projects and activities performed in each fiscal year, which should include a project or activity title, description, location, and amount obligated. Each land management agency that is unable to complete this directive shall submit a report to the Committees within 90 days of enactment of this Act detailing the specific steps the agency plans to take to secure the capabilities needed to provide proper transparency on the spending of FLREA funds.

Federal Law Enforcement.—The agreement notes that the explanatory statement accompanying the Commerce, Justice, Science,

and Related Agencies Appropriations Act, 2022 directs the Attorney General to ensure implementation of evidence-based training programs on de-escalation and the use-of-force, as well as on police community relations, and the protection of civil rights, that are broadly applicable and scalable to all Federal law enforcement agencies. The agreement further notes that several agencies funded by this Act employ Federal law enforcement officers and are Federal Law Enforcement Training Centers partner organizations. The agreement directs such agencies to consult with the Attorney General regarding the implementation of these programs for their law enforcement officers. The agreement further directs such agencies to submit a report to the Committees on Appropriations on their efforts relating to such implementation no later than 180 days after consultation with the Attorney General. In addition, the agreement directs such agencies, to the extent that they are not already participating, to consult with the Attorney General and the Director of the FBI regarding participation in the National Use-of-Force Data Collection. The agreement further directs such agencies to submit a report to the Committees on Appropriations, no later than 180 days after enactment of this Act, on their efforts to so participate.

Firefighting Aviation Contracts.—In light of the receipt of the report directed in the explanatory statement accompanying the Consolidated Appropriations Act, 2021 (Public Law 116-260), the Forest Service and the Department of the Interior are urged to continue working with relevant stakeholders to evaluate ways to address impediments on the use of long-term contracts and other contracting strategies or approaches for wildland fire suppression activities.

Great American Outdoors Act.—At the end of this explanatory statement, the Committees have included allocation of projects pursuant to the Great American Outdoors Act (Public Law 116-152).

Mitigation Activities from Border Barrier Construction.—The agreement does not include direction requiring a report on the impacts of border barrier construction.

Training, Hiring, and Public Lands Education in Alaska.—The directive in Public Law 116-94 regarding conducting annual Alaska National Interest Lands Conservation Act training by the Department of the Interior and the Forest Service is continued. The Committees also recognize the importance of Alaska Public Land Information

H2477

Centers as partners and tools to educate the public regarding Alaska's unique public lands and encourages the agencies to look for opportunities to strengthen these critical partnerships.

Tribal Lease Payments.—The Committees are aware of recent litigation in Federal courts regarding what constitutes reasonable lease costs under the 105(1) program. As part of the consultation required by language in Title IV of this Act, the Indian Health Service and the Department of the Interior are expected to consult with Tribes and Tribal organizations regarding agency regulations and policies that determine the amount of space and other standards necessary to carry out Federal programs under a section 105(1) lease, and to ensure that such regulations and policies are consistent, transparent, and clearly communicated to affected Tribes. The Service and the Department are expected to periodically update the Committees on the status of the consultation.

Wild Horses and Burros.—The Wild Free-Roaming Horses and Burros Act of 1971 conferred primary responsibility for wild horses across the rangelands of the American West to the Bureau of Land Management (BLM). However, given the challenges posed by rising horse populations coupled with degraded range, climate change, and invasive species, the consequences of inaction will have a cascading impact on all plants, animals, and people that share these lands and finite resources. This is a national crisis on our public lands and requires the expertise and resources of various bureaus and agencies; BLM should not shoulder the responsibility alone. To address this urgent problem, the Secretary of the Interior is directed to establish a task force with representation from the Bureau of Land Management, U.S. Fish and Wildlife Service, U.S. Geological Survey, and any other Bureau the Secretary deems appropriate. In subsequent years, task force membership will be expanded to include representatives of the U.S. Department of Agriculture and other agencies with essential skills and expertise. Any strategy or recommendation of the task force will not include any sale or actions that result in the destruction of healthy animals, which continues to be prohibited by this bill and should be in line with the goals and strategies of the Bureau of Land Management's May 2020 report to Congress on achieving a sustainable program through aggressive, non-lethal population control strategy (May 2020 report). The Secretary is to report to the Committees within 90 days of enactment of this Act on the establishment of this task force and a proposed meeting schedule. The Bureau of Land Management is to report to the Committees on a quarterly basis on the status of this program, staffing updates, and the work of the task force.

LAND AND WATER CONSERVATION FUND

With the August 4, 2020, enactment of the Great American Outdoors Act (Public Law 116-152), Congress provided a permanent appropriation of \$900,000,000 per year from the Land and Water Conservation Fund (LWCF). The Act also mandated that account allocations and detailed project information be proposed by the administration each year through the President's annual budget submission, and that such allocations, following review by the Committees on Appropriations, may be modified through an alternate allocation. A detailed table showing the LWCF allocation by agency, account, activity, and project, including lists of specific Federal land acquisition projects and Forest Legacy Program projects, including congressionally directed spending, accompanies this explanatory statement. The agencies are expected to continue to follow the directions

included in the explanatory statement accompanying the Consolidated Appropriations Act, 2021 (Public Law 116-260) under General Implementation, except that no funds are provided for acquisition contingencies. Specific additional directions follow.

Fish and Wildlife Service.—The Service is expected to provide outreach to all units of the National Wildlife Refuge System, including Clarks, McKinney, Ottawa, Loxahatchee, and Edwards, to ensure these refuges are aware of all funding opportunities available. There is an accumulating backlog of parcels available at Clarks River National Wildlife Refuge and the Service is strongly encouraged to begin the proper due diligence work in order for the refuge to access available funding opportunities. The newly-established Green River National Wildlife Refuge is eligible for funding under the recreational access and inholding lines and the Service is encouraged to use these additional funding tools at Green River, as it does for other refuge units. The Service is also encouraged to consider habitat conservation plan land acquisition applications that enhance efforts to establish State research forests through the Cooperative Endangered Species Conservation Fund. Further, the Service should utilize available funding from the recreational access and inholding/emergencies and hardships lines to account for any additional project cost need as identified on the fiscal year 2022 ranked project list.

National Park Service.—The Service is directed to report to the Committees within 90 days of enactment of this Act on a strategy for obligating balances in the State Conservation Grant formula and competitive programs from fiscal year 2018 and prior years that are not associated with any particular State's allocation. The Service is further directed to submit a report within 180 days of enactment of this Act detailing the recommendations developed by a working group of interested stakeholders to assist States in managing their obligations and compliance responsibilities related to LWCF, as addressed in Senate Report 116-123.

The Service requested and received approval to reprogram Acquisition funds in fiscal year 2021 which adjusted projects on the fiscal year 2022 agency priority list. The Service is encouraged to use the non-project subactivity lines as appropriate to complete any additional projects associated with the reprogramming and subsequent adjustments, including acquisitions at Harpers Ferry, Petroglyph, Congaree, and Sleeping Bear Dunes. The Ste. Genevieve National Historical Park was designated as a new park unit in October 2020 and the Service is encouraged to provide outreach to the community so that interested stakeholders are aware of available acquisition funding opportunities.

Forest Legacy Program.—The Forest Service is directed to use a portion of unobligated balances from fiscal year 2018 and prior years as needed to complete all of the projects listed in the table accompanying this explanatory statement. Use of additional unobligated balances may be proposed in accordance with the Committees' established reprogramming guidelines for projects included in the supplemental list submitted to the Committees pursuant to Public Law 116-220 but not specifically listed in the table.

REPROGRAMMING GUIDELINES

The following are the procedures governing reprogramming actions for programs and activities funded in the Department of the Interior, Environment, and Related Agencies Appropriations Act. The agencies funded in this Act are reminded that these reprogramming guidelines are in effect, and must be complied with, until such time as the Committees modify them through bill or report language.

Definitions.—"Reprogramming," as defined in these procedures, includes the reallocation of funds from one budget activity, budget line-item, or program area to another within any appropriation funded in this Act. In cases where either the House or Senate Committee on Appropriations report displays an allocation of an appropriation below that level, the more detailed level shall be the basis for reprogramming.

For construction, land acquisition, and forest legacy accounts, a reprogramming constitutes the reallocation of funds, including unobligated balances, from one construction, land acquisition, or forest legacy project to another such project.

A reprogramming shall also consist of any significant departure from the program described in the agency's budget justifications. This includes all proposed reorganizations or other workforce actions detailed below which affect a total of 10 staff members or 10 percent of the staffing of an affected program or office, whichever is less, even without a change in funding. Any change to the organization table presented in the budget justification shall also be subject to this requirement.

Agencies are reminded that this agreement continues longstanding General Guidelines for Reprogramming that require agencies funded by this Act to submit reorganization proposals for the Committees' review prior to their implementation. It is noted that such reprogramming guidelines apply to proposed reorganizations, workforce restructure, reshaping, transfer of functions, or bureau-wide downsizing and include closures, consolidations, and relocations of offices, facilities, and laboratories. In addition, no agency shall implement any part of a reorganization that modifies regional or State boundaries for agencies or bureaus that were in effect as of the date of enactment of this Act unless approved consistent with the General Guidelines for Reprogramming procedures specified herein. Any such reprogramming request submitted to the Committees on Appropriations shall include a description of anticipated benefits, including anticipated efficiencies and cost-savings, as well as a description of anticipated personnel impacts and funding changes anticipated to implement the proposal.

General Guidelines for Reprogramming.—

(a) A reprogramming should be made only when an unforeseen situation arises, and then only if postponement of the project or the activity until the next appropriation year would result in actual loss or damage.

(b) Any project or activity, which may be deferred through reprogramming, shall not later be accomplished by means of further reprogramming, but instead, funds should again be sought for the deferred project or activity through the regular appropriations process.

(c) Except under the most urgent situations, reprogramming should not be employed to initiate new programs or increase allocations specifically denied or limited by Congress, or to decrease allocations specifically increased by the Congress.

(d) Reprogramming proposals submitted to the House and Senate Committees on Appropriations for approval will be considered as expeditiously as possible, and the Committees remind the agencies that in order to process reprogramming requests, adequate and timely information must be provided.

Criteria and Exceptions.—A reprogramming must be submitted to the Committees in writing prior to implementation if it exceeds \$1,000,000 annually or results in an increase or decrease of more than 10 percent annually in affected programs or projects, whichever amount is less, with the following exceptions:

(a) With regard to the Tribal priority allocations of the Bureau of Indian Affairs (BIA) and Bureau of Indian Education (BIE), there is no restriction on reprogrammings among these programs. However, the Bureaus shall report on all reprogrammings made during a given fiscal year no later than 60 days after the end of the fiscal year.

(b) With regard to the EPA, the Committees do not require reprogramming requests associated with the States and Tribes Partnership Grants or up to a cumulative total of \$5,000,000 from carryover balances among the individual program areas delineated in the Environmental Programs and Management account, with no more than \$1,000,000 coming from any individual program area. No funds, however, shall be reallocated from individual Geographic Programs. (c) With regard to the National Park Service, the Committees do not require reprogramming requests associated with the park base within the Park Management activity in the Operation of the National Park System Account. The Service is required to brief the House and Senate Committees on Appropriations on spending trends for the park base within 60 days of enactment of this Act.

Assessments.—“Assessment” as defined in these procedures shall refer to any charges, reserves, or holdbacks applied to a budget activity or budget line item for costs associated with general agency administrative costs, overhead costs, working capital expenses, or contingencies.

(a) No assessment shall be levied against any program, budget activity, subactivity, budget line item, or project funded by the Interior, Environment, and Related Agencies Appropriations Act unless such assessment and the basis therefor are presented to the Committees in the budget justifications and are subsequently approved by the Committees. The explanation for any assessment in the budget justification shall show the amount of the assessment, the activities assessed, and the purpose of the funds.

(b) Proposed changes to estimated assessments, as such estimates were presented in annual budget justifications, shall be submitted through the reprogramming process and shall be subject to the same dollar and reporting criteria as any other reprogramming.

(c) Each agency or bureau which utilizes assessments shall submit an annual report to the Committees, which provides details on the use of all funds assessed from any other budget activity, line item, subactivity, or project.

(d) In no case shall contingency funds or assessments be used to finance projects and activities disapproved or limited by Congress or to finance programs or activities that could be foreseen and included in the normal budget review process.

(e) New programs requested in the budget should not be initiated before enactment of the bill without notification to, and the approval of, the Committees. This restriction applies to all such actions regardless of whether a formal reprogramming of funds is required to begin the program.

Quarterly Reports.—All reprogrammings between budget activities, budget line-items, program areas, or the more detailed activity levels shown in this agreement, including those below the monetary thresholds established above, shall be reported to the Committees within 60 days of the end of each quarter and shall include cumulative totals for each budget activity or budget line item, or construction, land acquisition, or forest legacy project.

Land Acquisitions, Easements, and Forest Legacy.—Lands shall not be acquired for more than the approved appraised value, as addressed in section 301(3) of Public Law 91-

646, unless such acquisitions are submitted to the Committees on Appropriations for approval in compliance with these procedures.

Land Exchanges.—Land exchanges, wherein the estimated value of the Federal lands to be exchanged is greater than \$1,000,000, shall not be consummated until the Committees have had 30 days in which to examine the proposed exchange. In addition, the Committees shall be provided advance notification of exchanges valued between \$500,000 and \$1,000,000.

Budget Structure.—The budget activity or line item structure for any agency appropriation account shall not be altered without advance approval of the Committees.

TITLE I—DEPARTMENT OF THE INTERIOR

BUREAU OF LAND MANAGEMENT

MANAGEMENT OF LANDS AND RESOURCES

Management of Lands and Resources (MLR).—The bill provides \$1,281,940,000 for the Management of Lands and Resources appropriation. All programs and activities are funded at the amounts enacted in fiscal year 2021 unless otherwise specified below or in the table at the end of this division. Fixed costs are provided. The Bureau is expected to comply with the instructions and requirements at the beginning of this division and in House Report 117-83 unless otherwise specified below. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein.

Wild Horse and Burro Program.—The bill provides \$137,093,000 for the Wild Horse and Burro program, of which up to \$11,000,000 shall be used for administration of and research on reversible immunocontraceptive fertility control. This agreement continues support for the Bureau's May 2020 report on achieving a sustainable program through an aggressive, non-lethal population control strategy and emphasizes the need for adequate staffing to execute the program. The Bureau is expected to continue and expand efforts in line with the May 2020 report. Along with the directives in House Report 117-83, this includes increased gathers which will also help implement the vaccine strategy, improving on-range removal capacity, and securing a greater number of less costly and longer-term off-range holding facilities and pastures. The Bureau is strongly encouraged to leverage funding through public-private partnerships with the help of the Foundation for America's Public Lands. The Bureau shall continue to abide by the Comprehensive Animal Welfare Program and the statutory restrictions on sale without restriction. Direction for a Wild Horse and Burro Task Force and regular and timely briefings are outlined in the beginning of this division and in the Office of the Secretary.

Wildlife Habitat Management.—The agreement provides \$140,747,000 which includes \$10,600,000 for Plant Conservation and Restoration, \$70,000,000 for sage-grouse habitat, and \$31,000,000 for Threatened and Endangered Species. The Bureau is encouraged to ramp up its use of reporting tools to gain a better understanding of completed recovery efforts and to provide annual species expenditure reporting information to the U.S. Fish and Wildlife Service.

Recreation Management.—The agreement provides \$78,928,000 which includes \$3,097,000 for National Wild and Scenic Rivers and \$6,547,000 for National Scenic and Historic Trails.

Energy and Minerals.—The agreement provides \$216,535,000.

Legacy Wells.—The agreement provides no less than \$22,100,000 for legacy well remediation to maintain program capacity and con-

tinue progress toward cleanup of the next cluster of legacy wells in need of remediation. The report, “National Petroleum Reserve in Alaska: 2020 Legacy Wells Strategic Plan,” is appreciated, as is the Bureau's continued commitment to coordinate with State and local regulators.

Locatable Minerals.—Any Bureau review of regulations on mineral production should include regulations governing locatable mineral activities.

Oil and Gas Management.—The Bureau is directed to brief the Committees on the Department's review of the onshore oil and gas leasing program and any planned actions as a result of it within 120 days of enactment of this Act. Further, the Bureau is directed to increase staffing and resources necessary to support improvements to the oil and gas program.

Renewable Energy.—The agreement directs the Bureau to brief the Committees within 90 days of enactment of this Act on any planned rulemakings and how those interact with or support the directives contained in Public Law 116-260 on renewable energy and the competitive leasing rule.

Resource Protection and Maintenance.—The agreement provides \$136,140,000 which includes \$3,343,000 for abandoned mine land sites.

Transportation and Facilities Maintenance.—The agreement provides \$79,035,000 which includes \$100,000 for fleet related infrastructure.

Workforce and Organizational Support.—The agreement provides \$165,875,000 which includes \$400,000 for Diversity, Equity, Inclusion and Accessibility.

National Landscape Conservation System.—The agreement provides \$49,274,000 and expects that this increase will create capacity to initiate or revise management plans for monuments such as Cascade-Siskiyou National Monument, Rio Grande del Norte National Monument, and address other high priority areas.

Other Directives.—

Budget Structure.—The Bureau should consider a budget restructure to include a dedicated trails budget line item or to include congressionally-designated rivers and trails as component subactivities within the National Landscape Conservation System.

Bicycle Accessible Trails.—The Bureau is encouraged to identify and complete more plans to enhance bicycle opportunities on BLM trails in locations where those uses are appropriate and conducted in accordance with the applicable land management plan, particularly in states such as New Mexico, Colorado, and Nevada.

Bonneville Salt Flats.—The Bureau and the State of Utah have a shared interest in the long-term sustainability of the Bonneville Salt Flats and entered into a memorandum of understanding in April 2020 to improve coordination of planning and management for the area. The Bureau is directed to brief the Committees within 45 days of enactment of this Act on the progress in this effort, including what financial support the Bureau either has or intends to provide and the elements of the Bureau's restoration strategy.

Circumpolar Wildland Fire.—The Bureau is directed to collaborate with the Arctic Council to promote international cooperation and sharing of knowledge, resources, and training across the Arctic region to respond to increased wildland fire activity due to climate change.

Coos Bay Wagon Road Lands.—The agreement expects the Bureau to fully cooperate with the appraisal committee to determine whether the county payments are being made in accordance with the Coos Bay Wagon Road Act (Public Law 76-85). The land

should be appraised in a manner that reflects the differences in how Coos Bay Wagon Road Grant lands are managed compared to private lands of similar character, including restrictions on timber activities. Sudden Oak Death treatments are to continue at current levels.

National Trails.—In coordination with its trail partners, the Bureau is directed to update exhibits at its trail interpretive centers to reflect these themes and provide a project list within 120 days of enactment of this Act. Funding for the Pacific Crest National Scenic Trail and Iditarod National Historic Trail should be maintained at not less than the enacted level. The agreement supports the concept of the proposed “Alaska Long Trail,” which will interconnect Alaska communities from Seward to Fairbanks, providing direct economic benefit and expanded recreational access and expects the Bureau to offer material support as the effort takes shape.

Public Lands Policy.—Within available funds, the agreement supports efforts by the Bureau to work with a land grant university to create a framework for assessment, inventory, and monitoring of social and economic data related to how individuals and communities are affected by public lands management decisions. The Bureau should also take steps to understand how to use focused data gathered from social science best management practices to improve the public engagement process, including engagement on environmental justice and underrepresented populations. These efforts will assist urban and rural communities, policymakers, resource managers, and resource users to engage effectively in the public land policy process.

Range Management.—The Bureau is directed, to the greatest extent practicable, to make vacant grazing allotments available to a holder of a grazing permit or lease when lands covered by the holder of the permit or lease are unusable because of drought or wildfire. The Bureau is encouraged to improve the management of active allotments and reduce any backlog of permits. The Bureau is directed to brief the Committees within 90 days of enactment of this Act on progress made towards reviewing permits currently in the backlog. The Bureau will continue the quantitative, science-based analysis of the risk of disease transmission between domestic and bighorn sheep required in the explanatory statement accompanying the Consolidated Appropriations Act, 2016 (Public Law 114-113).

Signage for Wilderness Areas.—The Bureau is expected to ensure that the public is adequately informed regarding the lands protected as well as routes that are open or closed with properly posted and maintained signage for the areas protected by Public Law 116-9. To help inform the public, the Bureau should properly post signage and conduct regular reviews to ensure that signage is maintained, and in good readable condition, and to replace any damaged or unreadable signs in a timely manner.

Southern Nevada Public Land Management Act (SNPLMA).—Funds from the SNPLMA account are to be used for activities authorized under Public Law 105-263.

Tribal Coordination on Energy.—The Bureau is directed to continue to fulfill its fiduciary trust responsibilities by coordinating with Fort Berthold Tribal authorities for activities that impact the Fort Berthold Reservation.

OREGON AND CALIFORNIA GRANT LANDS

The bill provides \$117,283,000 for the Oregon and California Grant Lands appropriation. Specific allocations at the activity and sub-activity level are contained in the table at the back of this explanatory statement. The

Bureau is directed to continue the fire protection agreement with the State of Oregon to maintain or enhance the current level of fire protection for BLM-managed lands in Western Oregon; to aggressively target hazardous fuels treatments and report annually on the amount spent, as well as the scope of hazardous fuels management required across Oregon and California Grant Lands; and to regularly report its timber sale accomplishments for sales that have been sold and awarded rather than merely offered for sale. The Bureau is expected to report these activities in a manner consistent with the U.S. Forest Service and only count awarded volume.

Sudden Oak Death Syndrome.—The agreement provides funding adequate to continue efforts at fighting Sudden Oak Death syndrome.

RANGE IMPROVEMENTS

The bill provides \$10,000,000 to be derived from public lands receipts and Bankhead-Jones Farm Tenant Act lands grazing receipts.

SERVICE CHARGES, DEPOSITS, AND FORFEITURES

The bill provides an indefinite appropriation estimated to be \$30,000,000 for Service Charges, Deposits, and Forfeitures.

MISCELLANEOUS TRUST FUNDS

The bill provides an indefinite appropriation estimated to be \$26,000,000 for Miscellaneous Trust Funds.

UNITED STATES FISH AND WILDLIFE SERVICE RESOURCE MANAGEMENT

(INCLUDING TRANSFER OF FUNDS)

The bill provides \$1,451,545,000 for Resource Management. All programs and activities are funded at the amounts enacted in fiscal year 2021 unless otherwise specified below or in the table at the end of this division. Fixed costs are provided. The Service is expected to comply with the instructions and requirements at the beginning of this division and in House Report 117-83 unless otherwise specified below. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein.

The Service is expected to comply with language contained in the explanatory statement accompanying Public Law 116-260, the Consolidated Appropriations Act, 2021 regarding Traditional Knowledge, Subsistence Activities, Polar Bear Tourism, Continued Funding Prohibitions, Sea Otters, and Ozark Hellbender. The agreement reiterates the direction in House Report 117-83 and the explanatory statement accompanying Public Law 116-260 regarding American red wolves. In addition, language contained in Senate Report 116-123 subtitled Native Handicrafts, Central Everglades Planning Project, Loxahatchee National Wildlife Refuge, Wildlife Trafficking, Invasive Species, and Unknown Florida Panther Disorder is restated. The agreement reiterates that the Service's 2016 regulation does not apply to Alaska Native handicrafts made from walrus ivory and mammoth ivory.

Ecological Services.—The agreement provides \$277,409,000 for programs and activities within Ecological Services, including \$21,279,000 for listing.

Planning and Consultation.—The agreement provides \$112,092,000 which maintains \$4,000,000 for Gulf Coast restoration activities.

Conservation and Restoration.—The agreement provides \$35,666,000 for conservation and restoration activities which includes \$6,220,000 for Marine Mammals with the increase directed toward manatees. The Service is expected to complete the survey and stock assessment of northern sea otters in

Southeast Alaska and assess this population relative to the optimum sustainable level, improve management strategies, and document ecological impacts of sea otters. Upon finalization of this report, the Service shall transmit the report to the Committees. The agreement includes a \$500,000 reduction as requested.

Geospatial Data.—The agreement encourages the Service to work with partners to develop a geospatial index that includes tools to combine information from a wide variety of datasets into a single compatible framework, while protecting sensitive data and landowner information, in order to protect the Great Plains grassland habitat and the species that rely on them.

Conservation Banking Report.—The Service is directed to report back within 60 days of enactment of this Act on the status of meeting the directive in section 329 of the William M. (Mac) Thornberry National Defense Authorization Act, 2021 (Public Law 116-283), related to issuing regulations for wildlife conservation banking programs.

Recovery.—The agreement provides \$108,372,000 for activities in support of the recovery and delisting of threatened and endangered species which includes: \$3,750,000 for the State of the Birds; \$1,300,000 for the Prescott Grant program; and \$1,000,000 for the wolf-livestock demonstration program. The agreement supports focused efforts by the Service to prevent extinction of the most critically endangered species, particularly keystone species because of the significant impact they have on ecosystem health, but reminds the Service of the critical importance of continuing to reduce the backlog of 5-year reviews and associated inherently Federal responsibilities.

The agreement provides \$9,500,000 for Recovery Challenge matching grants. Recovery Challenge grants are to be used to develop and update recovery plans and implement high priority recovery actions as prescribed in recovery plans to recover federally listed species. Actions should include, but are not limited to, genetically-sound breeding, rearing, and reintroduction programs. Long-standing partnerships, including for the northern aplomado falcon and California condor, would be funded at no less than their current levels, and partner contributions should be no less than their current amounts and provide at least a 50:50 partner match, which may include in-kind services. The remaining funds should be dedicated to new partnerships and should require at least a 50:50 partner match, which may include in-kind services. Unless an affected State is a partner on the project, no funds may be awarded to a project until the project partners have consulted with such State. Program direction contained in House Report 117-83 regarding working with the National Fish and Wildlife Foundation remains in effect.

Florida Grasshopper Sparrow.—The Service is directed to continue to support the Florida grasshopper sparrow recovery efforts and the captive breeding program as managed by its conservation partners as referenced in Senate Report 116-123 and the agreement provides \$200,000.

Western Monarch Butterfly Populations.—Western monarch populations are in decline and the agreement provides no less than \$4,000,000 across the account for western monarchs and pollinator recovery. Further, the Service is directed to provide a report within 120 days of enactment of this Act on whether there are Service-managed lands that could serve as milkweed habitat corridors for migrating western monarchs.

Habitat Conservation.—The agreement provides \$71,331,000 for habitat conservation programs, of which \$57,715,000 is for the Partners

for Fish and Wildlife program and \$13,616,000 is for the Coastal Program. The agreement provides \$1,750,000 for the Chesapeake Bay nutria eradication project.

Klamath Restoration.—The Service is directed to consider additional activities that could be undertaken to recover endangered and threatened species, restore habitat, and improve the health of the Klamath Basin National Wildlife Refuges with the funds provided in fiscal year 2022 and during the fiscal year 2023 budget formulation. The Service is encouraged to continue to coordinate with the Bureau of Reclamation where appropriate and consult with Tribes. Within Habitat Conservation, the agreement provides no less than the fiscal year 2021 enacted level for Klamath River habitat restoration.

National Wildlife Refuge System.—The agreement provides \$518,761,000 for the National Wildlife Refuge System.

Wildlife and Habitat Management.—The agreement provides: \$15,925,000 for invasive species to focus on high priority invasive species including nutria, buffelgrass, and cheatgrass; \$1,750,000 for the Chesapeake Bay nutria eradication project; \$500,000 to help refuges improve water efficiency in order to maintain, improve, replace and upgrade refuge infrastructure on areas such as the Quivira National Wildlife Refuge; \$2,000,000 for Marine National Monuments including \$700,000 for the Northeast Canyons and Seamounts Marine National Monument; \$23,924,000 for inventory and monitoring including no less than \$2,000,000 for western monarchs and pollinators. Focusing on chronic wasting disease is encouraged.

In lieu of the direction in House Report 117-83 regarding changes to trapping practices, the Service is directed to conduct an evaluation of trapping practices on Service lands in collaboration with the U.S. Department of Agriculture, Wildlife Services and to brief the Committees on their findings including information regarding alternative non-lethal methods and equipment that may be used to remove invasive species or native pest species that behave like invasive species. House directives regarding signage and annual reporting are continued.

Chesapeake Marshlands National Wildlife Refuge Complex.—The Service's collaboration with non-Federal partners to develop and implement the Blackwater 2100 "A Strategy for Salt Marsh Persistence in an Era of Climate Change" is supported as is the Service's ability to implement the strategy while providing hunting, fishing, and other recreational opportunities where compatible. Ongoing engagement with the surrounding local communities will be the key to successful implementation and community support. The Service is also encouraged to sufficiently staff the refuge complex which has not had a full-time refuge manager in four years.

Visitor Services.—The agreement includes \$77,237,000 which includes \$6,000,000 for the Urban Wildlife Refuge Partnership program.

Refuge Management Plans.—The Service is encouraged to prioritize updating refuge management plans that predate the National Wildlife Refuge Improvement Act of 1997, to improve the management of refuges in a manner consistent with the strategic vision of the National Wildlife Refuge System.

Conservation and Enforcement.—The agreement provides \$164,721,000 for other conservation and enforcement programs as described below.

Migratory Bird Management.—The agreement provides \$49,568,000 which includes \$29,921,000 for Conservation and Monitoring of which \$600,000 is to manage bird-livestock conflicts; and \$15,562,000 is for the North American Waterfowl Management Plan/Joint Ventures program.

Law Enforcement.—The agreement provides \$89,788,000 for law enforcement activities, including a \$1,000,000 general program increase to help combat illegal global wildlife trafficking and implement the Lacey Act, and \$3,500,000 to continue the Service's work with the Indian Arts and Crafts Board to combat international trafficking of counterfeit arts and crafts and to conduct criminal investigations of alleged violations of the Indian Arts and Crafts Act.

International Affairs.—The agreement provides \$25,365,000 including \$9,899,000 for International Conservation and \$15,466,000 for International Wildlife Trade. Funds are provided to continue progress on the electronic permit application and processing system. The Theodore Roosevelt Genius Prizes for technological innovation to help conserve and manage wildlife is maintained at the fiscal year 2021 enacted level. A reduction of \$550,000 is included in accordance with instructions as outlined in House Report 116-448.

The Service is directed to provide the briefing required in the explanatory statement accompanying Public Law 116-94 on its current policy for sport-hunted trophies and its analysis on exporting countries' conservation programs and species survival within 60 days of enactment of this Act.

Fish and Aquatic Conservation.—The agreement provides \$220,826,000 for fish and aquatic conservation programs.

National Fish Hatchery System Operations.—The agreement provides \$71,776,000 which includes: \$3,750,000 for Klamath Basin restoration activities and directs the Service to work with the affected Tribes on fish restoration activities; \$4,700,000 for mitigation of the Pacific Salmon Treaty and directs the Service to work in cooperation with State fish and game agencies and which includes \$1,556,000 for implementation of the Yukon River Salmon Agreement and funding for anadromous salmonids. The Service is directed to continue to work in cooperation with State fish and game agencies on marking of anadromous fish and the agreement maintains funding for mass marking at the fiscal year 2021 enacted level. None of the funds provided under this subactivity may be used to terminate operations or to close any facility of the National Fish Hatchery System. None of the production programs listed in the March 2013 National Fish Hatchery System Strategic Hatchery and Workforce Planning Report may be reduced or terminated without advance, informal consultation with affected States and Tribes.

A \$5,000,000 increase is provided for the Warm Springs Fish Health Center (FHC) which provides disease diagnosis, biosecurity and disease management, disease treatment and prevention, fish health inspection services for Federal, State, and Tribal hatcheries responsible for production of salmonids and warm water species for recovery, restoration, and recreational fisheries, and inspection and certificates for the National Triploid Grass Carp Protection.

Habitat Assessment and Restoration.—The agreement provides \$46,326,000, which includes \$10,500,000 to implement the Delaware River Basin Conservation Act which is supplemented by \$5,200,000 provided in Public Law 117-58 for fiscal year 2022; \$18,598,000 for the National Fish Passage Program which is supplemented by \$40,000,000 provided in Public Law 117-58 for fiscal year 2022; and \$5,750,000 to implement Klamath Basin restoration activities.

Population Assessment and Cooperative Management.—The agreement provides \$33,965,000 which includes \$2,000,000 for Great Lakes Fish and Wildlife Restoration Act grants; \$890,000 for Great Lakes Consent Decree; \$818,000 for the Lake Champlain Sea lamprey

program; and \$750,000 from within available funds for snakehead eradication.

Connecticut River Atlantic Salmon Commission.—The agreement provides \$500,000 for the Connecticut River Atlantic Salmon Compact, as authorized in Public Law 98-138, for research, monitoring, conservation, and habitat restoration work related to this high-priority watershed.

Aquatic Invasive Species.—The agreement includes \$42,713,000 for aquatic invasive species programs, of which: \$2,319,000 is for Prevention; \$4,338,000 is to implement subsection 5(d)(2) of the Lake Tahoe Restoration Act which is supplemented by \$3,400,000 provided in Public Law 117-58 for fiscal year 2022; \$25,200,000 is for invasive carp as outlined in House Report 117-83 and Senate Report 116-123 including not less than \$3,200,000 for contract fishing; \$2,834,000 for NISA State Plans and \$1,566,000 for NISA implementation which help control the spread of invasive carp; \$3,500,000 is to prevent the spread of quagga and zebra mussels; \$1,000,000 is for research on hydrilla, eel, and milfoil invasive grasses; and \$1,011,000 is for Great Lakes Sea Lamprey administration costs.

The Service is expected to continue to pursue methods for invasive species control that do not result in the addition of chemical agents to the ecosystem and harmful secondary by-products such as algal blooms, as directed in the explanatory statement accompanying Public Law 116-260.

Cooperative Landscape Conservation.—The agreement includes \$12,802,000 for Landscape Conservation Cooperatives (LCCs).

On February 1, 2022, the Service submitted a report regarding landscape conservation; however, the report was not responsive to the directive contained in the explanatory statement accompanying Public Law 116-260. The information requested on historic and present-day staffing and funding allocations, the status of the 22 LCCs, and the transition of the LCC activities is still expected. The Service is directed to report quarterly to the Committees on the allocation of fiscal year 2022 resources to address landscape scale conservation, partnerships, staffing, project funding, and technical assistance. The fiscal year 2023 budget request should include a revised account structure to better reflect the direction of the Science Applications Programs instead of using subactivities that no longer represent the program.

Science Support.—The agreement provides \$23,233,000 for the Science Support program, which includes \$3,500,000 for white nose syndrome; the fiscal year 2021 enacted level for Gulf Coast ecosystem restoration; \$4,000,000 for Chesapeake WILD; and \$2,000,000 for research on western monarch butterflies and other pollinators. Best practices developed in response to white nose syndrome are directed to be applied in response to other new and emerging high-risk wildlife diseases. The Service should also continue, along with the U.S. Geological Survey, to lead and implement the North American Bat Monitoring Program in association with other Federal natural resource management agencies and offices, States, Tribes, and non-governmental partners.

Stewardship Priorities.—The agreement provides \$6,813,000 in congressionally directed spending for stewardship projects to further conservation goals. Further detail on these projects is provided in the table titled "Interior and Environment Incorporation of Community Project Funding Items/Congressionally Directed Spending Items" accompanying this explanatory statement.

General Operations.—The agreement provides \$155,649,000 for general operations which includes an increase of \$400,000 for diversity.

The agreement continues support for the Everglades at not less than the fiscal year 2021 enacted level.

CONSTRUCTION

(INCLUDING RESCISSION OF FUNDS)

The bill provides \$12,847,000 for Construction and includes fixed costs, \$150,000 for fleet related infrastructure, and a rescission of \$1,240,000 from prior year unobligated balances. The agreement continues to support the Service's objective priority-setting process and expects the Service to follow its project priority list with the funds provided. When a construction project is completed or terminated and appropriated funds remain, the Service may use those balances to respond to unforeseen reconstruction, replacement, or repair of facilities or equipment damaged or destroyed by storms, floods, fires, and similar unanticipated natural events. The detailed allocation of funding by activity is included in the table at the end of this explanatory statement.

COOPERATIVE ENDANGERED SPECIES
CONSERVATION FUND

(INCLUDING RESCISSION OF FUNDS)

The bill provides \$24,064,000 in discretionary funding from the Cooperative Endangered Species Conservation Fund for conservation grants, habitat conservation planning grants, and program administration. In addition, the bill allocates \$32,800,000 in mandatory funding from the Land and Water Conservation Fund for species recovery and habitat conservation plan land acquisitions. The bill also includes a rescission of \$945,000 from prior year unobligated balances. Detailed tables of funding recommendations below the account level are provided at the end of this report.

NATIONAL WILDLIFE REFUGE FUND

The bill provides \$13,228,000 for payments to counties from the National Wildlife Refuge Fund.

NORTH AMERICAN WETLANDS CONSERVATION
FUND

The bill provides \$48,500,000 for the North American Wetlands Conservation Fund.

NEOTROPICAL MIGRATORY BIRD CONSERVATION
FUND

The bill provides \$5,000,000 for the Neotropical Migratory Bird Conservation Fund.

MULTINATIONAL SPECIES CONSERVATION FUND

The bill provides \$20,000,000 for the Multinational Species Conservation Fund. The detailed allocation of funding by activity is included in the table at the end of this explanatory statement.

STATE AND TRIBAL WILDLIFE GRANTS

The bill provides \$72,612,000 for State and Tribal Wildlife Grants which includes \$59,250,000 for State Wildlife Formula grants, \$7,362,000 for State Wildlife Competitive grants, and \$6,000,000 for Tribal Wildlife grants.

NATIONAL PARK SERVICE

OPERATION OF THE NATIONAL PARK SYSTEM

The bill provides \$2,767,028,000 for Operation of the National Park System (ONPS), \$78,741,000 above the enacted level and \$210,301,000 below the budget request. For this and all other Service accounts funded in this bill, the Service is expected to comply with the instructions and requirements at the beginning of this division and in House Report 117-83, unless otherwise specified below. Additional details, instructions, and requirements follow below and in the table at the end of this division.

The Service is expected to execute its spending at the levels provided. The Service may not redistribute the recommendations in a fiscal year 2022 operating plan. The Committees appreciate the Service's initial efforts to identify spending trends within park

base to help increase fidelity to park management increases. The Service is directed to continue to refine the Operation of the National Park Service Realignment and collaborate with the Committees with the goal to develop an updated methodology to improve the budgeting process.

The agreement provides fixed costs and funding for New Responsibilities at New and Existing Park Areas. Additional funding guidance is provided below.

Resource Stewardship.—The bill includes: \$4,900,000 for the Partnership Wild & Scenic Rivers program and other similarly managed rivers; \$2,000,000 for Active Forest Management; \$5,000,000 for Quagga and Zebra Mussel programs; \$800,000 for Cave and Karst Ecosystem Research; \$400,000 for Recreational Access—Support Alaska Subsistence; and \$16,856,000 for the National Trails System. The agreement provides \$8,825,000 for the National Networks. Within this amount, the African American Civil Rights Network is funded at the requested level of \$5,375,000 and the National Underground Railroad Network to Freedom is funded at \$2,500,000.

Visitor Services.—The bill accepts the proposed reduction for non-recurring funding to support the 2021 Presidential Inauguration and provides the requested increase for the Commemorations Office. Funding is provided at the enacted level for Recreational Access—Recreational Fishing, and the National Capital Area Performing Arts Program. The Service is encouraged to look for ways to leverage resources and maximize support for the Every Kid Outdoors Program. The agreement includes \$14,546,000 for activities that support programs like the Indian Youth Service Corps, the American Sign Language Conservation Corps, the Ancestral Lands Conservation Corps, Historically Black Colleges and Universities Internship Program, the Latino Heritage Internship Program, and the Scientists in Parks program. This is a \$3,000,000 increase over enacted.

Park Protection.—The bill provides funding as requested for the Statue of Liberty NM Security Contract, \$3,000,000 for United States Park Police Workforce Capacity, and the \$4,100,000 requested for equipment. All other activities are funded at no less than the enacted level.

Facility Operations and Maintenance.—The proposed reduction for DC Water and Sewer is accepted.

Park Support.—The proposed transfers have been accepted and \$400,000 is provided for the Diversity, Inclusion, and Compliance initiative. Funding for the Semiquincentennial Commission is provided in a separate account outside of the Service's budget, in accordance with the budget request.

Global Positioning System Modernization.—The agreement provides \$4,000,000 for the replacement of Global Positioning System (GPS) data collection devices used by the Service for facilities planning, lands administration, visitor safety, and infrastructure protection.

National Park Foundation.—The agreement provides \$5,000,000 for the National Park Foundation, equal to the fiscal year 2021 level.

Funding is provided at the requested level for the Roosevelt-Campobello International Park and the Katahdin Woods and Waters National Monument. Increases are also supported for the Honouliuli National Historic Site, the Pearl Harbor National Memorial, Coltsville National Historic Park, the Chesapeake Bay Office, and America's newest National Park, the New River Gorge National Park and Preserve.

Additional Guidance.—The following additional guidance is included:

Appalachian National Scenic Trail.—The Appalachian National Scenic Trail is a 2,190-

mile linear park stretching through 14 states and 88 counties—more than any other unit of the National Park System. The Appalachian National Scenic Trail draws visitors from all over the United States and the world, bolstering the economy of the communities around the trail. The Committees are aware that the Trail is experiencing increased visitation and encourages the Service to include sufficient resources in future budget requests to meet its expanded visitor services, law enforcement, compliance, and land acquisition requirements.

Blackstone River Valley National Historical Park.—Within the funds provided for Park Support, the Committees support funding increases for Blackstone Valley National Historical Park with the expectation that the Service will continue to make funds available to the local coordinating entity to maintain staffing and capacity to assist in management of the park, as authorized in Public Law 113-291. The Committees encourage the Park to work with partners to provide safe recreational access along the Blackstone River and emphasize the importance of the river through continuous access, citizen science, and interpretive programming at the park. The Service is directed to continue its work to complete a General Management Plan for the Park, as required by Public Law 113-291, and to prioritize activities that will advance development of the Park, including the acquisition of Slater Mill's historic dam.

Continued Directives.—The Committees continue the directives regarding Director's Order 21, Roosevelt-Campobello International Park, and Katahdin Wood and Waters National Monument contained in Senate Report 116 123.

Diversity in Hiring.—The Service is directed to focus on building a workforce that reflects the diversity of America.

National Trails System.—The Committees understand the importance of providing adequate funding to develop and maintain the National Trails System for future generations to enjoy. The Committees urge the Service to continue its efforts to support construction and maintenance projects and volunteer coordination efforts, including activities in support of non-unit National Scenic Trails.

NATIONAL RECREATION AND PRESERVATION

The bill provides \$83,910,000 for national recreation and preservation, \$9,753,000 above the enacted level and \$9,396,000 below the budget request. The amounts recommended by the Committees compared with the budget estimates by activity are shown in the table at the end of this explanatory statement.

Cultural Programs.—The bill provides \$2,157,000 for Native American Graves Protection and Repatriation Grants; \$3,405,000 for Japanese Confinement Site Grants; and, \$2,750,000 for the competitive grant program authorized by the 9/11 Memorial Act (Public Law 115-413). Funding is recommended for financial assistance to nonprofit organizations or institutions for the purpose of supporting programs for Native Hawaiian or Alaska Native culture and arts development at a total program level of \$1,500,000, an increase of \$250,000 to the enacted level, which is provided to support both continued program levels and encourage new entities to apply. The bill provides the requested one-time funding for the Oklahoma City Memorial Endowment.

Heritage Partnership Programs.—The agreement provides \$27,144,000 for the Heritage Partnership Program. The directive contained in the explanatory statement that accompanied Public Law 116-6 with regards to funding distribution is continued. Due to

concerns that efforts to complete management plans have been delayed due to COVID-19, the Committees note that areas that have not completed their management plan continue to be eligible for funding regardless of the status of their management plan.

HISTORIC PRESERVATION FUND

The bill provides \$173,072,000 for historic preservation, \$28,772,000 above the enacted level and \$21,272,000 above the budget request.

Competitive Grants.—The bill provides \$21,750,000 for the African American Civil Rights Grants, as requested. Additionally, \$4,625,000 is provided for the History of Equal Rights grants and \$1,250,000 for grants to underserved communities.

Paul Bruhn Historic Revitalization Grants.—The bill provides \$10,000,000 for historic revitalization grants and retains the directives regarding the distribution of funding included in Senate Report 116-123.

Save America's Treasures.—The Save America's Treasures program is provided \$26,500,000. The Committees support this program because of its important role in providing preservation and conservation assistance to nationally significant historical properties and collections, including historic courthouses.

Semiquincentennial Preservation Grants.—The bill provides \$10,000,000 for the Service to assist states in preparing for the upcoming Semiquincentennial celebration and to celebrate the Nation's history. Funds from this allocation should be used for a competitive grant program to support the restoration of sites that honor the 250th anniversary of the country's founding, including Revolutionary War monuments. Priority should be given to state-owned sites. A site must be listed in, or be eligible to be listed in, the National Register of Historic Places in order to be eligible.

CONSTRUCTION

The bill provides \$225,984,000 for construction, \$2,077,000 above the enacted level and \$52,579,000 below the budget request.

Line-Item Construction.—Funding for line-item construction projects is provided as outlined in the table contained in House Report 117-83.

Ocmulgee River Corridor.—The Committees support the Service's initiation of the Ocmulgee River Corridor Special Resource Study to evaluate its potential for designation as a national park unit and directs the Service to complete the report in a timely manner.

Ste. Genevieve National Historical Park.—Within 90 days of enactment of this Act, the Service is directed to provide the Committees a report detailing the planned repair, rehabilitation, and restoration work at the Ste. Genevieve National Historical Park during the next four fiscal years.

CENTENNIAL CHALLENGE

The bill provides \$15,000,000 for the Centennial Challenge matching grant program, equal to the enacted level and the budget request.

UNITED STATES GEOLOGICAL SURVEY SURVEYS, INVESTIGATIONS, AND RESEARCH (INCLUDING TRANSFER OF FUNDS)

The bill provides \$1,394,360,000 for Surveys, Investigations, and Research of the U.S. Geological Survey (USGS, or the Survey). All programs and activities are funded at the amounts enacted in fiscal year 2021 unless otherwise specified below or in the table at the end of this division. Fixed costs are provided. The Survey is expected to comply with the instructions and requirements at the beginning of this division and in House Report 117-83 unless otherwise specified

below. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein.

Ecosystems.—The agreement provides \$277,897,000 as outlined below.

Environmental Health Program.—The agreement provides \$26,489,000 for Environmental Health, which includes \$11,100,000 for Contaminant Biology and \$15,389,000 for Toxic Substances Hydrology. The agreement includes no less than \$2,750,000 for research on harmful algal blooms and \$2,700,000 for research on the transmission of per- and polyfluoroalkyl substances (PFOA/PFAS) in watersheds and aquifers. The Survey is to continue its research as directed in House Report 117-83.

The bill provides \$500,000 to continue competitively awarding grants for applied research to develop a system for integrating sensors. By working with partners, such as academic institutions, small businesses, and other government research organizations to submit innovative proposals to perform complementary development of technologies, the Survey can develop a convergent platform that enables existing and future sensor technologies to be deployed in extreme environments where real-time information is required.

Microplastics.—The Survey is developing a strategic vision for its microplastics research, including a review of the current science gaps and how Survey expertise and capabilities can address those gaps. The Survey is encouraged to brief the Committees on its findings after release.

Species Management Research Program.—The agreement provides \$55,418,000. There are long-term hydrological and ecological challenges associated with saline lakes in the Great Basin States and the Survey is encouraged to address related science needs in tandem with the Integrated Water Availability Assessment for saline lakes that is provided for under the Water Resources mission area.

The Survey is directed to provide a briefing to the Committees within 180 days of enactment of this Act on the merits of funding phenology related efforts to collect, maintain, and share information on seasonal timing to support resource management, climate adaptation, agriculture, and human health.

Land Management Research Program.—The agreement provides \$58,103,000 including \$6,000,000 for Chesapeake Bay activities.

Biological Threats and Invasive Species Research Program.—The agreement provides \$40,431,000 including \$4,720,000 for chronic wasting disease. In carrying out chronic wasting disease research, the Survey should continue to collaborate with institutions of higher education as directed in House Report 117-83 and may consult, partner, or contract with the Animal and Plant Health Inspection Service, the National Academy of Sciences, State and Federal public and private entities, and any chronic wasting disease task forces and working groups. Collaboration should continue with partners to develop early detection tools and compounds to disrupt transmission of the disease. In particular, the agreement encourages research and investment into carcass disposal methods to mitigate the spread of chronic wasting disease, and the Survey is urged to consult with the Environmental Protection Agency, the Federal Emergency Management Agency, Tribes, and States to develop recommendations for carcass disposal methods that are compliant with relevant Federal clean air and water and solid waste regulations. The Survey is also encouraged to work in collaboration with the Fish and Wildlife Service to aid State and Tribal wildlife agencies in the application of existing human di-

mensions research to the management and prevention of chronic wasting disease. Funding is continued at the enacted level for white-nose syndrome (WNS) research and the direction found in Senate Report 116-123 is continued for WNS research. The agreement provides \$600,000 for coral disease and \$11,000,000 for invasive carp research, of which \$3,000,000 is for research on grass carp. The direction found in Senate Report 116-123 is continued for invasive carp, coral disease, and invasive species research, detection, and response efforts. Additional resources for invasives species were provided in Public Law 117-58 to the Office of the Secretary.

Climate Adaptation Science Center and Land Change Science Program.—The agreement provides \$71,450,000 of which \$51,903,000 is for the National and Regional Climate Adaptation Science Centers including \$2,000,000 for Tribal climate adaptation science. The agreement also provides \$19,547,000 for Land Change Science which includes \$150,000 for biological carbon sequestration.

Cooperative Research Units Program.—Cooperative Research Units (CRUs) are funded at \$26,006,000 in accordance with the specifications outlined in House Report 117-83. Of the funds provided, \$250,000 is for research into the causes of malignant melanomas affecting 25 percent or more of brown bullhead (*Ameiurus nebulosus*) in some northern New England waters and related fishery research at the host institution.

Great Lakes Science.—The Committees support Great Lakes science and the USGS collaboration with the broader Great Lakes Partnership to implement priority science. These resources will ensure delivery of information needed for Great Lakes management decisions. Funding for Great Lakes Science is provided at no less than \$14,000,000.

Energy and Mineral Resources.—The agreement provides \$95,223,000 for Energy and Mineral Resources. Mineral Resources is funded at \$63,737,000 which maintains \$10,598,000 for the critical minerals Earth Mapping Resources Initiative (Earth MRI) and provides \$3,774,000 for mine waste research and to characterize mine waste as a potential source for critical minerals. Energy Resources is funded at \$31,486,000 including \$1,977,000 for geologic carbon sequestration, a portion of which is to advance the understanding of alkalinity sources of carbon mineralization as outlined in House Report 117-83, \$200,000 is for geophysical data acquisition and \$175,000 is for the inventory of greenhouse gases.

Public Law 117-58 provides \$64,000,000 in fiscal year 2022 for Earth MRI and funding to the Department of Energy (DOE) for critical minerals research and the agreement urges USGS to expand their collaboration with DOE in this field.

The Survey is expected to continue critical mineral mapping efforts in Alaska, pursuant to the budget request, at no less than the fiscal year 2021 enacted level and to brief the Committees on such efforts within 90 days of enactment of this Act.

The Survey is expected to provide the report on potential initiatives to increase the domestic supply of critical minerals as directed in the explanatory statement accompanying Public Law 116-260.

Natural Hazards.—The agreement provides \$185,998,000 for the Natural Hazards Program, including \$90,037,000 for earthquake hazards. Within this funding, \$28,600,000 is included for continued development and expansion of the ShakeAlert West Coast earthquake early warning (EEW) system. Continued efforts to complete and operate the EEW system on the West Coast are supported. Concerns remain regarding the lack of knowledge and offshore real time instrumentation available

for the Cascadia subduction zone. Our increased scientific understanding of earthquakes and the ocean environment will benefit from the wealth of offshore data collected and the continued development of an early earthquake warning system for the Cascadia system.

The agreement continues no less than the enacted level for the national seismic hazard map, including for expansion to Puerto Rico and the Virgin Islands, for regional networks to operate and maintain recently acquired USArray stations, for the Advanced National Seismic System (ANSS) and for regional seismic networks including the Central and Eastern U.S. Network. In addition, the agreement recognizes concern that updates to the national seismic hazard maps do not consistently include the entire country and urges the Survey to update the maps for all 50 states and provides \$500,000 for the maps for Puerto Rico and the Virgin Islands.

The agreement provides \$33,282,000 for volcano hazards.

In 2019 the National Volcano Early Warning and Monitoring System (NVEWS) was initiated. The Survey is completing the two prerequisite steps to NVEWS expansion and upgrades and is encouraged to accelerate the pace of these activities where possible. The agreement provides \$2,172,000 to begin implementation of NVEWS as well as \$1,800,000 for the Early Warning System and \$770,000 for Next Generation hazards assessments.

Concerns remain that systems and equipment used to monitor, detect, and warn the public of volcanic and seismic hazards, including lahars and earthquakes on high-threat volcanoes, are outdated and inadequate. The funding provided supports efforts to repair, upgrade, and expand systems and equipment that monitor, detect, and provide early warning of volcanic hazards with a focus on high-threat volcanoes.

The agreement includes \$8,929,000 for landslide hazards which includes \$750,000 for science outlined in House Report 117-83. In light of the increasing frequency of catastrophic wildfires, the Survey is encouraged to prioritize efforts to predict and reduce the risk of post-wildfire landslides.

The Survey is directed to continue to collaborate with the National Oceanic and Atmospheric Administration and State and local governments to assess landslide potential and hazards and implement tsunami warning capabilities in Prince William Sound, including through the use of physical instrumentation or remote sensing technologies, particularly where the threat of a landslide and tsunami presents the most serious risks to Sound residents, visitors, and property. The Survey is encouraged to expand this work to areas in Southeast Alaska that have recently experienced landslides and will continue to face the threat of devastating landslides. Further, the Survey is directed to brief the Committees within 60 days of enactment of this Act on what resources are needed to aid the development and deployment of early warning technologies to affected communities.

The agreement provides \$7,212,000 for the Global Seismographic Network; \$4,673,000 for Geomagnetism including \$2,888,000 for the expansion of magnetometer observatories and the fiscal year 2021 enacted level for the magnetotelluric survey to advance the collection of magnetotelluric observations of the Earth's naturally occurring electric and magnetic fields in the U.S. regions; and \$41,865,000 for Coastal/Marine Hazards which includes \$10,674,000 for coastal hazards, \$1,200,000 for coastal blue carbon, and \$950,000 for risk reduction and community resilience.

Emergent Hazards.—Within 90 days of enactment of this Act, the Survey is directed to brief the Committees on the need and po-

tential of partnering with universities for a scalable, automated system that is capable of rapidly identifying emerging hazard threats and their potential impacts using remote sensing data to provide an impact model product capable of identifying and supporting response to emergent hazard threats.

Water Resources.—The agreement provides \$285,894,000 for Water Resources, with \$65,529,000 for activities associated with the Cooperative Matching Funds. Water Availability and Use Science is funded at \$64,501,000, which includes \$1,000,000 for the U.S. Mexico transboundary aquifer assessment; \$1,750,000 for research on water extraction for bottling and a phased study as directed in House Report 117-83; and \$1,500,000 for the Survey's work with the Open ET consortium and the Open ET software system.

The agreement includes \$13,500,000 for integrated water prediction to continue to utilize the best available technology to develop advanced modeling tools, state-of-the-art forecasts, and decision support systems and to incorporate these capabilities into daily water operations.

The bill includes at least \$2,000,000 to complete a groundwater model-based decision support system to support water sustainability decision-making and a basin-wide model and monitoring program for irrigation water-use for the Mississippi Alluvial Plain. In addition, the Survey is provided funds to transition tools and resources produced through the Mississippi Alluvial Plain project into resources that support Integrated Water Availability Assessments in targeted basins of interest including the Gulf of Mexico Coastal Plain. The bill provides \$4,975,000 for integrated water availability assessments and includes no less than \$1,250,000 for the Survey to establish a regional Integrated Water Availability Assessment study program to assess and monitor the hydrology of saline lakes in the Great Basin and the migratory birds and other wildlife dependent on those habitats.

Groundwater and Streamflow Information is funded at \$110,651,000 which includes \$500,000 to maintain operational capacity within the existing super-gage network along the Ohio River in basins containing unique geology, distinct soils, and a significant agricultural presence. The agreement also includes \$25,215,000 for Federal priority streamgages and \$29,000,000 for the Next Generation Water Observing System (NGWOS). The agreement provides resources necessary to operate and maintain the fully deployed NGWOS in the Delaware River Basin and the Survey is encouraged to continue to study and monitor surface water and groundwater in the lower basin of the Delaware River and to provide geologic mapping of the basin in support of the pilot through the National Geologic Mapping Program. The Survey is encouraged to partner, where appropriate, with State and local government officials and with the academic research community. Funding for NGWOS includes \$4,500,000 to work with universities to develop innovative water resource sensor technologies that are scalable to regional and national monitoring networks.

The agreement provides at least \$1,500,000 for the Survey to install streamgages on certain transboundary rivers, including those at risk from mining pollution originating in Canada, including in the Kootenai watershed; at least \$1,500,000 for implementation of the baseline strategy for transboundary rivers, as outlined by the Survey's Water Quality Baseline Assessment for Transboundary Rivers; and \$120,000 for the streamgage on the Unuk River. The Survey is directed to continue to expand its streamgage monitoring of transboundary wa-

tersheds and to work with the Environmental Protection Agency to ensure the relevant equipment is deployed to the Kootenai watershed to support the agency's work to evaluate and reduce transboundary pollution. The direction is continued that the Survey enter into a formal partnership with local Tribes and other Federal agencies as necessary in the area to develop a water quality strategy for the transboundary rivers.

On-going monitoring of critical water budget components in the Klamath Basin is critical to provide the information needed to assess controls of inflow to Upper Klamath Lake from surface water and groundwater, improve snowmelt prediction, and forecast impacts of drought and other drivers on water availability for both human and ecological uses and the agreement provides \$1,000,000 to expand this work.

Hydrological Science Talent Pipeline.—Robust participation with universities in the hydrologic sciences is essential to building a talent pipeline as well as building capacity to support future hydrological research and operational efforts. To support this, the agreement provides \$2,000,000 within the Water Availability and Use Science Program and \$2,000,000 within the National Groundwater and Streamflow Information Program above the enacted levels to pursue such cooperative research agreements with an emphasis on locations where the Survey has pending hydrological facilities as well as where there are other Federal operational hydrologic resources.

The agreement includes \$96,742,000 for the National Water Quality program which includes \$6,490,000 for harmful algal bloom research. The agreement provides \$1,600,000 to support PFAS substances research. The Survey is directed to consult with States and Tribes to determine priority mapping areas for PFAS contamination. Within funds provided, the Survey is directed to prioritize advanced testing capable of detecting suites of PFAS compounds and individual PFAS chemicals in the environment to support nationwide sampling for these chemicals in estuaries, lakes, streams, springs, wells, wetlands, and soil and funding is provided to support a nationwide PFAS sampling survey and the associated methods development (per the 2020 National Defense Authorization Act or NDAA). The agreement is supportive of the Survey's efforts to understand groundwater vulnerability, specifically in shallow fractured bedrock terrain, and directs this work to continue. Water Resources Research Institutes are funded at \$14,000,000 for research as discussed in House Report 117-83 of which \$1,500,000 is for research on the control and management of aquatic invasive species in the Upper Mississippi River region.

Special Initiatives.—The agreement provides an additional amount of \$1,000,000 in congressionally directed spending for the Survey to work with the State of Alaska to develop an implementation plan to be completed within two years in order to put Shake Alert/Earthquake Early Warning in Alaska. Further detail on this project is located in the table titled "Interior and Environment Incorporation of Community Project Funding Items/Congressionally Directed Spending Items" accompanying this explanatory statement.

Core Science Systems.—The agreement provides \$263,802,000, which includes \$26,353,000 for science, synthesis, analysis, and research. Public Law 117-58 provides \$8,668,000 in fiscal year 2022 for the National Geologic and Geophysical Data Preservation which supplements base funding. The agreement provides \$42,431,000 for the National Cooperative Geologic Mapping of which the increase above fixed costs is for Phase Three of the National Geologic Map Database as outlined in House Report 117-83.

The National Geospatial program is funded at \$87,526,000 and includes a \$4,250,000 increase for the 3D Elevation Program (3 DEP) to accelerate completion of a nationwide baseline of high-resolution topographic elevation data, of which not less than \$250,000 is focused on Tribal lands; and not less than \$3,000,000 is focused on Federal lands in western states. No less than \$9,500,000 is provided for the Alaska mapping and map modernization initiative, which includes modernizing Alaskan hydrography datasets. In addition, \$1,900,000 is provided for the United States Board of Geographic Names and \$850,000 is provided for the National Digital Trails project.

The agreement supports the continued operations of the Alaska Mapping Executive Committee (AMEC). The National Geospatial Program will continue its role in advancing the goals, objectives, and approaches collaboratively developed as part of the AMEC Alaska Coastal Mapping Strategy, to include collection and distribution of topography and orthoimagery in coastal areas. The agreement directs a briefing on the resources needed to enhance understanding of subsidence including what would be required to pivot from the National Land Cover Database to develop a National Land Level Change database. It is expected that any funding awarded outside the Federal sector will undergo a competitive review process.

The National Land Imaging program is funded at \$107,492,000 which includes \$84,788,000 for Satellite Operations and maintains the enacted level for the National Civil Applications Center. The agreement recognizes the value of the Remote Sensing State Grants program and directs the Survey to continue funding the grant program at the enacted level to ensure the on-going viability of the program nationwide.

Science Support.—The agreement includes \$99,736,000 which includes \$77,520,000 for administration and management including \$800,000 for diversity and \$150,000 for fleet related infrastructure, and \$22,216,000 for Information Services.

Facilities.—The agreement includes \$184,810,000 for facilities, deferred maintenance and capital improvement. Public Law 117–58 provides \$167,000,000 in fiscal year 2022 for the USGS Energy and Minerals Research Facility.

BUREAU OF OCEAN ENERGY MANAGEMENT
OCEAN ENERGY MANAGEMENT

The bill provides \$206,748,000 for the Ocean Energy Management appropriation, which is partially offset through the collection of rental receipts and cost recovery fees totaling \$43,000,000, resulting in a net appropriation of \$163,748,000. Specific allocations at the activity level are contained in the table at the back of this explanatory statement.

Offshore Wind Site Identification.—The Bureau is expected to continue to coordinate with the Department of Energy on renewable energy research, to exchange information with coastal States, and to work with stakeholders to study new wind energy areas through its intergovernmental task forces, including continuing existing and launching new data collection campaigns in the Gulf of Maine. As the Bureau refines the permitting process, it must include steps to understand existing ocean uses by consulting early and often with the commercial fishing industry and other stakeholders, for which the Rhode Island Ocean Special Area Management Plan provides a model. The Bureau must continue to partner with the National Oceanic and Atmospheric Administration and other co-operating agencies in the context of an “all-of-government” approach to offshore renewable energy. This includes support for research, incorporation of agency data, and consider-

ation of recommendations on the siting and development of offshore wind projects. The Bureau is directed to notify the Committees prior to issuing leases that would allow wind turbines to be constructed or located less than 22 nautical miles from the State of North Carolina shoreline.

Regional Citizen Advisory Councils.—The Bureau’s commitment to working with Regional Citizen Advisory Councils on collaborative scientific research projects, environmental impact monitoring, and outreach activities is appreciated and the Committees direct the Bureau to continue to support these efforts.

Marine Minerals.—The Bureau should continue existing critical mineral assessments and activities at not less than the fiscal year 2021 enacted levels. The Bureau is directed to provide a briefing and a spend plan to the Committees on Marine Minerals Program activities for fiscal year 2022 within 45 days of enactment of this Act.

The agreement does not include the language in House Report 117–83 under the heading “General Provision” within the Bureau of Ocean Energy Management related to OCS pre-leasing and leasing activities.

BUREAU OF SAFETY AND ENVIRONMENTAL
ENFORCEMENT
OFFSHORE SAFETY AND ENVIRONMENTAL
ENFORCEMENT
(INCLUDING RESCISSION OF FUNDS)

The bill provides \$205,848,000 for the Offshore Safety and Environmental Enforcement appropriation. This amount is partially offset through the collection of rental receipts, cost recovery fees and inspection fees totaling \$55,000,000, resulting in a net appropriation of \$150,848,000. Specific allocations at the activity level are contained in the table at the back of this explanatory statement. The bill also contains a rescission of \$10,000,000 from unobligated prior year funds.

The agreement does not include the language in House Report 117–83 under the heading “Offshore Decommissioning” related to per barrel fees on oil and gas offshore activities.

OIL SPILL RESEARCH

The bill provides \$15,099,000 for Oil Spill Research.

Arctic Oil Spill Research.—While domestic and international activities in the Arctic Ocean are increasing, research on marine safety and pollution prevention measures has not kept pace. The Bureau is directed to report to the Committees within 90 days of enactment of this Act on the need and feasibility of establishing or partnering with stakeholder research institutions on facilities that naturally have or can recreate Arctic marine conditions for oil spill detection and response research.

OFFICE OF SURFACE MINING RECLAMATION AND
ENFORCEMENT
REGULATION AND TECHNOLOGY

The bill provides \$118,117,000 for the Regulation and Technology appropriation. Included are fixed costs and the following requested program increases: to establish an Indian lands program; to enhance diversity, equity, inclusion and accessibility capacity; and to restructure the Division of Acquisition Management. Specific allocations at the activity level are contained in the table accompanying this explanatory statement.

ABANDONED MINE RECLAMATION FUND

The bill provides \$149,980,000 for the Abandoned Mine Reclamation Fund appropriation. Of the funds provided, \$27,480,000 shall be derived from the Abandoned Mine Reclamation Fund and \$122,500,000 shall be derived from the General Fund. Included are fixed costs and the following requested pro-

gram increases: for Federal emergency reclamation projects; to assume responsibility for reclamation of sites on certain Indian lands; to enhance diversity, equity, inclusion and accessibility capacity; and to restructure the Division of Acquisition Management. The detailed allocation of funding by activity is included in the table accompanying this explanatory statement.

Abandoned Mine Land Economic Revitalization (AMLER).—The bill provides a total of \$122,500,000 for grants to States and federally recognized Indian Tribes for the reclamation of abandoned mine lands in conjunction with economic and community development and reuse goals. For fiscal year 2022, \$79,890,000 shall be divided equally between the three Appalachian States with the largest unfunded needs for the reclamation of Priority 1 and Priority 2 sites as delineated in the AML Inventory System; \$31,956,000 shall be divided equally between the next three Appalachian States with the largest unfunded needs for the reclamation of Priority 1 and Priority 2 sites as delineated in the AML Inventory System; and \$10,654,000 shall be for grants to federally recognized Indian Tribes. The Office is expected to continue to follow the additional program direction provided in Senate Report 116–123.

INDIAN AFFAIRS
BUREAU OF INDIAN AFFAIRS
OPERATION OF INDIAN PROGRAMS
(INCLUDING TRANSFERS OF FUNDS)

The bill provides \$1,820,334,000 for Operation of Indian Programs. All programs, projects, and activities are maintained at fiscal year 2021 enacted levels, except requested fixed costs and internal transfers, or unless otherwise specified below. For this and all other Bureau accounts funded in this bill, Indian Affairs is expected to comply with the instructions and requirements at the beginning of this division and in House Report 117–83, unless otherwise specified below. Language contained in the explanatory statement accompanying the Consolidated Appropriations Act, 2021 (Public Law 116–260) regarding Missing and Murdered Indigenous Women (MMIW), advanced training for public safety and justice training needs, and Indian Police Academy is restated. Additional details, instructions, and requirements are included below and in the table at the end of this division. Indian Affairs is reminded of the importance of meeting reporting requirement deadlines so that the Committees can properly evaluate programs. Failure to do so could negatively impact future budgets.

Tiwahe.—The bill includes additional funds as noted below under Human Services and are to be used to expand the Tiwahe Initiative to more Tribes for human services-related Tiwahe activities. Further, the Committees expect funding to existing Tiwahe pilot programs to continue in the same amounts to the same recipients, including funding to support women and children’s shelters. Finally, the Committees received the Federal and Tribal reports on the Tiwahe Initiative, which include recommendations on future action and expansion. The Bureau of Indian Affairs (BIA) is directed to submit a plan on how to expand the program to all Tribes incrementally along with a strategy on how to consider existing pilot programs during any expansion and be consistent with the final report and available funding.

Tribal Government.—The agreement provides \$355,424,000 for Tribal government programs, which includes an additional \$2,000,000 for Small and Needy Tribes and an additional \$1,000,000 for Tribal government program oversight for requested uses. The Committees have consistently included funding and directives regarding the Small and

Needy Tribes supplement and are concerned about the overall administration of this important program. Within 180 days of enactment of this Act, the Bureau shall provide a report that includes a full listing of Tribes currently eligible for this program and clearly identify whether each Tribe is receiving the full level of funding defined under the current program criteria as well as a status of efforts to update the formula for the program. The report should include input gathered from Tribes during consultation.

The agreement also continues funding at fiscal year 2021 levels for school bus roads and NATIVE Act funding in the Road Maintenance program. The Committees direct the Bureau to report back within 60 days of enactment of this Act on funds that have not been utilized for roads along with a strategy outlining how to meet the increased demand to address tourism needs across Indian Country. The Committees encourage the Bureau to provide technical assistance to the maximum extent practicable to recently federally recognized Tribes on how best to leverage funding through existing programs. The Bureau is further directed to provide to the Committees within 120 days of enactment of this Act an analysis of Alaska Natives' eligibility for both Housing Improvement Program mortgage assistance grants and mortgages, as well as any barriers to affording new, energy-efficient homes in western Alaskan villages off the road system.

Human Services.—The bill provides \$164,310,000 for human services programs, which includes \$53,292,000 for Social Services (TPA) and \$78,494,000 for welfare assistance. Within these funds, an additional \$2,000,000 is to expand the Tiwahe Initiative to new sites, as noted above, \$1,000,000 is to implement the Indian Child Protection and Family Violence Prevention Act as proposed, and an additional \$500,000 is for a general program increase for welfare assistance. An additional \$500,000 is included to implement section 202 of the Indian Child Welfare Act (25 U.S.C. §1932), for a total of \$17,313,000 for the Indian Child Welfare Act program.

Trust-Natural Resources Management.—The bill provides \$302,927,000 for natural resources management programs, which continues funding at the fiscal year 2021 enacted level for the Everglades. For Natural Resources (TPA), the agreement provides \$14,250,000, which includes an additional \$1,000,000 for the Indian Youth Service Corps and a \$3,000,000 general program increase. Land acquisitions for newly recognized or landless Tribes are fully funded at the authorized level of \$2,000,000. BIA is encouraged to work with the committees of jurisdiction to evaluate whether a change in the authorization is warranted.

The Committees understand the Bureau is utilizing funding to plug abandoned wells in the Mineral Estate. The Committees direct the Bureau to report back to the Committees within 180 days of enactment of this Act outlining an initial estimate of the number of plugged and unplugged wells, along with estimated costs for those wells that are ready to be completed, which entails well bore abandonment in the mineral estate and well site remediation and restoration on the surface estate. It is understood that the final estimated number of unplugged wells and the associated cost estimates to address will continue to be revised as BIA realty processing is completed to identify presence or absence of responsible parties.

The Committees are aware that some Tribal communities have a significant problem with trash collection and disposal, but comprehensive data on the scope of the problem does not exist. The Bureau is directed to conduct an assessment of how Tribes collect and dispose of trash and report to the Commit-

tees within 120 days of enactment of this Act.

The agreement provides \$45,687,000 for Rights Protection Implementation, which maintains \$1,500,000 for law enforcement needs and includes an additional \$1,700,000 for operations and maintenance, both as required to implement the Columbia River In-Lieu and Treaty Fishing Access Sites Improvement Act (Public Law 116-99). The agreement also includes a \$1,000,000 general program increase. The agreement provides \$14,459,000 for Tribal management/development programs, which includes an additional \$1,000,000 to implement Public Law 116-260 with respect to the return of the National Bison Range to the Confederated Salish and Kootenai Tribe as outlined in the budget request. Funding is continued at fiscal year 2021 enacted levels for pilot projects and programs for Alaska subsistence activities. The Committees are aware the Bureau has entered into cooperative agreements with Ahtna Inter-Tribal Resource Commission and the Kuskokwim River Inter-Tribal Fisheries Commission, and has initiated similar agreements with other organizations. Therefore, the Committees expect these pilot projects and programs to continue, and the Bureau is expected to keep the Committees apprised of changes to the distribution methodology. An additional \$1,000,000 is included for Endangered Species for uses proposed in the budget request.

For Tribal Climate Resilience, the agreement includes \$31,971,000. This includes \$5,000,000 for Tribal climate adaptation grants and \$8,000,000 for Tribal relocation grants, for which all Tribes shall be eligible. For agriculture and range programs, the bill provides \$37,827,000. This amount includes an additional \$1,000,000 for the invasive species program.

The Committees remind the Bureau that the Denali Commission was designated as the lead coordinating agency for Alaska Native village relocation in 2015, and the Commission has been leading the efforts since then. The Committees recommend the Bureau work closely with the Commission in order to avoid duplication of work and to take advantage of the Commission's expertise in the area when considering relocation grants.

For the Forestry Programs, the agreement provides \$60,277,000, which provides a \$3,000,000 general program increase for the Forestry Program (TPA) and an additional \$2,000,000 for Forestry Projects. The Committees have heard concerns from Tribes that BIA is not providing funding to support the management of trust lands described in Public Law 115-103. The Bureau is directed to brief the Committees within 90 days of enactment of this Act on how to address these concerns.

The Committees note that many Tribal communities are at a heightened risk of wildfire. In order to address the risks, the Committees direct the Bureau to consider pre-fire detection technologies and adopt strategies for their implementation. The Committees also direct the Bureau to provide a report within one year of enactment of this Act summarizing the fire detection deficits across Tribal lands.

For Water Resources programs, the agreement recommends \$15,802,000. This includes an additional \$2,000,000 for Water Resources (TPA) and an additional \$500,000 to partially fund the request for water management, planning and pre-development. For Fish, Wildlife and Parks programs, the agreement includes \$20,506,000, which provides a \$2,000,000 general program increase for Wildlife and Parks (TPA) and an additional \$1,000,000 for Fish, Wildlife, and Parks Projects for operation of fish hatcheries.

Within Minerals and Mining, an additional \$4,804,000 is provided for uses as outlined in the budget request.

Funding is continued at the fiscal year 2021 enacted level for the Assistant Secretary for Indian Affairs to continue its support for ongoing Tribal cultural resource investigations in the Chaco Canyon region of the Southwest. The Committees understand the investigation and reports will be completed with base funds in 2022.

Trust—Real Estate Services.—The bill provides \$150,190,000 for Real Estate Services, of which \$3,000,000 is to begin remediating open dumps and prepare for other environmental quality challenges, and \$3,326,000 is to demolish and abate vacant BIA buildings at Shiprock as detailed in the budget request. Funding is continued at fiscal year 2021 enacted levels with fixed costs for the Alaska Native Claims Settlement Act historical places. The Committees are concerned with the Department's policy restricting Osage Nation access to its own trust records without a FOIA request. The Department should work with the Nation to discover a way to provide ready access to the records needed by the Nation and its members.

Public Safety and Justice.—The bill provides \$546,280,000 for public safety and justice programs. For Criminal Investigations and Police Services, the agreement includes \$297,676,000. This amount includes an additional \$4,000,000 to purchase bodyworn cameras and \$7,500,000 as a general program increase. Funding for MMIW cold cases, background checks to hire more law enforcement officers, opioid addiction assistance, and law enforcement to implement the Native American Graves Protection and Repatriation Act (NAGPRA) is continued at fiscal year 2021 enacted levels. The Committees remain concerned about theft, looting, and trafficking of sacred objects and items of cultural patrimony and note the importance of enforcing NAGPRA and related laws. The bill continues funding for opioids grants and provides flexibility in the use of funds for Tribes with unique circumstances that involve other illicit drugs as well.

The agreement includes \$62,000,000 to implement public safety changes resulting from the *McGirt v. Oklahoma* Supreme Court decision, which created an immediate and severe shortage of police and investigative personnel in the expanded Tribal criminal jurisdiction areas. BIA is directed to consult with impacted Tribes regarding the allocation of funds and to submit a subsequent reprogramming request to allocate portions of the funding to Detention/Corrections and Tribal Courts as necessary.

The Committees direct the Bureau, working with other Federal partners, to provide the Committees on Appropriations within one year of enactment of this Act a report on the training needs for Bureau law enforcement and Tribal law enforcement with a comprehensive plan on how to recruit, train, and fill vacancies. As part of this report, the Committees expect the Bureau to identify partnerships with Federal, State, and Tribal law enforcement entities for things such as facilities and hiring processes that could be utilized to address needs. The report should also identify potential legislative changes to improve recruitment and retention.

The agreement includes \$113,369,000 for Detention/Corrections, which includes a \$5,000,000 general increase, and continues the increases for Indian country detention facilities and background checks provided in fiscal year 2021. Due to reports of high numbers of deaths in BIA-funded detention facilities, the Committees direct the Office of the Inspector General (OIG) to follow-up on closed OIG recommendations to determine whether changes made by BIA in response to prior

recommendations are being implemented correctly. As part of the review, the Committees expect the OIG to examine appropriations provided for Detention/Corrections in prior years to determine how the funds were spent and whether they were spent correctly. This review should begin no later than 60 days of enactment of this Act.

The agreement includes \$24,898,000 for Law Enforcement Special Initiatives, of which an additional \$5,000,000 is to continue addressing the MMIW effort, as requested. The Committees expect the Bureau to provide a comprehensive review of the MMIW Initiative to the Committees within 120 days of enactment of this Act, including all activities and associated funding by line, fund distribution, number of cold cases resolved, FTEs, law enforcement vacancies in each Bureau region (even if not MMIW related), as well as the number of public safety and justice background checks by activity pending as of the date of enactment of this Act. Funding for the Tiwaha recidivism initiative, equipment to collect and preserve evidence at crime scenes, and victim witness specialists is continued at fiscal year 2021 enacted levels.

For Tribal Justice Support, \$30,809,000 is provided, which continues \$3,000,000 to implement and ensure compliance with the Violence Against Women Act and provides an additional \$4,000,000 to address the needs of Tribes affected by Public Law 93-280 as outlined in the Senate Report 116-123.

An additional \$5,000,000 is included for Tribal Courts (TPA) for a total of \$43,169,000, of which no more than \$1,000,000 may be used for operation and maintenance of courts, as requested.

Community and Economic Development.—The bill provides \$29,353,000 for community and economic development programs, which includes \$13,401,000 for Job Placement and Training (TPA), \$5,218,000 for Economic development (TPA), of which an additional \$2,000,000 is provided for business incubators, and \$10,734,000 is for community development central oversight, of which an additional \$1,500,000 is to implement the NATIVE Act. The Committees direct funding of not less than \$7,500,000 be used for grants to Tribes, Tribal organizations, and Native Hawaiian organizations to carry out Public Law 114-22. The agreement includes an additional \$1,500,000 for grants to federally recognized Indian Tribes and Tribal organizations to provide native language instruction and immersion programs to Native students not enrolled at BIE schools, including those Tribes and organizations in states without Bureau-funded schools.

Executive Direction and Administrative Services.—The bill includes \$270,600,000 for executive direction and administrative services, of which \$19,409,000 is for Assistant Secretary support, which includes an additional \$500,000 to implement the PROGRESS Act, \$800,000 to establish the Diversity and Inclusion program for BIA and OST, and \$7,000,000 to implement the Native boarding school initiative to review past boarding school policies and to prepare a report on future efforts required to address this past wrong. Within Administrative Services (Central), an additional \$2,800,000 is provided for uses as requested, and within Information Resources Technology, a \$6,200,000 increase is provided for uses as requested. The bill includes \$1,250,000 for Special Initiatives identified in table titled "Interior and Environment Incorporation of Community Project Funding Items/Congressionally Directed Spending Items" included at the end of this division.

INDIAN LAND CONSOLIDATION

The bill establishes a new account as requested and provides \$7,000,000 for Indian Land Consolidation. Within 30 days of enact-

ment of this Act, the Bureau is directed to submit administrative expense estimates and performance metrics, including the proposed number of fractionated interests to be purchased and acreage consolidated. Going forward, the Bureau is expected to include this data in the annual budget justification.

CONTRACT SUPPORT COSTS

The bill provides an indefinite appropriation for contract support costs, consistent with fiscal year 2021 and estimated to be \$240,000,000 in fiscal year 2022.

PAYMENTS FOR TRIBAL LEASES

The bill provides an indefinite appropriation for payments under section 105(l) of the Indian Self-Determination and Education Assistance Act, consistent with fiscal year 2021 and estimated to be \$36,593,000 in fiscal year 2022.

CONSTRUCTION

(INCLUDING TRANSFER OF FUNDS)

The bill provides \$146,769,000 for Construction. All programs, projects, and activities are maintained at fiscal year 2021 levels, except for requested fixed cost and transfers, or unless otherwise specified below.

Public Safety and Justice Construction.—The bill provides \$47,811,000 for public safety and justice construction and includes the following: \$30,500,000 for facilities replacement and new construction, which includes a \$5,000,000 general program increase; \$4,494,000 for employee housing; \$9,372,000 for facilities improvement and repair; \$171,000 for fire safety coordination; and \$3,274,000 for fire protection.

The Bureau is expected to distribute funds provided in this Act to expeditiously complete construction of adult detention center projects that were previously awarded. Remaining amounts should be considered available for all public safety and justice facilities, consistent with previous direction. Direction is provided for the Bureau to: (1) produce a plan on how to spend unobligated public safety and justice balances on facilities in poor condition; and (2) provide the plan to the Committees within 120 days of enactment of this Act.

The Committees note with concern the frustrations raised by the San Carlos Apache Tribe about replacement of the 'Building 86' public safety facility operated by the Tribe and directs the Bureau to continue to work with the Tribe, to the maximum extent practicable, on a mutually agreeable path forward. The Committees further direct the Bureau to brief the House and Senate Committees on Appropriations no later than 90 days after enactment of this Act on their current efforts to find a solution.

Resources Management Construction.—The bill provides \$74,060,000 for resources management construction programs. Within this amount, \$28,710,000 is for irrigation project construction, of which \$10,000,000 is continued for projects authorized by the WIIN Act (Public Law 114-322). The Committees expect the funds designated for WIIN Act activities will be deposited into the Indian Irrigation Fund to fund those projects authorized by Public Law 114-322. Further, the agreement includes \$2,706,000 for engineering and supervision; \$1,016,000 for survey and design; \$665,000 for Federal power compliance; and \$40,963,000 for dam safety and maintenance, of which \$2,500,000 is a general program increase. The Committees direct the Bureau to begin dam safety work expeditiously and to provide a report to the Committees on the number of reservation dams in need of a safety review and hazard classification.

Other Program Construction.—The bill provides \$24,898,000 for other program construction and includes \$1,419,000 for telecommunications; \$4,069,000 for facilities and quarters,

which includes \$150,000 for fleet management infrastructure; and \$19,410,000 for program management, which includes an additional \$10,000,000 for BIA to conduct an assessment of BIA-owned water systems, contractual support to implement projects, and address lead pipe issues at Indian Affairs infrastructure and an additional \$77,000 to continue the project at Fort Peck.

INDIAN LAND AND WATER CLAIM SETTLEMENTS AND MISCELLANEOUS PAYMENTS TO INDIANS

The bill provides \$1,000,000 for Indian Land and Water Claim Settlements and Miscellaneous Payments to Indians. These funds are supplemented in fiscal year 2022 by not less than \$1,368,560,000 appropriated in Public Law 117-58, ensuring that Indian Affairs will fully meet its statutory obligations for all authorized settlement agreements to date.

INDIAN GUARANTEED LOAN PROGRAM ACCOUNT

The bill provides \$11,833,000 for the Indian Guaranteed Loan Program Account to facilitate business investments in Indian Country.

BUREAU OF INDIAN EDUCATION

OPERATION OF INDIAN EDUCATION PROGRAMS

Bureau of Indian Education.—The bill includes \$1,017,601,000 for Bureau of Indian Education (BIE) program operations. All programs, projects, and activities are maintained at fiscal year 2021 enacted levels, except for requested fixed costs and internal transfers, or unless otherwise specified below. For this and all other Bureau accounts funded in this bill, BIE is expected to comply with the instructions and requirements at the beginning of this division and in House Report 117-83, unless otherwise specified below. Additional details, instructions, and requirements follow below and in the table at the end of this division. Language contained in the explanatory statement accompanying the Consolidated Appropriations Act, 2021 (Public Law 116-260) regarding displaying amounts required to comply with Department of Defense Education Activity is restated.

Elementary/Secondary Programs.—The bill includes \$638,865,000 for Elementary/Secondary Programs. Tribal grant support costs are fully funded. An additional \$1,500,000 is included for Native language immersion grants at BIE-funded schools within education program enhancements and an additional \$5,000,000 is included for a general program increase for Indian Student Equalization Program Formula Funds.

Johnson O'Malley.—The agreement provides \$21,198,000, as requested.

Post-Secondary Programs (forward funded).—Post-secondary programs (forward-funded) are provided with \$113,283,000, as requested. The budget request did not include fixed costs for Tribal colleges and universities or Tribal technical colleges. Failure to request adequate resources to cover full fixed cost requirements results in schools having to absorb these escalating costs at the expense of other program requirements. BIE is directed to collect this information and include it in future budget requests. General program increases are also provided for Scholarships and Adult Education (TPA), special higher education scholarships, and science post graduate scholarships.

Education Management.—The agreement includes \$59,888,000 for education program management, which includes \$400,000 to establish a Diversity, Equity, Inclusion and Accessibility office and an additional \$8,401,000 for Education IT for requested uses. Within 90 days of enactment of this Act, BIE is directed to provide a detailed spend plan with timelines for the Education IT funds.

EDUCATION CONSTRUCTION

Education Construction.—The bill provides \$264,330,000 for schools and related facilities

within the BIE system. All programs, projects, and activities are maintained at fiscal year 2021 levels, except for requested fixed costs and internal transfers, or unless otherwise specified below. Language contained in the explanatory statement accompanying the Consolidated Appropriations Act, 2021 (Public Law 116–260) regarding Tribal college and university operations, maintenance and infrastructure needs is restated. The agreement includes the following: \$115,504,000 for replacement school campus construction; \$23,935,000 for replacement facility construction; \$1,000,000 for replacement/new employee housing; \$13,589,000 for employee housing repair; \$95,302,000 for facilities improvement and repair; and \$15,000,000 for Tribal colleges and universities' facilities requirements.

OFFICE OF THE SPECIAL TRUSTEE FOR
AMERICAN INDIANS
FEDERAL TRUST PROGRAMS
(INCLUDING TRANSFER OF FUNDS)

The agreement provides \$109,572,000 for the Office of the Special Trustee for American Indians (OST) and rejects the proposed budget structure for a new Bureau of Trust Funds Administration (BTFA) within the Office of the Assistant Secretary-Indian Affairs. This should not be construed as interfering with the statutorily required sunset of OST. This amount includes fixed costs as requested and internal transfers to effectuate historical trust accounting. It does not include requested internal transfers for new employees, nor are any funds included for these positions. However, to ensure OST participates in the Department's Diversity, Equity, Inclusion and Accessibility initiative in support of Executive Orders 13985 and 13988, the agreement includes \$400,000 for Indian Affairs to perform these activities on OST's behalf until the future of OST is resolved.

The Committees remain concerned about whether OST has completed its duties and responsibilities under the 1994 Indian Trust Reform Management Act (Public Law 103–412). In fiscal year 2019, Congress adopted the Department's proposal to shift OST's reporting structure from the Secretary to the Assistant Secretary—Indian Affairs. Congress did not adopt a proposal providing the Department with unilateral authority to create a new budget structure and bureau under Indian Affairs.

The Department's actions over the past years with respect to this issue are concerning. In fiscal year 2021, Congress rejected the proposed budget structure for BTFA and continued funding OST. Yet the Department continues to take actions to establish BTFA, including taking steps towards formalizing BTFA by referencing BTFA in regulations despite BTFA not having been approved and not providing sufficient information to demonstrate compliance with Public Law 103–412. In addition, Congress expected the Department to consult with Tribes on the future of OST and its duties. Instead, the Department consulted on how BTFA should perform OST's functions.

The Committees continue to need additional information to evaluate the best path forward for any remaining OST functions and responsibilities once OST sunsets. The Government Accountability Office (GAO) has yet to complete its work directed by Congress in fiscal year 2021, in part because the Department has not provided GAO with requested information in a timely manner. The Committees are committed to working with the Department on a path forward to fulfill its trust responsibilities. Therefore, the Department is expected to work with GAO and provide the requested information in a timely manner to help the Committees make a more informed decision.

DEPARTMENTAL OFFICES
OFFICE OF THE SECRETARY
DEPARTMENTAL OPERATIONS
(INCLUDING TRANSFER OF FUNDS)

The bill provides \$123,367,000 for the Office of the Secretary, Departmental Operations appropriation. Specific allocations at the activity level are contained in the table at the back of this explanatory statement. Fixed costs are provided as requested. Within the Executive Direction activity, the proposed transfer is accepted. Within the Leadership and Administration activity, funds are included to carry out activities in support of the Secretary's responsibilities under the Hawaiian Home Lands Recovery Act. The Department is directed to maintain the Office of Native Hawaiian Relations within the Office of the Assistant Secretary for Policy, Management, and Budget.

Wild Horse and Burro Task Force.—The Secretary is to establish a task force to bring experts from all relevant Interior Bureaus together to address the challenge of wild horses and burros as outlined in the beginning of this division. This task force is to have monthly meetings to review performance metrics, monitor outcomes, assess milestone achievements, and address any delays or setbacks to the implementation of the May 2020 report. The task force should analyze Federal investments and determine if any course correction is necessary. In subsequent years, task force membership will be expanded as previously outlined. The Secretary is to report to the Committees within 90 days of enactment of this Act on the establishment of this task force and a proposed meeting schedule.

INSULAR AFFAIRS
ASSISTANCE TO TERRITORIES

The bill provides \$113,477,000 for Assistance to Territories. The detailed allocation of funding is included in the table at the end of this explanatory statement.

COMPACT OF FREE ASSOCIATION

The bill provides \$8,463,000 for Compact of Free Association, equal to the fiscal year 2021 enacted level. A detailed table of funding recommendations below the account level is provided at the end of this explanatory statement.

The agreement includes \$5,000,000 as the third payment towards the \$20,000,000 requested by the Republic of the Marshall Islands in September 2009, as authorized in section 111(d) of the Compact of Free Association Act of 1986 (Public Law 99–239; 99 Stat. 1799; 48 USC 1911) and section 108(b) of the Compact of Free Association Amendments Act of 2003 (Public Law 108–188; 117 Stat. 2755; 48 USC 1921g).

OFFICE OF THE SOLICITOR
SALARIES AND EXPENSES

The bill provides \$94,998,000 for the Salaries and Expenses appropriation within the Office of the Solicitor. Specific allocations at the activity level are contained in the table at the back of this explanatory statement. The Committees provide fixed costs and internal transfers, as requested. Remaining funds may be used to fund necessary costs required for office moves. To the extent funding is available, the Committees urge the office to consider further increases to staffing to address the department-wide backlog of pending Freedom of Information Act (FOIA) requests. FOIA Office staff are directed to brief the Committees semiannually on their efforts related to the backlog.

OFFICE OF INSPECTOR GENERAL
SALARIES AND EXPENSES

The bill provides \$62,132,000 for the Office of Inspector General.

DEPARTMENT-WIDE PROGRAMS
WILDLAND FIRE MANAGEMENT
(INCLUDING TRANSFERS OF FUNDS)

The bill provides \$1,026,097,000 for Department of the Interior Wildland Fire Management. Combined with \$330,000,000 appropriated in the Wildfire Suppression Operations Reserve Fund, the total amount for fire suppression operations at the Department is \$713,657,000. The detailed allocation of funding by activity is included in the table accompanying this explanatory statement.

Other Operations.—The bill provides \$271,897,000 for other wildland fire management operations. Within hazardous fuels, funding is included for Reserved Treaty Rights Lands for Tribal Nations to participate in collaborative projects with other landowners supporting the health and resiliency of priority Tribal resources at high risk to wildfire. The Department is directed to provide a briefing to the Committees within 60 days of enactment of this Act on the proposed distribution of hazardous fuels funding to its component bureaus, the allocation methodology, and how it takes into account areas with special designations, such as the Oregon and California Grant Lands. The Department is directed to provide \$4,000,000 to the Joint Fire Science program for fiscal year 2022, which combined with funding in the Forest Service provides \$8,000,000 in total. Direction related to the Joint Fire Science Program is included under the Forest and Rangeland Research heading in House Report 117–83. The Department shall report at the end of each fiscal year the number of acres treated by prescribed fire, mechanical fuels reduction, and thinning activities, as well as the acres treated in wildland urban interface and the costs associated with such activities.

WILDFIRE SUPPRESSION OPERATIONS RESERVE
FUND
(INCLUDING TRANSFERS OF FUNDS)

The bill includes \$330,000,000 for the Wildfire Suppression Operations Reserve Fund, which is \$20,000,000 above the enacted level. S. Con. Res. 14 (117th Congress), the concurrent resolution on the budget for fiscal year 2022, included a budget cap adjustment for wildfire suppression costs and this additional funding is included for fiscal year 2022.

CENTRAL HAZARDOUS MATERIALS FUND

The bill provides \$10,036,000 for the Central Hazardous Materials Fund appropriation.

ENERGY COMMUNITY REVITALIZATION PROGRAM
(INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$5,000,000 for the Energy Community Revitalization Program. The funding provided allows entities to inventory, assess, decommission, reclaim, respond to hazardous substance releases, and remediate abandoned hardrock mines, orphaned oil and gas wells, and orphaned infrastructure, including but not limited to, facilities, pipelines, structures or equipment used in energy production operations, as authorized by law. Public Law 117–58 provided \$4,700,000,000 for orphan oil and gas well cleanup. Therefore, this agreement directs that the priority focus for this funding be to address abandoned hardrock and non-coal mine sites, including sand and gravel pits and abandoned uranium mines on Federal, State, Indian, and other non-Federal lands. In subsequent fiscal years, the Committees will examine the status of the remediation of abandoned hardrock mines and orphaned oil and gas wells and their associated infrastructure and direct how appropriated resources should be allocated.

NATURAL RESOURCE DAMAGE ASSESSMENT AND RESTORATION

NATURAL RESOURCE DAMAGE ASSESSMENT FUND

The bill provides \$7,933,000 for the Natural Resource Damage Assessment Fund appropriation. Specific allocations at the activity level are contained in the table at the back of this explanatory statement.

WORKING CAPITAL FUND

The bill provides \$91,436,000 for the Working Capital Fund appropriation.

OFFICE OF NATURAL RESOURCES REVENUE

The bill provides \$169,640,000 for the Natural Resources Revenue appropriation of which \$1,000,000 is to support Osage Trust Accounting activities as requested.

Distribution of GOMESA Revenues.—The Office is directed to distribute revenues from Gulf of Mexico operations in a manner consistent with current law, including the Gulf of Mexico Energy Security Act (GOMESA) of 2006 (Public Law 109-432), as amended.

GENERAL PROVISIONS, DEPARTMENT OF THE INTERIOR

(INCLUDING TRANSFERS OF FUNDS)

The bill includes various legislative provisions affecting the Department in Title I of the bill, "General Provisions, Department of the Interior." The provisions are:

Section 101 provides Secretarial authority for the intra-bureau transfer of program funds for expenditures in cases of emergencies when all other emergency funds are exhausted.

Section 102 provides for the Department-wide expenditure or transfer of funds by the Secretary in the event of actual or potential emergencies including forest fires, range fires, earthquakes, floods, volcanic eruptions, storms, oil spills, grasshopper and Mormon cricket outbreaks, and surface mine reclamation emergencies.

Section 103 provides for the use of appropriated funds by the Secretary for contracts, rental cars and aircraft, telephone expenses, and other certain services.

Section 104 provides for the expenditure or transfer of funds from the Bureau of Indian Affairs and Bureau of Indian Education, and the Office of the Special Trustee for American Indians, for Indian trust management and reform activities.

Section 105 permits the redistribution of Tribal priority allocation and Tribal base funds to alleviate funding inequities.

Section 106 authorizes the acquisition of lands for the purpose of operating and maintaining facilities that support visitors to Ellis, Governors, and Liberty Islands.

Section 107 continues Outer Continental Shelf inspection fees to be collected by the Secretary of the Interior.

Section 108 provides the Secretary of the Interior with authority to enter into multi-year cooperative agreements with non-profit organizations for long-term care of wild horses and burros.

Section 109 addresses the U.S. Fish and Wildlife Service's responsibilities for mass marking of salmonid stocks.

Section 110 allows the Bureau of Indian Affairs and Bureau of Indian Education to more efficiently and effectively perform reimbursable work.

Section 111 provides for the establishment of a Department of the Interior Experienced Services Program.

Section 112 requires funds to be available for obligation and expenditure not later than 60 days after the date of enactment.

Section 113 provides the Secretary of the Interior the ability to transfer funds among and between the Bureau of Indian Affairs and the Bureau of Indian Education.

Section 114 provides funding for the Payments in Lieu of Taxes (PILT) program.

Section 115 directs notification of any deviation in procedure or equipment.

Section 116 allows the National Park Service to convey lands for purposes of transportation and recreation for a specific project.

Section 117 authorizes Tribally controlled schools access to interagency motor vehicles in the same manner as if performing activities under the Indian Self Determination and Education Assistance Act.

Section 118 extends the authorization for the Delaware Water Gap National Recreation Area.

Section 119 addresses National Heritage Areas.

Section 120 authorizes the Secretary of the Interior to conduct a study to evaluate resources associated with the 1965 Voting Rights March from Selma to Montgomery.

Section 121 modifies a provision on the exhaustion of administrative review.

Section 122 provides the Secretary of the Interior with certain pay authority for the Appraisal and Valuation Services Office.

Section 123 addresses the issuance of rules for sage-grouse.

TITLE II—ENVIRONMENTAL PROTECTION AGENCY

The agreement provides \$9,559,485,000 for the Environmental Protection Agency (EPA). The Agency is expected to comply with the instructions and requirements at the beginning of this division and in House Report 117-83, unless otherwise specified below. Additional details, instructions, and requirements follow below and in the table at the end of this division.

Congressional Budget Justification.—The Committees direct the Agency to include in future justifications the provisions included in the joint explanatory statement accompanying Public Law 116-260.

Operating Plan.—Within 30 days of enactment of this Act, the Agency is directed to submit to the House and Senate Committees on Appropriations its annual operating plan for fiscal year 2022. The operating plan shall adhere to the program area levels, and where applicable, the program project levels, specified within this explanatory statement. For program project levels not otherwise specified herein, the operating plan should detail how the Agency plans to allocate funds at the program project level. Further, the budgets of each major office should be itemized to indicate the source of funds for each major office by program project level. Further, the Agency is directed to continue the longstanding practice of submitting quarterly statement of balances reports, and the Agency is directed to display data separately for both the current fiscal year and the prior fiscal year.

Workforce and Staffing Plans.—The Committees direct the Agency to adhere to the provisions included in the joint explanatory statement accompanying Public Law 116-260.

PFAS and Contaminants of Emerging Concern.—The Committees encourage the Agency to continue to take action on PFAS, including addressing contamination, advancing clean up and treatment solutions, conducting research, and undertaking needed rulemaking actions. Within 60 days of enactment of this Act, the Agency is directed to brief the Committees on planned fiscal year 2022 PFAS-related actions and provide the Committees with a spend plan that details funding at the program project level.

Combination of Separate Fiscal Year Grant Funding.—The Committees continue the directive contained in the joint explanatory statement accompanying Public Law 116-260.

SCIENCE AND TECHNOLOGY

For Science and Technology programs, the agreement provides \$750,174,000. The bill transfers \$30,985,000 from the Hazardous Sub-

stance Superfund account to this account. The agreement provides the following specific funding levels and direction:

Clean Air.—The agreement provides \$134,314,000 for Clean Air. The Committees are aware of a strong interest from a number of stakeholders to generate Renewable Fuels Standard credits from renewable electricity, also referred to as "eRINs". The Committees understand that EPA is planning to propose to revise the existing EPA regulations related to eRINs as part of a future rulemaking action. The Committees urge the Agency to undertake this rulemaking in a timely manner to provide transparency and clarity for all stakeholders and direct the Agency to brief the Committees on its progress within 180 days of the enactment of this Act.

Research: Air and Energy.—The agreement provides \$95,406,000 for Research: Air and Energy. Within available funds, the Committees continue funding for the study under the heading "Partnership Research" contained in the explanatory statement of Public Law 115-141.

Research: Chemical Safety and Sustainability.—The agreement provides \$127,447,000 for Research: Chemical Safety and Sustainability. Of the funds provided, \$1,500,000 shall be used to develop and demonstrate nanosensor technology with functionalized catalysts that have potential to degrade selected contaminants in addition to detecting and monitoring pollutants.

Research: National Priorities.—The agreement provides \$11,430,000 for Research: National Priorities, including \$8,500,000 for extramural research grants, independent of the Science to Achieve Results (STAR) grant program, as specified under this heading in Public Law 116-260.

The agreement provides \$2,000,000 in congressionally directed spending to study the feasibility of establishing PFAS treatment facilities for surface water and groundwater across the State of Alaska, including mobile treatment systems. The bill also includes \$50,000 in congressionally directed spending to support harmful algal bloom monitoring in the Kodiak region of Alaska for purposes of studying the public health and environmental impacts of harmful algal blooms in the region, and \$80,000 in congressionally directed spending for research to assess wastewater infrastructure in Delaware that is vulnerable to PFAS contamination and to research and identify possible sources of PFAS contamination. The bill provides \$800,000 in congressionally directed spending to support the establishment of a Center for Wildfire Smoke Research and Practice to study the effects on public health of smoke emissions from wildland fires as well as the means by which communities can better respond to and protect against the impacts of emissions from wildland fires. Further detail on these projects is located in the table titled "Interior and Environment Incorporation of Community Project Funding Items/Congressionally Directed Spending Items" accompanying this explanatory statement.

Research: Safe and Sustainable Water Resources.—The agreement provides \$112,574,000 for Research: Safe and Sustainable Water Resources. Of the funds provided, up to \$3,000,000 shall be used for grants under section 2007 of America's Water Infrastructure Act (P.L. 115-270). Additionally, consistent with House Report 117-83 direction, the agreement provides up to \$1,000,000 for the Agency to use existing tools and capabilities under the Clean Water Act to address alpine lake water quality and resilient uplands management.

Of funds provided, at least \$4,000,000 is to be used for research for Enhanced Aquifer Use and Recharge. The Agency shall distribute funds to appropriate Research Centers to carry out research activities that

would directly support groundwater research on Enhanced Aquifer Recharge (EAR), including support of sole source aquifers; to work collaboratively with the U.S. Geological Survey to carry out these activities; and to partner, through cooperative agreements, contracts, or grants, with universities, Tribes, and water related institutions for planning, research, monitoring, outreach, and implementation in furtherance of EAR research.

Additional Guidance.—The following additional guidance is included:

Advanced Biofuels from Canola Oil.—In addition to House guidance on “Pathways for Renewable Fuel,” the Committees note that the Agency receives petitions for renewable fuel pathways that would enhance feedstock flexibility and support growth in the production and use of advanced biofuels. The Committees are aware that the Agency received a petition to include pathways for renewable diesel produced from canola oil as advanced biofuel. The Committees encourage the Agency to expedite review and report to the Committees on the status of the petition if a determination is not made within two years of the date of submission.

Framework for Cumulative Risk Assessment.—In lieu of the directive in House Report 117-83, the Agency is directed to brief the Committees on the Framework for Cumulative Risk Assessment and any planned reviews of the Framework.

Harmful Algal Blooms.—The agreement provides \$6,000,000 and the Agency is directed to follow the guidance in House Report 117-83 and Senate Report 116-123.

Health Outcomes and Links to Pollution.—In lieu of direction under the heading “Coronavirus Health Outcomes and Links to Pollution” in House Report 117-83, the Committees encourage the Agency to investigate any linkages between exposure to pollution and increased risk for adverse health outcomes from communicable respiratory diseases.

Integrated Risk Information System (IRIS) program.—In lieu of the directive in House Report 117-83 under the heading “Maintaining IRIS Program Integrity,” the Committees direct the Agency to continue the IRIS program within the Office of Research and Development and to utilize the IRIS program to support the Agency’s mission to protect human health and the environment.

Landfill Emissions Research.—The Committees encourage the Agency to prioritize efforts to refine greenhouse gas and air pollutant measurement. Municipal solid waste landfills continue to be a significant source of greenhouse gas and hazardous air pollutant emissions. The Committees direct that at least \$1,000,000 be used by the Office of Research and Development to support research grants to quantify emissions of methane and hazardous air pollutants from landfills using the most effective technologies, including near-infrared imaging from satellites, and, during the times the emissions are measured, any quantity of methane captured by the landfill gas collection system, as well as strategies to reduce such emissions across the municipal waste management lifecycle, with a focus on diversion of organic discards from landfills for composting and digesting.

Microplastics.—The Committees note the growing concern regarding pervasive microplastic pollution. The Committees support the Agency’s research on microplastics in water supplies and encourage the Agency to accelerate efforts to characterize the risks to human and ecosystem health as well as potential solutions. The Committees direct the Agency to brief the Committees on these efforts within 180 days of enactment of this Act.

Non-vertebrate Testing Methods.—The Committees note that Public Law 114-182 (the

Lautenberg Act) directed the Agency to update Congress on efforts to advance non-animal testing and goals for future alternative test methods and strategies implementation. The Agency is directed to brief the Committees on its efforts as well as the Agency’s experience with submitters developing information by means of an alternative test method or strategy before conducting new vertebrate animal testing, consistent with Section 4(h)(3)(A) of the Act. The Committees also note that new approach methodologies (NAMs), including in vitro tests, in chemico assays and in silico models, represent key advances in science to support hazard and risk assessments of pesticides and chemicals. The Committees encourage the Agency to continue supporting and performing research on the development and evaluation of NAMs through the Chemical Safety for Sustainability National Research Program.

Science to Achieve Results (STAR) Grants.—The agreement provides funds to continue the STAR program and directs the Agency to distribute grants consistent with fiscal year 2021. The Committees also direct that funding for Children’s Environmental Health and Disease Prevention be continued. The Committees support the efforts of the Agency to focus this funding on research related to early life stage, including prenatal, vulnerabilities to environmental stressors. The Agency is directed to brief the Committees on the program within 60 days of enactment of this Act.

Water Security Test Bed.—Consistent with House Report 117-83 direction, the agreement provides up to \$1,000,000 for advancing full scale applied research and testing capabilities to address threats to drinking water and associated infrastructure at Water Security Test Bed facilities.

Wildfire Smoke Research.—The Committees note with concern the adverse health effects that smoke from wildfires has on impacted communities. The Committees encourage the Agency to expand its efforts to identify methods to reduce smoke exposure during wildfire episodes and improve wildfire smoke monitoring and prediction.

ENVIRONMENTAL PROGRAMS AND MANAGEMENT

For Environmental Programs and Management, the bill provides \$2,964,025,000. The agreement provides the following specific funding levels and direction:

Clean Air.—The agreement provides \$290,328,000 for Clean Air. The Committees recognize the value of and continues to support the EnergySTAR program and other programs where EPA works collaboratively with non-governmental entities to identify beneficial methods to reduce emissions, reduce pollution, or increase efficiency.

Compliance.—The agreement provides \$103,500,000 for Compliance.

Enforcement.—The agreement provides \$335,934,000 for Enforcement, of which, \$94,159,000 is for environmental justice to make significant progress implementing tasks outlined in the “EJ 2020 Action Agenda,” and to continue its EJ grant programs. The budget structure for Environmental Justice remains consistent with prior years. In lieu of the House directives regarding Environmental Justice contained in House Report 117-83, the Agency is directed to provide the Committees with a spend plan 30 days after enactment of this Act and to provide a subsequent comprehensive briefing on how Environmental Justice work will be conducted across the Agency. Concurrently, the Committees expect the Agency to outline a comprehensive Environmental Justice proposal in its fiscal year 2023 budget, including specifics about a proposed national program office and relevant program metrics, so that

the proposal can be transparently considered by all stakeholders.

Environmental Protection: National Priorities.—The agreement provides \$25,700,000, an increase of \$4,000,000 above the enacted level, for a competitive grant program for qualified non-profit organizations to provide technical assistance for improved water quality or safe drinking water, adequate waste-water to small systems, or individual private well owners. The Agency shall provide \$22,000,000 for Grassroots Rural and Small Community Water Systems Assistance Act (Public Law 114-98), for activities specified under section 1442(e) of the Safe Drinking Water Act (42 U.S.C. 300j-1(e)(8)). The Agency is also directed to provide \$2,700,000 for grants to qualified not-for-profit organizations for technical assistance for individual private well owners, with priority given to organizations that currently provide technical and educational assistance to individual private well owners. The Agency is directed to provide on a national and multi-State regional basis, \$1,000,000 for grants to qualified organizations for the sole purpose of providing on-site training and technical assistance for wastewater systems. The Agency shall require each grantee to provide a minimum 10 percent match, including in-kind contributions. The Agency is directed to allocate funds to grantees within 180 days of enactment of this Act.

Geographic Programs.—The agreement provides \$587,192,000 as described in the table at the end of this division, and includes the following direction:

Great Lakes Restoration Initiative.—The agreement provides \$348,000,000 for the Great Lakes Restoration Initiative. The Agency shall continue to follow the direction as provided in House Report 117-83 and Senate Report 115-276 related to the Great Lakes Restoration Initiative.

Chesapeake Bay.—The agreement provides \$88,000,000 for the Chesapeake Bay program. From within the amount provided, \$9,625,000 is for nutrient and sediment removal grants and \$9,625,000 is for small watershed grants to control polluted runoff from urban, suburban, and agricultural lands, and \$7,250,000 is for state-based implementation in the most effective basins.

San Francisco Bay.—The agreement provides \$24,000,000 for the San Francisco Bay program. The Committees direct the Agency to undertake priority activities within the San Francisco Bay estuary Comprehensive Conservation and Management Plan approved under section 320 of the Clean Water Act.

Puget Sound.—The agreement provides \$34,250,000 for Puget Sound and the Agency is directed to follow the guidance in House Report 117-83.

Long Island Sound.—The agreement provides \$31,400,000 for the Long Island Sound program and the Agency is directed to follow the guidance in House Report 117-83.

South Florida.—The agreement provides \$7,500,000 for the South Florida program. Within the funds provided, the Committees recommend at least \$1,750,000 to monitor coral health in South Florida; \$1,025,000 to enhance water quality and seagrass monitoring in the Caloosahatchee Estuary and Indian River Lagoon, especially with respect to assessing the impact of Lake Okechobee discharges and harmful algal blooms; and \$1,025,000 to enhance water quality and seagrass monitoring in Florida Bay and Biscayne Bay, especially with respect to assessing the impact of Everglades Restoration projects and harmful algal blooms.

Gulf of Mexico.—The agreement provides \$22,447,000 for the Gulf of Mexico Geographic Program. The Committees note that hypoxia continues to be a growing cause for concern.

The Committees direct the Agency to coordinate with the Department of Agriculture, the Gulf States, and other State, local, and private partners to leverage greater resources toward conservation projects on working-lands within the Gulf Region and Mississippi River Basin. The Agency is directed to distribute funds in the same manner as fiscal year 2021.

Lake Champlain.—The agreement provides \$20,000,000 for the Lake Champlain program. From within the amount provided, \$12,000,000 shall be allocated through the Lake Champlain Basin Program and the remaining amount shall be directed to support significant, impactful projects identified in the State implementation plan that will make measurable progress towards meeting the phosphorus reduction targets of the EPA's 2016 Phosphorus Total Maximum Daily Load Plan for Lake Champlain.

Southern New England Estuaries.—The agreement provides \$6,000,000 for the Southern New England Estuaries program and the Agency is directed to follow the guidance in House Report 117-83.

Great Lakes and Lake Champlain Invasive Species Program.—The Committees appreciate receiving the Agency's recent plan on its previous and planned actions to implement the Great Lakes and Lake Champlain Invasive Species Program as authorized by the Vessel Incident Discharge Act (Public Law 115-282). In fiscal year 2022, the Committees expect the Agency to implement its plan expeditiously and direct the Agency to continue to use funds from the appropriate Geographic Programs to address invasive species in the Great Lakes and Lake Champlain.

Information Exchange/Outreach.—The agreement provides \$125,046,000 for Information Exchange/Outreach. Environmental Education is funded at not less than \$8,615,000. The Committees are concerned that the smart skin cancer education program has recently received insufficient attention from the Agency; therefore, the Agency is directed to use Environmental Education funds for the smart skin cancer education program, similar to prior years.

Resource Conservation and Recovery Act (RCRA).—The agreement provides \$120,075,000 for Resource Conservation and Recovery Act. Of the funds provided under this program area, \$9,000,000 is for implementation of a Federal permit program for coal combustion residuals in non-participating states, as authorized under section 4005(d)(2)(B) of the Solid Waste Disposal Act (42 U.S.C. 6945(d)(2)(B)), or to provide technical assistance to states establishing their own permitting program under section 4005(d) of the Solid Waste Disposal Act (42 U.S.C. 6945(d)).

The Committees appreciate the work that EPA has done to improve recycling rates across the country, including through the National Recycling Strategy goal to increase the U.S. recycling rate to 50 percent by 2030. The Committees acknowledge the importance of the third goal laid out in the National Recycling Strategy: to improve markets for recycled content. The Committees recognize the need for a robust market for recycled content and provide \$1,000,000 to support activities that will improve markets for recycled materials, such as participating in the collaborative development of minimum recycled content standards for certain single-use products, reviewing and updating the products designated by EPA's Comprehensive Procurement Guidelines Program, assessing the extent to which toxic materials in plastics are re-incorporated into new products, and updating the recommended recycled-content levels of designated products. Additionally, consistent with House Report 117-83 direction, the agreement provides no less than \$1,000,000 for

the Agency to work with relevant stakeholders to educate consumers and households about residential and community recycling programs and an additional \$1,000,000 for the Agency to assist communities with recycling infrastructure to help recapture valuable materials and divert biodegradable materials from landfilling to reduce the generation of methane gas.

The Committees provide \$1,500,000 for the Agency to enter into an agreement with the National Academy of Sciences to conduct a study of the costs of recycling programs to State, Tribal, local and municipal governments (including recycling fees paid directly by residents) and to include policy recommendations. The Agency is directed to provide a report to the Committees within 270 days after enactment of this Act.

The agreement does not include direction in House Report 117-83 under the heading "Reducing Plastic Waste in Commerce."

Toxics Risk Review and Prevention.—The agreement provides \$98,060,000 for Toxics Risk Review and Prevention activities. The Committees are providing increased resources to help ensure the Agency can carry out EPA's duties under the Toxic Substances Control Act (TSCA) as amended by the 2016 Lautenberg Act to bolster the transparency and scientific integrity of the program. The Committees remind the Agency that the Lautenberg Act established a shared responsibility for the taxpayer and industry to contribute their share to support the TSCA program. The Committees recognize that the Agency has reprocessed its TSCA Service Fees Rule and encourage the Agency to properly consider full costs in its deliberations, in line with the Lautenberg Act's intent. Additionally, the Committees support the Safer Choice program and direct that the program be funded and operated consistent with prior years.

Water: Ecosystems.—The agreement provides \$55,071,000 for Water: Ecosystems and provides \$35,000,000 for National Estuary Program (NEP) grants as authorized by section 320 of the Clean Water Act, and other activities. This amount is sufficient to provide each of the 28 national estuaries in the program with a grant of at least \$750,000. Further, in the Administrative Provisions section, the bill directs that \$2,000,000 in competitive grants be made available for additional projects. The agreement also provides up to \$1,000,000 to support the Hypoxia Task Force's work, as outlined in House Report 117-83, to provide assistance to state and tribal partners as they implement comprehensive water quality solutions designed to reduce nutrient loads in waterways throughout the greater Mississippi River Basin, consistent with the Gulf Hypoxia Action Plan.

Water: Human Health Protection.—The Committees recommend \$109,487,000 for Water: Human Health Protection. The Committees urge the Agency to proceed expeditiously to support monitoring for unregulated contaminants under Section 1445(a)(2)(C) of the Safe Drinking Water Act and direct the Agency to brief the Committees on the Agency's implementation plan within 180 days of the enactment of this Act.

To the extent there are eligible permit and primacy applications for review, the agreement provides \$5,000,000 for the Agency's continued work within the Underground Injection Control program related to Class VI wells for geologic sequestration to help develop expertise and capacity at the Agency.

Water Quality Protection.—The agreement provides \$216,350,000 for Water Quality Protection. The Agency is encouraged to continue using infrastructure solutions, such as distribution network leak detection, pressure monitoring, and sanitary and combined

sewer monitoring technologies during upgrades to water and wastewater systems, to optimize water delivery performance, reduce energy usage, limit water waste in distribution systems, and enhance modeling of sewer collection networks. This will help to improve operations, maintenance, and capital expenditure in planning and budgeting and increase spatial and temporal monitoring data available on U.S. water quality and quantity. The Committees support the WaterSense program and appreciate EPA's work to advance water recycling through the National Water Reuse Action Plan (WRAP).

The Committees support the Agency's ongoing activities related to integrated planning, which will be increasingly necessary as States and communities work to meet their myriad clean water obligations while keeping rates affordable for water ratepayers. The Committees direct that funding for the Office of Municipal Ombudsman, as authorized by Congress, be funded at not less than the enacted level.

Additional Guidance.—The following additional guidance is included:

Biointermediates.—The Committees appreciate the work of the Agency to address the coprocessing of biointermediates and urge the Agency to finalize a rule permitting the production, transfer, and use of biointermediates. The Committees direct the Agency to brief the Committees within 60 days of enactment of this Act about its plans for action.

Community Air Quality Monitoring.—The Committees urge the Agency to prioritize air quality monitoring systems that yield frequently repeated measurements of pollutants and identify hotspots or areas of persistent elevated levels of pollutants localized to and caused by the characteristics of a specific geographic location. The Committees encourage the Agency to utilize this information to provide regularly updated data to overburdened and marginalized communities and for public awareness and other activities.

Environmentally Preferable Purchasing Program.—The Committees note that through the Environmentally Preferable Purchasing Program, the Agency makes efforts to improve the sustainable marketplace and uses purchasing power to help catalyze sustainable products innovation. The Committees direct the Agency to provide a briefing, within 180 days of enactment of this Act, on planned updates to the Recommendations of Specifications, Standards and Ecolabels for Federal Purchasing and conducting lifecycle environmental impact assessments to help reduce plastic waste.

Food Waste.—The Committees direct that, no later than September 30, 2022, EPA, in coordination with the U.S. Department of Agriculture, shall provide a briefing to the Committees on how the nation is meeting, and how the agencies are measuring progress against the U.S. 2030 Food Loss and Waste Reduction Goal.

Modeling and Monitoring of Tijuana River Transboundary Pollution Events.—Within existing funds, the Committees encourage EPA to advance predictive models to assess and evaluate potential infrastructure projects to reduce beach closure days and other related impacts from transboundary untreated sewage pollution events.

Output-Based Regulations.—The Committees encourage EPA to inform States of applicable tools, such as output-based regulations, that will encourage fuel efficiency as an air pollution prevention measure and assist states in meeting environmental and energy goals.

Pesticide Licensing and Stakeholder Engagement.—The Committees urge EPA to consult with public health, environmental, and other

non-governmental organizations, industry stakeholders, and other interested parties in advance of the deadline for progress reports required by Sec. 10115 of Agriculture Improvement Act of 2018 (Public Law 115-334) and to provide updates to stakeholders as appropriate. The Committees also request that EPA continue to keep the Committees apprised of stakeholder engagement activities, consistent with the timing of progress reports to Congress on Endangered Species Act consultation.

Pre-Commercial Thinning.—The Committees recognize that precommercial thinning from non-Federal forestland that is not ecologically sensitive forestland can qualify as renewable biomass for purposes of the Renewable Fuel Standard under the provisions detailed in 40 C.F.R. 80.1401. The Committees encourage the Agency to support other Federal agencies leading efforts to enhance markets for low-grade and low-value wood.

Small Refinery Relief.—The Committees recognize that the Renewable Fuels Standard (RFS) under Clean Air Act Section 211(o)(9) provides that EPA may exempt small refineries from compliance with the RFS in certain circumstances and that a small refinery “may at any time petition the Administrator for an extension of the exemption . . . for the reason of disproportionate economic hardship.”

Transboundary Watersheds.—The Committees direct the Agency to continue and expand its work coordinating with Federal, State, local, and Tribal agencies to monitor and reduce transboundary mining pollution in the Kootenai watershed and other U.S.-British Columbia transboundary watersheds. The Agency is also directed to report to the Committees within 90 days of enactment of this Act on its progress to document baseline conditions and mining-related impacts, and any additional staff or resources needed for this project. These efforts are funded at no less than the enacted level.

Unregulated Contaminant Monitoring Rule.—The Committees recognize stakeholder interest in monitoring additional unregulated contaminants in drinking water beyond what was recently proposed by EPA and encourage the Agency to consider additional contaminants in future Unregulated Contaminant Monitoring Rules.

Updating Safe Drinking Water Information System.—The Committees recognize that the Safe Drinking Water Information System is in need of updates and expansion to maximize its utility for States, Territories, Tribes, utilities, and the public. The Committees expect the Agency to provide a briefing within 180 days of the enactment of this Act on the Agency’s plans and resource needs for on-going and upcoming updates.

Water Infrastructure Interagency Coordination.—The Committees urge EPA to fund specific interagency coordination groups in support of effective water and wastewater infrastructure and services to colonias and Tribal communities. Interagency coordination groups should promote interagency planning and program coordination to better facilitate the construction, improvement, and maintenance of water and wastewater infrastructure and services in colonias and Tribal communities. The Interagency coordination groups are also encouraged to coordinate research efforts on the nexus between pollutant exposures, access to water, and disparities in coronavirus mortality and morbidity rates.

HAZARDOUS WASTE ELECTRONIC MANIFEST SYSTEM FUND

The agreement discontinues new appropriations for the Hazardous Waste Electronic Manifest System Fund account, consistent with the budget request. Because the e-Mani-

fest Program is now fully operational and fee-supported, funding in this account is no longer necessary.

OFFICE OF INSPECTOR GENERAL

The bill provides \$44,030,000 for the Office of Inspector General. The bill transfers \$11,800,000 from the Hazardous Substance Superfund account to this account.

BUILDINGS AND FACILITIES

The bill provides \$34,752,000 for Buildings and Facilities.

HAZARDOUS SUBSTANCE SUPERFUND (INCLUDING TRANSFERS OF FUNDS)

The bill provides \$1,232,850,000 for the Hazardous Substance Superfund account and includes bill language to transfer \$11,800,000 to the Office of Inspector General account and \$30,985,000 to the Science and Technology account. The agreement provides the following additional direction:

Enforcement.—The agreement provides \$181,355,000 for Enforcement, of which, \$5,841,000 is for the Environmental Justice program.

Homeland Security.—The agreement provides \$34,050,000 for Homeland Security. The Agency is directed to include \$1,468,000 from these funds as part of the transfer to the Science and Technology account.

Research: Chemical Safety and Sustainability.—The agreement provides \$12,824,000 for Research: Chemical Safety and Sustainability. The Agency is directed to include these funds as part of the transfer to the Science and Technology account.

Research: Sustainable and Healthy Communities.—The agreement provides \$16,463,000 for Research: Sustainable and Healthy Communities. The Agency is directed to include these funds as part of the transfer to the Science and Technology account.

Superfund Cleanup.—The agreement provides \$816,773,000 for Superfund Cleanup. Within this amount, the agreement provides \$192,000,000 for Emergency Response and Removal activities.

Additional Guidance.—The following additional guidance is included:

Adaptive Management.—Adaptive Management continues to show promise as a tool to expedite Superfund cleanup and remediation, effectively balance cost and benefits, and transition contaminated sites back into use while protecting public health and the environment. The Committees continue to be interested in the EPA’s development of Adaptive Management Guidance that can be consistently applied across EPA Regions. The Committees encourage the Agency to prioritize the finalization and implementation of the Guidance, and to integrate it with the Agency’s 2005 Contaminated Sediment Remediation Guidance for Hazardous Waste Sites to ensure consistent application of adaptive management at sediment sites.

Bubbly Creek.—The Agency is directed to follow the guidance in Senate Report 116-123.

Contaminants of Emerging Concern.—The Committees recommend that Emergency Response and Removal activities include collaborative work with State, Tribal, and local governments to help communities address contaminants of emerging concern. Furthermore, the Committees recommend that the Agency expeditiously remediate Superfund sites contaminated by these emerging contaminants, including PFAS, and provide technical assistance and support to States and Tribes during the remedial cleanup process.

Continued Improvements.—The Agency is directed to follow the guidance in Senate Report 116-123.

Manganese.—The Committees are concerned about manganese soil contamination in Chicago and encourage EPA to clean up

all affected areas to the lowest possible limits for residential screening and monitoring to protect public health.

Polychlorinated Biphenyls (PCB) Contamination.—The Agency is directed to follow the guidance in Senate Report 116-123.

Tribal Guidance.—The Agency is directed to follow the guidance in Senate Report 116-123.

LEAKING UNDERGROUND STORAGE TANK TRUST FUND PROGRAM

The bill provides \$92,293,000 for the Leaking Underground Storage Tank Trust Fund Program.

Additional Guidance.—The following additional guidance is included:

Tribal Consultation.—The Agency is directed to follow the guidance in Senate Report 116-123.

INLAND OIL SPILL PROGRAMS

The bill provides \$20,262,000 for Inland Oil Spill Programs.

STATE AND TRIBAL ASSISTANCE GRANTS

The bill provides \$4,351,573,000 for the State and Tribal Assistance Grants program and includes the following specific funding levels and direction:

Community Project Funding Items/Congressionally Directed Spending Items.—From within funds provided for capitalization grants for the Clean Water State Revolving Fund and the Drinking Water State Revolving Fund, the Committees recommend \$443,639,051 from the Clean Water SRF and \$397,766,044 from the Drinking Water SRF be for Community Project Funding/Congressionally Directed Spending grants for the construction of drinking water, waste-water, and storm-water infrastructure and for water quality protection. Each project shall provide not less than 20 percent matching funds from non-Federal sources, unless approved for a waiver. Applicable Federal requirements that would apply to a Clean Water State Revolving Fund or Drinking Water State Revolving Fund project grant recipient shall apply to a grantee receiving a CPF grant under this section. The Committees note that the following funding sources are to be treated as non-Federal funds and can be used to meet the non-Federal matching fund requirement: U.S. Department of Housing and Urban Development, Community Development Block Grant program; U.S. Department of Agriculture, Rural Development Program; and Appalachian Regional Commission grants. Funding made available to jurisdictions through the American Rescue Plan Act of 2021 (P.L. 117-2) are considered Federal funds and may not be applied towards the non-Federal cost share requirement. A detailed list of projects is in the table titled “Interior and Environment Incorporation of Community Project Funding Items/Congressionally Directed Spending Items.”

Clean Water State Revolving Fund (CWSRF).—The agreement provides \$1,638,826,000 for the Clean Water SRF and directs the Agency to brief the Committees on addressing the impacts of nonpoint source pollution and stormwater runoff through the use of nature-based and other low impact development techniques.

Infrastructure Assistance.—The agreement provides \$3,252,189,000 for infrastructure assistance. The Committees are aware that the Agency requires a certified operator in order to release funds for certain water and sanitation funding; however, some communities do not have a community system for either, or access to a certified operator. Therefore, the Committees direct the Agency to work with the Indian Health Service and those communities that lack water and sanitation systems, as well as a certified operator, to prevent the potential loss of funding and develop a training plan for operator certification.

Brownfields Program.—The agreement provides \$91,987,000 for Brownfields grants and directs that at least 10 percent of such grants be provided to areas in which at least 20 percent of the population has lived under the poverty level over the past 30 years as determined by censuses and the most recent Small Area Income and Poverty Estimates. The bill makes U.S. territories and possessions categorically eligible for funding from within this set-aside.

The Committees note the value of multi-purpose Brownfields grant awards, especially in communities that have clusters of Brownfield sites distributed over a larger geographic area. Many communities find that these larger awards allow for more rapid, cost-effective remediation and redevelopment planning, which in turn produce greater leveraging of Brownfields funding and offer more substantial returns on Federal investment. The Committees urge the Agency to tailor the size and frequency of multi-purpose awards to the needs of each region, in order to make grant funding consistently available to communities with Brownfields sites.

Diesel Emission Reductions Grants (DERA).—The agreement provides \$92,000,000 for DERA grants. The Committees note that the DERA program was recently reauthorized through 2024. The Committees support the use of DERA funding in transportation electrification projects.

Targeted Airshed Grants.—The agreement provides \$61,927,000 for Targeted Airshed Grants. These grants shall be distributed on a competitive basis to nonattainment areas that the Agency determines are ranked as the top five most polluted areas relative to annual ozone or particulate matter 2.5 standards, as well as the top five areas based on the 24-hour particulate matter 2.5 standard where the design values exceed the 35 mg/m3 standard. To determine these areas, the Agency shall use the most recent design values calculated from validated air quality data. The Committees note that these funds are available for emission reduction activities deemed necessary for compliance with national ambient air quality standards and included in a State Implementation Plan submitted to the Agency. Not later than the end of fiscal year 2022, the Agency should provide a report to the Committees that includes a table showing how fiscal year 2020 and 2021 funds were allocated. The table should also include grant recipients and metrics for anticipated or actual results.

Combined Sewer Overflow Grants.—The agreement provides \$43,000,000 for Combined Sewer Overflow Grants to control and treat sewer overflows as authorized and in accordance with section 4106 of America's Water Infrastructure Act (P.L. 115-270).

Categorical Grants.—The agreement provides \$1,099,384,000 for Categorical Grants. Funding levels are specified in the table at the end of this division.

Categorical Grant: Hazardous Waste Financial Assistance.—The agreement provides \$102,500,000 for Hazardous Waste Financial Assistance Grants. The bill includes a provision to spend categorical grant funds for the purpose of providing grants to assist States in the development and implementation of state programs for the control of coal combustion residuals under section 2301 of the Water and Waste Act of 2016 (Public Law 114-322), and the Agency is directed to allocate \$4,000,000 from the Hazardous Waste Financial Assistance categorical grants program project for this purpose. The Committees note that funds awarded under the authority provided by this Act are not subject to section 3011 of the Solid Waste Disposal Act (Public Law 89-272).

Categorical Grant: Nonpoint Source (Sec. 319).—The agreement provides \$178,000,000 for

Nonpoint Source (Sec. 319) Grants. Within existing resources, the Committees urge the Agency to work with recipients to prioritize efforts to reduce non-point source pollution to help significantly reduce both the frequency and severity of Harmful Algal Blooms. The Committees also support ongoing efforts through non-point source programs and other mechanisms to reduce the amounts of plastic and other trash from entering waterways.

Categorical Grant: Public Water System Supervision.—The agreement provides \$113,000,000 in Public Water System Supervision Grants, \$1,000,000 above the enacted level. Of the funds provided, \$10,000,000 is to further support States, Territories, and Tribes in addressing PFAS and other contaminants of emerging concern as they carry out their Public Water System Supervision programs.

Categorical Grant State and Local Air Quality Management.—The agreement provides \$231,391,000 for State and Local Air Quality Management Grants. The Agency is directed to allocate funds for this program using the same formula as fiscal year 2015. Should the Agency seek to change the formula, it should submit a proposal in its fiscal year 2023 budget justification for consideration by the Committees.

Wildfire Smoke Preparedness.—The agreement provides \$4,000,000 for wildfire smoke preparedness grants. These grants shall be distributed on a competitive basis to States, federally recognized Tribes, public pre-schools, local educational agencies as defined in 20 U.S.C. 7801(30), and non-profit organizations, for assessment, prevention, control, or abatement of wildfire smoke hazards in community buildings including schools as defined in 20 U.S.C. 3610(6), and related activities. The Federal share of the costs of such activities shall not exceed 90 percent except that the Administrator may waive such cost share requirement in the case of facilities located in economically distressed communities. A maximum of 25 percent of grant funding under this paragraph during this fiscal year may go to recipients in any one State.

Additional Guidance.—The following additional guidance is included:

National Water System Performance.—In lieu of the directive in House Report 117-83 under the heading "National Water System Consolidation Assessment," the Agency is directed to brief the Committees with 90 days of enactment of this Act on the financial and technical capacity of smaller water systems to meet Federal water quality standards. The briefing should also include a review of the ability of the Drinking Water Needs Survey to assess water systems' capability to meet these standards and the average debt levels of such systems.

Use of Iron and Steel.—The bill includes language in title IV general provisions that stipulates requirements for the use of iron and steel in State Revolving Fund projects, and the agreement includes only the following guidance: the Committees acknowledge that the Agency may issue a waiver of said requirements for de minimis amounts of iron and steel building materials. The Committees emphasize that any coating processes that are applied to the external surface of iron and steel components that otherwise qualify under the procurement preference shall not render such products ineligible for the procurement preference regardless of where the coating processes occur, provided that final assembly of the products occurs in the United States.

WATER INFRASTRUCTURE FINANCE AND INNOVATION PROGRAM ACCOUNT

The agreement provides a total of \$69,526,000 for the Water Infrastructure Fi-

nance and Innovation Act (WIFIA) program. Of the amount provided, \$5,000,000 shall be for implementation of the SRF WIN Act, as authorized by section 4201 of Public Law 115-270. Greater investment in the replacement of aging infrastructure will help mitigate nationwide issues the Committees are tracking related to contaminants such as lead and arsenic, Combined Sewer Overflows and Sanitary Sewer Overflows, and the pressing need to improve water delivery.

ADMINISTRATIVE PROVISIONS— ENVIRONMENTAL PROTECTION AGENCY (INCLUDING TRANSFERS OF FUNDS)

The bill continues several administrative provisions from previous years.

The bill provides for the collection and obligation of certain hazardous waste electronic manifest fees in accordance with the Solid Waste Disposal Act.

The bill directs the availability of not less than \$2,000,000 of funds for the National Estuary Program for competitive grants.

The bill clarifies the use of aircraft in Superfund site cleanups financed through Special Accounts.

The bill clarifies the availability of expenditures for information technology from the Working Capital Fund.

The bill provides for the Office of Chemical Safety and Pollution Prevention and the Office of Water in fiscal year 2022 to use up to \$2,000,000 to hire students and recent graduates as contractors on a temporary or intermittent basis.

The bill provides certain hiring authorities related to certain specialized professional positions for fiscal years 2022-2025.

Additional Guidance.—The following additional guidance is included:

Title 42 Hiring Authority.—The agreement expands the authority for the Agency to hire scientists under 42 U.S.C. 209 in the Office of Research and Development (ORD) and the Office of Chemical Safety and Pollution Prevention (OCSPP) through 2025. Within the funding provided, the Agency is directed to enter into an agreement with the National Academy of Sciences to conduct a study on the Agency's use of Title 42 special hiring authority over the last ten years and how Title 42 hires have uniquely contributed to the Agency's mission. The study should also consider what controls the Agency has in place to ensure hiring practices are consistent, whether the Agency is using the authority to hire scientists that are in the highest priority fields, and what improvements the Agency can make to better manage its special hiring authority.

TITLE III—RELATED AGENCIES

DEPARTMENT OF AGRICULTURE OFFICE OF THE UNDER SECRETARY FOR NATURAL RESOURCES AND ENVIRONMENT

The bill provides \$1,000,000 for the Office of the Under Secretary for Natural Resources and Environment.

The Under Secretary is directed to brief the Committees within 90 days of enactment of this Act on a plan to promote innovative biomass usage within the Department and across the government, with the aim of creating additional markets for hazardous fuels materials, and to encourage the use of wood products as a green building material, and potentially aid in carbon storage.

FOREST SERVICE

The agreement maintains funding for the activities delineated in House Report 117-83, unless otherwise specified herein, which the Service will fund with the appropriate combination of salaries and expenses and programmatic funds within each appropriations account.

The agreement provides up to \$10,000,000 for remote wildfire detection and an increase

of up to \$1,500,000 for national scenic and historic trails.

The agreement provides funding to meet new federal minimum wage standards and the Service is directed to use additional salaries and expenses resources to strengthen the permanent wildland fire workforce through increased hiring and conversion of seasonal to permanent positions.

The agreement provides \$1,700,000 for Sudden Oak Death treatments and partnerships with States and private landowners. The Service is also expected to partner with Tribes to prioritize recovery on lands impacted by wildfire. The Service should consider a separate budget line item for restoring burned areas in future budget submissions. Lake Tahoe Restoration Act activities are funded as directed in House Report 117-83.

The Service should provide a legislative proposal to establish a non-profit organization that would complement its International Programs and Trade Compliance mission and expand its impacts to benefit American forestry stakeholders through global engagement on climate change, forest products trade, U.S. migratory species habitat conservation, and initiatives to protect American forests from invasive pests.

The Service is directed to submit a report to the Committees detailing its strategy for pursuing the maximum utilization of domestic labor and long-term workforce development within 90 days of enactment of this Act.

FOREST SERVICE OPERATIONS (INCLUDING TRANSFERS OF FUNDS)

The bill provides \$1,069,086,000 for Forest Service Operations. The detailed allocation of funding by activity is included in the table accompanying this explanatory statement.

FOREST AND RANGELAND RESEARCH

The bill provides \$296,616,000 for Forest and Rangeland Research. Each of the existing facilities and programs shall be funded at no less than the enacted level. Funding for new research herein and new geographically-based initiatives shall not be factored into base allocations. The detailed allocation of funding by activity is included in the table accompanying this explanatory statement.

The Service is directed to work with the National Agricultural Statistical Service to determine the best way to survey and report non-timber forest products [NTFP] harvest volumes on National Forest lands.

Funding Directives.—The agreement provides for the following research priorities:

—\$4,000,000 to the Joint Fire Science program, which combined with funding in the Department of Interior provides \$8,000,000 in total.

—\$2,000,000 for collaborative research to determine the quantity and spatial distribution of forest biomass and carbon at multiple spatial scales and analyze the financial impact of this determination to provide forest carbon program participants with greater opportunities for income generation.

—\$3,000,000 to conduct collaborative research to determine the distribution and movement of needle pathogens, understand the disease cycle and the environmental factors that drive the emergence and distribution of the needle pathogens, and determine if the appearance is due to more aggressive strains of the pathogens and the origins of the pathogens.

—\$5,000,000 to support the Northeastern States Research Cooperative. The Service is directed to continue to utilize existing partnerships with research institutions and States to fund research to establish methods, tools, and standard protocols that help quan-

tify forest ecosystem services, particularly carbon, in natural forested regions as a resource that can be managed by forest landowners for ecological and economic benefit.

—\$2,000,000 for research on forest-based cellulose nanomaterials, including material forms, manufacturing processes, and technology transfer.

—\$2,000,000 to support new and existing academic partnerships to further explore the use of available technologies like remote sensing and methodologies such as small area estimation to further refine county and State biomass estimates as outlined in Sec. 8632 of Public Law 115-334.

—\$4,000,000 for cooperative research to develop new understandings and innovative solutions to address wildfire impacts on forested source water, downstream clean water, and water treatability.

—\$3,000,000 for university-led research and partnerships to better understand fires in the wildland-urban interface, improve workforce development for wildfire management professionals, and improve the safety and efficiency of wildland firefighting techniques.

—\$1,500,000 to conduct collaborative research to develop remote sensing capabilities that deploy acoustic technologies for wildfire monitoring.

STATE AND PRIVATE FORESTRY

The bill provides \$315,198,000 for State and Private Forestry. The detailed allocation of funding by activity is included in the table accompanying this explanatory statement. All funding for specific programs, directives, or congressionally directed spending identified herein is in addition to funds otherwise provided to States and regions through the formula and competitive grant process and therefore is not to be factored into those allocations.

The Service is directed to support local organizations for implementing smaller-scale restoration projects through grants to increase organizations' capacity to collaborate on projects on Federal and non-Federal lands that benefit the National Forest System. The Service should model this initiative on the Community Capacity and Land Stewardship program and engage with the National Forest Foundation. The Service is directed to brief the Committees on how it will carry out this program within 90 days of enactment of this Act.

Within the funds provided, \$1,000,000 is for the Forest Ecosystem Monitoring Cooperative to support existing academic partnerships in the Northern Forest Region. A reduced non-Federal cost share shall be negotiated with the host agencies to enable full implementation of the program. The Service is directed to continue to utilize existing partnerships with research institutions and States to fund research to establish methods, tools, and standard protocols that help quantify forest ecosystem services, particularly carbon, in natural forested regions as a resource that can be managed by forest landowners for ecological and economic benefit.

Cooperative Fire Assistance.—The bill provides \$75,000,000 for State Fire Capacity Grants, formerly State Fire Assistance, and \$20,000,000 for Volunteer Fire Capacity Grants, formerly Volunteer Fire Assistance. The Forest Service is directed to use these titles in future budget submissions and agency documents.

Cooperative Forestry.—The Service is directed to work with States and Tribes to prioritize insect prevention, suppression, and mitigation projects on non-Federal land that support community wildfire protection and State forest action plans.

Forest Resource Information and Analysis.—The bill provides \$29,955,500 for congressionally directed spending in this program. A de-

tailed list of projects is included in the "Interior and Environment Incorporation of Community Project Funding Items/Congressionally Directed Spending Items" table accompanying this statement. Recipients are reminded that cost sharing requirements may apply to these projects.

NATIONAL FOREST SYSTEM

The bill provides \$1,866,545,000 for the National Forest System. The detailed allocation of funding by activity is included in the table accompanying this explanatory statement.

Land Management Planning, Assessment, and Monitoring.—Land management plan revisions and amendments should be tracked and reported in the annual budget submission. The Service is directed to report to the Committees within 180 days of enactment of this Act on the current list of forest management plans and comprehensive river management plans requiring revision or completion, a proposed course of action, and a timeline for compliance with the underlying statute.

Recreation, Heritage, and Wilderness.—With the funds provided, \$1,000,000 is included for the Office of Recreation, Heritage and Volunteer Resources—Travel, Tourism and Interpretation Program to continue implementation of the Native American Tourism and Improving Visitor Experience [NATIVE] Act (Public Law 114-221) and to engage with Tribes, Tribal organizations, and Native Hawaiian organizations to promote sustainable native tourism activities, and \$3,000,000 is included to support infrastructure and trails development and to build the capacity of local user groups and partnership organizations, to be divided equally between National Recreation Areas administered by the Forest Service and established after 1997.

Grazing Management.—The Service is directed, to the greatest extent practicable, to make vacant grazing allotments available to a holder of a grazing permit or lease when lands covered by the holder of the permit or lease are unusable because of drought or wildfire. The Service is directed to brief the Committees within 90 days of enactment of this Act on its progress to relieve the backlog of fully processed permits. The Service is further directed to report to the Committees within 180 days of enactment of this Act on the number of grazing permits by region and unit that are the subject of the general provision related to the extension of grazing permits, a proposed course of action, and a timeline for compliance to the underlying statute.

Hazardous Fuels.—The bill provides \$187,388,000 for Hazardous Fuels. Of the funds made available, \$12,000,000 is for the Community Wood Energy Program; \$20,000,000 is for Wood Innovation Grants, of which \$2,000,000 is for grants to develop timber professional cooperatives that will address deficiencies in wood product infrastructure; and \$6,000,000 is provided for the Southwest Ecological Restoration Institutes to continue to assist communities and land managers in applying hazardous fuels and wildfire risk reduction treatments, conducting monitoring and evaluation research, providing technical assistance, and for independent analysis of managed fire. The agreement directs the Service to work with States in accordance with their State forest action plan for the removal of hazardous fuels caused by beetle infestation.

Prescribed Fire.—The Service is directed to report in the annual budget submission on prescribed fire activities by region for the previous fiscal year.

The Service must expand its efforts on innovative biomass uses, giving precedence to funding Wood Innovation Grant projects that will open the door to new, widespread uses for wood-based nanotechnology, mass timber

and cross-laminated timber, high-energy efficient wood for energy production, affordable housing, and other promising products.

Wildlife and Fish Habitat Management.—The bill provides \$22,000,000 for Wildlife and Fish Habitat Management of which no less than the enacted level will be spent on threatened and endangered species activities and contribute to significant recovery actions. The Service should set performance indicators and other accountability measures for these activities in order to track its expenditures to comply with reporting requirements.

The direction contained in Senate Report 116-123 regarding Tariffs on Timber Exports is continued.

Salaries and Expenses.—The bill provides \$1,459,352,000 for Salaries and Expenses, including for employees who carry out functions funded by the Capital Improvement and Maintenance, Range Betterment Fund, and Management of National Forest Lands for Subsistence Uses accounts.

SQF Complex Fire.—The Service's ongoing fire recovery and rehabilitation efforts in the Sequoia National Forest as a result of the SQF Complex Fire is appreciated and the Service is directed to continue prioritizing projects that mitigate safety hazards in burned areas so they can be reopened to the public, promote ecological restoration, reduce the risk of future catastrophic wildfires, and protect the giant sequoias. Within 180 days of enactment of this Act, the Service is directed to provide a report to the Committees on the status of SQF Complex Fire restoration projects along with estimates of future funding needs.

CAPITAL IMPROVEMENT AND MAINTENANCE
(INCLUDING TRANSFER OF FUNDS)

The bill provides \$159,049,000 for Capital Improvement and Maintenance programs.

Legacy Restoration Fund.—The Service is directed to ensure that the comprehensive list of deferred maintenance projects are included in the prioritization for funding, with particular emphasis on any projects related to life and safety and that require a substantial financial investment.

Facilities.—The bill provides \$54,037,000 for Facilities. The Service is encouraged to partner with non-Federal entities to meet its statutory responsibilities for preserving and curating its historical collection and the agreement includes sufficient funding for new repository space.

Roads.—The bill includes \$70,645,000 for Roads to provide safe and improved access to national forest lands while protecting water quality and natural resources.

Trails.—The bill includes \$18,500,000 for Trails. The Forest Service is directed to continue to collaborate with regional training centers and to focus on maintaining geographical diversity in its partnerships.

Legacy Roads and Trails.—The bill provides \$5,000,000 for Legacy Roads and Trails in a restored budget line item. The Service is directed to include accomplishment data to accompany the annual budget submission, including miles of roads improved and maintained, miles of trails improved and maintained, miles of roads decommissioned, miles of streams restored, number of bridges fixed, number of bridges and culverts constructed, and number of jobs created.

Construction Projects.—The bill provides \$10,867,000 for the following capital improvement funding requirements, which are also included in the "Interior and Environment Incorporation of Community Project Funding Items/Congressionally Directed Spending Items" table accompanying this explanatory statement:

—\$5,770,000 for bridge and trailhead improvements on the Iditarod National Historic Trail, Chugach NF

—\$2,500,000 for new and improved mountain biking trails, Green Mountain NF

—\$1,000,000 for a community-based master recreation plan and recreational improvements at Lake Okhissa, Homochitto NF

—\$472,000 for an all-weather surface on Forest Road 512, Tonto NF

—\$1,125,000 for planning and implementation of improvements on the Franconia Ridge Trail, White Mountains NF

ACQUISITION OF LANDS FOR NATIONAL FORESTS
SPECIAL ACTS

The bill provides \$664,000 for the Acquisition of Lands for National Forests Special Acts.

ACQUISITION OF LANDS TO COMPLETE LAND
EXCHANGES

The bill provides \$150,000 for the Acquisition of Lands to Complete Land Exchanges.

RANGE BETTERMENT FUND

The bill provides \$1,719,000 for the Range Betterment Fund.

GIFTS, DONATIONS AND BEQUESTS FOR FOREST
AND RANGELAND RESEARCH

The bill provides \$45,000 for Gifts, Donations and Bequests for Forest and Rangeland Research.

MANAGEMENT OF NATIONAL FOREST LANDS FOR
SUBSISTENCE USES

The bill provides \$1,099,000 for the Management of National Forest Lands for Subsistence Uses.

WILDLAND FIRE MANAGEMENT
(INCLUDING TRANSFERS OF FUNDS)

The bill provides a total of \$2,005,106,000 for Forest Service Wildland Fire Management, including \$172,000,000 for preparedness, \$1,011,000,000 for suppression operations, and \$822,106,000 for salaries and expenses. Combined with \$2,120,000,000 provided in the Wildfire Suppression Operations Reserve Fund, the total amount for fire suppression operations at the Forest Service is \$3,131,000,000 for fiscal year 2022.

The Service should work to construct standardized cooperative fire protection agreement language among Federal, State, Tribal, and local partners to address inter-jurisdictional fire reimbursement challenges, including barriers for small municipalities.

WILDLAND SUPPRESSION OPERATIONS RESERVE
FUND
(INCLUDING TRANSFERS OF FUNDS)

The bill includes \$2,120,000,000 for the Wildfire Suppression Operations Reserve Fund, which is \$80,000,000 above the enacted level. S. Con. Res. 14 (117th Congress), the concurrent resolution on the budget for fiscal year 2022, included a budget cap adjustment for wildfire suppression costs and this additional funding is included for fiscal year 2022.

DEPARTMENT OF HEALTH AND HUMAN
SERVICES

INDIAN HEALTH SERVICE

INDIAN HEALTH SERVICES

The bill provides a total of \$6,630,986,000 for the Indian Health Service (IHS), of which \$4,660,658,000 is for the Services account as detailed below. All programs, projects, and activities are maintained at fiscal year 2021 enacted levels unless otherwise specified below. IHS is expected to comply with the instructions and requirements at the beginning of this division and in House Report 117-83, unless otherwise specified below. Language contained in the explanatory statement accompanying the Consolidated Appropriations Act, 2021 (Public Law 116-260) regarding market-specific pay scales, limitations on incentives, tracking improvements to patient health, use of accreditation emergency funds, joint venture solicitations, and interoperability and compatibility of the

new electronic health record system with the Department of Veterans' Affairs system is restated. Language contained in Senate Report 116-123 regarding the Alaska Comprehensive Forensic Training Academy, first aid kit enhancements, and dental health therapy is restated. Additional details, instructions, and requirements follow below and in the table at the end of this division.

Addressing Sexual Abuse.—The Committees remain deeply concerned about reports of sexual abuse at IHS operated facilities. IHS is to take prompt action on any new allegations, and keep the Committees apprised on implementation of recommendations to prevent sexual abuse. Further the Committees remind IHS of direction contained in the House bill and incorporate language included in the fiscal year 2021 explanatory statement related to addressing sexual abuse.

Current Services.—The agreement includes \$109,855,000 for pay costs and inflation, which is based upon updated recent estimates provided to the Committees. The Committees expect IHS to disburse all funding provided for current services upon receipt, and to consult with the Committees before withholding any appropriated funds.

Staffing for New Facilities.—The agreement includes \$90,412,000 for staffing newly opened health facilities, which is the full amount required in fiscal year 2022 based upon updated estimates provided to the Committees. Funds for staffing of new facilities are limited to facilities funded through the Health Care Facilities Construction Priority System or the Joint Venture Construction Program that have opened in fiscal year 2021 or will open in fiscal year 2022. None of these funds may be allocated to a facility until such facility has achieved beneficial occupancy status. As initial estimates included as part of the annual budget request are refined, IHS is expected to communicate updated cost estimates to the Committees.

Hospitals and Health Clinics.—The agreement provides \$2,399,169,000 for hospitals and health clinics, which includes an additional \$14,000,000 for Tribal epidemiology centers, an additional \$500,000 for the Alzheimer's program, as directed in the House report, and an additional \$1,000,000 to improve maternal health. Also included is \$3,000,000 to establish a Produce Prescription Pilot program as directed in the House report 117-83. The agreement continues funding at the fiscal year 2021 enacted levels for the existing Tribal dental health therapist training program that trains students in Alaska, Washington, Idaho, and Oregon, Community Health Aide Program, the domestic violence prevention program, accreditation emergencies as discussed in the House report, village built clinics, health information technology, healthy lifestyles in youth project, the combatting Hepatitis C and HIV Initiative, and the National Indian Health Board cooperative agreement.

Diabetic Retinopathy.—The Committees understand the Joslin Vision Network is evaluating ways to enhance diabetic retinopathy detection and encourages IHS to assess current FDA approved autonomous artificial intelligence systems to determine if these systems improve outcomes and lower treatment costs.

Village Built Clinics (VBC).—The Committees direct IHS to work collaboratively with impacted Tribes and Tribal organizations to produce, within 270 days of enactment of this Act, the data needed to accurately calculate the funding for VBC lease funding, including the number of active VBC facilities, their current funding levels, and if necessary, any additional amounts needed to fully fund the eligible operating and ownership costs for all VBC facilities.

Electronic Health Records.—The agreement provides \$145,019,000 for Electronic Health

Records (EHR), which includes an additional \$110,500,000 for uses as requested.

Dental Health.—The agreement provides \$235,788,000 for dental health and includes increases of \$1,000,000 for electronic dental health records and \$1,000,000 for Dental Support Centers as discussed in the House report.

Mental Health.—The bill provides \$121,946,000 for mental health, which continues funding at fiscal year 2021 enacted levels for the behavioral health integration initiative, for suicide prevention, and for the Telebehavioral Health Center of Excellence.

Alcohol and Substance Abuse.—The bill provides \$258,343,000 for the alcohol and substance abuse program. The agreement includes an additional \$1,000,000 general program increase to address opioid abuse with instructions for IHS to comply with the explanatory statement accompanying Public Law 116-94. In addition, the agreement continues the Generation Indigenous, Youth Pilot project, and essential detoxification services, which shall be distributed as directed in Senate Report 116-123.

Purchased/Referred Care.—The agreement includes \$984,887,000 for the Purchased/Referred Care program, which maintains funding for the Indian Catastrophic Health Fund at fiscal year 2021 enacted levels.

Public Health Nursing.—The agreement includes \$102,466,000 for the public health nursing program, which includes a \$2,000,000 general program increase.

Urban Indian health.—The agreement includes \$73,424,000 for the Urban Indian health program, which includes a \$10,000,000 general program increase.

Indian Health Professions.—The agreement provides \$73,039,000 for Indian health professions, which includes an additional \$5,000,000 for the loan repayment program. Funding is continued at fiscal year 2021 enacted levels for the InMed program, including the fourth site expansion, Quentin N. Burdick Indians into Nursing, and the American Indians into Psychology Programs.

Direct Operations.—The bill provides \$95,046,000 for direct operations, which includes a program increase of \$10,000,000 for management and operations. These funds are to be used to address long-standing management issues, including hiring and ensuring adequately trained staff to manage contract support costs and payments for Tribal leases, quality and oversight activities, to implement recommendations to prevent child sexual abuse, and other uses as proposed in the budget request. The Committees expect IHS to prepare the study on urban Indian organization infrastructure needs with the funding and direction provided in fiscal year 2021, and to redirect savings from completion of the study to address management issues noted above.

CONTRACT SUPPORT COSTS

The bill continues language from fiscal year 2021 providing an indefinite appropriation to fully fund contract support costs, which are estimated to be \$880,000,000 in fiscal year 2022.

The Committees are aware that recent actions taken by the Service are causing confusion and concern among Tribes and national and regional Tribal organizations. The Committees direct the Service to report 30 days after enactment of this Act explaining whether recent actions taken by the Service indicate a major shift in the way contract support costs are being calculated or if the Service interprets the *Cook Inlet Tribal Council v. Dotomain* decision and recent actions as a restatement of current law. The Committees direct the Service to clearly explain the rationale behind its interpretation of the *Cook Inlet* decision and articulate whether

current practices for calculating contract support costs will change.

PAYMENTS FOR TRIBAL LEASES

The bill continues language from fiscal year 2021 providing an indefinite appropriation to fully fund payments for Tribal leases, which are estimated to be \$150,000,000 in fiscal year 2022.

INDIAN HEALTH FACILITIES

The bill provides \$940,328,000 for Indian Health Facilities. All programs, projects, and activities are maintained at fiscal year 2021 enacted levels unless otherwise specified below. IHS is expected to comply with the instructions and requirements at the beginning of this division and in House Report 117-83, unless otherwise specified below. Language contained in explanatory statement accompanying Public Law 116-6 regarding health impacts of inadequate sanitation, Mt. Edgecombe, and Alaska facility assessments is restated.

Current Services.—The agreement includes \$9,955,000 for pay costs and inflation, which is based upon updated estimates provided to the Committees. The stipulation included in “Indian Health Services” regarding prompt distribution of funds pertains to this account as well.

Staffing for New Facilities.—The bill includes \$8,485,000 for staffing newly opened health facilities, which is the full amount based upon updated estimates provided to the Committees. The stipulations included in the “Indian Health Services” account regarding the allocation of funds pertain to this account as well.

Sanitation Facilities Construction.—The agreement provides \$197,783,000 for sanitation facilities construction, which continues funding at fiscal year 2021 enacted levels to provide technical assistance, training, and guidance to sanitation operators, families, and communities regarding the operation and maintenance of water supply and sewage disposal facilities. The bill also includes \$40,171,000 for Congressionally Directed Spending (CDS) projects as shown on the table titled “Interior and Environment Incorporation of Community Project Funding Items/Congressionally Directed Spending Items” at the end of this division. The Infrastructure Investment and Jobs Act (Public Law 117-58) provided \$3,500,000,000 to address the sanitation backlog. Within 90 days of enactment of this Act, the Committees expect IHS to submit an updated fiscal year 2022 spend plan for the funds provided herein. Further, the Committees expect IHS to include an updated five-year spend plan in fiscal year 2023 for any funds requested.

Health Care Facilities Construction.—The agreement provides \$259,293,000 for health care facilities construction, which continues funding at fiscal year 2021 enacted levels for quarters, green infrastructure as directed in the explanatory statement accompanying Public Law 116-94, and small ambulatory clinics, including the funds for replacement and expansion projects. The agreement directs the Agency to report to the Committees within 90 days of enactment of this Act on how these funds will be distributed as well as the estimated number of quarters and associated costs for new staff quarters at existing health facilities.

Facilities and Environmental Health.—The agreement provides \$283,124,000 for this program, which includes \$3,000,000 for preliminary engineering reports.

Equipment.—The bill provides \$30,464,000 for equipment, which continues \$500,000 for TRANSAM and includes a \$1,000,000 increase for emergency generators, as directed in House Report 116-448.

NATIONAL INSTITUTES OF HEALTH NATIONAL INSTITUTE OF ENVIRONMENTAL HEALTH SCIENCES

The agreement provides \$82,540,000 for the National Institute of Environmental Health Sciences. The Committees continue the \$2,000,000 provided in fiscal year 2021 as base funds in fiscal year 2022 to further the Institute’s work on PFAS and other contaminants of emerging concern. The Institute both leads and supports significant research on PFAS that will result in better remediation outcomes. Further, of the funds provided, not less than \$1,750,000 shall be to support risk reduction for Native Americans to hazardous metals mixtures from abandoned uranium mine waste.

AGENCY FOR TOXIC SUBSTANCES AND DISEASE REGISTRY

TOXIC SUBSTANCES AND ENVIRONMENTAL PUBLIC HEALTH

The agreement provides \$80,500,000. The Committees continue the \$2,000,000 provided in fiscal year 2021 to further the Agency’s work on PFAS and other contaminants of emerging concern.

Birth Cohort Study.—The bill provides funding for continuation of the birth cohort study on the Navajo Nation. The Committees support the study to better understand the relationship between uranium exposures, birth outcomes, and early developmental delays on the Navajo Nation.

Pediatric Environmental Health Specialty Units.—The Committees encourage the Agency to continue support for Pediatric Environmental Health Specialty Units.

OTHER RELATED AGENCIES

EXECUTIVE OFFICE OF THE PRESIDENT COUNCIL ON ENVIRONMENTAL QUALITY AND OFFICE OF ENVIRONMENTAL QUALITY

The agreement provides \$4,200,000 for the Council on Environmental Quality and Office of Environmental Quality.

CHEMICAL SAFETY AND HAZARD INVESTIGATION BOARD

SALARIES AND EXPENSES

The bill provides \$13,400,000 for the Chemical Safety and Hazard Investigation Board. The Committees urge the Board to address long-standing management challenges and staff vacancy issues so that it can effectively and fully accomplish its critical mission. The Committees also direct the Board to brief the Committees on proposed funding needs and budget structure for fiscal year 2023.

OFFICE OF NAVAJO AND HOPI INDIAN RELOCATION

SALARIES AND EXPENSES

The bill does not provide new appropriations for fiscal year 2022, however, a total of \$3,150,000 is made available from unobligated balances for fiscal year 2022 operations. The bill continues the direction provided in the explanatory statement accompanying Division G of the Consolidated Appropriations Act, 2017 (Public Law 115-31). There is continued commitment to bringing the relocation process to an orderly conclusion and ensuring all eligible relocatees receive the relocation benefits to which they are entitled. Consultation with all affected parties and agencies is the key to a transparent, orderly closeout.

INSTITUTE OF AMERICAN INDIAN AND ALASKA NATIVE CULTURE AND ARTS DEVELOPMENT

**DISCLOSURE OF EARMARKS AND
CONGRESSIONALLY DIRECTED SPENDING ITEMS**

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the bill or

this explanatory statement, along with the name of each House Member, Senator, Delegate, or Resident Commissioner who submitted a request to the Committee of jurisdiction for each item so identified. For each item, a Member is required to provide a certification that neither the Member nor the Member's immediate family has a financial interest, and each Senator is required to pro-

vide a certification that neither the Senator nor the Senator's immediate family has a pecuniary interest in such congressionally directed spending item. Neither the bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.

DIVISION H—DEPARTMENTS OF LABOR, HEALTH AND HUMAN SERVICES, AND EDUCATION, AND RELATED AGENCIES APPROPRIATIONS ACT, 2022

The explanatory statement accompanying this division is approved and indicates Congressional intent. Unless otherwise noted, the language set forth in House Report 117-96 carries the same weight as language included in this explanatory statement and should be complied with unless specifically addressed to the contrary in this explanatory statement. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein.

In providing the operating plan required by section 516 of this Act, the departments and agencies funded in this Act are directed to include all programs, projects, and activities, including those in House Report 117-96 and this explanatory statement accompanying this Act. All such programs, projects, and activities are subject to the provisions of this Act.

In cases where House Report 117-96 or this explanatory statement directs the submission of a report, that report is to be submitted to the Committees on Appropriations of the House of Representatives and the Senate. Where this explanatory statement refers to the Committees or the Committees on Appropriations, unless otherwise noted, this reference is to the House of Representatives Subcommittee on Labor, Health and Human Services, Education, and Related Agencies and the Senate Subcommittee on Labor, Health and Human Services, Education, and Related Agencies.

Each department and agency funded in this Act shall follow the directions set forth in this Act and the accompanying explanatory statement and shall not reallocate resources or reorganize activities except as provided herein. Funds for individual programs and activities are displayed in the detailed table at the end of the explanatory statement accompanying this Act. Funding levels that are not displayed in the detailed table are identified within this explanatory statement. Any action to eliminate or consolidate programs, projects, and activities should be pursued through a proposal in the President's Budget so it can be considered by the Committees on Appropriations.

Congressional Reports.—Each department and agency is directed to provide the Committees on Appropriations, within 30 days from the date of enactment of this Act and quarterly thereafter, a summary describing each requested report to the Committees on Appropriations along with its status.

TITLE I

DEPARTMENT OF LABOR

EMPLOYMENT AND TRAINING ADMINISTRATION (ETA)

TRAINING AND EMPLOYMENT SERVICES

National Programs

Advanced Robotics Manufacturing.—The agreement encourages the Department to appropriately address the need for workforce training and certificate programs targeting collective robotics and additive manufacturing, with an emphasis on programs that re-skill incumbent manufacturing workers.

Occupational Licensing.—The agreement directs the Department to provide a report, within 180 days of enactment of this Act, on best practices learned and future resources needed for continued implementation of the Department's occupational licensing initiative.

Public Libraries.—The agreement urges the Department to develop a plan to build and strengthen partnerships between the one-stop system and public libraries and ensure

that public libraries have the resources necessary to provide these workforce development services. The agreement requests a briefing within 120 days of enactment of this Act on the Department's work with the Institute of Museum and Library Services and public libraries.

Water and Wastewater Operators.—The agreement is concerned by the nationwide shortage of water and wastewater operators, particularly in rural areas, and encourages the Secretary to make funding available through workforce development and apprenticeship activities consistent with National Guideline Standards of Apprenticeship for Water and Wastewater System Operations Specialists and the Workforce Innovation and Opportunity Act system.

Wireless Infrastructure.—The agreement encourages the Department to continue investments in the development of the wireless infrastructure workforce, including apprenticeships in the wireless sector.

Dislocated Worker National Reserve

Career Pathways for Youth Grants.—The agreement includes \$15,000,000 for grants to support national out-of-school time organizations that serve youth and teens and place an emphasis on age-appropriate workforce readiness programming to expand job training and workforce pathways for youth and disconnected youth.

Strengthening Community College Training Grants (SCCTG).—The agreement provides \$50,000,000 for the SCCTG program.

Workforce Opportunity for Rural Communities.—The agreement provides \$45,000,000 for the Workforce Opportunity for Rural Communities program, to provide enhanced worker training in the Appalachian, Delta, and Northern Border regions. The Department is strongly encouraged to develop funding opportunity announcements and make grant awards in coordination with the Appalachian Regional Commission (ARC), Delta Regional Authority (DRA), and Northern Border Regional Commission (NBRC), and each award shall not exceed \$1,500,000. Within the total, the agreement includes \$20,000,000 for grants in areas served by the ARC; \$20,000,000 for areas served by the DRA, and \$5,000,000 for areas served by the NBRC.

YouthBuild

The Department is encouraged to ensure YouthBuild grants serve geographically diverse areas, including rural areas.

Apprenticeship Grant Program

The agreement provides \$235,000,000 to support registered apprenticeships.

The agreement notes that funding under this program should be prioritized to support State, regional, and local apprenticeship efforts, as well as efforts by intermediaries, to expand registered apprenticeships into new industries and for underserved or underrepresented populations.

The agreement strongly encourages the Department to collaborate with the Northern Border Regional Commission to develop a targeted apprenticeship program to meet the needs of the rural communities in the region.

Community Project Funding/Congressionally Directed Spending

The agreement includes \$137,638,000 for the projects, and in the amounts, specified in the table titled "Community Project Funding/Congressionally Directed Spending" included in this explanatory statement accompanying this division.

JOB CORPS

Gainesville Job Corps Center.—The Department is encouraged to increase the capacity for Job Corps services or job training opportunities in North Central Florida.

Gulfport Job Corps Center.—The agreement requests quarterly updates regarding the Gulfport Job Corps Center project.

Job Corps Rural Training Sites.—The agreement encourages the Department to enhance opportunities for students in underserved rural or remote communities through partnerships between high quality center operators and existing rural training sites.

Rhode Island Job Corps Center.—The agreement requests a briefing within 120 days of enactment of this Act detailing the progress of discussions between the City of Pawtucket and the Exeter, Rhode Island Job Corps Center about increasing the offering of training services through a satellite center.

STATE UNEMPLOYMENT INSURANCE AND EMPLOYMENT SERVICE OPERATIONS

Unemployment Insurance Compensation

The agreement includes \$2,850,816,000 for Unemployment Insurance Compensation activities, an increase of \$285,000,000, for additional resources for States to increase staffing capacity and to accommodate sustained increases in workload.

Employment Service

National Activities.—The agreement includes an increase of \$1,000,000 to continue efforts to reduce the processing backlog for the work opportunity tax credit program and for assisting States to modernize information technology for processing of certification requests, which may include training and technical assistance.

Foreign Labor Certification

The agreement recognizes the importance of the H-2B program and urges the Department to take all necessary and appropriate steps to ensure prompt processing of H-2B visa applications.

WAGE AND HOUR DIVISION

The Wage and Hour Division shall collect data at the beginning of each fiscal year and submit in an electronic format yearly reports to the Committees on Health, Education, Labor, and Pensions and Appropriations of the Senate and the Committees on Education and Labor and Appropriations of the House of Representatives. The report shall include the following:

—The name and address of each employer holding a certificate under 29 USC 214(c);

—The starting date and ending date of each certificate for each employer under 29 USC 214(c);

—Information about the certificate for each employer under 29 USC 214(c) including if the certificate is an initial certificate or renewal and if the certificate is issued or pending; and

—The current number of workers employed by the employer holding the certificate under 29 USC 214(c) at the time of the data collected.

BUREAU OF LABOR STATISTICS (BLS)

The agreement is supportive of the BLS work plan and directives included in House Report 117-96. The agreement includes \$28,470,000 to complete the relocation of the BLS headquarters, which was initiated in fiscal year 2020.

DEPARTMENTAL MANAGEMENT

Bureau of International Labor Affairs.—The agreement requests the amount spent in the prior fiscal year on technical assistance grants to combat exploitative child labor and for worker rights issues be included in future Congressional Justifications. Not later than 60 days after enactment of this Act, the Bureau is directed to brief the Committees on its planned allocation of fiscal year 2022 resources.

Evaluation Authority.—The agreement continues authority to use up to 0.75 percent of

certain Department appropriations for evaluation activities identified by the Chief Evaluation Officer. The agreement expects to be notified of the planned uses of funds derived from this authority.

Federal Law Enforcement.—The agreement notes that the explanatory statement accompanying the Commerce, Justice, Science, and Related Agencies Appropriations Act, 2022 directs the Attorney General to ensure implementation of evidence-based training programs on de-escalation and the use-of-force, as well as on police community relations, and the protection of civil rights, that are broadly applicable and scalable to all Federal law enforcement agencies. The agreement further notes that several agencies funded by this Act employ Federal law enforcement officers and are Federal Law Enforcement Training Centers partner organizations. The agreement directs such agencies to consult with the Attorney General regarding the implementation of these programs for their law enforcement officers. The agreement further directs such agencies to submit a report to the Committees on Appropriations on their efforts relating to such implementation no later than 180 days after consultation with the Attorney General. In addition, the agreement directs such agencies, to the extent that they are not already participating, to consult with the Attorney General and the Director of the FBI regarding participation in the National Use-of-Force Data Collection. The agreement further directs such agencies to submit a report to the Committees on Appropriations, no later than 180 days after enactment of this Act, on their efforts to so participate.

Study on the Impacts of Hours Worked.—The Government Accountability Office (GAO) is directed to conduct a study on the short- and long-term trends in the labor market of the number of hours worked by American workers, and the correlation with these trends.

Worker Access to Retirement plans and other Benefits.—The agreement recognizes that a growing segment of workers do not have access to employer-based retirement plans, and other benefits typically provided through full-time employment. The portability of benefits is an important feature of retirement savings, workers compensation, health insurance, income security and other work-related benefits. The agreement directs the Chief Evaluation Officer of the Department of Labor, in conjunction with Employee Benefits Security Administration and other relevant DOL offices, to submit a report to Congress within 6 months of enactment that provides a detailed and specific analysis of why some workers do not have access to these benefits and evidence-based recommendations for pilot programs or other initiatives to design, implement, and evaluate new and existing models and approaches to providing high-quality benefits to workers who currently do not have access to them. This proposal should ensure that the various models are evaluated for their ability to accommodate contributions from multiple employers for an individual worker, as well as their scalability at the national level.

IT MODERNIZATION

The Department is directed to continue to submit a report to the Committees not later than 90 days after enactment of this Act that provides an update on projects to be funded, planned activities and associated timelines, expected benefits, and planned expenditures. The report should also include completed activities, remaining activities and associated timelines, actual and remaining expenditures, explanation of any cost overruns and delays, and corrective actions, as necessary, to keep the project on track and within budget.

The agreement includes a new provision which modifies authority for the Department's Working Capital Fund (WCF), by increasing the authority to transfer up to \$36,000,000 in future unobligated balances of appropriations provided in this and future Department of Labor Appropriations acts into the WCF. The Department is directed to continue to comply with the plan requirements established by Public Law 115-245.

GENERAL PROVISIONS

The agreement modifies a provision related to program integrity activities.

The agreement includes a new provision related to the Working Capital Fund.

The agreement modifies a provision related to H-1B fees.

TITLE II

DEPARTMENT OF HEALTH AND HUMAN SERVICES

HEALTH RESOURCES AND SERVICES ADMINISTRATION (HRSA)

PRIMARY HEALTH CARE

Alcee L. Hastings Program for Advanced Cancer Screening in Underserved Communities.—Within the total for Health Centers, the agreement includes \$5,000,000 to fund Health Centers to increase access and address barriers to cancer screening, including patient education, case management, outreach, and other enabling services, as described in House Report 117-96.

Ending the HIV Epidemic.—The agreement includes \$122,250,000 within the Health Centers program for the Ending the HIV Epidemic Initiative.

HRSA Strategy to Address Intimate Partner Violence and Project Catalyst.—The agreement includes no less than \$2,000,000 for the HRSA Strategy to Address Intimate Partner Violence as described in House Report 117-96.

Native Hawaiian Health Care.—The agreement includes no less than \$22,000,000 for the Native Hawaiian Health Care Program.

Partnerships with Home Visiting Programs.—The agreement directs HRSA to provide written guidance to health centers on partnering with home visiting programs.

School-Based Health Centers.—The agreement includes \$30,000,000 for school-based health centers funded under section 330 of the Public Health Service (PHS) Act, as directed in P.L. 116-260.

Technical Assistance.—The agreement provides no less than \$2,000,000 within the amount provided for Health Centers to enhance technical assistance and training activities, further quality improvement initiatives, and continue the development of and support for health center-controlled networks so that new and existing centers can improve patient access to quality health services.

HEALTH WORKFORCE

Maternity Care Target Areas (MCTAs).—The agreement includes \$1,000,000 within the National Health Service Corps (NHSC) to implement requirements contained in the Improving Access to Maternity Care Act, including establishing criteria for and identifying MCTAs and collecting and publishing data on the availability and need for maternity care health services in health professional shortage areas.

Midwife Training.—Within the total funding for Scholarships for Disadvantaged Students, the agreement includes \$3,500,000 to educate midwives to address the national shortage of maternity care providers and the lack of diversity in the maternity care workforce.

Primary Care Training and Enhancement.—The agreement does not include dedicated funding to support trainings for primary care health professionals to screen, briefly

intervene, and refer patients to treatment for the severe mental illness of eating disorders.

Oral Health Training.—The agreement includes not less than \$12,000,000 each for General and Pediatric Dentistry.

Area Health Education Centers.—The agreement provides \$3,000,000, an increase of \$1,000,000, to expand competitive grants for experiential learning opportunities through simulation labs as directed in P.L. 116-260.

Graduate Psychology Education (GPE).—Within the total for Mental and Behavioral Health, the agreement includes \$20,000,000 for GPE.

Peer Support.—Within the total for Behavioral Health Workforce Education and Training (BHWET), the agreement includes no less than \$14,000,000 for community-based experiential training for students preparing to become peer support specialists and other types of behavioral health-related paraprofessionals, as described in House Report 117-96.

Mental and Substance Use Disorder Workforce Training Demonstration.—Within the total for BHWET, the agreement includes \$31,700,000 for this program. The agreement continues support for grants to expand the number of nurse practitioners, physician assistants, health service psychologists, and social workers trained to provide mental and substance use disorder services in underserved community-based settings as authorized under section 760 of the PHS Act.

Substance Use Disorder Treatment and Recovery (STAR) Loan Repayment Program.—Within the total for BHWET, the agreement includes \$24,000,000 for this program.

Sexual Assault Nurse Examiners Program.—The agreement includes \$13,000,000, an increase of \$4,000,000, within the total for Advanced Education Nursing to expand training and certification of Registered Nurses, Advanced Practice Registered Nurses, and Forensic Nurses to practice as sexual assault nurse examiners.

Registered Nurse (RN) Shortage.—The agreement includes \$4,750,000 within Nurse Education, Practice, Quality and Retention to address the shortage of RNs. The agreement directs HRSA to give priority in new funding announcements to public entities for training of additional RNs, specifically for acute care settings. In addition, the agreement directs HRSA to give priority to applicants in States listed in the HRSA publication "Supply and Demand Projections of the Nursing Workforce 2014-2030" as having the greatest shortages.

Experiential Learning Opportunities.—Within the total for Nurse Education, Practice, Quality, and Retention, the agreement includes \$5,750,000, an increase of \$2,750,000, to expand competitive grants to enhance nurse education through the expansion of experiential learning opportunities as directed in P.L. 116-260.

Nurse Practitioner Optional Fellowship Program.—The agreement provides \$6,000,000 for this program, as described in House Report 117-96.

Impact of COVID-19 on the Rural Nursing Workforce.—The agreement directs HRSA to submit a report within one year of enactment of this Act on the impact of the current public health emergency on the nursing workforce, especially in rural areas, and summarize strategies to mitigate and address these impacts.

MATERNAL AND CHILD HEALTH

Maternal and Child Health Block Grant Special Projects of Regional and National Significance (SPRANS)

Alliance for Maternal Health Safety Bundles.—The agreement includes \$12,000,000 for this activity, as described in House Report 117-96.

Children's Health and Development.—The agreement recognizes the work to improve child health through a Statewide system of early childhood developmental screenings and interventions started in fiscal year 2017. The agreement encourages HRSA to build upon this work in States with high levels of or disparities in childhood poverty.

Early Childhood Education Expert Grants.—The agreement includes \$5,000,000 to place early childhood development experts in pediatrician offices that serve a population with a high percentage of Medicaid and CHIP patients.

Hemophilia.—The agreement includes sufficient funding for the Regional Hemophilia Network Program.

Hereditary Hemorrhagic Telangiectasia (HHT) Centers of Excellence.—The agreement includes \$2,000,000 to establish a new competitive grant program for HHT Centers of Excellence, as described in House Report 117-96.

Infant-Toddler Court Teams.—The agreement includes \$13,000,000 for Infant-Toddler Court Teams, as described in House Report 117-96.

Maternal Mental Health Hotline.—The agreement includes \$4,000,000 for this activity.

National Fetal Infant and Child Death Review (FICDR).—The agreement includes \$2,100,000, an increase of \$1,000,000 above the fiscal year 2021 enacted level, for the national FICDR program to expand support and technical assistance to States and tribal communities and improve the availability of data on sudden unexpected infant deaths.

Regional Pediatric Pandemic Network.—The agreement provides \$18,000,000 for the regional pediatric pandemic network to significantly expand the capacity of the network by increasing the number of grants to award a new meritorious applicant from the original Regional Pediatric Pandemic Network competition to form a coordinated network with the existing grantee. Priority should be given to children's hospitals as defined by section 340E of the PHS Act (42 U.S.C. 256e) and their affiliated university pediatric partners. HRSA shall provide national leadership and coordination across the funded entities to ensure national dissemination of best practices to the broader pediatric care community. The agreement continues funding for the current grantee at no less than the fiscal year 2021 level.

State Maternal Health Innovation Grants.—The agreement includes \$29,000,000 for this activity.

Set-asides within SPRANS.—The agreement includes the following set-asides within SPRANS. Within the set-aside for Oral Health, \$250,000 is provided for activities described in House Report 117-96.

Budget Activity	FY 2022 Agreement
Set-aside for Oral Health	\$5,250,000
Set-aside for Epilepsy	3,642,000
Set-aside for Sickle Cell Disease	6,000,000
Set-aside for Fetal Alcohol Syndrome	1,000,000

Maternal and Child Health Programs

Autism and Other Developmental Disorders.—The agreement includes not less than \$37,245,000 for the Leadership Education in Neurodevelopmental and Related Disabilities program.

Severe Combined Immune Deficiency (SCID).—Within the total funding level for Heritable Disorders, the agreement includes \$4,000,000 to support newborn screening and follow-up for SCID and other newborn screening disorders.

RYAN WHITE HIV/AIDS PROGRAM

Ending the HIV Epidemic.—The agreement includes \$125,000,000 within the Ryan White program for the Ending the HIV Epidemic initiative.

HEALTH CARE SYSTEMS

Reimbursement of Travel and Subsistence Expenses Toward Living Organ Donation Program.—Within the total for Organ Transplantation, the agreement includes no less than \$7,000,000 for the Living Organ Donation Program, as described in House Report 117-96.

Organ Allocation Policy.—HRSA and the Organ Procurement and Transplantation Network are encouraged to ensure the process for changing organ allocation policies is transparent, thorough, and accommodates the recommendations of transplantation and organ donation professionals.

Poison Control Centers (PCCs).—The agreement directs HRSA to provide increased funds directly to the PCCs and requests a spend plan for the funds within 30 days of enactment of this Act.

Cell Transplantation Program.—The agreement requests a spend plan within 30 days of enactment of this Act for this program.

RURAL HEALTH

Rural Health Outreach.—The agreement provides no less than \$2,000,000 for HRSA's collaboration with the Northern Border Regional Commission (NBRC) to provide direct support to member States to help underserved rural communities identify and better address their health care needs and to help small rural hospitals improve their financial and operational performance. The agreement provides not less than \$25,000,000 for the Delta States Rural Development Network Grant Program, including \$13,000,000 to support HRSA's collaboration with the Delta Regional Authority, as described under this heading in Conference Report 115-952.

Rural Maternity and Obstetrics Management Strategies (RMOMS).—The agreement includes \$6,000,000 for RMOMS, which supports grants to improve access to and continuity of maternal and obstetrics care in rural communities by increasing the delivery of and access to preconception, pregnancy, labor and delivery, and postpartum services, as well as developing sustainable financing models for the provision of maternal and obstetrics care.

Rural Emergency Hospital Technical Assistance Program.—The agreement includes \$5,000,000 within the total for Rural Hospital Flexibility Grants to establish the Rural Emergency Hospital Technical Assistance Program. This program will provide technical assistance from existing State Flexibility Programs and other stakeholders to assist facilities in the implementation of the new Rural Emergency Hospital model.

Telehealth Centers of Excellence (COE).—The agreement includes \$7,500,000 for the Telehealth COE awarded sites.

Rural Communities Opioids Response (RCORP).—The agreement includes \$135,000,000 to continue RCORP. Within the funding provided, the agreement includes \$10,000,000 to continue the three Rural Centers of Excellence (Centers), as established by P.L. 115-245 and continued through P.L. 116-260. In addition to the conditions set forth in Conference Report 115-952, the Centers are encouraged to develop interdisciplinary, dual-track fellowships to train psychiatrists in rural addiction psychiatry. Within this total, the agreement also includes \$2,500,000 of the funds available for career and workforce training services for NBRC to assist individuals affected by an opioid abuse disorder.

FAMILY PLANNING

The Family Planning program administers Title X of the PHS Act. This program supports preventive and primary healthcare services at clinics nationwide. The agreement does not include language proposed by the House.

PROGRAM MANAGEMENT

Oral Health Literacy.—The agreement includes \$300,000 for the activity described under this heading in House Report 117-96.

Targeted Investments in Impoverished Areas.—The agreement directs HRSA to develop and implement measures to increase the share of investments made in persistent poverty counties, high-poverty areas, and any other impoverished communities that HRSA determines to be appropriate areas to target. The agreement directs HRSA to provide an update to the Committees within 180 days of enactment of this Act on how HRSA is carrying out this directive.

Community Projects/Congressionally Directed Spending.—Within the funds included in this account, \$1,053,896,000 shall be for the Community Project Funding/Congressionally Directed Spending projects, and in the amounts, as specified in the table included in this explanatory statement accompanying this division.

CENTERS FOR DISEASE CONTROL AND PREVENTION

The agreement provides \$8,457,204,000 in total program level funding for the Centers for Disease Control and Prevention (CDC), which includes \$7,498,546,000 in budget authority and \$903,300,000 in transfers from the Prevention and Public Health (PPH) Fund.

IMMUNIZATION AND RESPIRATORY DISEASES

The agreement provides a total of \$668,155,000 for Immunization and Respiratory Diseases, which includes \$448,805,000 in discretionary appropriations and \$419,350,000 in transfers from the PPH Fund. Within this total, the agreement includes the following amounts:

Budget Activity	FY 2022 Agreement
Section 317 Immunization Program	\$650,797,000
Acute Flaccid Myelitis	6,000,000
Influenza Planning and Response	211,358,000

Enhancing Section 317 Immunization Program.—The agreement includes an increase to enhance adult immunization as directed in House Report 117-96.

Improving Immunization Information Systems Infrastructure and Data.—The agreement directs CDC to provide an update to the Committees within 180 days of enactment of this Act on compliance with interoperability standards.

Influenza Planning and Response.—The agreement includes an increase to enhance CDC's influenza activities.

HIV/AIDS, VIRAL HEPATITIS, SEXUALLY TRANSMITTED DISEASES AND TUBERCULOSIS PREVENTION

The agreement provides \$1,345,056,000 for HIV/AIDS, Viral Hepatitis, Sexually Transmitted Diseases, and Tuberculosis Prevention. Within this total, the agreement includes the following amounts:

Budget Activity	FY 2022 Agreement
Domestic HIV/AIDS Prevention and Research	\$986,712,000
HIV Initiative	195,000,000
School Health-HIV	36,081,000
Viral Hepatitis	41,000,000
Sexually Transmitted Infections	164,310,000
Tuberculosis	135,034,000
Infectious Diseases and the Opioid Epidemic	18,000,000

Congenital Syphilis.—The agreement urges prioritization as outlined in House Report 117-96.

Ending the HIV Epidemic Initiative.—The agreement includes an increase to reduce new HIV infections.

Infectious Diseases and the Opioid Epidemic.—The agreement includes an increase to strengthen efforts to address infectious diseases associated with substance use. CDC

is directed to prioritize jurisdictions with the highest age-adjusted mortality rate related to substance use disorders and acute hepatitis C infection. CDC is also encouraged to prioritize jurisdictions that are experiencing outbreaks or emerging clusters of infectious diseases associated with drug use, including those not eligible for Ending the HIV Epidemic funding.

School Health.—The agreement includes an increase for the investment in school health activities.

Sexually Transmitted Infections (STI).—The agreement includes an increase for STI prevention and control activities in public health programs.

Tuberculosis.—The agreement urges CDC to increase staffing of tuberculosis technicians in tribal areas and increase efforts to provide technical assistance to health professionals who service those populations.

Viral Hepatitis.—The agreement includes an increase to advance efforts to eliminate viral hepatitis.

EMERGING AND ZONOTIC INFECTIOUS DISEASES

The agreement provides \$693,272,000 for Emerging and Zoonotic Infectious Diseases, which includes \$641,272,000 in discretionary appropriations and \$52,000,000 in transfers from the PPH Fund. Within this total, the agreement includes the following amounts:

Budget Activity	FY 2022 Agreement
Antibiotic Resistance Initiative	182,000,000
Vector-Borne Diseases	54,603,000
Lyme Disease	20,500,000
Prion Disease	6,500,000
Chronic Fatigue Syndrome	5,400,000
Emerging Infectious Diseases	194,997,000
Harmful Algal Blooms	2,500,000
Food Safety	68,000,000
National Healthcare Safety Network	21,000,000
Quarantine	50,772,000
Advanced Molecular Detection	35,000,000
Epidemiology and Lab Capacity	40,000,000
Healthcare-Associated Infections	12,000,000

Advanced Molecular Detection.—The agreement includes an increase to bolster genomic epidemiology expertise and capacity. The agreement directs CDC to provide an update on the capabilities at public health laboratories in the fiscal year 2023 Congressional Justification.

Antimicrobial and Antibiotic Resistance (AMR).—The agreement includes an increase and directs CDC to improve data collection and increase support for U.S. health departments to detect, contain, and prevent AMR infections and increase collaborative efforts on the national, regional, State, tribal and local levels to assist with AMR response and prevention efforts. The agreement encourages CDC to competitively award research activities that address aspects of AMR related to a “One Health” approach to public academic medical centers including Minority Serving Institutions, veterinary schools, including those with agricultural extension services, and public health departments whose proposals are in line with CDC’s strategy for addressing AMR bacteria. Furthermore, the agreement directs CDC to work with other HHS agencies to provide the briefing described under the section of the explanatory statement pertaining to the Office of the Secretary.

Food Safety.—The agreement includes an increase to help address critical unmet needs.

Lyme Disease and Related Tick-Borne Illnesses.—The agreement provides an increase in recognition of the importance of the prevention and control of Lyme disease and related tick-borne diseases, and encourages CDC to support surveillance and prevention of Lyme disease and other high consequence tick-borne diseases in endemic areas as well as areas not yet considered endemic. The

agreement includes funding for CDC’s vector-borne diseases program to expand the programs authorized under the Kay Hagan Tick Act (P.L. 116-94) to promote a public health approach to combat rising cases of tick-borne diseases, including activities directed in House Report 117-96. CDC is directed to develop and implement methods to improve surveillance to more accurately report the disease burden, including through the development of real time data for reporting Lyme disease and other tick-borne diseases, as well as a process for estimating the prevalence of Post-Treatment Lyme Disease Syndrome. CDC is directed to direct funding to improve early diagnosis of Lyme and related tick-borne diseases to prevent the development of late stage disease and more serious and long-term disability. CDC is encouraged to coordinate with the National Institutes of Health (NIH), the National Institute of Mental Health, and the National Institute of Neurological Disorders and Stroke on publishing reports that assess diagnostic advancements, methods for prevention, the state of treatment, and links between tick-borne disease and psychiatric illnesses. CDC is urged, in coordination with NIH, to include in their surveillance the long-term effects on patients suffering from post-treatment Lyme disease syndrome, or “chronic Lyme disease.” Additionally, given the impact of Lyme disease and the status of ongoing clinical trials, the agreement requests a report within 180 days of enactment of this Act on CDC’s research to date and recommendations on actions needed to facilitate a successful Lyme disease vaccine rollout that will build confidence and encourage uptake should a vaccine be approved by the FDA.

Mycotic Diseases.—The agreement provides an increase of \$2,000,000 in Emerging Infectious Diseases for mycotic diseases and directs CDC to fully utilize its clinical trial partners and the Mycoses Study Group to address the growing threat from mycological infection in the United States and around the world.

Surveillance Data on the Chronic Effects of COVID-19.—The agreement recognizes that successfully addressing the health care needs of individuals who develop chronic cardiovascular, renal, and neurological effects of COVID-19 will require long-term, population level, public health surveillance that includes granular data related to COVID-19 and any comorbid medical conditions. The agreement directs CDC to provide, within 90 days of enactment of this Act, an accounting of the data on the chronic effects of COVID-19 currently being collected, the sources of these data, any existing or anticipated gaps that exist, and to provide a plan for addressing these surveillance data gaps as they relate to the chronic effects of COVID-19 infection in both the immediate and long-term.

Wastewater Surveillance.—The agreement directs CDC to report on existing National Wastewater Surveillance System grants and contracts within 90 days of enactment of this Act.

CHRONIC DISEASE PREVENTION AND HEALTH PROMOTION

The agreement provides \$1,338,664,000 for Chronic Disease Prevention and Health Promotion, which includes \$1,083,714,000 in discretionary appropriations and \$254,950,000 in transfers from the PPH Fund. Within this total, the agreement includes the following amounts:

Budget Activity	FY 2022 Agreement
Tobacco	\$241,500,000
Nutrition, Physical Activity, and Obesity	58,420,000
High Obesity Rate Counties	16,500,000
School Health	17,400,000

Budget Activity	FY 2022 Agreement
Glaucoma	4,000,000
Vision and Eye Health	1,500,000
Alzheimer’s Disease	30,500,000
Inflammatory Bowel Disease	1,000,000
Interstitial Cystitis	1,100,000
Excessive Alcohol Use	5,000,000
Chronic Kidney Disease	3,500,000
Chronic Disease Education and Awareness	3,000,000
Prevention Research Centers	26,961,000
Heart Disease and Stroke	145,105,000
Diabetes	151,129,000
National Diabetes Prevention Program	33,300,000
Breast and Cervical Cancer	227,000,000
WISEWOMAN	30,120,000
Breast Cancer Awareness for Young Women	5,960,000
Cancer Registries	51,440,000
Colorectal Cancer	43,294,000
Comprehensive Cancer	20,425,000
Johanna’s Law	10,500,000
Ovarian Cancer	12,500,000
Prostate Cancer	14,205,000
Skin Cancer	4,000,000
Cancer Survivorship Resource Center	475,000
Oral Health	19,750,000
Safe Motherhood/Infant Health	83,000,000
Arthritis	11,000,000
Epilepsy	10,500,000
National Lupus Registry	9,500,000
Racial and Ethnic Approaches to Community Health (REACH)	65,950,000
Good Health and Wellness in Indian Country	22,500,000
Social Determinants of Health	8,000,000
Million Hearts	4,000,000
National Early Child Care Collaboratives	4,000,000
Hospitals Promoting Breastfeeding	9,750,000

Alzheimer’s Disease.—The agreement provides an increase to support provisions authorized by the BOLD Infrastructure for Alzheimer’s Act (P.L. 115-406).

Breast Cancer Awareness for Young Women.—The agreement includes an increase to expand awareness and prevention efforts.

Chronic Disease Education and Awareness.—The agreement includes an increase to expand this competitive grant program.

Diabetes.—The agreement includes an increase to enhance efforts to prevent diabetes and reduce its complications, and to expand the Diabetes Prevention Program.

Farm-to-School.—The agreement continues \$2,000,000 within Nutrition, Physical Activity, and Obesity for research and education activities promoting healthy eating habits for students. The agreement intends that these grants support multi-agency and multi-organizational State farm to early childhood programs with priority given to entities with experience running farm to early childhood programs. The agreement directs CDC to coordinate farm to early childhood program efforts with the Office of Community Food Systems at the Department of Agriculture.

Food Allergies.—The agreement includes \$2,000,000 for a school-based effort to address food allergies and reduce potentially fatal anaphylactic reactions.

Heart Disease and Stroke Prevention.—The agreement includes an increase to strengthen and expand evidence-based heart disease and stroke prevention activities focused on high risk populations.

High Obesity Rate Counties.—CDC grantees are expected to work with State and local public health departments and other partners to support measurable outcomes through community and population-level evidenced-based obesity intervention and prevention programs. Funded projects should integrate evidence-based policy, systems, and environmental approaches to better understand and address the environmental and societal implications of obesity. The agreement encourages CDC to consider including high childhood obesity rates in its eligibility criteria for the High Obesity Program.

Hospitals Promoting Breastfeeding.—The agreement includes an increase for evidence-based practice improvements in hospitals, with an emphasis on physician and care provider education, with the aim of supporting breastfeeding and increasing breastfeeding rates.

Johanna's Law.—The agreement includes an increase to raise awareness about the five main types of gynecological cancer.

Mississippi Delta Health Collaborative (MDHC).—Within the funds provided for Chronic Disease Prevention and Health Promotion, the agreement encourages CDC to build on its longstanding investment in MDHC by working to replicate the work in additional sites while maintaining the current strategy. The agreement directs CDC to provide an update on these activities in the fiscal year 2023 Congressional Justification.

Oral Health.—The agreement includes an increase for efforts to reduce oral disease and provide effective interventions.

Ovarian Cancer.—The agreement provides an increase for prevention activities.

Safe Motherhood and Infant Health.—The agreement includes an increase to expand and increase support for Maternal Mortality Review Committees (MMRCs), Perinatal Quality Collaboratives (PQCs), and other programs including Sudden Unexplained Infant Death (SUID) and the Sudden Death in the Young (SDY) Case Registry. CDC is directed to expand support for MMRCs and improve data collection at the State level to create consistency in data collection, analysis and reporting across State MMRCs. This investment is necessary to provide accurate national statistics on U.S. maternal mortality rates and inform data-driven actions to prevent these deaths. The agreement directs CDC to submit the reports requested under this heading in House Report 117-96. Furthermore, the agreement includes funding for the SUID and SDY Registry to expand the number of States and jurisdictions participating in monitoring and surveillance and urges CDC to facilitate data collection and analysis to improve SUID prevention strategies.

Skin Cancer Education and Prevention.—The agreement notes concern with the growing number of people diagnosed with preventable forms of skin cancer. The agreement continues to provide funding for skin cancer education and prevention and encourages CDC to increase its collaboration and partnership with local governments, business, health, education, community, non-profit, and faith-based sectors.

Social Determinants of Health.—The agreement provides an increase for the program of planning grants started in fiscal year 2021 (P.L. 116-260).

Racial and Ethnic Approaches to Community Health (REACH).—The agreement provides an increase to address racial and ethnic health disparities, including the Good Health and Wellness in Indian Country program.

Tobacco.—The agreement provides an increase to reduce deaths and prevent chronic diseases, including addressing the youth use of e-cigarettes.

Vision and Eye Health.—The agreement includes an increase and directs CDC to improve surveillance efforts, which may include updating national prevalence estimates on vision impairment and eye disease through the use of the National Health Nutrition Examination Survey and improving existing surveillance of social, economic, and environmental contexts as related to eye healthcare disparities.

WISEWOMAN.—The agreement includes an increase to provide uninsured and under-insured, low-income women with lifesaving preventive services.

BIRTH DEFECTS AND DEVELOPMENTAL DISABILITIES

The agreement provides \$177,060,000 for Birth Defects and Developmental Disabilities. Within this total, the agreement includes the following amounts:

Budget Activity	FY 2022 Agreement
Child Health and Development	\$65,800,000
Birth Defects	19,000,000
Fetal Death	900,000
Fetal Alcohol Syndrome	11,000,000
Folic Acid	3,150,000
Infant Health	8,650,000
Autism	23,100,000
Health and Development for People with Disabilities	76,910,000
Disability & Health	39,000,000
Tourette Syndrome	2,000,000
Early Hearing Detection and Intervention	10,760,000
Muscular Dystrophy	6,500,000
Attention Deficit Hyperactivity Disorder	1,900,000
Fragile X	2,000,000
Spina Bifida	7,500,000
Congenital Heart	7,250,000
Public Health Approach to Blood Disorders	7,400,000
Hemophilia CDC Activities	3,500,000
Hemophilia Treatment Centers	5,100,000
Thalassemia	2,100,000
Neonatal Abstinence Syndrome	3,250,000
Surveillance for Emerging Threats to Mothers and Babies ..	13,000,000

Congenital Cytomegalovirus (CMV).—The agreement encourages CDC to continue its activities to prevent CMV infection, and directs CDC to provide an update on efforts to develop, implement, and evaluate CMV prevention strategies in the fiscal year 2023 Congressional Justification.

Congenital Heart Disease.—The agreement includes an increase to further implement the screening, surveillance, research, and awareness activities authorized by the Congenital Heart Futures Reauthorization Act (P.L. 115-342).

Disability and Health.—The agreement directs CDC to allocate the increase in the same manner as directed in P.L. 115-245.

Hemophilia Treatment Centers.—The agreement continues to support CDC's hemophilia programs and encourages CDC to increase outreach to underserved populations and inclusion in the Community Counts Hemophilia Data Collection program.

Muscular Dystrophy.—The agreement includes an increase and directs CDC to submit the report requested under this heading in House Report 117-96.

Neonatal Abstinence Syndrome (NAS).—The agreement includes an increase to support efforts to address the rise in NAS resulting from the overuse of opioids and other related substances during pregnancy, including research on opioid use during pregnancy and related adverse outcomes from infancy through childhood, and to identify best practices for care, evaluation, and management to help children.

Public Health Approach to Blood Disorders.—The agreement includes an increase to expand sickle cell data collection efforts.

Spina Bifida.—The agreement includes an increase to support efforts to improve the health status of people living with spina bifida.

Surveillance for Emerging Threats to Mothers and Babies Network (SET NET).—The agreement includes an increase to expand CDC's SET NET to additional jurisdictions.

Zika Surveillance.—The agreement supports CDC's continued collaboration with State, tribal, territorial, and local health departments to monitor mothers and babies impacted by the Zika virus during pregnancy in the highest risk jurisdictions. CDC was provided additional funding in fiscal year 2019 to expand its Zika surveillance to determine the long-term health impacts of infants born to mothers infected with the Zika virus.

PUBLIC HEALTH SCIENTIFIC SERVICES

The agreement provides a total of \$651,997,000 for Public Health Scientific Services. Within this total, the agreement includes the following amounts:

Budget Activity	FY 2022 Agreement
Health Statistics	\$180,397,000
Surveillance, Epidemiology, and Informatics	410,600,000

Budget Activity	FY 2022 Agreement
Public Health Data Modernization	100,000,000
Public Health Workforce	61,000,000

Bereavement.—The agreement urges CDC to include a new module focused on bereavement to the Behavioral Risk Factor Surveillance Survey to better understand the scope of bereavement exposure in the U.S. CDC is also encouraged to include a special highlight section on its *Health, United States* publication.

Improving Accuracy of Diagnosis of Rare Diseases.—The agreement encourages the National Center for Health Statistics to work with Federal agency partners, including FDA and NIH, to establish a pathway for pursuing a specific diagnostic code for rare diseases that currently lack one. The agreement requests a report on the feasibility of such a pathway within 180 days of enactment of this Act.

National Center for Health Statistics.—The agreement includes an increase to begin to make much-needed investments in the next generation of surveys and products.

National Neurological Conditions Surveillance System.—The agreement provides a total of \$5,000,000 within Surveillance, Epidemiology, and Informatics to continue efforts on the two initial conditions.

Public Health Data Modernization.—The agreement commends CDC for the progress made to date and includes an increase to advance efforts toward creating a modern, high-speed, networked public health infrastructure that will work for all diseases and conditions. The agreement recognizes that this effort is not solely about technological upgrades or about short-term solutions.

ENVIRONMENTAL HEALTH

The agreement provides \$228,350,000 for Environmental Health programs, which includes \$211,350,000 in discretionary appropriations and \$17,000,000 in transfers from the PPH Fund. Within this total, the agreement includes the following amounts:

Budget Activity	FY 2022 Agreement
Environmental Health Laboratory	\$68,750,000
Newborn Screening Quality Assurance Program	19,000,000
Newborn Screening/Severe Combined Immunodeficiency Diseases	1,250,000
Environmental Health Activities	47,600,000
Safe Water	8,600,000
Amniontic Lateral Sclerosis Registry	10,000,000
Trevor's Law	2,000,000
Climate and Health	10,000,000
Environmental and Health Outcome Tracking Network	34,000,000
Asthma	30,500,000
Childhood Lead Poisoning	41,000,000
Lead Exposure Registry	5,000,000
Vessel Sanitation	1,500,000

Asthma.—The agreement includes an increase for the National Asthma Control Program to expand surveillance.

Childhood Lead Poisoning.—The agreement includes an increase for this program.

Lead Exposure Registry.—The agreement includes an increase for the Flint, Michigan Lead Exposure Registry.

Newborn Screening.—The agreement includes an increase to expand newborn screening efforts.

Vessel Sanitation.—The agreement reflects a one-time appropriation as provided in section 138 of P.L. 117-43.

INJURY PREVENTION AND CONTROL

The agreement provides \$714,879,000 for Injury Prevention and Control activities. Within this total, the agreement includes the following amounts:

Budget Activity	FY 2022 Agreement
Domestic Violence and Sexual Violence	34,700,000
Child Maltreatment	7,250,000

Budget Activity	FY 2022 Agreement
Child Sexual Abuse Prevention	2,000,000
Youth Violence Prevention	15,100,000
Domestic Violence Community Projects	5,500,000
Rape Prevention	56,750,000
Suicide Prevention	20,000,000
Adverse Childhood Experiences	7,000,000
National Violent Death Reporting System	24,500,000
Traumatic Brain Injury	7,250,000
Elderly Falls	2,050,000
Drowning	1,000,000
Other Injury Prevention Activities	28,950,000
Opioid Overdose Prevention and Surveillance	490,579,000
Injury Control Research Centers	9,000,000
Firearm Injury and Mortality Prevention Research	12,500,000

Adolescent Mental Health.—The agreement urges CDC to establish a program that leverages existing CDC activities dedicated to adolescent mental health to develop and implement national goals and a national strategy to improve adolescent mental wellbeing and advance equity, with a focus on culturally responsive prevention and early intervention. CDC is urged to coordinate with other Federal agencies and departments, as appropriate.

Adverse Childhood Experiences.—The agreement includes an increase and directs CDC to submit the report requested under this heading in House Report 117-96.

Domestic Violence and Sexual Violence.—The agreement notes recent bipartisan actions to reauthorize the Violence Against Women Act, and supports efforts to establish an interagency working group to coordinate domestic violence prevention across all levels of government and with all relevant stakeholders.

Firearm Injury and Mortality Prevention Research.—The agreement includes \$12,500,000 to conduct research on firearm injury and mortality prevention. Given violence and suicide have a number of causes, the agreement recommends the CDC take a comprehensive approach to studying these underlying causes and evidence-based methods of prevention of injury, including crime prevention. All grantees under this section will be required to fulfill requirements around open data, open code, pre-registration of research projects, and open access to research articles consistent with the National Science Foundation's open science principles. The Director of CDC is to report to the Committees within 30 days of enactment on implementation schedules and procedures for grant awards, which strive to ensure that such awards support ideologically and politically unbiased research projects.

Opioid Abuse and Overdose Prevention.—The agreement includes an increase to enhance efforts, including improvements in data quality and monitoring, including on substances driving overdoses. In addition to the directives included in House Report 117-96, CDC is directed to continue expansion of case-level syndromic surveillance data, improving interventions that monitor prescribing and dispensing practices as well as the timeliness and quality of morbidity and mortality data, and enhancing efforts with medical examiners and coroner offices. CDC is urged to improve utilization of state-based Prescription Drug Monitoring Programs (PDMPs) to assist in clinical decision-making and surveillance. CDC is further directed to continue to expand an innovative model to coordinate care for high-risk patients receiving opioid treatment and encouraged to work with the Office of the National Coordinator for Health Information Technology to enhance the integration of PDMPs and electronic health records.

Opioid Prescribing Guidelines.—The agreement applauds CDC's February 2022 Updated Clinical Practice Guideline for Prescribing Opioids for Chronic Pain, for use by primary care clinicians for chronic pain in outpatient settings outside of active cancer treatment,

palliative care, and end-of-life care. The agreement directs CDC to continue its work educating patients and providers, and to encourage uptake and use of the Guidelines. The agreement urges CDC to continue coordination with other Federal agencies in implementation and related updates in safe prescribing practices to ensure consistent, high-quality care standards across the Federal government.

Public Safety Officer Suicide Reporting System.—The agreement continues funding for the activities described in the Helping Emergency Responders Overcome Act of 2020, as directed in P.L. 116-260.

Suicide Prevention.—The agreement includes an increase and directs CDC to expand its comprehensive suicide prevention program to implement and evaluate an evidence-based public health approach to suicide prevention with attention to high-risk, vulnerable populations and increase research to understand how certain factors, including access to mental health services, contribute to the risk of or protect against suicidal behaviors in different populations. CDC is also directed to expand and enhance its emergency department syndromic surveillance on suicidal behavior and nonfatal suicide-related outcomes to provide near real-time data on suicidal ideation and attempts, disaggregated by race and ethnicity, age, disability status, and sex, in order to inform community-based suicide prevention efforts. CDC is encouraged to use this funding to expand research, increase data collection to inform local responses, and support State health departments and other stakeholders as they develop and implement comprehensive suicide prevention plans.

NATIONAL INSTITUTE FOR OCCUPATIONAL SAFETY AND HEALTH (NIOSH)

The agreement provides a total of \$351,800,000 for NIOSH in discretionary appropriations. Within this total, the agreement includes the following amounts:

Budget Activity	FY 2022 Agreement
National Occupational Research Agenda	\$118,000,000
Agriculture, Forestry, and Fishing	27,500,000
Education and Research Centers	31,000,000
Personal Protective Technology	22,000,000
Mining Research	62,500,000
National Mesothelioma Registry and Tissue Bank	1,200,000
Firefighter Cancer Registry	3,000,000
Other Occupational Safety and Health Research	114,100,000

Agriculture, Forestry, and Fishing.—The agreement includes an increase to expand efforts to protect workers in this sector.

Analysis of the Impact of COVID-19 in the Workplace.—The agreement directs CDC to conduct an assessment and provide a briefing to the Committees within one year of enactment of this Act on the adequacy of reporting and data collection of COVID-19 infections, outbreaks, and deaths among workers, and recommendations and a professional budget justification for improvements in data collection and reporting by employers, localities, States and the Federal government for COVID-19 and future epidemics.

Coal Workers' Health Surveillance Program Mobile Medical Unit.—The agreement directs CDC to prioritize the maintenance of mobile medical units and urges CDC to consider the purchase of an additional mobile medical unit to improve access to screening for miners, as early screening and detection of black lung can improve health outcomes and reduce mortality.

Education and Research Centers.—The agreement includes an increase to support efforts to reduce work-related injuries and illness.

Firefighter Cancer Registry.—The agreement includes an increase for this voluntary, anonymous registry system.

Personal Protective Technologies.—The agreement includes an increase and directs CDC to submit the report requested under this heading in House Report 117-96.

Total Worker Health.—The agreement provides an increase to expand the program.

Underground Mine Evacuation Technologies and Human Factors Research.—The agreement provides an increase for grant activities as directed in P.L. 116-94.

GLOBAL HEALTH

The agreement provides \$646,843,000 for Global Health activities. Within this total, the agreement includes the following amounts:

Budget Activity	FY 2022 Agreement
Global AIDS Program	\$128,921,000
Global Tuberculosis	9,722,000
Global Immunization Program	228,000,000
Polio Eradication	178,000,000
Measles and Other Vaccine Preventable Diseases	50,000,000
Parasitic Diseases and Malaria	27,000,000
Global Public Health Protection	253,200,000

Global AIDS.—The agreement includes an increase to advance the global fight against HIV/AIDS.

Global Public Health Protection.—The agreement includes an increase for CDC to lead global health security activities to prevent, detect, and respond to infectious disease threats and outbreaks around the globe.

Parasitic Diseases and Malaria.—The agreement includes an increase to enhance parasitic diseases and malaria activities.

Polio Eradication.—The agreement includes an increase to support CDC activities related to wild poliovirus and vaccine-derived polio surveillance, vaccine procurement, and outbreak response. CDC is urged to continue to provide technical assistance to countries for polio immunization campaigns, conduct environmental surveillance of polio viruses to ensure prompt detection and to prevent potential outbreaks of paralytic polio disease. CDC is directed to provide a briefing on its polio eradication activities within 90 days of enactment of this Act.

Population-based Surveillance Platforms.—The agreement directs at least \$4,000,000 to be used to support existing longitudinal population-based infectious disease surveillance platforms that enable comparative analysis between urban and rural populations in the developing world.

Soil Transmitted Helminth and Related Diseases of Poverty.—The agreement continues \$1,500,000 for surveillance, source remediation, and clinical care aimed at reducing soil transmitted helminth to extend the currently funded projects for another year.

Tuberculosis.—The agreement includes an increase to advance tuberculosis prevention, diagnosis, and treatment efforts.

PUBLIC HEALTH PREPAREDNESS AND RESPONSE

The agreement provides \$862,200,000 for public health preparedness and response activities. Within this total, the agreement includes the following amounts:

Budget Activity	FY 2022 Agreement
Public Health Emergency Preparedness Cooperative Agreement	\$715,000,000
Academic Centers for Public Health Preparedness	8,200,000
All Other CDC Preparedness	139,000,000

Public Health Emergency Preparedness Cooperative Agreement.—The agreement includes an increase for cooperative agreement awards.

BUILDINGS AND FACILITIES

The agreement provides \$30,000,000 in discretionary budget authority.

Atlanta-based Buildings and Facilities.—The agreement includes funding to make

progress on CDC’s backlog of maintenance and repairs at its Atlanta campuses. In order to protect Americans from health threats and to rapidly respond to public health emergencies, CDC needs a safe, secure, and fully operational infrastructure in the form of its own laboratories, buildings, and facilities. The agreement supports the completion of the Atlanta Masterplan Build Out and recognizes that CDC has over 9,700 employees in Georgia with over 4,000 staff in Atlanta currently working in leased office space. Completion of the Atlanta Masterplan Build Out will enable CDC to vacate leased spaces to owned facilities achieving cost savings through lease avoidance and gain operational efficiencies; improve scientific and laboratory collaboration; and enhance teamwork. Additionally, having CDC staff work in CDC owned facilities will provide enhanced security and resiliency for staff, scientific data and other critical public health resources.

Mine Safety Research Facility.—The agreement notes bill language and funding to support the design and construction for a mine safety research facility to replace the Lake Lynn Experimental Mine and Laboratory were provided in fiscal year 2021. The agreement requests the continuation of quarterly updates on progress in the construction of the facility, costs incurred, and unanticipated challenges which may affect timeline or total costs until completion of the facility.

CDC WIDE ACTIVITIES

The agreement provides \$493,570,000 for CDC-wide activities, which includes \$333,570,000 in discretionary appropriations and \$160,000,000 in transfers from the PPH Fund. Within this total, the agreement includes the following amounts:

Budget Activity	FY 2022 Agreement
Preventive Health and Health Services Block Grant	\$160,000,000
Public Health Leadership and Support	113,570,000
Infectious Disease Rapid Response Reserve Fund	20,000,000
Public Health Infrastructure and Capacity	200,000,000

COVID-19 Testing Failure.—The agreement notes that GAO examined CDC laboratory quality control deficiencies in its July 2021 report COVID-19: Continued Attention Needed to Enhance Federal Preparedness, Response, Service Delivery, and Program Integrity (GAO-21-551) and made recommendations that CDC has agreed to pursue. The lack of clearly defined approval criteria and poor communication of test performance problems within CDC illustrate there is still a need for an assessment of what led to the failure. The agreement includes direction in the Office of the Secretary to establish a Task Force, including participation from outside stakeholders and subject matter experts, to evaluate what contributed to the shortcomings of the first COVID-19 tests, including laboratory irregularities, and what policies, practices and systems should be established to address these issues in the future. The Task Force shall also examine CDC’s processes for the development and deployment of diagnostics and its ongoing operations, including communications and electronic lab reporting with clinical, commercial, and State and local public health laboratories. Based on the conclusions of this effort, CDC shall develop an agency-wide coordination plan for developing and deploying assays during a public health emergency that engages a nationwide system, as appropriate, and leverages the expertise offered by the public and private sectors. In addition, the agreement directs CDC to provide an update to the Committees on the status of the implementation of the recommendations made by GAO-21-551 within 180 days of enactment of this Act.

Infectious Disease Rapid Response Reserve Fund.—The agreement includes an increase toward the replenishment of this fund to ensure that CDC is positioned to respond quickly to an imminent public health emergency.

Local Health Departments.—The agreement reiterates the language in House Report 117-96 and urges CDC to publicly track and report to the Committees how funds provided to State health departments are passed through to local health departments, including amount, per grant award, by local jurisdiction.

Public Health Infrastructure and Capacity.—The agreement establishes a new funding line to provide a stable source of resources that is not segmented by disease, condition, or activity. The agreement recognizes that the nation’s public health partners need to be better equipped and more flexible to coordinate together to save lives. The agreement directs that no less than 70 percent of this funding be awarded to health departments.

Public Health Scholars Program.—The agreement commends CDC for its commitment to health equity and workforce development to ensure a future where an increasingly diverse American public benefits from a more diverse and better trained public health workforce. The agreement applauds CDC on the 10th anniversary of the CDC Undergraduate Public Health Scholars (CUPS) Program. The CUPS Program is hereby renamed the John R. Lewis CDC Undergraduate Public Health Scholars Program.

Rural Health.—The agreement requests CDC assess and submit a report within 180 days of enactment of this Act on the agency’s rural-focused efforts and how to strengthen such efforts. The report shall include a review of CDC’s recent work to address public health needs in rural America, a catalogue of CDC staff who have been specifically devoted to these activities, and a professional budget justification of what additional activities CDC would undertake in this area, given additional resources.

NATIONAL INSTITUTES OF HEALTH (NIH)

The agreement provides \$44,959,000,000 for NIH, including \$496,000,000 from the 21st Century Cures Act (P.L. 114-255), an increase of \$2,250,000,000, or 5.3 percent, above fiscal year 2021. The agreement provides a funding increase of no less than 3.4 percent above fiscal year 2021 to every Institute and Center (IC).

The agreement appropriates funds authorized in the 21st Century Cures Act. Per the authorization, \$194,000,000 is transferred to the National Cancer Institute (NCI) for cancer research; \$76,000,000 to the National Institute of Neurological Disorders and Stroke (NINDS) and \$76,000,000 to the National Institute on Mental Health (NIMH) for the BRAIN Initiative; and \$150,000,000 will be allocated from the NIH Innovation Fund for the All of Us precision medicine initiative.

The Common Fund is supported as a set-aside within the Office of the Director at \$657,401,000. In addition, \$12,600,000 is provided to support pediatric research as authorized by the Gabriella Miller Kids First Research Act (P.L. 113-94).

The agreement directs NIH to include updates on the following research, projects, and programs in the fiscal year 2023 Congressional Justification: closing congenital heart disease research gaps; efforts to enhance childhood cancer research efforts, including coordination efforts already underway through the Trans-NIH Pediatric Research Consortium; Environmental Influences on Child Health Outcomes (ECHO), including progress made by ECHO-funded research and efforts to include a larger representation of indigenous children into the national cohort;

hearing health screening for older adults; maternal infections; efforts to modernize and improve the Surveillance, Epidemiology and End Results Registry; and multiple sulfatase deficiency.

NATIONAL CANCER INSTITUTE (NCI)

Cancer Survivorship.—The agreement urges NCI to address the unique needs of cancer survivors by continuing to allocate robust funding for Cancer Survivor Support Programs.

Childhood Cancer Data Initiative (CCDI).—The agreement includes \$50,000,000 for the third year of the CCDI.

Childhood Cancer STAR Act.—The agreement includes no less than \$30,000,000 for continued implementation of sections of the Childhood Cancer Survivorship, Treatment, Access, and Research (STAR) Act.

Deadliest Cancers.—The agreement directs NIH to provide a status update and timeline for the scientific framework (for gastric, esophageal, and gastroesophageal junction cancers) within 60 days of enactment of this Act.

Cancer Success Rates.—The agreement supports NCI’s leading role in advancing cancer research and is encouraged by the scientific breakthroughs in genomics, computational science, immunotherapy, and bioengineering made possible through appropriations over the last decade. The agreement further understands that these scientific advancements have led to a substantial increase in NCI grant applications. To address this ongoing issue, the agreement provides an additional \$150,000,000 to NCI.

Reducing Native American Cancer Disparities.—The agreement urges NCI to continue to support and expand research efforts focused on reducing cancer disparities among Native American populations, which experience overall cancer incidence and mortality rates which are much higher than non-Native populations. The agreement encourages NCI to continue to support efforts to develop durable capacity for Tribally-engaged cancer disparities research through an integration of research, education, outreach, and clinical access.

NATIONAL HEART, LUNG, AND BLOOD INSTITUTE (NHLBI)

Cardiovascular Disease Research.—The agreement remains concerned about the prevalence of cardiovascular disease among Americans and supports research into cutting-edge cardiovascular research and drug discovery. This research should focus across disciplines of medicine, immunology, imaging, chemistry, biomedical engineering, physics, statistics, mathematics, and entrepreneurship to design new therapies and therapy delivery systems and strategies that are safer, more effective, and improve patient compliance.

Community Engagement Alliance Against COVID-19 Disparities (CEAL) Initiative.—The agreement includes \$20,000,000 for the CEAL initiative. This initiative will connect researchers with community organizations and leaders to conduct outreach and increase participation of people from underrepresented communities in clinical trials for COVID-19 treatments and vaccines.

Congenital Heart Disease (CHD).—The agreement encourages NHLBI to prioritize CHD activities outlined in its strategic plan, including improving understanding of outcomes and co-morbidities, modifying treatment options across the lifespan, and accelerating discovery, analysis, and translation by leveraging CHD registries and networks.

Hemophilia.—The agreement encourages NHLBI to pursue the recommended research agenda from the 2018 State of the Science Workshop, such as longitudinal studies to determine the factors that influence inhibitor development.

Hypertension Prevention Research.—The agreement recommends that NIH prioritize research funding on the impacts of exercise and aspirin on hypertension.

Lymphedema (LE).—The agreement directs NHLBI to increase support for research on LE and to establish a Research Condition Disease Categorization category for research related to lymphedema.

National Commission on Lymphatic Diseases.—The agreement directs NIH to establish a National Commission on Lymphatic Diseases and to engage with relevant Institutes, Centers, and external stakeholders in establishing this Commission. The agreement directs NIH to provide an update on progress to establish the Commission within 60 days of the enactment of this Act.

Pulmonary Fibrosis (PF).—The agreement recognizes that pulmonary fibrosis encompasses more than 200 different lung diseases that have many similarities despite having a variety of causes. This heterogeneity presents significant challenges for diagnosis and treatment. Accordingly, the agreement is pleased that the Institute-funded PRECISIONS study, which is testing a potential new treatment and aims to identify genetic variants for certain forms of PF, has moved ahead notwithstanding the challenges posed by the COVID-19 pandemic. Given the grim prognosis for most PF patients, the agreement also recognizes the critical need for other areas of research, particularly on common fibrosis pathways, as well as patient-centered clinical research. With additional resources and focus, additional disease mechanisms can be identified, which would allow for enhanced patient-centered care for all of those affected by PF. The agreement requests an update in the fiscal year 2023 Congressional Justification.

Pulmonary Hypertension.—The agreement encourages NHLBI to continue supporting research into this devastating condition and work with stakeholders to advance priorities such as better understanding disease progression and the relationship to COVID-19, and improving patient care management and clinical outcomes.

NATIONAL INSTITUTE OF DENTAL AND CRANIOFACIAL RESEARCH (NIDCR)

National Dental Practice-Based Research Network (NDPBRN).—The agreement recommends that the NIDCR continues funding support of NDPBRN.

NATIONAL INSTITUTE OF DIABETES AND DIGESTIVE AND KIDNEY DISEASES (NIDDK)

Type 1 Diabetes.—Given the growing prevalence of diabetes, the agreement is concerned that additional research is needed to determine how to improve the treatment of diabetic foot ulcers to reduce amputations, and urges NIDDK to support such efforts. Further, given the aging population, the agreement urges NIDDK to work with NIA to explore the relationship between diabetes and neurocognitive conditions, such as dementia and Alzheimer's disease.

NATIONAL INSTITUTE OF NEUROLOGICAL DISORDERS AND STROKE (NINDS)

Frontotemporal Degeneration Research (FTD).—The agreement encourages NIH to continue to support a multi-site network of clinical centers to study genetic and sporadic cases of FTD and maintain progress toward biomarker discovery and drug development in clinical trials. To maximize the value of public investment in these projects and other research, the agreement encourages NIH to improve the secure sharing of data and biological samples from clinical and research settings in a uniform manner, making sure to include all forms of dementia, as different dementias can have similar root causes and pathologies. Development of

a data biosphere that supports broad sharing of datasets will enable the broader community of researchers to bring their expertise to bear on the challenges currently confronting Alzheimer's disease and related dementia disorders. The agreement also urges NIH to support efforts to ensure that federally funded dementia research will benefit all families impacted by FTD and other neurodegenerative diseases, regardless of age, racial, ethnic, cultural, socioeconomic, and geographic background.

Opioids, Stimulants, and Pain Management.—The agreement includes no less than the fiscal year 2021 level for the HEAL Initiative.

Pain and Addiction Collaborative Research.—The agreement recommends that NIH encourage collaborative research awards through NINDS and the NIDA for pain and addiction treatment and research.

NATIONAL INSTITUTE OF ALLERGY AND INFECTIOUS DISEASES (NIAID)

Cellular Immunity.—The agreement supports NIAID advancing efforts to incorporate cell-mediated immunity assessment into the wide range of intramural and extramural COVID-19 studies conducted and supported by NIH, including but not limited to vaccine schedule studies and understanding post-acute sequelae of SARS-CoV-2 infection.

Centers for AIDS Research.—The agreement includes \$71,000,000, an increase of \$10,000,000, for this activity as part of the Ending the HIV Epidemic initiative.

Consortium of Food Allergy Research (CoFAR).—The agreement includes \$9,100,000, an increase of \$3,000,000, for CoFAR to expand its clinical research network to add new centers of excellence in food allergy clinical care and to select such centers from those with proven expertise in food allergy research.

Herpes Simplex Virus.—The agreement is concerned with the correlation between Herpes Simplex Virus and cognitive decline, including a growing body of research indicating HSV as a contributing factor to Alzheimer's disease, Encephalitis, and Bell's Palsy, among other neurodegenerative diseases. The agreement encourages NIAID to prioritize research and development of curative approaches to Herpes Simplex Virus.

Lyme Disease and Other Tick-Borne Diseases.—The agreement includes a \$18,000,000 increase for Lyme Disease and other tick-borne illnesses research. The agreement encourages NIAID to use these funds to prioritize the support of meritorious research that informs a better understanding of Lyme disease pathogenesis and encourages the development of improved diagnostics and vaccines. The agreement directs NIH to leverage this understanding to develop new tools that can more effectively prevent, diagnose, and treat Lyme disease, including long-term effects, and other tick-borne diseases. The agreement encourages the promotion and development of potential vaccine candidates for Lyme disease and other tick-borne diseases. The agreement directs NIH to conduct research to better understand modes of transmission for Lyme and other tick-borne diseases, including vertical transmission. The agreement urges NIH to incentivize new investigators to enter the field of Lyme disease and other tick-borne disease research. The agreement directs NIH to coordinate with CDC on publishing reports that assess diagnostic advancements, methods for prevention, the state of treatment, and links between tick-borne disease and psychiatric illnesses.

Regional Biocontainment Laboratories (RBL).—The agreement directs \$52,000,000 to be evenly divided among the 12 RBLs to support efforts to prevent, prepare for, and respond to infectious disease outbreaks, in-

cluding, but not limited to: (1) conducting research on developing testing for antiviral compounds, new vaccines, and point of care tests; (2) conducting research on validating methods for identifying suitable convalescent plasma for screening donors and other prophylactic methods to prevent infections; (3) supporting operations costs and facilities upgrades for purchase of equipment to speed drug discovery and testing; and (4) training new researchers in biosafety level 3 practices.

Responding to Infectious Diseases.—The agreement provides no less than \$540,000,000, an increase of \$15,000,000, to support NIAID research to combat antimicrobial resistance (AMR) and the training of new investigators to improve AMR research capacity as outlined in the 2020–2025 National Action Plan to Combat Antibiotic-Resistant Bacteria. The agreement directs NIAID to work with other HHS agencies to provide the briefing described under the section of the explanatory statement dealing with the Office of the Secretary. In addition, NIAID should describe the focus of its initiatives to strengthen and diversify the ID/HIV research workforce for fiscal years 2022–2023.

SARS-CoV-2—Immunity: Understanding Diversity and Addressing Disparity.—The agreement includes \$5,000,000 to engage with not-for-profit research institutes and/or academic institutions to undertake a series of deep immune profiling studies of individuals who acquired the SARS-CoV-2 virus in these underserved and understudied population communities with the intent of demonstrating a proven pipeline to ascertain immune dysfunction and outcomes applicable to any human condition or population.

Universal Flu Vaccine.—The agreement provides not less than \$245,000,000, an increase of \$25,000,000, for research to develop a universal influenza vaccine.

NATIONAL INSTITUTE OF GENERAL MEDICAL SCIENCES (NIGMS)

Increasing Diversity in Biomedical Research.—The agreement provides an increase of \$6,359,000 for NIGMS for programs, including but not limited to the Maximizing Opportunities for Scientific and Academic Independent Careers, Minority Access to Research Careers, Bridges to the Baccalaureate, Undergraduate Research Training Initiative for Student Enhancement, and the new programs under development, including the Advancing Research Careers diversity program for PhD to postdoctoral transitions and the Diversity Medical Science Training Program, that train the next generation of scientists while enhancing the diversity of the biomedical research workforce and enabling promising scientists to pursue high-risk, high-reward research.

Institutional Development Awards (IDeA).—The agreement provides \$410,453,000, an increase of \$13,384,000, for the IDeA program.

EUNICE KENNEDY SHRIVER NATIONAL INSTITUTE OF CHILD HEALTH AND HUMAN DEVELOPMENT (NICHD)

Impact of COVID-19 on Children.—The agreement includes an increase of \$7,500,000 for NICHD to support additional research into multisystem inflammatory syndrome in children (MIS-C) and other ways in which COVID-19 affects children.

Implementing a Maternal Health and Pregnancy Outcomes Vision for Everyone (IMPROVE) Initiative.—The agreement includes \$43,400,000, an increase of \$30,000,000, for the IMPROVE Initiative.

Physical Activity Promotion and Obesity Prevention for Preschool Children.—The agreement encourages NIH to support research to identify sustainable physical activity interventions for preschool children.

Research in Pregnant and Lactating Women.—The agreement includes \$1,500,000

within NICHD to contract with the National Academies of Science, Education, and Medicine (NASEM) to convene a panel with specific legal, ethical, regulatory, and policy expertise to develop a framework for addressing medicolegal and liability issues when planning or conducting research specific to pregnant people and lactating people. Specifically, this panel should include individuals with ethical and legal expertise in clinical trials and research; regulatory expertise; plaintiffs' attorneys; pharmaceutical representatives with tort liability and research expertise; insurance industry representatives; Federally funded researchers who work with pregnant and lactating women; representatives of institutional review boards; and health policy experts.

NATIONAL INSTITUTE ON AGING (NIA)

Addressing Participant Diversity in Clinical Trials.—The agreement encourages NIH to establish an operating efficiency working group to conduct an assessment of NIA's internal infrastructure needs related to research operations, recruitment and engagement—with an emphasis on underrepresented communities—and report back to the Committees within 180 days of enactment of this Act. This review should assess gaps related to the infrastructure needed to ensure its Federally-funded clinical trials are well-designed and accessible to underrepresented communities at greatest risk of Alzheimer's disease and related dementias and outline the resources needed to address identified gaps, including the appropriate staffing levels needed to support research optimization, grant oversight, and compliance.

Alzheimer's Disease and Related Dementias.—The agreement provides an increase of \$289,000,000. Within 30 days of release of the fiscal year 2023 budget, NIA is directed to provide the Committees a summary of specific accomplishments it has achieved in ADRD research and its priorities for the coming year. These will focus on specific scientific questions NIA has answered in the past year, expects to answer in the next two years, and would use the funding requested in fiscal year 2023 to answer in its pursuit of treatments and a cure. NIA is directed to provide similar specific details to the Committees within 60 days of enactment of this Act for its fiscal year 2023 Professional Judgement Budget that it released in August 2021, and in future Professional Judgement Budgets. The agreement requests the NASEM to brief the Committees within 60 days of enactment of this Act on the resources it could bring to support efforts to identify and pursue the most promising areas of research into preventing and treating ADRD.

Center on Exposome Studies in Alzheimer's Disease and Related Dementias (ADRD).—The agreement directs NIA to establish research infrastructure in the form of a Center(s) on Exposome Studies in ADRD, as described in House Report 117-96, and includes \$15,000,000 to facilitate these efforts.

NATIONAL INSTITUTE ON DRUG ABUSE (NIDA)

E-cigarettes.—The agreement encourages NIDA to conduct interdisciplinary research on the relationship between the vaping of tobacco and marijuana, with an emphasis on risk perceptions, decision-making and neuroscience. NIDA is also encouraged to support targeted research on the use and consequences of e-cigarettes in pediatric populations.

Opioids, Stimulants, and Pain Management.—The agreement includes no less than \$345,295,000 for the HEAL Initiative.

Medication-assisted Treatment for Methamphetamine.—While there are currently approved medications for alcohol and opioid addiction, there remains no FDA-ap-

proved medication for methamphetamine addiction. The agreement urges NIDA to continue their ongoing trials to expeditiously find and approve a treatment for methamphetamine.

Methamphetamine and Other Stimulants.—The agreement encourages NIDA to examine the cardiovascular effects of methamphetamine misuse and implications for treatment, and to partner with institutions in areas with higher numbers of methamphetamine-related deaths compared to opioid-related deaths and that have demonstrated research expertise in methamphetamine and cardiovascular diseases.

Overdose Prevention Centers.—The agreement acknowledges the controversial nature of Overdose Prevention Centers and encourages NIDA to support research on the potential public health impacts of these centers.

Pain and Addiction Collaborative Research.—The agreement recommends that the NIH encourage collaborative research awards through NINDS and the NIDA for pain and addiction treatment and research.

NATIONAL INSTITUTE OF MENTAL HEALTH (NIMH)

Impact of COVID on Mental Health.—The agreement includes an increase of \$20,000,000 for NIMH to expand research on the impact of the COVID 19 pandemic on mental health.

Veteran Suicide Prevention.—The agreement is aware of NIMH collaborations with the Department of Veterans Affairs (VA) and the Department of Defense (DoD) to strategically plan and coordinate research particularly around the area of suicide. The agreement encourages NIMH to continue to support research related to veteran suicide in the context of the NIMH suicide prevention portfolio, and to work with VA and DoD to identify gaps or opportunities where NIMH research may enhance suicide mitigation efforts for this at-risk population.

NATIONAL HUMAN GENOME RESEARCH INSTITUTE (NHGRI)

Data-sharing and Privacy.—The agreement encourages NIH to convene a working group to determine whether there are national security risks associated with potential collaborations where individually identifiable health information of the people of the U.S. is exchanged. This working group should evaluate what types of data sharing could pose a national security risk among private, public, and academic institutions that partake in science and technology research and their research partners, with a focus on international partners. This should include a review of what circumstances would constitute a sharing of data and make recommendations regarding areas where Federal agencies can coordinate to increase education to such private and academic research institutions that partake in science and technology research to ensure the institutions can better protect themselves from national security threats with a strengthened understanding of intellectual property rights, research ethics, data misuse, as well as education on how to recognize and report such threats.

Emerging Centers of Excellence in Genomic Sciences.—The agreement includes no less than \$15,000,000 for this activity as described in House Report 117-96.

Germline RUNX1 Mutations.—The agreement commends NHGRI for collaborating with NCI to launch and maintain the RUNX1—FPD Clinical Research Study, the only longitudinal natural history study of patients with germline RUNX1 mutations and their families. This study has broad implications for the fields of hematology and oncology because it offers researchers the rare opportunity to monitor the genomic evolution of cancer within a precancerous population in real time. The agreement

urges NHGRI to provide additional resources for the study to allow more patients to participate. In addition, the agreement encourages NHGRI to continue to work towards implementation of an open-source database to share data in real-time for the benefit of the entire research community and the patients and their families searching for answers.

NATIONAL CENTER FOR COMPLEMENTARY AND INTEGRATIVE HEALTH (NCCIH)

Creative Arts Therapy.—The agreement recognizes the potential of creative art therapies as tools to address disorders of aging. However, clinical studies on these applications either have been limited in scale, not designed within a scientific and statistically significant framework, or produced only anecdotal results. The Trans-NIH Music and Health Work Group is currently developing a toolkit to improve future clinical trials for music-based interventions to treat and prevent disorders of aging. NCCIH is directed to provide the Committees with a report within 180 days of enactment of this Act on the progress of the toolkit's development and any plans for pilot projects to test and refine the toolkit, including future funding needs.

Pain and Pain Management Research.—The agreement urges NIH, along with DoD and VA, to continue to support research on non-pharmacological treatments for pain management and comorbidities including opioid abuse and disorders in military personnel, veterans, and their families. The agreement urges the NIH, VA, and DoD to expand research on non-pharmacological treatments to ensure the best quality of care for veterans and service members. The Comprehensive Addiction and Recovery Act (P.L. 114-198) calls for an expansion of research and education on and delivery of complimentary and integrative health to veterans, and the NCCIH can play an important role in coordinating efforts with the VA, DoD, and other relevant agencies.

NATIONAL INSTITUTE ON MINORITY HEALTH AND HEALTH DISPARITIES (NIMHD)

Cardiovascular Disease (CVD).—CVD, including heart disease and stroke, is the leading cause of death in the U.S. and worldwide, disproportionately affecting minority populations, and accounting for approximately 1 in 3 CVD events in U.S. adults. The agreement encourages NIMHD to focus funding on reducing disparities in CVD in African Americans from the rural South and among poor people, where the burden is significant.

Chronic Diseases and Health Disparities.—In fiscal year 2021, NIMHD undertook an initiative to support regional comprehensive research and coordinating centers on the prevention, treatment, and management of multiple chronic diseases associated with health disparities. The agreement remains strongly supportive of this effort and includes sufficient funding for NIMHD to continue this effort in fiscal year 2022.

Health Disparities Research.—The agreement includes an increase of \$50,000,000 for NIMHD to support research related to identifying and reducing health disparities.

Research Centers in Minority Institutions.—The agreement recognizes the importance of the RCMI Research Coordination Network in ensuring that collectively, institutions can engage in multi-site collaborative research, and provides \$5,000,000 for this activity.

NATIONAL CENTER FOR ADVANCING TRANSLATIONAL SCIENCES (NCATS)

Advanced Genomic Technologies.—The agreement strongly supports NCATS, in collaboration with the NIH All of Us Research Program, continuing to apply and evaluate advanced genomic technologies, specifically long-read genome sequencing. Collaboration with multiple entities including research institutes with expertise in the application of

short-read sequencing in rare genetic disorders and depth of experience with long-read sequencing; academic and clinical institutions with the capability to identify and include family units to participate in this effort; and clinical geneticists with extensive experience in variant identification and analysis is strongly encouraged. Special emphasis should be placed on the inclusion of minority populations.

Clinical and Translational Science Awards (CTSAs).—The agreement includes \$606,646,000 for the CTSA program, an increase of \$19,805,000 above the fiscal year 2021 enacted level. The agreement maintains its strong support for the CTSA program and commends the national network for their efforts to modernize the translation of research into health benefits across the full spectrum of medical research, for their contributions to the COVID-19 response, and for addressing health disparities, health equity, and enhancing rural care. The agreement is concerned the recent CTSA Funding Opportunity Announcement (FOA) could alter the CTSA's strategic direction and divert appropriated resources intended for CTSA hubs. Resources provided by the agreement are intended to enhance funding for hubs, thus bolstering the national network. Therefore, NCATS is directed to ensure that any CTSA hub that has successfully recompeted through the new FOA does not receive more than a 5 percent reduction in total annual support for its core hub responsibilities. In addition, the agreement directs that all CTSA hub partner organizations that contribute key resources and expertise to a CTSA hub's translational work should continue to be treated as full partners, including treatment of their entire NIH research enterprises in the calculation of hub budgets. This will support local CTSA hubs and maintain collaborations with community organizations and research and academic partners that expand the full spectrum of research and translation, and foster innovation. Further, the agreement strongly encourages NCATS to fund expanded programs that address the significant disparities and burden of disease disproportionately affecting minority and special populations and to substantively respond. Finally, the agreement reiterates previous direction that NCATS inform the Committees prior to any planned changes to the size of hub awards, scope of the program, or strategic changes to the program, specifically noting that the Committees shall be consulted prior to any new CTSA initiatives being implemented.

Cures Acceleration Network (CAN).—The agreement continues its support for CAN to further reduce barriers between research discovery and clinical trials at \$60,000,000, the same as the fiscal year 2021 enacted level. The agreement urges NCATS to consider supporting activities within CAN and other NCATS' offices or divisions that focus on precision medicine—from precision prevention, to precision diagnosis, to precision therapeutics. Activities should also include the ability to generate the data to demonstrate the efficacy and cost effectiveness of precision medicine.

Full Spectrum of Medical Research.—The agreement supports NIH's efforts to advance the full spectrum of medical research, which ensures breakthroughs in basic science are translated into therapies and diagnostic tools that benefit patient care while disseminating cutting-edge information to the professional community. The agreement notes the importance of flagship initiatives, including CTSAs, to these important efforts.

OFFICE OF THE DIRECTOR (OD)

All of Us Research Program/Precision Medicine Initiative.—The agreement provides a

total of \$541,000,000 for the All of Us precision medicine initiative, \$41,000,000 above the fiscal year 2021 enacted level. The agreement directs NIH to continue its efforts to recruit and retain participants from historically underrepresented populations in biomedical research, and to expand its efforts to enroll participants from geographically diverse communities. To achieve this diversity, NIH is encouraged to support additional avenues for enrollment from the Midwest and Great Plains regions that facilitate participation from both rural and urban communities. These efforts will help ensure that All of Us scientific resources reflect the rich diversity of our country and that advances made from this program will benefit the health of all Americans.

Alternatives to Animals in Research and Testing.—The agreement directs NIH to submit a report not later than 180 days after enactment of this Act on the programs to support the use of alternatives to animals in research, including: (1) what programs currently exist at NIH for developing, promoting, and funding alternatives to animal research and testing; and (2) a plan for including the reduction, where possible and appropriate, the number of animals used in Federally-funded research and testing.

Alzheimer's Disease and Dementia Screening Tools.—The agreement urges NIH to update its analysis of validated screening tools, including digital screening tools that can reliably detect mild cognitive impairment. This review should focus on identifying tools that have been developed in the time since the last assessment was conducted and on providing information to assist healthcare providers in regularly using such tools to assess the cognitive health of their patients.

Amyotrophic Lateral Sclerosis (ALS).—The agreement is aware of the significant need to expand scientific understanding of ALS and to translate the science more rapidly into effective treatments that can make ALS a livable disease. To achieve these outcomes as soon as possible, the agreement includes \$25,000,000 to implement the Accelerating Access to Critical Therapies for ALS Act (P.L. 117-79). The agreement directs NIH to organize a trans-agency initiative to develop an ALS research strategic plan, as described in House Report 117-96. The agreement strongly supports the Transformative Research Award program for ALS and directs the Director to continue to fund this critical initiative in fiscal year 2022. Finally, the agreement includes \$1,000,000 to commission a study by NASEM to identify and recommend actions for the public, private, and nonprofit sectors to undertake to make ALS a livable disease within a decade.

Animal Model Validation.—The agreement encourages NIH to provide a report to the Committees no later than one year after enactment outlining the progress of its efforts to improve animal model validation, support the development of models to improve translation, and what additional funding may be required.

Analyzing Sex and Race/Ethnicity Differences and Long-Term Health Effects of COVID-19.—To better understand how sex differences and race/ethnicity variables are implicated in the severity of the COVID-19 pandemic, the agreement encourages the ICs in coordination with the OD and Office of Research on Women's Health to support research that studies how sex as a biological variable and social element, and race/ethnicity variables impact short and long-term outcomes due to infection with SARS-CoV-2.

Artificial Intelligence/Big Data.—The agreement directs NIH to develop best practices to standardize controlled data access processes. Such an effort will streamline access, support the emerging NIH data science infra-

structure, and meet the needs of the research community while preserving the original protections agreed to when the data were collected, taking into account potential cost and burden. It should consider lessons learned from past efforts, review emerging processes and technologies being piloted by ICO repositories, and develop new potential solutions that leverage technological advancements. The agreement directs NIH, within one year after enactment of this Act, to develop and present recommendations for: potential common solutions for streamlining and centralizing controlled access mechanisms through implementation improvements and use of emerging technological advancements; make controlled access data stored in NIH-operated and supported repositories more findable and accessible; and assess the extent to which increased interoperability of controlled access repositories leads inadvertently to gaps in oversight and control, including explicit consideration of increased re-identification risk. The agreement directs ODSS and NLS to continue to provide quarterly updates to the Committees on its efforts.

Biomedical Research Facilities.—The agreement provides \$60,000,000 for grants to public and/or not-for-profit entities to expand, remodel, renovate, or alter existing research facilities or construct new research facilities as authorized under 42 U.S.C. section 283k.

BRAIN Initiative.—Overall, the agreement provides \$620,000,000 for the BRAIN Initiative, including \$152,000,000 authorized in the Cures Act. The overall funding level includes \$70,000,000 for the Human Brain Cell Atlas; \$30,000,000 for the Armamentarium for Brain Cell Access; and \$10,000,000 for the Brain Connectivity Map.

Building Diversity in Cell Models of Human Disease.—The agreement encourages NIH to consider funding the development of a specialized suite of ethnically diverse and tissue-specific cell lines with structures labeled for studying disease mechanism and detection. If funded, the originating cells should be collected from volunteers in a culturally sensitive manner who have consented to allow for derivation of cell line(s), distribution, and use. NIH should consider collaborating with experienced research community leaders in building cell line collections that are publicly accessible.

Cerebral Palsy.—The agreement strongly encourages NIH to strengthen, accelerate, and coordinate cerebral palsy research across the lifespan, including in areas identified as priorities in the 2017 NINDS/NICHD Strategic Plan for CP Research, such as basic and translational discoveries, including neuroprotective, regenerative medicine and mechanisms of neuroplasticity, as well as studies aimed at early detection and intervention, comparative effectiveness and functional outcomes. The agreement encourages that a follow-up workshop be held in 2022 in conjunction with key stakeholders to provide updates on promising research to refine the specific opportunities that were identified in the 5 to 10 year NIH strategic plan, including early detection and intervention.

Chimera Research.—The agreement supports NIH's funding limitation regarding the introduction of human pluripotent cells into non-human vertebrate animal pre-gastrulation stage embryos. The agreement takes seriously the bio-ethical considerations regarding the creation of human-animal chimeras and the continuation of research using these cells.

Collection and Reporting of Animal Research Numbers and Agency Funding.—The agreement recognizes that Congress has expressed an interest in reducing the use of nonhuman

animals in NIH-funded research and replacing animals with valid and reliable non-animal alternatives when appropriate for the science. In the National Institutes of Health Revitalization Act of 1993, Congress first requested that the agency create a plan for doing so. The agreement also recognizes the scientific community's stated commitment to the "three Rs" of replacement, reduction, and refinement. Integral to that commitment are the accurate counting of animals used in research and testing and the accurate reporting of NIH funding dedicated to projects involving animals. The agreement recognizes that it has been NIH's policy since 1985 to collect an "average daily inventory" of vertebrate animals housed in research facilities that wish to receive agency funding. The agreement understands that domestic facilities are required to file such documentation every four years as part of an Animal Welfare Assurance and that copies of the documents are available to the public only through Freedom of Information Act requests. The agreement requests a report from NIH within one year of enactment of this Act outlining a plan for collaborating with USDA to increase the accuracy and transparency of the data collected. The plan should also include details on how NIH will address any incomplete reporting of NIH funded research with animals and encourage prospective documentation of study design and analysis plans.

Communications with the Committees.—NIH shall consult with the Committees prior to additional changes with the Congressional liaison staff. NIH shall notify the Committees of any limitations to full compliance with directives included in a report or explanatory statement, and such notification shall be provided within 15 days of the public release of any such report or statement. In addition, NIH is directed to provide an Excel spreadsheet with the fiscal year 2022 enacted level and the fiscal year 2023 request level by Institute and Center, including all ongoing or proposed initiatives by Institute or Center, as well as any programs identified with a funding level in the fiscal year 2022 explanatory statement, when the fiscal year 2023 Congressional Justification is published.

Cybersecurity.—The agreement includes an increase of \$40,000,000 to strengthen cybersecurity at NIH.

Diversity of the Biomedical Research Workforce.—The agreement directs NIH to study, to the extent possible, the race, ethnicity, age, disability status, and career stage breakdown of the impact of COVID-19 on participation in the workforce by monitoring the types of awards received from and awarded to institutions for 2 years beginning 90 days after enactment of this Act. If pre-pandemic data on these demographics are not available, the agreement directs the NIH to collect them going forward. If the data demonstrate that fewer women are applying for grants, then it is imperative that NIH take steps to address this disparity. The agreement requests a status update to the Committees from NIH on this research in the fiscal year 2023 Congressional Justification, as well as the steps being taken to maintain the diversity of the research workforce.

Dual Purpose/Dual Benefit Research.—The agreement strongly urges a continued partnership between NIH, National Institute of Food and Agriculture, and the other relevant 115 Federal research and development agencies to develop a next generation inter-agency program using agriculturally important large animal species. The agreement expects NIH to continue this important cooperative partnership program to further strengthen ties between human medicine, veterinary medicine, and animal sciences, with the goal to improve animal and human

health and provide enhanced applicability and return on investment in research.

Federal Law Enforcement.—The agreement notes that the explanatory statement accompanying the Commerce, Justice, Science, and Related Agencies Appropriations Act, 2022 directs the Attorney General to ensure implementation of evidence-based training programs on de-escalation and the use-of-force, as well as on police community relations, and the protection of civil rights, that are broadly applicable and scalable to all Federal law enforcement agencies. The agreement further notes that several agencies funded by this Act employ Federal law enforcement officers and are Federal Law Enforcement Training Centers partner organizations. The agreement directs such agencies to consult with the Attorney General regarding the implementation of these programs for their law enforcement officers. The agreement further directs such agencies to submit a report to the Committees on Appropriations on their efforts relating to such implementation no later than 180 days after consultation with the Attorney General. In addition, the agreement directs such agencies, to the extent that they are not already participating, to consult with the Attorney General and the Director of the FBI regarding participation in the National Use-of-Force Data Collection. The agreement further directs such agencies to submit a report to the Committees on Appropriations, no later than 180 days after enactment of this Act, on their efforts to so participate.

Firearm Injury and Mortality Prevention Research.—The agreement includes \$12,500,000, the same level as fiscal year 2021, to conduct research on firearm injury and mortality prevention. Given violence and suicide have a number of causes, the agreement recommends NIH take a comprehensive approach to studying these underlying causes and evidence-based methods of prevention of injury, including crime prevention. All grantees under this section will be required to fulfill requirements around open data, open code, pre-registration of research projects, and open access to research articles consistent with the National Science Foundation's open science principles. The Director is to report to the Committees within 30 days of enactment of this Act on implementation schedules and procedures for grant awards, which strive to ensure that such awards support ideologically and politically unbiased research projects.

Foreign Influence.—To support NIH's efforts to expeditiously complete foreign influence investigations, the agreement includes \$2,500,000 for this activity within the Office of Extramural Research. The agreement directs NIH to provide biannual briefings on the progress of these investigations.

Humane Research Alternatives.—Recognizing that humane, cost-effective, and scientifically suitable non-animal methods are available for certain research models, the agreement directs NIH to appoint a working group to make recommendations for encouraging the use of non-animal models where appropriate in NIH intramural and extramural research, including epidemiological and clinical studies, cell-based methods, computer modeling and simulation, and human tissue studies, with consideration for complexity of the biomedical research area, and the current applicability and translatability of the non-animal model. The panel should also report on effectively moving research away from methods that rely on poorly-defined animal models to methods that rely on validated non-animal alternatives. The working group should review and recommend means of encouraging greater reliance on validated human-relevant non-animal methods/approaches that are appro-

priate for identified research areas. Membership should include individuals with proven knowledge of/experience with non-animal research methods; with proven knowledge of expertise with animal research models; with expertise in evaluating the adequacy of justifications described in research applications and proposals for why the research goals cannot be accomplished using an alternative model; and with knowledge of research animal welfare, and relevant scientific limitations. The Committee asks that NIH provide a report of the working group's findings within 180 days of enactment of this Act.

Idea States Pediatric Clinical Trials Network.—The agreement includes no less than the fiscal year 2021 funding level to continue this program.

INCLUDE Initiative.—The agreement includes no less than \$75,000,000, an increase of \$10,000,000 above the fiscal year 2021 enacted level, within OD for the INCLUDE Initiative. The agreement is pleased that this multi-year, trans-NIH research initiative has enabled significant advances in understanding immune system dysregulation, new research into the connection with Alzheimer's disease, and the creation of national Data Coordinating Center, all of which may dramatically improve the health and quality of life of individuals with Down syndrome as well as millions of typical individuals. The agreement encourages NIH to pursue some of the most neglected areas of research and care such as health disparities for African Americans with Down syndrome, mosaic Down syndrome, those with the dual diagnosis of Down syndrome and autism, and new studies on metabolic dysregulation. The agreement requests the Director provide an updated plan within 60 days of enactment of this Act that includes a timeline, description of potential grant opportunities and deadlines for all expected funding opportunities so that young investigators and new research institutions may be further encouraged to explore research in this space. This plan should also incorporate and increase pipeline research initiatives specific to Down syndrome.

Long Haul COVID-19.—The agreement directs NIH to post on its website a summary of the status of the RECOVER Initiative at least every 6 months and, as appropriate, any findings from the study.

Chimpanzee Maintenance, Care, and Transportation.—The agreement directs NIH to provide a report to the Committees quarterly, beginning no later than June 1, 2022, that shall include: (1) the number of chimpanzees transported to the national sanctuary over the last quarter; (2) a census of all government-owned and supported chimpanzees, remaining, if any, at the Alamogordo Primate Facility (APF), the Keeling Center for Comparative Medicine and Research (KCCMR), or the Southwest National Primate Research Center (SNPRC); and (3) a list of any chimpanzee deaths, including details on the cause of death and the specific rationale behind any euthanasia decisions, that have occurred at any time after January 1, 2020, at APF, KCCMR, SNPRC, and the national sanctuary system.

Mucopolysaccharide (MPS) Diseases.—The agreement encourages expanded research of treatments for neurological, inflammatory, cardiovascular, and skeletal manifestations of MPS, with an emphasis on gene therapy. The agreement encourages the NIH, NCATS, and NINDS to increase funding to grantees to incentivize MPS research, particularly given the aging and small population of current researchers.

Office of AIDS Research.—The agreement includes no less than \$3,194,000,000 across NIH for HIV/AIDS research.

Office of Behavioral and Social Sciences Research (OBSSR).—The agreement includes \$38,932,000 for OBSSR.

Office of Research on Women's Health (ORWH).—The agreement includes \$59,480,000 for ORWH. Within this amount, the agreement includes \$4,000,000 for the Building Interdisciplinary Research Careers in Women's Health (BIRCWH) program to fund additional BIRCWH fellows at existing sites with a goal of increasing the diversity of the scholars, sites, and research areas supported by the program, and to expand the number of sites to increase the number and skills of investigators who conduct research on sex influences on health and disease.

Office of the Chief Officer for Scientific Workforce Diversity (COSWD).—The agreement includes \$16,190,000 to the Office of the COSWD.

Osteopathic Medical Schools.—The agreement recognizes that increased access to research funding for the osteopathic profession will significantly bolster NIH's capacity to support robust recovery from the COVID-19 pandemic, address health disparities in rural and medically underserved populations, and advance research in primary care, prevention, and treatment. The agreement requests an update on the current status of NIH funding to colleges of osteopathic medicine and representation of doctors of osteopathic medicine on NIH National Advisory Councils and standing study sections in the fiscal year 2023 Congressional Justification.

Pediatric Clinical Trials Authorized under Best Pharmaceuticals for Children Act.—The agreement directs that funding authorized by the Best Pharmaceuticals for Children Act (P.L. 107-109) include research to prepare for and conduct clinical trials.

Postural Orthostatic Tachycardia Syndrome (POTS).—Approximately one-third of individuals infected with SARS-CoV-2 are developing long-lasting symptoms referred to as post-acute sequelae of SARS-CoV-2 (PASC). A significant portion of individuals with PASC experience moderate to severe autonomic nervous system dysfunction 6 months after the onset of infection. Reports suggest that the most common type of autonomic nervous system dysfunction in PASC patients is POTS. There are no FDA approved treatments for POTS or PASC associated autonomic nervous system dysfunction at this time, and patients suffer with significant disability and a poor quality-of-life. The agreement encourages NIH to ensure that the \$1,150,000,000 investment Congress has provided to NIH for PASC research is used, in part, to identify how viruses like SARS-CoV-2 result in autonomic nervous system dysfunction, such as POTS, and how we can most effectively treat PASC associated autonomic nervous system dysfunction, including PASC associated POTS. The agreement encourages NIH to leverage the expertise of research centers that have previously studied post-viral POTS in pursuing these important research questions.

Prenatal Opioid Use Disorders and Neonatal Abstinence Syndrome (NAS).—The agreement encourages NIH to coordinate with other agencies at HHS to support additional research on prevention, identification, and treatment of prenatal opioid exposure and NAS, including the best methods for screening and treating pregnant women for opioid use disorder and the best methods for screening for NAS. Additionally, the agreement encourages NIH to build on the ACT NOW study to enhance understanding of the impact of pharmacological and non-pharmacological treatment techniques on costs and outcomes in the short-term and longitudinally. The agreement further encourages NIH to coordinate with other agencies at HHS to support research on innovative care models to optimize care and long-term outcomes for families.

Preventing Chronic Disease in Rural Areas.—The agreement urges NIH support research

to improve outcomes for rural patients with chronic illnesses and improve abilities of families of these patients to support their treatments.

Radiopharmaceuticals.—The agreement encourages NIH to explore the use of new isotopes and novel applications for radiopharmaceuticals and leverage next-generation advanced manufacturing techniques for isotope production being made by DOE-funded research universities and National Laboratories.

Rare Disease Research.—The agreement urges NIH to expand research on rare genetic and chromosomal abnormalities, such as 7q11.23 Duplication Syndrome and Hereditary Spastic Paraparesis 49. The agreement requests an update on these activities in the fiscal year 2023 Congressional Justification.

Research Involving Enhanced Potential Pandemic Pathogens.—The agreement supports a robust evaluation of whether the HHS Framework for Guiding Funding Decisions about Proposed Research Involving Enhanced Potential Pandemic Pathogen Care and Oversight has achieved its intended purpose and whether the scope of research it covers is sufficient. The agreement directs HHS and NIH to convene the National Science Advisory Board for Biosecurity and conduct such a review.

State of Bereavement Care.—The agreement is aware of research indicating that individuals and families suffer severe health, social, and economic declines following the death of a loved one—be it a child, sibling, spouse, or parent. The agreement encourages OMH, ACF, CDC, CMS, HRSA, IHS, NIH, and SAMHSA to examine their activities to advance bereavement care for families, including prevalence of bereavement events and the details of those events (what relationships are impacted, how the loved one died and at what age), risk factors and associated health events or outcomes, biological or physiological changes in wellbeing, and what interventions, or programs could help functional coping or adaptive processing.

Strategic Plan.—The agreement recognizes that NIH should carefully consider national security considerations when developing and executing their NIH-wide Strategic Plan.

Temporomandibular Disorders (TMD).—The agreement strongly encourages OD to establish a National Collaborative Research Consortium for TMDs to coordinate, fund, and translate basic and clinical research. Research priorities may include improvements to clinical outcomes; facial pain and sex factors; population-based research to further understand the burden and costs of TMDs; comparative effectiveness research on TMD treatments; and artificial intelligence and novel data approaches.

Trans-NIH Pediatric Research Consortium (N-PeRC).—The agreement requests a report within 180 days after enactment of this act on how N-PeRC plans to support studies of the physical, mental and behavioral health impacts of COVID-19 on children, including multisystem inflammatory syndrome in children, as well as plans for N-PeRC's focus over the coming 3 years.

Tribal Health Research Office.—The agreement recognizes the important work of the Tribal Health Research Office, but is concerned that no such analogous office exists to support Native Hawaiians (NH). The agreement encourages OD, in coordination with NIMHD and other ICs, to prioritize addressing the research needs of NH and to partner with entities with a proven track record of working closely with NH communities and organizations, which will allow for the development of NH researchers.

Tuberous Sclerosis Complex (TSC).—The agreement acknowledges NIH's updated 2016 TSC Research Plan and progress advancing

the plan. NIH should encourage research opportunities in the five key areas prioritized by workshop participants. Because TSC impacts multiple organ systems, the agreement encourages the Director to coordinate the participation of ICs on a research strategy aimed at addressing the medical and neuropsychological burdens associated with TSC while deciphering the biology underlying phenotypic heterogeneity. The agreement encourages NICHD to facilitate development of a viable newborn screening assay for TSC. The agreement encourages the Director to apply recommendations from the 2017 Neurodevelopmental Disorders Biomarkers Workshop to take advantage of biomarker expertise and lessons learned across disease groups, the 2018 Accelerating the Development of Therapies for Anti-Epileptogenesis and Disease Modification workshop for which TSC is a model disorder given the ability to diagnose TSC prior to onset of epilepsy, and the 2020 Curing the Epilepsies workshop which highlighted TSC as one of the best opportunities to prevent epilepsy.

BUILDINGS AND FACILITIES

The recommendation includes \$250,000,000 for buildings and facilities. The agreement directs NIH to continue to provide quarterly updates of its efforts to develop best practices and its maintenance and construction plans for projects whose cost exceeds \$3,500,000, including any changes to those plans and the original baseline estimates for individual projects. It also directs NIH to describe in its fiscal year 2023 and future Congressional Justifications how the projects requested in its budgets tie to its capital planning process, including the RFAC's role in determining which projects are selected for including in the budget.

The agreement increases the amount of funding appropriated to Institutes and Centers that may be used for repairs and improvements from \$45,000,000 to \$100,000,000 and raises the per project cap from \$3,500,000 to \$5,000,000.

SUBSTANCE ABUSE AND MENTAL HEALTH SERVICES ADMINISTRATION (SAMHSA)

MENTAL HEALTH

Certified Community Behavioral Health Clinics.—The agreement includes increased funding.

Mental Health Block Grant.—The agreement again includes a five percent set-aside of the total for evidence-based crisis care programs as described in House Report 117-96.

National Child Traumatic Stress Initiative.—The agreement includes an increase and directs SAMHSA to follow the directives in House Report 117-96.

Within the total provided for Mental Health Programs of Regional and National Significance (PRNS), the agreement includes the following amounts:

Budget Activity	FY 2022 Agreement
Capacity:	
Seclusion and Restraint	\$1,147,000
Project AWARE	120,001,000
Mental Health Awareness Training	24,963,000
Behavioral Health Crisis and 988 Coordinating Office ...	5,000,000
Mental Health Crisis Response Grants	10,000,000
Healthy Transitions	29,451,000
Infant and Early Childhood Mental Health	10,000,000
Interagency Task Force on Trauma Informed Care	1,000,000
Children and Family Programs	7,229,000
Consumer and Family Network Grants	4,954,000
Project LAUNCH	23,605,000
Mental Health System Transformation	3,779,000
Primary and Behavioral Health Care Integration	52,877,000
National Strategy for Suicide Prevention	23,200,000
Zero Suicide	21,200,000
American Indian and Alaska Native	2,400,000
Suicide Lifeline	101,621,000
Garrett Lee Smith—Youth Suicide Prevention—States ..	38,806,000
Garrett Lee Smith—Youth Suicide Prevention—Campus ..	6,488,000

Disaster Response	10,059,000
Homelessness	1,953,000
	2,296,000

Behavioral Health Crisis and 988 Coordinating Office.—The agreement includes \$5,000,000 for the Office of the Assistant Secretary for Mental Health and Substance Use to establish an office dedicated to the implementation of the 988 National Suicide Prevention Lifeline (Lifeline) and coordination of behavioral health crisis care across HHS operating divisions, including CMS and HRSA. The office will support technical assistance and coordination of the nation’s crisis care network, the implementation of the 988 Lifeline, and the development of a crisis care system with the objective of expanding crisis care services and follow-up care, including through services provided by Federally Qualified Health Centers, Community Mental Health Centers, Certified Community Behavioral Health Clinics, and other community providers. Additionally, the office will coordinate with first responders including the 911 system so that behavioral health crisis services are well integrated into emergency care. The agreement requests that SAMHSA provide a report to the Committees within 180 days of enactment of this Act outlining a nationwide crisis care system plan of action.

Infant and Early Childhood Mental Health.—The agreement directs SAMHSA to continue to allow a portion of additional funds provided for technical assistance to existing grantees, to better integrate infant and early childhood mental health into State systems.

Mental Health Awareness Training.—The agreement includes an increase and directs SAMHSA to continue to include as eligible grantees local law enforcement agencies, fire departments, and emergency medical units with a special emphasis on training for crisis de-escalation techniques. SAMHSA is also encouraged to allow training for veterans and armed services personnel and their family members.

Mental Health Crisis Response Grants.—The agreement includes new crisis response grants as directed in House Report 117–96.

National Suicide Prevention Lifeline.—The agreement includes an increase to prepare for the launch of a new 988 number in July 2022, including for specialized services as detailed in House Report 117–96. The agreement directs SAMHSA to keep the Committees fully apprised of progress toward this launch. SAMHSA is directed to provide a briefing with a status update within 60 days of enactment of this Act, to provide a briefing within 60 days of the launch of 988, and as necessary throughout the year.

Project AWARE.—The agreement includes an increase for school- and campus-based mental health services and support. Of the amount provided, the agreement directs \$12,500,000 for grants to support efforts in high-crime, high-poverty areas and, in particular, communities that are seeking to address relevant impacts and root causes of civil unrest, community violence, and collective trauma. The agreement requests SAMHSA submit a report to the Committees within 180 days after enactment of this Act outlining grantee efforts. The agreement recognizes that the COVID–19 pandemic has

increased the need for school and community-based trauma services for children and their families. Accordingly, within this increase, the agreement provides \$7,000,000 to increase student access to evidence-based, culturally relevant, trauma support services and mental health care through established partnerships with community organizations as authorized by section 7134 of the SUPPORT Act (P.L. 115–271).

Projects for Assistance in Transition from Homelessness (PATH).—The agreement recognizes that inadequate housing and support opportunities exist for people with serious mental illness. The agreement directs SAMHSA to encourage PATH grantees to partner with public housing agencies in their communities, and to use existing outreach and engagement mechanisms to identify, qualify, and select individuals and initiate housing support services to meet the individual’s needs.

SUBSTANCE ABUSE TREATMENT

Data Collection Review.—The agreement notes that as drug overdose death rates continue to rise, federal data collection requirements can present barriers to recipients of Federal grant funds that provide services to individuals in need of treatment and other services. Data collection is critically important in determining the effectiveness of Federal investments but should not create new barriers to services. The agreement directs SAMHSA to review and update the data collection requirements in the Government Performance and Results Act (GPRA) of 1993 or otherwise required by SAMHSA through rules or regulations for programs administered through the Center for Substance Abuse Treatment. The agreement directs SAMHSA to provide a briefing on the updated GPRA requirements to the Committees 90 days after enactment of this Act.

Rural Opioid Technical Assistance (ROTA) Grants.—The agreement is disappointed SAMHSA did not fund an additional cohort of ROTA grants in fiscal year 2021 and strongly encourages SAMHSA to fund additional grants in fiscal year 2022.

State Opioid Response (SOR) Grants.—The agreement provides an increase, including for tribes and tribal organizations, and directs SAMHSA to provide the Committees with a briefing on whether additional flexibility is needed to ensure States are able to spend these urgently needed funds. The agreement again notes serious concern that longstanding guidance to the Department to avoid a significant cliff between States with similar mortality rates was overlooked in the award of fiscal year 2020 funds. When making awards in fiscal year 2022, the agreement directs the Assistant Secretary to award funds in a manner that avoids funding cliffs between States with similar mortality rates. The agreement notes that large swings in funding between grant cycles can pose a significant challenge for States seeking to maintain programs that were instrumental in reducing drug overdose fatalities. The agreement continues bill language that directs SAMHSA to submit the formula methodology used in calculating SOR grants to the Committees not less than 21 days prior to releasing the Funding Opportunity Announcement. The agreement continues to direct SAMHSA to conduct a yearly evaluation of the program to be transmitted to the Committees no later than 180 days after enactment and make such an evaluation publicly available on SAMHSA’s website.

SOR Overdose Data Report.—The agreement recognizes that drug overdose mortality data collection and reporting is complex, often with multi-substance use contributing to mortality. The agreement encourages SAMHSA to evaluate the data used to cal-

culate SOR allocations, including whether accurate, State-level data exists for mortality rates for opioid use disorders and whether such data should be used to calculate the 15 percent set aside within SOR.

Within the total provided for Substance Abuse Treatment Programs of Regional and National Significance, the agreement includes the following amounts:

Budget Activity	FY 2022 Agreement
Capacity:	
Opioid Treatment Programs/Regulatory Activities	\$8,724,000
Screening, Brief Intervention, and Referral to Treatment	31,840,000
PHS Evaluation Funds	2,000,000
Targeted Capacity Expansion—General	112,192,000
Medication-Assisted Treatment for Prescription Drug and Opioid Addiction	101,000,000
Grants to Prevent Prescription Drug/Opioid Overdose	14,000,000
First Responder Training	46,000,000
Rural Focus	26,000,000
Pregnant and Postpartum Women	34,931,000
Recovery Community Services Program	2,434,000
Children and Families	29,605,000
Treatment Systems for Homeless	36,386,000
Minority AIDS	65,570,000
Criminal Justice Activities	89,000,000
Drug Courts	70,000,000
Improving Access to Overdose Treatment	1,000,000
Building Communities of Recovery	13,000,000
Peer Support Technical Assistance Center	1,000,000
Comprehensive Opioid Recovery Centers	5,000,000
Emergency Department Alternatives to Opioids	6,000,000
Treatment, Recovery, and Workforce Support	10,000,000
Science and Service:	
Addiction Technology Transfer Centers	9,046,000
Minority Fellowship Program	5,789,000

Building Communities of Recovery.—The agreement provides an increase for enhanced long-term recovery support principally governed by people in recovery from substance use disorders.

Comprehensive Opioid Recovery Centers.—The agreement includes an increase and directs SAMHSA to make the funding opportunity available to all eligible entities, as defined in section 7121 of the SUPPORT Act (P.L. 115–271).

First Responder Training.—Of the funding provided, the agreement provides \$7,500,000 to make awards to rural public and non-profit fire and EMS agencies as authorized in the Supporting and Improving Rural Emergency Medical Service’s Needs (SIREN) Act (P.L. 115–334). The agreement notes that the fiscal year 2021 grants included award amounts less than the maximum amount allowable in order to fund more projects and encourages SAMHSA to follow this approach in fiscal year 2022 to the extent practicable.

Medication-Assisted Treatment for Prescription Drug and Opioid Addiction.—The agreement directs SAMHSA to ensure that these grants include as an allowable use the support of medication-assisted treatment and other clinically appropriate services to achieve and maintain abstinence from all opioids, including programs that offer low-barrier or same day treatment options. Within the amount provided, the agreement includes \$12,000,000 for grants to Indian Tribes, Tribal Organizations, or consortia.

Opioid Abuse in Rural Communities.—The agreement encourages SAMHSA to support initiatives to advance opioid abuse prevention, treatment, and recovery objectives, including by improving access through telehealth. SAMHSA is encouraged to focus on addressing the needs of individuals with substance use disorders in rural and medically underserved areas. In addition, the agreement encourages SAMHSA to consider early interventions, such as co-prescription of overdose medications with opioids, as a way to reduce overdose deaths in rural areas.

Opioid Use Disorder Relapse.—The agreement recognizes SAMHSA’s efforts to address opioid use disorder relapse within Federal grant programs by emphasizing that opioid detoxification should be followed by medication to prevent relapse to opioid dependence. The agreement encourages SAMHSA to continue these efforts.

Pregnant and Postpartum Women.—The agreement provides an increase and again encourages SAMHSA to fund an additional cohort of States under the pilot program authorized by the Comprehensive Addiction and Recovery Act (P.L. 114-198).

Treatment, Recovery, and Workforce Support.—The agreement includes an increase to implement section 7183 of the SUPPORT Act (P.L. 115-271). SAMHSA is directed to, in consultation, with the Secretary of Labor, award competitive grants to entities to carry out evidence-based programs to support individuals in substance use disorder treatment and recovery to live independently and participate in the workforce.

SUBSTANCE ABUSE PREVENTION

Within the total provided for Substance Abuse Prevention Programs of Regional and National Significance, the agreement includes the following amounts:

Budget Activity	FY 2022 Agreement
Capacity:	
Strategic Prevention Framework/Partnerships for Success	\$127,484,000
Strategic Prevention Framework Rx	10,000,000
Federal Drug-Free Workplace	4,894,000

At-Home Prescription Drug Disposal.—The agreement supports efforts to encourage at-home prescription drug deactivation and disposal and urges SAMHSA to support these types of programs.

Sober Truth on Preventing Underage Drinking Act (STOP Act).—The agreement provides an increase for community-based coalition enhancement grants.

Strategic Prevention Framework-Partnerships for Success Program.—The agreement encourages the program to support comprehensive, multi-sector substance use prevention strategies to stop or delay the age of initiation of each State's top three substance use issues for 12 to 18 year old youth as determined by the State's epidemiological data. The agreement directs SAMHSA to ensure that State alcohol and drug agencies remain eligible to apply along with community-based organizations and coalitions. SAMHSA is also directed to issue a report within 120 days of enactment of this Act assessing the extent to which the work of local grantees complements and aligns with the primary prevention efforts led by the corresponding State alcohol and drug agency.

Substance Misuse Prevention.—The agreement supports efforts to reduce the risks associated with drug use, including efforts to avoid drug overdose deaths and the spread of diseases such as HIV and hepatitis. However, the agreement strongly encourages that funds appropriated for substance misuse prevention purposes in the Center for Substance Abuse Prevention, as well as the 20 percent prevention set-aside in the Substance Abuse Prevention and Treatment Block Grant, be used only for bona fide substance misuse prevention activities and not for any other purpose.

HEALTH SURVEILLANCE AND PROGRAM SUPPORT

Within the total provided for health surveillance and program support, the agreement includes the following amounts:

Budget Activity	FY 2022 Agreement
Health Surveillance	\$48,623,000

Budget Activity	FY 2022 Agreement
PHS Evaluation Funds	30,428,000
Program Management	81,500,000
Performance and Quality Information Systems	10,000,000
Drug Abuse Warning Network	10,000,000
Public Awareness and Support	13,000,000
Behavioral Health Workforce Data	1,000,000
PHS Evaluation Funds	1,000,000

Community Project Funding/Congressional Directed Spending.—The agreement includes \$127,535,000 for the projects, and in the amounts, specified in the table titled "Community Project Funding/Congressional Directed Spending" included in this explanatory statement accompanying this division.

AGENCY FOR HEALTHCARE RESEARCH AND QUALITY (AHRQ)

The agreement includes \$350,400,000 for AHRQ. Within the total, the agreement includes the following amounts:

Budget Activity	FY 2022 Agreement
Health Costs, Quality, and Outcomes:	
Prevention/Care Management	\$11,542,000
Health Information Technology (IT)	16,349,000
Patient Safety Research	79,615,000
Health Services Research, Data, and Dissemination	98,003,000
Medical Expenditure Panel Survey	71,791,000
Program Management	73,100,000

While the agreement does not include dedicated funding to expand these activities, the agreement encourages AHRQ to continue supporting research on health equity, health system innovations responding to COVID-19, improving maternal morbidity and mortality State and local data, opioids research, research on the use of natural products such as kratom to treat pain, and prenatal care for pregnant individuals.

Antimicrobial Resistance.—The agreement directs AHRQ to work with other HHS agencies to provide the briefing described under the section of the explanatory statement pertaining to the Office of the Secretary.

Center for Primary Care Research.—The agreement includes \$2,000,000 to establish the Center for Primary Care Research authorized at 42 USC 299b-4(b) and as described under this heading in House Report 117-96.

Diagnostic Errors.—The agreement includes \$10,000,000, an increase of \$8,000,000, for researching diagnostic error and associated risks to patient safety.

Heart Disease Research.—Heart disease is the leading cause of death for Americans. Understanding how to reduce the rate of cardiac events and to control the metabolic processes that lead to such events is needed. The agreement supports AHRQ studying and assessing the current evidence for lipid control and cardiovascular event reduction, quality measures for the improvement of clinical outcomes, and development and dissemination of educational resources and materials about improving cardiovascular clinical outcomes for coronary heart disease death, myocardial infarction, ischemic stroke, and urgent coronary revascularization procedure.

Organ Availability.—The agreement urges AHRQ to evaluate innovative approaches to enhance the availability of organs, otherwise encourage donation, and further improve the organ transplantation process, including through consultation with other Federal agencies.

Trafficking Awareness Training for Health Care.—The agreement does not include additional funding for this activity.

CENTERS FOR MEDICARE & MEDICAID SERVICES (CMS)

PROGRAM MANAGEMENT

Audio-Only Evaluation and Management Services.—The agreement requests CMS, in coordination with the Assistant Secretary

for Planning and Evaluation, conduct a review of audio-only services delivered during the COVID-19 public health emergency, and provide an update on the provision of such services in the fiscal year 2023 Congressional Justification.

Autism Treatment and Services.—The agreement encourages CMS to identify the supportive services that are most beneficial to improved outcomes for autism patients, and to begin reviewing existing coverage policies for these services.

Computed Tomography (CT) Colonography.—The agreement encourages CMS to consider existing evidence to determine whether CMS should cover CT Colonography as a Medicare-covered colorectal cancer screening test under section 1861(pp)(1) of the Social Security Act.

Diabetes Technology.—The agreement requests a report within 120 days of enactment of this Act outlining coverage and payment policies for new technologies for individuals with diabetes, including hybrid-closed loop technologies.

Home Visiting.—The agreement directs CMS to build upon its 2016 Joint Informational Bulletin to clearly articulate how Medicaid dollars can be blended and braided appropriately in home visiting programs to reach eligible families, provide streamlined coverage options for home visiting services, and cover specific components of home visiting programs.

Lowering the Cost of Care.—The agreement encourages the Center for Medicare & Medicaid Innovation to consider creative pilot projects that lower the cost of care among older Americans and enable individuals who retire overseas to retain and utilize their Medicare primary healthcare benefits. The pilot should consider potential cost savings involving international collaborations where the quality of care is comparable and less expensive. CMS shall provide an update on this effort in the fiscal year 2024 Congressional Justification.

Measuring Cognitive Impairment.—The agreement directs CMS to continue to include questions in the Medicare Current Beneficiary Survey pertaining to mild cognitive impairment, Alzheimer's, and other related dementias, and to add questions on whether beneficiaries have been advised about Alzheimer's and dementia care planning services that are covered under Medicare. The agreement also encourages CMS to identify actions the agency can take within existing authorities to reduce the prevalence of dementia and improve early detection.

Obesity.—The agreement encourages CMS to work to ensure beneficiary access to care for obesity if determined as clinically appropriate by the patient's physician and consistent with statutory and regulatory authority. The agreement also encourages CMS to reexamine its Medicare Part B national coverage determination for intensive behavioral therapy for obesity considering current United States Preventive Services Task Force recommendations.

Reimbursement Coding for Reducing Opioid Consumption.—The agreement encourages CMS to undertake efforts to ensure reimbursement of FDA-approved devices and therapies for unique post-surgery patient populations that use alternative means for effective pain management. CMS is encouraged to support provider efforts to track patient pain scores and reductions in opioid consumption using such alternative means for effective pain management.

Respite Care.—The agreement requests CMS, in consultation with the Office of the Assistant Secretary for Planning and Evaluation, to provide a report to the Committees within 180 days of the enactment of this Act on the current capacity and best practices for the provision of hospice respite care, including in the home.

Rural Hospitals.—The agreement notes that the Consolidated Appropriations Act, 2021 (P.L. 116-260) directed CMS to produce a report on rural hospital closures within 180 days of enactment, which the Committees have not received. The agreement directs CMS to provide an update on the report requested in fiscal year 2021 and a briefing on rural hospital payment policy within 30 days of enactment of this Act.

Telehealth and the Homeless Population.—The agreement directs CMS to identify and share with States best practices regarding ways in which telehealth and remote patient monitoring can be leveraged through the Medicaid and Medicare programs for the homeless. This should include identification of barriers to mental health services via telehealth coverage, as well as ways to address those barriers.

Transitional Add-on Payment Adjustment for New and Innovative Equipment and Supplies.—The agreement requests an update in the fiscal year 2023 Congressional Justification on this program.

Transportation for Dialysis.—The agreement urges CMS to delay further implementation of the Prior Authorization of Repetitive, Scheduled Non-Emergent Ambulance Transport model until it ensures appropriate alternative transportation to dialysis services and diabetes-related wound care for low-income beneficiaries who have no other means of transportation.

HEALTH CARE FRAUD AND ABUSE CONTROL

Department of Justice.—The agreement provides an increase of \$20,207,000 for the Department of Justice to expand fraud and abuse detection efforts.

Senior Medicare Patrol.—Within the amount provided for CMS, the agreement includes \$30,000,000 for this program.

ADMINISTRATION FOR CHILDREN AND FAMILIES (ACF)

LOW INCOME HOME ENERGY ASSISTANCE

The agreement includes \$1,100,000 in additional technical assistance funding for HHS to establish a system to simplify the formulation process to enable ACF staff to provide estimates more readily when requested by the Committees. Once such a system is in place, the agreement instructs HHS to work collaboratively with the Committees to promptly respond to requests for estimates and to ensure no request shall be outstanding for longer than 10 calendar days.

REFUGEE AND ENTRANT ASSISTANCE

The agreement notes that the front matter of this explanatory statement establishes that language included in House Report 117-96 should be complied with unless specifically addressed to the contrary in this explanatory statement. In cases where the House Report addresses an issue not addressed in this joint explanatory statement, the House Report language is deemed to carry the same emphasis as language included in this explanatory statement.

Confidentiality of Behavioral and Mental Health.—The agreement recognizes that unaccompanied children often share extensive personal information to case managers, clinicians, or other adults while in Office of Refugee Resettlement (ORR) care, and expects ORR and its grantees and contractors to protect sensitive personal information, behavioral health records, and mental health records consistent with all applicable child welfare laws, regulations, and licensing requirements.

Office of the Ombudsman.—The agreement strongly supports efforts to increase and improve independent oversight of the Unaccompanied Children program. Accordingly, the agreement strongly encourages the Secretary to establish an Office of the

Ombudsman to provide independent child-welfare focused recommendations to ORR and the Secretary regarding the care of unaccompanied children. The agreement requests a briefing within 120 days of enactment of this Act on a strategy for establishing such an office in accordance with the direction in House Report 117-96 and the resources necessary to do so.

Services for Children.—The agreement includes no less than \$558,000,000 for post-release services, legal services, and child advocates. This will allow HHS to expand such services, to serve children in ORR's care and children recently released from HHS custody, as well as to additional high-release communities that are not currently being served.

The agreement understands the supply of service providers may be constrained in some areas, and encourages ORR to allow grantees to use flexibilities in contracting expenses, to the extent practicable, to build the capacity to ensure the necessary legal requirements are met to provide expanded services to children.

Sibling Placement.—The agreement continues to direct ORR to place siblings in the same facility, or with the same sponsor, to the extent practicable, and so long as it is appropriate and in the best interest of the child.

Spend Plan.—The agreement directs ORR to submit a comprehensive spend plan to the Committees every 60 days, incorporating all funding provided in this Act, and previous Acts. The agreement expects the plan to contain a report on facilities per House Report 117-96.

State-Licensed Shelters.—The agreement includes an increase in funding for State-licensed shelters for ORR to increase its network of beds, safely bring back online beds that were impacted by COVID-19 restrictions, partner with current providers to provide additional bed capacity, and engage non-governmental organizations and governmental jurisdictions to identify ways to expand bed capacity through new grants or contracts. The agreement continues to direct HHS to prioritize awarding grant or contract funding to licensed, community-based placements (including foster care and small group homes) over large-scale institutions, and to notify the Committees prior to all new funding opportunity announcements, grants or contract awards, or plans to lease, rent, or acquire real property.

Further, the agreement strongly encourages ORR to more consistently and predictably post funding opportunity announcements, and to provide training and technical assistance to potential new providers.

Unlicensed Facilities.—The agreement recognizes the impact the ongoing COVID-19 pandemic continues to have on State-licensed facilities, and expects any unlicensed facilities to meet the statutory requirements included in this Act. The agreement directs ORR to rigorously limit how long children are in unlicensed facilities, and to submit, within 60 days of enactment of this Act, an updated report to the Committees on HHS' Plans to Phase Out the Use of Emergency Intake Sites as required by the Continuing Appropriations Act, 2022 (P.L. 117-43).

In addition, the agreement expects ORR to adopt systemic changes to reduce its reliance on unlicensed facilities, and to restore access to, and expeditiously activate, as necessary, sufficient licensed bed capacity to serve unaccompanied children during periods of higher referrals or emergencies.

CHILDREN AND FAMILIES SERVICES PROGRAMS

Migrant and Seasonal Head Start (MSHS) Eligibility Requirements.—The agreement reiterates the need for the report on the Impact of

the Federal Poverty Guidelines, as requested in House Report 116-450, including the section examining how such requirements may be affecting MSHS, and requests a briefing on the findings and recommendations of that report as soon as practicable.

In addition, the agreement directs the Office of Head Start to issue, and post online within 30 days of enactment of this Act, guidance on the flexibilities MSHS programs can offer farmworker families concerned with demonstrating income eligibility or residency as referenced in House Report 117-96.

Quality Improvement Funding for Staff Recruitment and Retention and Trauma-Informed Care.—The agreement provides \$52,000,000 in quality improvement funding, including a prioritization on activities to improve staff compensation in order to recruit and retain qualified staff and support the provision of high-quality program services. Funds may also be used to address the rise of adverse childhood experiences attributable to the pandemic and the increased prevalence of substance use, economic hardship, home and community violence, and other traumatic experiences that can negatively impact child development and lead to disruptions in classroom environments. The agreement directs the Administration to allow flexibility to meet local needs while focusing these funds on improving the compensation of staff with an emphasis on positions with high rates of turnover.

Runaway and Homeless Youth.—The agreement urges ACF to be flexible with current grantees to avoid reducing the availability of safe shelter and housing for young people.

National Communications System, National Runaway Safeline.—The agreement encourages ACF to coordinate with the Department of Education to increase outreach efforts at schools and community based organizations to raise awareness of the resources provided by the National Runaway Safeline to connect homeless children and youth and those at risk of homelessness with services.

Child Abuse Prevention and Treatment Act Infant Plans of Safe Care.—The agreement continues \$60,000,000 to help States continue to develop and implement plans of safe care as required by section 106 of the Child Abuse Prevention and Treatment Act.

Child Abuse Discretionary Activities.—The agreement includes \$2,000,000 to support and expand a national child abuse hotline.

The agreement encourages the program to consider demonstration projects for serving children in foster care who have experienced severe trauma through trauma-informed interventions. The agreement encourages ACF to work with nonprofit organizations, with Institutional Review Board-approved research, to study and report on the findings and outcomes of such programs, including evidence-based clinical services, foster parent training and curriculum, volunteer support services for foster parents, positive biological and birth family engagement to enhance family reunification, enrichment activities for the children, and trauma-informed systems work.

Child Welfare Research.—The agreement is concerned by the high rates of homelessness among children who age-out of the foster care system and encourages HHS to support the development, implementation, and evaluation of innovative programs that serve vulnerable populations of youth transitioning out of the foster care system.

The agreement encourages the program to consider funding partnerships with child protection simulation laboratories that provide in-person, online, and trauma-informed, evidenced-based training.

Adoption Opportunities.—The agreement includes \$1,000,000 to continue the National

Adoption Competency Mental Health Training Initiative and encourages the program to institutionalize its curriculums as the standard for consistent training in all State child welfare agencies.

Social Services Research and Demonstration.—The agreement includes \$10,000,000 for carrying out a diaper distribution pilot program to provide grants to social service agencies or other non-profit organizations specifically for diaper and diapering supply needs.

Community Project Funding/Congressionally Directed Spending.—The agreement includes \$26,992,000 for the projects, and in the amounts, specified in the table titled “Community Project Funding/Congressionally Directed Spending” included in this explanatory statement accompanying this division.

Native American Programs.—The agreement includes \$14,000,000 for Native American language preservation activities, and not less than \$5,500,000 for language immersion programs authorized by section 803C(b)(7)(A)–(C) of the Native American Programs Act, as amended by the Esther Martinez Native American Language Preservation Act of 2006.

National Domestic Violence Hotline.—The agreement encourages the Hotline to explore evidence-based best practices for anti-violence intervention and prevention programs.

Family Violence Prevention and Services.—The agreement recognizes that women and girls of color are often disproportionately impacted by domestic violence and includes up to \$5,000,000 for development or enhancement of culturally specific services for survivors of domestic violence and sexual assault.

In addition, the agreement includes \$1,000,000 for a Native Hawaiian Resource Center on Domestic Violence.

ADMINISTRATION FOR COMMUNITY LIVING (ACL)

AGING AND DISABILITY SERVICES PROGRAMS

Protection of Vulnerable Older Americans.—Within the total, the agreement includes a \$1,000,000 increase for the long-term care ombudsman program.

National Family Caregiver Strategy.—The agreement continues to provide \$400,000 for the Family Caregiving Advisory Council.

Aging Network Support Activities.—Within the total, the agreement provides \$6,000,000 to the Holocaust Survivor’s Assistance program.

The agreement includes \$4,000,000 for the Care Corps grant program.

The agreement encourages ACL to coordinate with the Department of Labor to identify and reduce barriers to entry for a diverse and high-quality direct care workforce, and to explore new strategies for the recruitment, retention, and advancement opportunities needed to attract or retain direct care workers.

Alzheimer’s Disease Program.—Within the total, the agreement provides \$2,000,000 for the National Alzheimer’s Call Center.

Paralysis Resource Center (PRC).—Within the total, the agreement directs not less than \$9,200,000 to the National PRC.

Developmental Disabilities Programs.—Within the total, the agreement includes not less than \$700,000 for technical assistance and training for the State Councils on Developmental Disabilities.

National Institute on Disability, Independent Living, and Rehabilitation Research.—The agreement includes funds to increase annual grant funding to competitively funded model systems centers, and a \$100,000 increase for the Traumatic Brain Injury Model Systems National Data and Statistical Center.

In addition, the agreement includes \$2,000,000 to increase the number of Federally-funded Spinal Cord Injury Model System Centers.

Community Project Funding/Congressionally Directed Spending.—The agreement includes \$13,871,000 for the projects, and in the amounts, specified in the table titled “Community Project Funding/Congressionally Directed Spending” included in this explanatory statement accompanying this division.

OFFICE OF THE SECRETARY

GENERAL DEPARTMENTAL MANAGEMENT

Alzheimer’s and Related Dementias.—The agreement is encouraged by work underway on the National Alzheimer’s Project Act Plan to develop national dementia prevention goals and supports further efforts to incorporate evidence-based dementia risk reduction strategies in clinical practice and public health.

Antimicrobial Resistance (AMR).—The agreement directs the Office of the Assistant Secretary for Health (OASH), NIH, ASPR/BARDA, CDC, and AHRQ to jointly brief the Committees no later than 30 days after the enactment of this Act detailing how HHS and its agencies are coordinating their AMR-related efforts. The briefing should include a comparison of actual performance against the national targets for 2020 established in the March 2015 National Action Plan for Combatting Antibiotic-Resistant Bacteria and whether those goals were sustained in 2021. Agencies are directed to outline the focus of their plans for fiscal years 2022–2023 and how these are connected to longer-term objectives included in the follow-on National Action Plan released in October 2020.

Blood Donor Awareness.—The agreement encourages the Secretary to implement Section 3226 of P.L.116–136. In executing this campaign, the Secretary should prioritize efforts that help improve the diversity of blood donors, especially among populations that are disproportionately impacted by blood disorders such as sickle cell disease.

Cell-mediated Immunity Measures.—The Office of the Secretary shall provide to the Committees a report within 60 days of enactment of this Act on the efforts of the Department to incorporate cell-mediated immunity measures into the Department’s COVID-19 surveillance and research strategy.

Coordinated Treatment for Mesothelioma Patients.—Mesothelioma is an aggressive asbestos-related malignancy of the pleura that is often associated with a poor prognosis. While a rare disease, mesothelioma is highly concentrated in regions predominated by industries with high exposure to asbestos such as shipyards, aluminum plants, and power generation. The agreement is concerned with the quality-of-care patients with mesothelioma receive from providers with less experience treating rare malignancies. Without sufficient expertise there can be delays in diagnoses and use of outdated therapies. The agreement urges the Department to support comprehensive mesothelioma therapy programs in regional hospitals in areas of the country with exceptionally high rates of mesothelioma. High quality programs deliver focused, individualized treatment, by using a comprehensive approach that brings together appropriate experts in treating and caring for mesothelioma patients, including experts in pulmonary medicine, thoracic surgery, medical oncology, radiation oncology, rehabilitation medicine, pathology, physical therapy, palliative care, and end-of-life care.

Disparity Populations.—To ensure underserved and disadvantaged populations continue to be best served by programs and offices within the Department, the agreement directs the Secretary to continue the collection of data on disparity populations, as defined by Healthy People 2030, in surveys administered with funding in this Act.

Ending the HIV Epidemic.—The agreement directs HHS to provide a spend plan to the

Committees no later than 60 days after enactment of this Act, to include resource allocation by State. The agreement further directs HHS to brief the Committees on fiscal year 2022 plans no later than 90 days after enactment of this Act.

Federal Funds.—The agreement includes an increase of \$8,600,000 for administrative resources necessary for the operation of the Department.

Lung Cancer in Women.—The agreement requests an update on the status of research on women and lung cancer and the disparate impact of lung cancer in women who have never smoked in the fiscal year 2023 Congressional Justification.

Nonrecurring Expenses Fund.—HHS continues several construction projects that have not been completed after more than 5 years, while it continues to submit notifications for new projects. HHS shall prioritize current construction projects for completion, specifically the CDC NIOSH facility and those facilities for the Indian Health Service and FDA. The agreement directs HHS to provide quarterly reports for all ongoing projects. The report shall include the following for each project: agency project is funded under; a description for each project; the date the project was notified to the Committees; total obligations to date; obligations for the prior fiscal year; anticipated obligations for current fiscal year; and any expected future obligations. For any project ongoing more than 3 years, the report should include a narrative describing the cause for delay and steps being taken by the agency to ensure prompt completion.

Obligation Reports.—The agreement directs the Secretary to submit electronically to the Committees an excel table detailing the obligations made in the most recent quarter for each office and activity funded under this appropriation not later than 30 days after the end of each quarter.

Office of the General Counsel (OGC).—The agreement notes strong concerns that OGC does not consistently respond to Congressional requests for technical assistance in a timely manner. The agreement directs the General Counsel to prioritize the Committees’ requests for legal and administrative information.

Pandemic Guidelines.—Individuals with certain chronic conditions, disabilities, and older adults are more likely to become severely ill, be hospitalized, and die from COVID-19. The agreement commends the CDC ACIP recommendations and the HHS Office of Civil Rights for its continued vigilance regarding potential discrimination in high-risk populations during COVID-19 and for working collaboratively with States to ensure State guidelines reflect best practices for serving individuals with disabilities and older adults.

Rapid HIV Self-Test.—Rapid HIV self-testing can play an important role towards meeting the public health objectives outlined by the Ending the HIV Epidemic initiative, particularly in regards to rural and otherwise hard to reach populations. HHS is encouraged to incorporate rapid HIV self-testing into emerging efforts.

Stillbirth Task Force.—The agreement provides \$750,000 for this activity as described under this heading in House Report 117–96.

Sexually Transmitted Infections (STIs).—The agreement is pleased that HHS is updating a National STI Action Plan. The Department is directed to provide a progress report to the Committees within 90 days of enactment of this Act. In addition, the agreement includes \$250,000 for OASH to develop a national strategic plan or amend the STIs National Strategic Plan for the treatment and prevention of HSV types 1 and 2.

Study on Animal Abuse.—The agreement is concerned about the link between animal

abuse and future violence and encourages further study into the underlying factors that contribute to acts of violence against animals and animal violence as a predictor of future violence against humans.

Task Force on CDC COVID-19 Testing Failure.—The agreement directs the Secretary to establish a Task Force, including participation from outside stakeholders and subject matter experts, to evaluate what contributed to the shortcomings of the first COVID-19 tests developed by CDC, including laboratory irregularities, and what policies, practices and systems should be established to address these issues in the future. The Task Force shall also examine CDC's processes for the development and deployment of diagnostics and its ongoing operations, including communications and electronic lab reporting with clinical, commercial, and State and local public health laboratories.

Teen Pregnancy Prevention Program Evidence Review.—The agreement includes \$900,000 for the Assistant Secretary for Planning and Evaluation to conduct an independent, systematic, rigorous review of evaluation studies on such programs.

Telehealth Report.—The agreement directs HHS to submit a report no later than 180 days after enactment of this Act detailing the impact of the actions taken by the Secretary during the COVID-19 public health emergency (PHE) to increase telehealth services under the Medicare, Medicaid, and Children's Health Insurance Programs, as well as other HHS entities engaged in policy or programmatic telehealth changes during the PHE.

Tribal Set-Aside.—The agreement includes an increase of \$1,500,000 for a Tribal set-aside within the Minority HIV/AIDS Prevention and Treatment program.

U.S.-Mexico Border Health Commission.—The agreement includes an increase of \$900,000.

White House Conference on Food, Nutrition, Hunger, and Health.—The agreement recognizes that levels of hunger, nutrition insecurity, and chronic disease in the United States are rising, and disproportionately afflict racial and ethnic minorities as well as low-income and rural populations. The agreement directs HHS to convene a White House Conference on Food, Nutrition, Hunger, and Health in 2022, for the purpose of developing a roadmap to end hunger and improve nutrition by 2030. The agreement includes \$2,500,000 to support this conference. The conference should be developed using a whole-of-government approach—in partnership with the Executive Office of the President, the Department of Agriculture, and other Federal agencies—and in consultation with State, territories, local, and Tribal officials, and a diverse group of interested parties from across the country, including anti-hunger, nutrition, and health experts; the private sector; and people with lived experience of hunger and nutrition insecurity. The conference should examine why hunger and nutrition insecurity persist and how they affect health, including their role in the high prevalence of chronic disease. It should also review existing and cross-departmental strategies and consider new approaches to improve health by eliminating hunger, reducing the prevalence of chronic disease, and improving access to and consumption of nutritious foods in accordance with Dietary Guidelines for Americans. The conference shall produce a final report detailing its findings and proposed solutions to end hunger and improve nutrition security in the United States by 2030.

In preparation for the White House Conference on Food, Nutrition, Hunger, and Health, HHS shall consult with other Federal agencies and report initial findings to the Committees no later than 120 days after

enactment of this Act. The findings shall identify current programming that directly or indirectly impacts food and nutrition insecurity and diet related diseases; specific statutory, regulatory, and budgetary barriers to ending hunger and improving nutrition and health in the United States and the Territories; existing examples of coordination mechanisms between Federal agencies; Federal agencies and State, local, and Tribal governments; and all levels of government and program implementers; and additional authorities or resources needed to eliminate hunger and improve nutrition and health.

Office of Minority Health (OMH)

Center for Indigenous Innovation and Health Equity.—The agreement includes an increase of \$1,000,000 to support the work of the Center for Indigenous Innovation and Health Equity.

Language Access Services.—The agreement includes \$1,000,000 to research, develop, and test methods of informing limited English proficient individuals about their right to and the availability of language access services, in accordance with directives in H. Rpt. 117-96.

Lupus Initiative.—The agreement supports the OMH National Lupus Outreach and Clinical Trial Education program, its goal of increasing minority participation in lupus clinical trials, and the program developing resources used by the broader lupus community to enhance trial enrollment. The agreement encourages OMH to continue to develop public-private partnerships with organizations representing lupus patients, implement action plans, and engage the lupus community to increase participation in clinical trials for all minority populations at highest risk of lupus.

Public Health Pilot Program.—The agreement does not include the pilot program proposed by House Report 117-96.

Office on Women's Health (OWH)

Combatting Violence Against Women.—The agreement includes an increase of \$2,000,000 for the State partnership initiative to combat violence against women.

Interagency Coordinating Committee on the Promotion of Optimal Birth Outcomes.—The agreement includes \$1,000,000 for the OWH to convene an Interagency Coordinating Committee on the Promotion of Optimal Birth Outcomes to oversee and coordinate the HHS Action Plan to Improve Maternal Health in America.

OFFICE OF THE NATIONAL COORDINATOR FOR HEALTH INFORMATION TECHNOLOGY (ONC)

The agreement includes a \$1,800,000 increase to support interoperability and information sharing efforts related to the implementation of Fast Healthcare Interoperability Resources standards or associated implementation standards.

The agreement notes the general provision limiting funds for actions related to promulgation or adoption of a standard providing for the assignment of a unique health identifier does not prohibit the Department from examining the issues around patient matching, and reiterates the need for the report requested in the explanatory statement accompanying the Further Consolidated Appropriations Act, 2020 (P.L. 116-94).

PUBLIC HEALTH AND SOCIAL SERVICES
EMERGENCY FUND

Office of the Assistant Secretary for Preparedness and Response (ASPR)

National Emergency Tele-critical Care Network (NETCCN).—The agreement includes funding for the NETCCN, which has enabled skilled telehealth providers to support health systems undergoing a COVID-19 surge or experiencing staff shortages to operate re-

motely during the COVID-19 public health emergency. This funding could be used to expand the NETCCN to meet additional COVID-19 needs or used in future public health emergencies and disaster response efforts.

Pediatric Disaster Care.—The agreement includes \$6,000,000 for the Pediatric Disaster Care Centers of Excellence.

Reporting.—The agreement directs ASPR to brief the Committees monthly regarding activities funded by this Act and other available appropriations. The agency shall notify the Committees 24 hours in advance of any obligation greater than \$25,000,000 from any appropriation. Such notification shall include the source of funding, including section number where applicable or program name from this explanatory statement, and a description of the obligation. In addition, ASPR shall submit a monthly obligation report in electronic format. Such report shall include information for each obligation greater than \$25,000,000, and each obligation shall include the source of the appropriation and the program under which the obligation occurred. Such report is due not later than 30 days after the end of the month and shall be cumulative for the fiscal year with the most recent obligations listed at the top. Furthermore, the Secretary shall report to the Committees on the current inventory of COVID-19 vaccines and therapeutics, as well as the deployment of these vaccines and therapeutics during the previous month, reported by State and other jurisdiction not later than 30 days after the enactment of this Act, and monthly thereafter until the inventory is expended.

National Disaster Medical System

Mission Zero.—The agreement includes \$2,000,000 for civilian trauma centers to train and incorporate military trauma care providers and teams into care centers.

Public Health Preparedness Equipment.—The agreement includes \$10,000,000 for ASPR to invest in next generation air mobility solutions that will ensure more cost-effective health delivery systems.

Hospital Preparedness Program

National Special Pathogen System (NSPS).—The agreement includes \$6,500,000, an increase of \$1,500,000, for the National Emerging Special Pathogens Training and Education Center (NETEC) and directs NETEC to serve as the NSPS coordinating body. The agreement also includes \$21,000,000, an increase of \$15,000,000, for the Regional Emerging Special Pathogen Treatment Centers (RESPTCs) Program and to increase the overall number of RESPTCs by at least three Centers. The RESPTC expansion shall be a competitive process as directed in House Report 117-96. The agreement requests both a written report and a briefing, within 90 days of enactment of this Act, on progress in establishing a robust NSPS and integrating NSPS with other health care delivery systems of care for emergencies, such as the trauma system.

Biomedical Advanced Research and Development Authority (BARDA)

Antimicrobial Resistance.—The agreement includes an increase of at least \$25,000,000 to support the Combating Antibiotic Resistant Bacteria Biopharmaceutical Accelerator and the advanced research and development of broad-spectrum antimicrobials and next-generation therapeutics that address the growing incidence of antimicrobial resistance. In addition, the agreement directs BARDA to work with other HHS agencies to provide the briefing described under the section of the joint explanatory statement pertaining to the Office of the Secretary.

Infectious Diseases.—The agreement supports robust funding for enhanced work by

BARDA to proactively prepare for emerging infectious disease outbreaks and other naturally occurring threats. The agreement encourages ASPR to delineate information on emerging infectious diseases, pandemic influenza, and antimicrobial resistance investments in its annual five-year budget plan for medical countermeasure (MCM) development to clarify how ASPR is considering such naturally occurring threats in relation to other priority areas of MCM development, particularly given their inclusion in the Strategic Initiatives section of the Pandemic and All-Hazards Preparedness and Advancing Innovation Act (P.L. 116-22).

Screening Framework for Providers of Synthetic Double-stranded DNA.—The fiscal year 2021 Explanatory Statement requested a report on efforts to update the 2010 Screening Framework Guidance for Providers of Synthetic Double-stranded DNA within 180 days of enactment, which has not yet been provided. The agreement directs ASPR to provide a report to the Committees no later than 30 days after enactment of this Act.

Trusted Domestic Vaccine Supplier Capability.—The agreement recognizes the need for domestic manufacturing of key biological starting materials (KSM), including plasmid DNA and mRNA, antibodies, and other MCMs, to ensure timely response to unanticipated health emergencies. Therefore, the agreement encourages the Department to expand domestic manufacturing of KSMs and collaborate with U.S. companies that have pharmaceutical capabilities to ensure the development and stockpiling of synthesized medicines for future pandemics and bio-threats.

Strategic National Stockpile (SNS)

Adequate Elastomeric Components.—The agreement expects the Secretary, in conjunction with ASPR, to ensure that it has the necessary elastomeric components to support the COVID-19 vaccination campaign. The agreement requests a briefing to the Committees no later than 90 days after enactment of this Act, on its assessment of the estimated supply of elastomeric components, domestically and internationally, related to vaccine administration; an assessment of current and future domestic capacity for elastomeric components related to the administration of such vaccines; the identification of any gaps in capacity for manufacturing; and recommendations to ensure adequate supplies of elastomeric components.

Re-envisioning the SNS.—The agreement directs the Secretary to develop plans for re-envisioning the SNS to ensure a transparent and deliberative decision-making process for procurement that meets healthcare and national security needs and engages inter-agency partners. This process will include a wide variety of topics, including real-time inventory transparency; data and analytics to enhance evidence-based policy decisions and risk mitigation strategies; elasticity to readily scale responses; modeling and simulation to plan and exercise; supply chain risk management, including the identification and mitigation of over-reliance on foreign sources of critical supplies; and revolving inventory management. The agreement directs the submission of a report and a briefing on these efforts, including a timeline of key activities and an update on activities required by Executive Order 14001, within 60 days of enactment of this Act.

Replenishing Personal Protective Equipment (PPE).—The agreement notes with concern the emergence of counterfeit PPE products in the U.S. healthcare system and the critical need to boost domestic PPE manufacturing. The agreement urges the Secretary to develop a long-term sustainable procurement plan that gives preference to and re-

sults in purchases from domestic manufacturers of PPE and PPE raw materials.

ADVANCED RESEARCH PROJECTS AGENCY FOR HEALTH

The agreement includes \$1,000,000,000 and bill language to establish the Advanced Research Projects Agency for Health within the Office of the Secretary.

GENERAL PROVISIONS

Prevention and Public Health Fund.—The agreement includes the following allocation of amounts from the Prevention and Public Health Fund.

PREVENTION AND PUBLIC HEALTH FUND

Agency	Budget Activity	FY 2022 Agreement

The agreement modifies a provision related to NIH facilities.

The agreement modifies a provision to rescind unobligated balances.

The agreement includes a new provision related to facilities at CDC.

The agreement includes a new provision related to the Ryan White HIV/AIDS program.

The agreement includes a new provision related to grantee notifications to the NIH Director.

The agreement includes a new provision related to the CDC Undergraduate Public Health Scholars Program.

The agreement includes a new provision related to Building T-44 at the National Institutes of Health.

TITLE III

DEPARTMENT OF EDUCATION

SCHOOL IMPROVEMENT PROGRAMS

Alaska Native Education Equity.—The Department is directed to make every effort to ensure that grants are awarded well in advance of the school year, to maximize grantees' ability to hire the necessary staff and have their programs in place by the start of Alaska's school year in mid-August. The Department is directed to ensure that Alaska Native Tribes, Alaska Native regional nonprofits, and Alaska Native corporations have the maximum opportunity to compete successfully for grants under this program by providing these entities multiple opportunities for technical assistance in developing successful applications for these funds, both in Alaska and through various forms of telecommunications. Finally, the Department is encouraged to include as many peer reviewers as possible who have experience with Alaska Native education and Alaska generally on each peer review panel.

Rural Education.—The agreement directs the Department, in collaboration with the U.S. Census Bureau, to provide a briefing and related material for the authorizing and appropriations Committees of Congress within 180 days of enactment of this Act that includes: analysis of the accuracy and effectiveness of U.S. Census Bureau's Small Area Income and Poverty Estimates as a measure of student enrollment from families with incomes below the poverty line for the

Rural and Low-Income School (RLIS) and Small Rural Schools Achievement programs; analysis of the accuracy and effectiveness of other poverty measurements, including State-provided poverty data for measuring student enrollment from families with incomes below the poverty line for the RLIS and Small Rural Schools Achievement programs; and any recommendations for improving measurements of poverty in rural local educational agencies (LEAs).

Student Support and Academic Enrichment Grants Technical Assistance and Capacity Building.—The reservation for technical assistance (TA) and capacity building should be used to support state educational agencies (SEAs) and LEAs in carrying out authorized activities under this program identified by SEAs and LEAs, which may include support for fostering school diversity efforts across and within school districts. The Department is directed to prioritize its TA and capacity building support for SEAs and LEAs seeking to address such school diversity needs. In future Congressional Justifications, the Department shall continue to provide current and planned expenditures for this reservation and include a plan for how resources will be spent to provide TA and to build the capacity of SEAs and LEAs.

INDIAN EDUCATION

National Activities.—The increase for National Activities will support additional awards under a new Native American Language Immersion competition and a new award under the State-Tribal Education Partnership program for up to five years.

Funds for the Native American Language Immersion program should continue to be allocated to all types of eligible entities, including both new and existing language immersion programs and schools, to support the most extensive possible geographical distribution and language diversity. Further, the Department should continue to give the same consideration to applicants that propose to provide partial immersion schools and programs as to full immersion, as the local Tribes, schools, and other applicants know best what type of program will most effectively assist their youth to succeed.

INNOVATION AND IMPROVEMENT

Education Innovation and Research (EIR).—Within the total for EIR, and including continuation awards, the agreement includes \$82,000,000 to provide grants for social and emotional learning (SEL) and \$82,000,000 for Science, Technology, Education, and Math (STEM) and computer science education activities. Within the STEM and computer science set-aside, awards should expand opportunities for underrepresented students such as minorities, girls, and youth from families living at or below the poverty line to help reduce the enrollment and achievement gap. To fulfill both set-asides, the agreement supports the prioritization of high-quality SEL and STEM proposals for both the early- and mid-phase evidence tiers. The agreement encourages the Department to take steps necessary to ensure the statutory set-aside for rural areas is met and that EIR funds are awarded to diverse geographic areas. The agreement expects the remainder of EIR funds to continue to support diverse and field-initiated interventions, rather than a single nationwide program or award focused solely on one area of educational innovation.

Not less than two weeks before the publication of a notice of proposed priorities or a notice inviting applications, the Department is directed to brief the Committees on plans for carrying out an EIR competition. In addition, the Department shall provide a briefing and notice of grant awards to the Committees at least seven days before grantees are announced.

Statewide Family Engagement Centers.—The agreement provides increased funding for the Department to make new awards to States under this program that prioritize the use of funds for evidence-based activities and focus on underserved students.

Supporting Effective Educator Development (SEED).—Within SEED, the Department is directed to support professional development that helps educators incorporate SEL practices into teaching, and to support pathways into teaching that provide a strong foundation in child development and learning, including skills for implementing SEL strategies in the classroom through a competitive preference priority (CPP). The share of maximum points for the SEL CPP, out of the total maximum CPP points in the fiscal year 2022 competition, should be no less than the share of CPP points the SEL priority represented in the fiscal year 2020 competition.

In addition, the SEED program is an ideal vehicle for helping ensure that more highly trained school leaders are available to serve in traditionally underserved LEAs. Therefore, the Secretary shall continue to include an absolute priority to support the preparation of principals and other school leaders in the fiscal year 2022 competition.

Not less than two weeks before the publication of a notice of proposed priorities or a notice inviting applications, the Department is directed to brief the Committees on plans for carrying out a SEED competition. In addition, the Department shall provide a briefing and notice of grant awards to the Committees at least seven days before grantees are announced.

Arts in Education National Program.—The Department is directed to adhere to the applicable requirements of ESEA, including the statutory priority for eligible national nonprofit organizations “of national scope”, in administering this competition. The Secretary is directed to award prior experience points to applicants that have conducted an Arts in Education National Program project during budget periods 2018–19, 2019–20, and 2020–21.

Community Project Funding/Congressional Directed Spending.—The agreement includes \$140,480,000 for the projects, and in the amounts, specified in the table “Community Project Funding/Congressionally Directed Spending” included in this explanatory statement accompanying this division.

SAFE SCHOOLS AND CITIZENSHIP EDUCATION *School Safety National Activities*

The agreement includes \$201,000,000 for national activities, an increase of \$95,000,000 which shall be used by the Department as described in this statement. If non-competitive continuation awards are lower than anticipated, or resources become available for another reason, the Department is directed to use funds only for activities described in this statement or for Project SERV.

Not less than two weeks before the publication of a notice of proposed priorities or a notice inviting applications, the Department is directed to brief the Committees on plans for carrying out any new competition funded within School Safety National Activities. In addition, the Department shall provide a briefing and notice of grant awards to the Committees at least seven days before grantees are announced.

Project Prevent.—The agreement includes \$5,000,000 for new awards for Project Prevent grants to increase the capacity of LEAs to serve students exposed to violence in their communities.

School-based Mental Health Professionals.—The agreement includes \$55,000,000, an increase of \$45,000,000 over the fiscal year 2021 enacted level, for the Mental Health Services Professional Demonstration Grants program

established in the Department of Education Appropriations Act, 2019 and \$56,000,000, an increase of \$45,000,000 over the fiscal year 2021 enacted level for the School-Based Mental Health Services Grants program established in the Department of Education Appropriations Act, 2020.

The agreement does not expand the scope of these grants to include school nurses; however, the agreement helps address these urgent needs through increased support for School-based Health Centers administered by the Health Resources & Services Administration.

Promise Neighborhoods

The agreement provides a portion of funds for the first year of two-year extension grants to high quality Promise Neighborhood programs that have demonstrated positive and promising results through their initial implementation grant to strengthen grantee community’s abilities to scale city and regional reinvestment strategies and allow for direct pipeline services. The Department shall provide a briefing on implementation plans for the Promise Neighborhoods program not later than 14 days prior to issuing a notice inviting applications for new awards or extension grants.

SPECIAL EDUCATION

Education Materials in Accessible Formats for Students with Visual Impairments.—The agreement provides no less than \$9,000,000 for a new Educational Materials in Accessible Formats for Children and Students with Visual Impairments and Print Disabilities competition. The Department is encouraged to continue to expand this program’s reach to K–12 students in underserved areas, further support eligible students enrolled in postsecondary schools, and expand or enhance models for postsecondary schools to produce and disseminate accessible educational materials and textbooks that align with the key recommendations from the Advisory Commission on Accessible Instructional Materials in Postsecondary Education for Students with Disabilities.

REHABILITATION SERVICES

Disability Innovation Fund (DIF).—The agreement provides that up to 15 percent of the amounts available for the DIF may be used for evaluation and technical assistance. The agreement requests the Department submit a plan to the Committees for proposed evaluation and technical assistance activities within 90 days of enactment of this Act. In addition, the Departments of Education and Labor shall brief the Committees on Appropriations; the Committee on Health, Education, Labor, and Pensions of the Senate; the Committee on Education and Labor of the House of Representatives; the Committee on Finance of the Senate; and the Committee on Ways and Means of the House of Representatives, within 120 days of enactment of this Act, on its plans for implementation and uses of DIF funds and provide updates annually thereafter on implementation.

Community Project Funding/Congressional Directed Spending.—The agreement includes \$2,325,000 for the projects, and in the amounts, specified in the table “Community Project Funding/Congressionally Directed Spending” included in this explanatory statement accompanying this division.

SPECIAL INSTITUTIONS FOR PERSONS WITH DISABILITIES

American Printing House for the Blind.—The agreement includes \$6,000,000, an increase of \$3,000,000, to continue and expand the Center for Assistive Technology Training regional partnership established in fiscal year 2019.

National Technical Institute for the Deaf (NTID).—The agreement includes \$9,500,000,

an increase of \$3,000,000, to continue and expand NTID’s current Regional STEM Center.

Gallaudet University.—The agreement includes \$6,500,000, an increase of \$3,000,000, to continue and expand the current regional partnership through the Early Learning Acquisition Project.

CAREER, TECHNICAL, AND ADULT EDUCATION

Adult Education National Leadership Activities.—The agreement encourages the Department to support technical assistance that will help build the evidence-base of adult education programs, including supporting States in prioritizing rigorously evaluated programs.

STUDENT FINANCIAL ASSISTANCE

Pell Grants.—The agreement increases the maximum award by \$400, to a total, including discretionary and mandatory funding, of \$6,895 in academic year 2022–2023.

Federal Work Study.—Within the total for Federal Work Study, the agreement includes \$10,829,000, for the Work Colleges program authorized under section 448 of the Higher Education Act (HEA).

STUDENT AID ADMINISTRATION

Student Loan Servicing.—The agreement includes \$2,033,943,000 for Student Aid Administration. Over the last several years, Congress has provided significant funding to support the implementation of the Next Gen initiative and the move towards a long-term servicing solution. While some progress has been made to improve loan servicing for borrowers, there is still no long-term servicing solution in place. Therefore the agreement continues to include bill language requiring the Office of Federal Student Aid to submit a detailed spend plan of anticipated uses of funds and to provide quarterly updates on its progress towards fulfilling the spend plan. The agreement also continues a provision to provide, at a minimum, quarterly briefings to the authorizing and appropriations committees on progress related to solicitations for Federal student loan servicing contracts.

HIGHER EDUCATION

International Education and Foreign Language Studies

Domestic Programs.—The agreement includes no less than \$500,000 to establish a Native American Language Resource Center under the Language Resource sections 601 and 603 of the HEA to be administered by the Office of Indian Education.

Minority Science and Engineering Improvement

The agreement is supportive of efforts by the Department to prioritize awards to HBCUs for the establishment of Aviation and Aeronautics programs.

Federal TRIO Programs

The agreement directs the Department to allocate increases to each TRIO program, which may include funding down the slate of unfunded high-quality applications from the Student Support Services competition held in fiscal years 2020 and Talent Search and Educational Opportunity Centers competitions in fiscal year 2021. Further, such grantees shall be eligible for prior experience points for demonstrated performance outcomes in subsequent competitions. The agreement directs the Department to include estimated funding for each TRIO program in the operating plan required under section 516 of this Act.

GEAR UP

In addition to the directives included under this heading in House Report 117–96, in making new awards, the Department shall ensure that not less than 33 percent of the new award funds are allocated to State awards, and that not less than 33 percent of the new award funds are allocated to Partnerships awards, as described in section 404(b) of the HEA.

Child Care Access Means Parents in Schools (CCAMPIS)

The agreement lifts the statutory cap on grant awards to institutions of higher education, to more accurately reflect the costs of providing high-quality, convenient child care options for students. The agreement encourages the Department to consider using a portion of these funds to provide supplemental grants to current grantees, consistent with a higher grant award cap.

Fund for the Improvement of Postsecondary Education (FIPSE)

The agreement includes \$76,000,000 for FIPSE which shall be used by the Department as described in this statement. If non-competitive continuation awards are lower than anticipated, or resources become available for another reason, the Department is directed to use funds only for activities described in this statement.

Budget Activity	FY 2022 Agreement
Augustus F. Hawkins Center of Educational Excellence	\$8,000,000
Basic Needs Grants	8,000,000
Centers of Excellence for Veterans Student Success Program	8,500,000
Center of Excellence in Spatial Computing	2,000,000
Digital Learning Infrastructure and IT Modernization Pilot ..	4,000,000
Modeling and Simulation Programs	8,000,000
Open Textbook Pilot	11,000,000
Postsecondary Student Success Grants	5,000,000
Rural Postsecondary and Economic Development Grant Program	20,000,000
Transitioning Gang-Involved Youth to Higher Education	1,500,000

Augustus F. Hawkins Centers of Excellence.—The agreement includes \$8,000,000 to support grantees for the Hawkins Centers of Excellence program, as authorized by section 242 of the HEA, with up to \$3,000,000 to support teaching assistant initiatives at HBCUs and MSIs that have partnerships with high-need LEAs.

Basic Needs Grants.—The agreement includes \$8,000,000 for this activity described under this heading in House Report 117-96; however, at least 25 percent of grants must go to community colleges and at least 25 percent must go to four-year Historically Black Colleges and Universities (HBCUs), Hispanic Serving Institutions (HSIs), and other Minority Serving Institutions (MSIs). Grant priority will go to institutions with 25 percent or higher Pell enrollment.

Centers of Excellence for Veterans Student Success Program.—The agreement includes \$8,500,000 for this activity described under this heading in House Report 117-96.

Center of Excellence in Spatial Computing.—The agreement includes \$2,000,000 for this activity described under this heading in House Report 117-96.

Digital Learning Infrastructure and IT Modernization Pilot.—The agreement includes \$4,000,000 to support IT modernization at HBCUs and MSIs, including technical assistance and partnerships with HBCUs and MSI to improve their digital learning infrastructure.

Modeling and Simulation Programs.—The agreement includes \$8,000,000 for this activity described under this heading in House Report 117-96.

Open Textbook Pilot.—The agreement includes \$11,000,000 to continue the Open Textbook Pilot. This includes funding to fully fund all continuation grants and support a new grant competition in fiscal year 2022. The Department is directed to issue a notice inviting applications and allow for a 60-day application period. This funding should support a significant number of grant awards with the same terms and conditions as specified for this activity in the fiscal year 2021 notice and House Report 117-96.

Postsecondary Student Success Grants.—The agreement includes \$5,000,000 for a new Postsecondary Student Success Grants program,

to support evidence-based activities to improve postsecondary retention and completion rates.

Rural Postsecondary and Economic Development Grant Program.—The agreement includes \$20,000,000 for the Rural Postsecondary Economic Development Grant program. The Department is directed to make additional awards to quality applicants from the competition in fiscal year 2021. Such awards should be completed within 90 days of enactment of this Act.

Transitioning Gang-Involved Youth to Higher Education.—The agreement includes \$1,500,000 for this activity described under this heading in House Report 117-96.

National Center for College Students with Disabilities.—The National Center for College Students with Disabilities should continue to provide technical assistance and best practice information about disability as students transition to institutions of higher education, collect information and research on disability services on college campuses, and report to the Department about the status of college students with disabilities in the United States.

Community Project Funding/Congressional Directed Spending

The agreement includes \$249,400,000 for the projects, and in the amounts, specified in the table “Community Project Funding/Congressionally Directed Spending” included in this explanatory statement accompanying this division.

HOWARD UNIVERSITY

The agreement includes \$344,018,000 for Howard University. Within the total, the agreement includes \$100,000,000 to support construction of a new hospital.

INSTITUTE OF EDUCATION SCIENCES (IES)

Administrative Expenses.—The agreement provides an appropriation for administrative expenses directly to IES which had previously received such support through an appropriation controlled by the Secretary.

Assessment.—The agreement provides \$180,000,000 to support the current assessment schedule for the National Assessment of Educational Progress, including administration in 2022 of the Civics and U.S. History assessment in 8th grade at the national level; necessary research and development needed to maintain assessment quality, integrity and continuity, and achieve efficiencies; and maintain plans for the administration of a State-level Civics assessment in future years. The National Assessment Governing Board and IES should continue to consult with the authorizing and appropriations committees of Congress as it considers strategies in achieving cost efficiencies in and upgrades of its assessment program. Further, the agreement directs the Department to describe implemented and planned strategies for cost efficiencies and necessary research and development projects in future Congressional Justifications.

National Board for Education Sciences (NBES).—The agreement notes that NBES has been without members for an extended timeframe; as a consequence, NBES has been unable to fulfill key statutory duties such as providing recommendations to the Director of IES on strengthening education research, relevance and use, and regularly evaluating the work of the Institute. The agreement requests the Department provide information in future Congressional Justifications regarding its plans for NBES.

Operating Plan.—The agreement directs the Director to submit an operating plan within 90 days of enactment of this Act to the Committees detailing how IES plans to allocate funding available to the Institute for research, evaluation, statistics, administration and other activities.

DEPARTMENTAL MANAGEMENT

Centers for Interconnected Behavioral and Mental Health Systems.—The agreement urges the Department to work with the Department of Health and Human Services to support expanded access to mental health services for children and adolescents, including through school-based health centers. The Department should consider how regional research centers on positive behavioral interventions and supports (PBIS) and school-based mental health services could work with the existing National Technical Assistance Center on PBIS and existing school-based health centers across the country to support such expanded access, including through the study and greater of implementation of the Interconnected Systems Framework. The Department should be prepared to discuss its plans during hearings on the fiscal year 2023 budget held by the Committees.

ESEA Per Pupil Spending Reporting.—The Department is directed to continue efforts to support the ESEA requirement for per-pupil expenditure reporting for all States and school districts in the Nation. The agreement requests an update on these efforts in the next Congressional Justification, which should include actions taken and planned to support the full implementation of this requirement and efforts to improve the accessibility, quality, and utility of this information.

Menstrual Hygiene Products.—The agreement encourages the Department of Education, in consultation with the Department of Health and Human Services, to provide technical assistance and share best practices with institutions of higher education seeking to expand access to menstrual products for postsecondary students.

Office of English Language Acquisition.—The Department is directed to provide a briefing to the Committees and authorizing committees not later than 180 days after enactment of this Act on the Department’s plans to support the organizational responsibilities among its Office of Elementary and Secondary Education and Office of English Language Acquisition to improve support for English learners and their educators, including through federal technical assistance. The Department is expected to be prepared to identify plans for supporting effective instructional educational programs, including bilingual and dual language approaches, implemented at the discretion of SEAs and LEAs and addressing the needs of English learners (ELs) who are also older students, classified as ELs for an extended amount of years, and ELs who are also students with disabilities.

School Improvement.—The Department is directed to provide a briefing to the Committees and authorizing committees not later than 90 days after enactment of this Act on the Department’s actions and plans for addressing the challenges identified in GAO’s report on school improvement and assisting SEAs and LEAs with implementing the school improvement requirements of ESEA.

GENERAL PROVISIONS

The agreement continues authority for pooled evaluation authority.

The agreement continues a provision regarding endowment income.

The agreement continues authority for the National Advisory Committee on Institutional Quality and Integrity.

The agreement continues authority for account maintenance fees.

The agreement modifies a provision rescinding unobligated discretionary balances previously appropriated for the Pell grant program.

The agreement modifies a provision rescinding fiscal year 2021 mandatory funding

to offset the mandatory costs of increasing the discretionary Pell award.

The agreement includes a new provision allowing up to 0.5 percent of funds appropriated in this Act for programs authorized under the HEA, except for the Pell Grant program, to be used for evaluation of any HEA program.

The agreement includes a new provision providing an additional amount for the projects, and in the amounts, as specified in the table titled Community Project Funding/Congressionally Directed Spending in the explanatory statement accompanying this division.

The agreement modifies a provision regarding cohort default rates.

The agreement includes a new provision rescinding fiscal year 2021 unobligated balances.

TITLE IV

RELATED AGENCIES

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

The agreement supports The Committee for Purchase From People Who Are Blind or Severely Disabled's (the Commission) intent to discontinue requiring Central Nonprofit Agencies (CNA) to report to the Commission prior to any significant meetings and directs the Commission to ensure that the requirement is removed from all CNA agreements.

Requested Reports.—The Commission shall submit, upon request by any of the Committees of jurisdiction, the reports described under this heading in House Report 115-244. Any such report shall be due no later than 60 days after the request. The agreement requests "Report 1" as described under this heading in House Report 115-244 within 60 days of the close of the fiscal quarter. Such report shall include a summary of total fees and price (contract total) by nonprofit agency. The agreement requests "Report 2" as described under this heading in House Report 115-244 for the fiscal year due within 60 days of the close of the fiscal year.

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE (CNCS)

OPERATING EXPENSES

Innovation, Demonstration, and Assistance Activities.—The agreement includes \$9,888,000 for innovation, assistance, and other activities. The agreement includes \$6,558,000 for the Volunteer Generation Fund, \$2,165,000 for the September 11th National Day of Service and Remembrance, and \$1,165,000 for the Martin Luther King, Jr. National Day of Service.

Service Learning.—The agreement encourages CNCS to continue to be a convener of the important work surrounding service learning. The agreement requests a report not later than 120 days after enactment of this Act detailing the steps necessary to restart service learning programs such as Summer of Service and Semester of Service on a broader scale.

Commission Investment Fund (CIF).—The agreement includes no less than the fiscal year 2021 level for the CIF.

AmeriCorps Competitive Grants.—When establishing priority areas for national service resources in future fiscal years, the agreement encourages CNCS to prioritize awards to organizations that provide services to support individuals seeking recovery from substance use disorders, including programs employing recovery coaching.

Public Awareness Campaign.—The National Commission on Military, National, and Public Service recently submitted its final report and recommendations, which included proposals for a national awareness campaign that informs the public about the various military, national, and public service oppor-

tunities available to them and ways to increase participation. The agreement directs CNCS to collaborate with the Department of Defense, the Office of Personnel Management, the Peace Corps, and the US Public Health Service Commissioned Corps on developing a strategy for a public awareness campaign on service opportunities.

GENERAL PROVISIONS

The agreement includes a new provision related to VISTA education awards.

INSTITUTE OF MUSEUM AND LIBRARY SERVICES

The agreement includes funds for the following activities:

Budget Activity	FY 2022 Agreement
Library Services Technology Act:	
Grants to States	\$168,803,000
Native American Library Services	5,263,000
National Leadership: Libraries	13,406,000
Laura Bush 21st Century Librarian	10,000,000
Museum Services Act:	
Museums for America	27,899,000
Native American/Hawaiian Museum Services	2,272,000
National Leadership: Museums	8,113,000
African American History and Culture Act:	
Museum Grants for African American History & Culture	5,231,000
National Museum of the American Latino Act:	
Museum Grants for American Latino History & Culture ..	4,000,000
Research, Analysis, and Data Collection	4,513,000
Program Administration	18,500,000
Total	268,000,000

PROGRAM ADMINISTRATION

The agreement includes \$2,000,000 for the creation of an information literacy taskforce tasked with developing guidance, instructional materials, and national strategies on information literacy, including, at minimum, the creation of a website to disseminate best practices on information literacy and toolkits specially designed to help people of all ages understand, evaluate, and discern the reliability and accuracy of information. The website shall serve as a clearinghouse for information on literacy programs, offer strategies and tools tailored to both native and non-native English speakers and communities, coordinate information on Federal initiatives, programs, grants, publications, and materials promoting enhanced information literacy, and offer such other information as the Taskforce finds appropriate in the fulfillment of its purpose. The Taskforce shall take steps necessary to coordinate and promote information literacy efforts across departments and agencies throughout the Federal government and with libraries and museums at the State and local level, including promoting partnerships among Federal, State, and local governments, nonprofit organizations, and private enterprises.

RAILROAD RETIREMENT BOARD

LIMITATION ON ADMINISTRATION

The agreement continues to direct the Railroad Retirement Board to provide a comprehensive update on the implementation of the agency's information technology systems modernization effort, including timeline to completion, anticipated and actual project costs, obligations to date, and related contracts. Such annual update is requested not later than 180 days after enactment of this Act and should provide information for each fiscal quarter.

SOCIAL SECURITY ADMINISTRATION (SSA)

LIMITATION ON ADMINISTRATIVE EXPENSES

The agreement includes an increase of \$411,000,000 for SSA's administrative expenses.

Disability Backlogs.—The agreement recognizes that the pandemic disrupted progress SSA made with its disability hearings backlog. The agreement notes the adverse impacts disability hearings backlogs have on an individual's ability to access their Social

Security benefits. Accordingly, the agreement urges the Commissioner to prioritize the hiring of administrative law judges and requisite staff to adjudicate backlogged claims. In addition, the agreement directs the Commissioner to continue to prioritize efforts to reduce wait time disparities across the country by directing resources and workload assistance, as necessary, to areas with greatest need. Further, the agreement requests quarterly reports on efforts to reduce the hearings backlog for Hearing Offices in the bottom twenty of national ranking by average processing time.

The pandemic has also contributed to a backlog of initial disability claims that also has significant negative impacts on individuals waiting on their Social Security benefits, and that will only put more pressure on the disability hearings process in future years. The agreement requests a briefing within 90 days of enactment of this Act, and quarterly thereafter, on SSA's plan for reducing the initial disability claims and hearings backlogs, including estimates of the resources needed to do so.

Evaluation and Statistics Retirement and Disability Research Consortium (RDRC).—The agreement directs SSA to increase funding at all four centers to allow for an increase in the number of projects across the RDRCs.

Improving Ticket to Work Administration and Reducing Overpayments.—The agreement supports agency efforts to improve administrative processes that reduce overpayments, including in the Ticket to Work program, which can create significant challenges as beneficiaries attempt to return to work. SSA is directed to brief the Committees within 90 days of enactment of this Act on planned efforts in this area.

Mailing Paper Statements.—The agreement urges SSA to mail paper statements to all contributors aged 25 and older in accordance with Section 1143 of the Social Security Act.

Occupational Information System (OIS).—The agreement continues to direct SSA to include its annual report on OIS sufficient details, including a timeline, on plans to fully implement OIS in coming years.

Work Incentives Planning and Assistance (WIPA) and Protection and Advocacy for Beneficiaries of Social Security (PABSS).—The agreement includes \$23,000,000 for WIPA grants and \$10,000,000 for PABSS.

SOCIAL SECURITY ADMINISTRATION (SSA)

OFFICE OF INSPECTOR GENERAL (OIG)

Combating Social Security Impersonation Scams.—According to the SSA OIG, there has been a significant increase in Social Security impersonation scams in recent years. While the OIG has made progress in combating these scams, the agreement encourages the OIG to continue to prioritize working with SSA to increase awareness of this scam and to pursue the criminals perpetrating this fraud.

TITLE V

**DIVISION I—LEGISLATIVE BRANCH
APPROPRIATIONS ACT, 2022**

The following is an explanation of the effects of Division I, which makes appropriations for the legislative branch for fiscal year 2022. The joint explanatory statement accompanying this division is approved and indicates congressional intent. Unless otherwise noted, the language set forth in House Report 117–80 carries the same weight as language included in this joint explanatory statement and shall be complied with unless specifically addressed to the contrary in this joint explanatory statement. While some language is repeated for emphasis, this explanatory statement does not intend to negate the language referred to above unless expressly provided herein.

Reprogramming Guidelines.—House Report 117–80 language regarding reprogramming guidelines is modified to clarify that all legislative branch agencies are expected to notify the Committees on Appropriations of the House and the Senate (hereinafter “the Committees”) of any significant departures from budget plans presented to the Committees in any agency’s budget justifications. Agencies funded through this act are required to notify the Committees prior to any reprogramming of funds in excess of the lesser of 10 percent or \$750,000 between programs, projects or activities, or in excess of \$750,000 between object classifications (except for shifts within the pay categories, object class 11, 12, and 13, or as further specified in each agency’s respective section). This includes cumulative reprogrammings that together total at least \$750,000 from or to a particular program, activity, or object classification as well as reprogramming full-time equivalents (FTE) or funds to create new organizational entities within the agency or to restructure entities that already exist. In addition, the Committees must be notified of reprogramming actions that involve less than the above-mentioned amounts if such actions would have the effect of changing an agency’s funding requirements in future years or if programs or projects specifically cited in the Committees’ reports are affected.

Prior to initial obligation or reallocation of funds, all congressional reprogramming notifications shall, to the maximum extent practicable, contain detailed information about the sources of the funds and why such funds are no longer intended to be used as previously justified.

All reports are required to be completed in the timeframe noted in each respective directive. Moreover, the Committees expect that the conditions associated with funding appropriated by this act shall be accomplished in the manner as directed in the report, consistent with congressional intent.

Cyber and Physical Data Security.—The agreement modifies House Report 117–80 language in regards to Cyber and Physical Data Security. Legislative branch agencies should consider proactive steps to protect critical Information Technology (IT) infrastructure, including prevention of cyberattacks, secure data storage, and ensuring continuity of government operations. The Committees recommend that, as part of their production, redundant, and backup network architecture solutions, legislative branch agencies utilize computing and cloud facilities designed for concurrent maintainability (equivalent to ANSITIA-942-A, or Uptime Institute Tier III standards and industry best practices), and also consider geographic diversity. Additionally, each legislative branch agency is directed to submit an action plan within 90 days of enactment of this act detailing a schedule, cost, and implementation plan ensuring robust, secure, and resilient data center infrastructure for agency IT systems and data.

Cybersecurity for the Legislative Branch.—The agreement includes funding requested by the legislative branch agencies in fiscal year 2022 to strengthen cyber defenses.

Full-Time Equivalents.—The agreement directs that budget justifications sent by legislative branch agencies to the Committees shall include a comparison of FTE based on the number of FTE supported by the funding provided in the currently enacted appropriations act and the number of FTE that would be supported by the funding requested for the following fiscal year.

Good Accounting Obligation in Government Act.—The Good Accounting Obligation in Government Act, or GAO–IG Act (Public Law 115–414) requires that each Federal agency, including the agencies of the legislative branch, include an accounting of any public recommendations by the Government Accountability Office or the agency’s Office of Inspector General that have not yet been implemented, and the timeframe for implementation. It is expected that each agency in this bill include such a report in its fiscal year 2023 congressional budget justification.

Federal Law Enforcement.—The agreement notes that the explanatory statement accompanying the Commerce, Justice, Science, and Related Agencies Appropriations Act, 2022 directs the Attorney General to ensure implementation of evidence-based training programs on de-escalation and the use-of-force, as well as on police community relations, and the protection of civil rights, that are broadly applicable and scalable to all Federal law enforcement agencies. The agreement further notes that several agencies funded by this act employ Federal law enforcement officers and are Federal Law Enforcement Training Centers partner organizations. The agreement directs such agencies to consult with the Attorney General regarding the implementation of these programs for their law enforcement officers. The agreement further directs such agencies to submit a report to the Committees on Appropriations on their efforts relating to such implementation no later than 180 days after consultation with the Attorney General. In addition, the agreement directs such agencies, to the extent that they are not already participating, to consult with the Attorney General and the Director of the Federal Bureau of Investigation regarding participation in the National Use-of-Force Data Collection. The agreement further directs such agencies to submit a report to the Committees on Appropriations, no later than 180 days after enactment of this Act, on their efforts to so participate.

Motorized Micromobility Devices on Capitol Grounds.—Unless the Capitol Police Board elects to amend the Code of Traffic Regulations for the United States Capitol Grounds, the U.S. Capitol Police (USCP) and the Sergeants at Arms (SAAs) are expected to continue to follow the directives included in the joint explanatory statement to accompany Division D of Public Law 116–94 regarding the Capitol Grounds and dockless commercial scooters, or e-scooters, and other motorized devices for rent. Recognizing that such devices serve as popular commuting options for congressional staff, tourists, and other visitors to the District of Columbia and Capitol Grounds, the USCP, SAAs, and the Architect of the Capitol (AOC) are encouraged to engage with the District’s Department of Transportation and shared micromobility companies to explore the feasibility of installing shared e-scooter docking points, including hubs for parking and charging, at designated locations adjacent to campus as determined by USCP, SAAs, and the AOC to ensure rider convenience while not creating a public safety risk on Capitol Grounds. Such engagement should also explore ways

to ensure that riders are informed of Capitol Grounds’ rules and regulations for proper usage, including digital signage at each hub and within companies’ apps.

Offices of Inspectors General (OIG) Budgets.—Ensuring independence between legislative branch OIGs and their respective reporting agencies is important. Agencies are expected to include a separate section reflecting a detailed budget request for their OIGs within their fiscal year 2023 budget justifications. Each OIG is directed to keep the Committees fully apprised of its funding needs. In addition, each agency is directed to avoid interference with or require approval for such communications between the OIG and the Committees.

Preparing for Emergencies.—The impacts of the COVID–19 pandemic and the events of January 6 have placed financial strain on legislative branch agencies. Each legislative branch agency is encouraged to consider operational changes to better position the agency financially, logistically, and otherwise to prevent, prepare for, and respond to emergencies and to update the Committees on any findings within 90 days of enactment of this act.

Science and Technology Assistance for Congress.—Recent investments have been made to strengthen the capacities of the Government Accountability Office (GAO) and Congressional Research Service (CRS) to provide Members and congressional staff with timely, expert research, and policy analysis on current and emerging legislative issues related to science and technology (S&T) and Federal uses and oversight of S&T. The agreement provides funding for both GAO and CRS to hire additional staff for their specialized teams working on S&T issues. GAO and CRS are encouraged to continue increasing outreach efforts to make Members and congressional staff more aware of the S&T resources they provide.

Zero-Based Budgeting.—The agreement reiterates House Report 117–80 language regarding zero-based budgeting and directs all agencies of the legislative branch to develop budget requests from a zero-base.

**TITLE I
SENATE**

The agreement includes \$1,094,893,574 for Senate operations. This relates solely to the Senate and is in accordance with long practice under which each body determines its own housekeeping requirements and the other concurs without intervention.

Office of the Secretary.—The recommendation provides these funds for salaries to the Secretary of the Senate without apportionment in the interest of facilitating financial management duties and restructuring that occurs from time to time. The Senate Committee expects to be notified, in writing and in a timely manner, of any changes to the staffing levels, distribution of staff, or related funding.

Office of the Sergeant at Arms and Doorkeeper.—The recommendation includes funding to enhance the IT help desk experience in the Senate; continue implementation of a Unified Communications system; and fully support the continued initiative to expand the Senate’s cybersecurity capabilities. The Senate Committee expects to be updated regularly as the Cybersecurity Department develops its strategic plan to modernize and harden the Senate’s cyber defense.

The recommendation provides these funds to the Senate SAA without apportionment in the interest of facilitating financial management duties and restructuring that occurs from time to time. The Senate Committee expects to be notified, in writing and in a timely manner, of any changes to the staffing levels, distribution of staff, or related funding.

Employee Assistance Program.—The recommendation fully funds the requested increase for the Senate SAA to expand resources, including adding counselors and developing website services, to meet increased demand and support the mental and emotional health needs and well-being of the Senate community.

Office Cybersecurity.—The Senate SAA is expected to utilize funds provided for fiscal year 2022 to conduct third-party cybersecurity auditing services and resiliency assessments for all Senate offices and committees to protect the privacy and integrity of office networks; provide enhanced cybersecurity training for each Senate office; institute protections against insider threats; and institute and operationalize enhanced privacy protections within the Senate network.

Cyber Care Awareness.—The Senate Committee remains aware of the threat of hacking and cyberattacks on Senators and staff, including on their personal devices and accounts. SAA is working to improve personal cybersecurity, cyber advisories, and cybersecurity best practice documents tailored to personal devices and accounts. The SAA shall, in coordination with the Senate Committee on Appropriations, the Senate Committee on Rules and Administration, and Senate majority and minority leadership, continue to explore ways—including the options presented in the bipartisan Senators' Personal Cybersecurity Working Group's report—in which it may better provide voluntary cybersecurity support to any Senator seeking assistance with their personal devices or accounts under existing ethics, rules, appropriations, statutory, and civil law, including whether investments in additional IT hardware and software, additional personnel, and additional guidelines are needed. SAA is also directed to work with Members and staff to increase training opportunities surrounding Member and staff travel abroad.

Office of the Legislative Counsel of the Senate.—The recommendation provides \$7,353,000 for the Office of the Legislative Counsel of the Senate, which will allow the office to hire three attorneys and one staff assistant in fiscal year 2022 to meet the increasing demand by personal offices and committees for help in drafting complex and lengthy legislative proposals of the quality and at the pace that the Senate requires.

Secretary of the Senate Contingent Expenses.—The recommendation provides funds for expenses to the Secretary of the Senate without apportionment in the interest of facilitating financial management duties and restructuring that occurs from time to time. The Secretary of the Senate is expected to notify the Senate Committee in writing and in a timely manner of any cumulative changes in excess of 10 percent to the funding levels between programs, projects, or activities.

Senators' Records.—As with the past two fiscal years, the Senate Committee notes the continuing importance of preserving the records of currently serving Senators to ensure a full historical record of a Senator's

service. The Consolidated Appropriations Act of 2021 (Public Law 116-95) directed the Secretary of the Senate to provide a report detailing, among other things, ways in which the Secretary can further support the archiving needs of Senators, particularly with regard to preserving digital records, including partnering with public institutions designated as repositories of Senators' records. The Committee agrees with the Secretary that more can be done to ensure the preservation of Senators' records and the donation of such records to research institutions to make them available at an appropriate time. To that end, the Senate Committee encourages Senators' offices to utilize all available Senate resources to ensure that such records are ready for preservation upon retirement. The Senate Committee recognizes the significant burdens and challenges that archiving efforts place on Senators' offices and provides \$10,000,000 to assist with the proper archiving of official records. The funding made available by this provision may be used by the Secretary of the Senate, consistent with the recommendations in the Secretary's report pursuant to Public Law 116-95, to assist Deputy Archivists in providing additional records management support to offices, further develop training programs to guide staff on record-keeping procedures, and award preservation partnership grants to educational institutions chosen to serve as repositories of Senators' records. Preservation partnership grants should not exceed \$2,500,000, and the availability of grants should be determined six months after the date of enactment of this act, from applications submitted to the Senate Historical Office by repositories designated by currently serving Senators, in order of the number of years of Senate records being accessioned. Each request, upon entering an approved agreement, shall be funded at the amount requested up to the maximum award, until the grant fund has been fully designated, and after considering funding for the processing capabilities and other archiving assistance programs of the Senate Historical Office as described above. The Senate Committee directs the Secretary, after consultation with and approval by the Senate Committee on Appropriations and the Senate Committee on Rules and Administration, to enter into agreements with each such grantee that requires the grantee to assist the Senate Historical Office and the Senate Archivist with the continued implementation of best practices and guidance for the archiving of Senator's records in the digital age, as directed by the Secretary.

Sergeant at Arms and Doorkeeper of the Senate Contingent Expenses.—The recommendation provides funds for expenses to the SAA without apportionment in the interest of facilitating financial management duties and restructuring that occurs from time to time. The Senate Committee expects to be notified, in writing, in a timely manner, of any cumulative changes in excess of 10 percent to the funding levels between programs, projects or activities.

Hearing Room Audiovisual Equipment.—The recommendation provides \$4,000,000 in no-

year funding to partially or fully renovate two to four hearing rooms per year. The SAA is expected to continue working with the AOC and the Senate Committees on Appropriations and Senate Committee on Rules and Administration to develop a replacement plan to avoid equipment failure.

Unified Communications.—The recommendation provides funding for the Senate SAA to continue implementation of the Unified Communication and Collaboration (UCC) system. The SAA is directed to provide semi-annual updates to the Senate Committee on the development of the UCC system.

Anomalous Health Incidents.—Since 2016, at least 200 American personnel stationed overseas have experienced mysterious, sudden, and troubling sensory Anomalous Health Incidents (AHI), popularly known as "Havana syndrome." An urgent national security issue, the U.S. intelligence community has launched two separate task forces to address the issue, one investigating the cause and another focused on finding specific technology that could detect or block attacks. Given the SAA's role in Member security, the Committee directs the SAA to engage fully with the task forces and executive branch agencies, such as the Departments of Defense and State, to monitor progress in this area and to keep the Senate Committee informed about any new findings related to causes and any new technologies developed to protect individuals from attacks.

Sergeant at Arms Business Continuity and Disaster Recovery (BCDR) Fund.—The recommendation provides \$25,000,000 for a new SAA BCDR fund, which was requested in fiscal year 2022 as part of the expenses of the Office of the Sergeant at Arms and Doorkeeper. Section 103 of this act provides for the authorization of the BCDR fund. Funds for the BCDR shall remain available until expended. The BCDR fund will allow the Senate to develop and maintain continuity capabilities and quickly meet unanticipated needs, including covering the cost of IT disaster recovery planning and operations, business continuity planning and operations, emergency communications, and general contingency planning. This will allow the SAA to better position the Senate to respond quickly to emergencies and unanticipated and unfunded requirements. The ability to allocate expiring funds, by way of transfer, will help maintain the fund balance, and lessen the need to request appropriations. The SAA shall provide an update to the Senate Committee within 60 days of enactment of this act on any identified uses for the funds in fiscal year 2022 and shall provide a spending plan to the Senate Committee prior to obligation of any funds.

Miscellaneous Items.—The agreement provides \$23,021,500 for miscellaneous items. Any deviation of more than 10 percent cumulatively from the stated levels for each item will require the customary prior approval of the Senate Committee. The following table sets forth the apportionment of funds under this appropriation:

Senate Intern Compensation.—In addition to funding allocated in the table above for Senators' office allowances and for agency contribution costs, the recommendation provides \$7,000,000 for the sole purpose of providing financial compensation to interns. Any intern compensation funding that re-

mains unspent by any office will be returned to the Treasury in accordance with section 101 of this act. Such funding is directed to be allocated among Senators' offices in relative proportion to funds allocated for each office's administrative and clerical assistance allowance for fiscal year 2022 shown in the

table above, which reflect natural variables including State populations, with a small additional amount for non-contiguous states. On average, each office will be allocated an estimated \$70,000 for intern compensation.

ADMINISTRATIVE PROVISIONS

The agreement provides for unspent amounts remaining in the Senators' Official Personnel and Office Expense Account (SOPOEA) to be used for deficit or debt reduction, makes necessary adjustments to the SOPOEA allowance, and establishes and authorizes the Senate Sergeant at Arms Business Continuity and Disaster Recovery Fund.

HOUSE OF REPRESENTATIVES

The agreement includes \$1,714,996,045 for House operations. This item relates solely to the House and is in accordance with long practice under which each body determines its own housekeeping requirements and the other concurs without intervention. The language included in House Report 117-80 should be complied with and carry the same emphasis as the language included in the explanatory statement, unless specifically addressed to the contrary in this explanatory statement.

House Paid Internship Programs (for Committees).—The recommendation expands the paid intern programs to provide for paid internships with Committees in the House of Representatives. The agreement includes \$1,943,910 for the Allowance for Compensation of Interns in House Standing, Special and Select Committee Offices, including \$971,955 for the compensation of interns who serve in offices of the majority and \$971,955 for the compensation of interns who serve in offices of the minority. In addition, the agreement includes \$345,584 for the Allowance for Compensation of Interns in House Appropriations Committee Offices, including \$172,792 for the compensation of interns who serve in offices of the majority and \$172,792 for the compensation of interns who serve in offices of the minority.

Green and Gold Congressional Aide Program (formerly the Wounded Warrior Program and the Congressional Gold Star Family Fellowship Program).—The agreement includes \$9,294,000 for the Green and Gold Congressional Aide Program. The agreement establishes a new name for the former programs at the request of the Chief Administrative Officer for marketing, recruiting, and administrative actions and to eliminate potential confusion with unrelated programs around the country.

House Compensation Study.—In lieu of language included in House Report 117-80 to explore options to mandate participation in the re-implemented survey, the Committee directs the CAO to explore ways in which to increase the number of survey participants when re-implementing the survey.

Death Gratuity.—The agreement provides \$174,000 to the widow of Representative Jim Hagedorn of Minnesota. This death gratuity is consistent with the traditional congressional practice of providing a payment to the families of Members who pass away while in office.

ADMINISTRATIVE PROVISIONS

The agreement provides for unspent amounts remaining in the Members' Representational Allowances (MRA) account to be used for deficit or debt reduction; places a limitation on the amount available to lease vehicles; limits the sharing of House information by Federal entities; establishes allowances for compensation for interns in Committee offices; changes the name of the "Wounded Warrior and the Congressional Gold Star Family Fellowship Program" to the "Green and Gold Congressional Aide Program"; and renames a Committee on Appropriations hearing room.

JOINT ITEMS

JOINT ECONOMIC COMMITTEE

The agreement includes \$4,283,000 for salaries and expenses.

JOINT COMMITTEE ON TAXATION

The agreement includes \$12,385,000 for salaries and expenses.

The Committees support the mission of the Joint Committee on Taxation and make no directive on re-evaluating its currently used methodologies.

OFFICE OF THE ATTENDING PHYSICIAN

The agreement includes \$4,063,000.

OFFICE OF CONGRESSIONAL ACCESSIBILITY SERVICES

SALARIES AND EXPENSES

The agreement includes \$1,606,000 for salaries and expenses.

Accessibility Services Request.—The agreement modifies House Report 117-80 language regarding accessibility services to encourage the Office of Congressional Accessibility Services to work with the AOC and other appropriate entities in the House and Senate to prioritize the incorporation of accessibility systems as the rooms in the Capitol and House and Senate Office Buildings are upgraded and renovated.

CAPITOL POLICE

SALARIES

The agreement includes \$468,861,000 for salaries of the United States Capitol Police. No more than \$71,289,224 is provided for overtime in fiscal year 2022.

Salaries and Benefits.—The Department is directed to report to the Committees within 45 days of enactment of this act on all options available for expanding sworn retirement benefits, to include potential changes to the Department's current pay schedule that would enhance earning potential and impact annuity calculations as well as potential utilization of other benefits affecting annuity calculations used within the Federal sector. The report should also include a feasibility assessment of providing Law Enforcement Availability Pay (LEAP) to officers in future fiscal years.

Resources for Recruitment and Retention.—The agreement includes resources to support the Department's recruitment and retention of sworn officers and civilian personnel. Within 60 days of the enactment of this act, the Department shall provide a report to the Committees on the effectiveness of the retention bonuses provided in the fiscal year 2021 security supplemental (Public Law 117-31) in retaining officers on the force. Such a report shall be submitted along with the Department's budget request for any retention bonuses provided in subsequent fiscal years. Prior to distribution of any future retention bonuses, the Department shall provide a plan for distribution to the Committees that includes amounts, recipients, and justification.

Impacts to Staffing.—The Committees are aware that the USCP Office of Inspector General has included in its annual plan a review of the Department's past major events and protests. The Committees expect this report to examine how the Department's handling of these major events impacted officers, to include morale and attrition.

Policies on Additional Duty.—The Committees recognize the importance of having a policy for assigning officers additional duty and direct USCP to report to the Committees on the policies applied regarding the assignment of additional duty, to include overtime and compensatory time, during times of limited officers on the force.

Responses to USCP OIG Recommendations.—When responding to recommendations detailed in USCP OIG reports, the Department is expected to develop cost proposals for each recommendation to better inform the Committees on what resources would be required to implement the recommendations, such as organizational realignment, changes in posi-

tion descriptions, increased personnel, reassignment of existing personnel, and additional training and equipment.

Risk-Based Protections for Members of Congress.—The agreement provides \$2,000,000 for the Department to provide Member security outside of the Capitol campus in the National Capital Region (NCR), as warranted by risk-based analyses. The USCP is expected to continue working closely with the House and Senate SAAs and law enforcement partners in the NCR, as well as educating Member offices, on USCP's strategy for Members' protection within the NCR while off the Capitol Grounds, per the December 2018 report detailing the Department's plans to enhance off-campus Member security in the NCR.

USCP Office of Inspector General.—The agreement includes funds to support not less than 11 FTE within the USCP OIG.

Wellness Programs for Law Enforcement.—Efforts undertaken by the USCP to develop and implement a holistic wellness and resiliency program for its workforce, to include its partnership with the House Wellness Center, are noted and appreciated. The Committees recognize the importance that mindfulness plays in having a first responder workforce that is holistically balanced and resilient. The Committees are pleased that the new USCP structure includes a dedicated FTE to this program. Therefore, the USCP is directed to continue this effort and to continue to collaborate with the Department of Homeland Security's Federal Law Enforcement Training Centers. Additionally, the Committees appreciate that for many years, the USCP has partnered with the Senate and House Chaplains to provide support to the Department's employees and as part of establishing the Howard C. Liebgood Office of Wellness, is now exploring how to stand up its own chaplain service to meet the varying spiritual needs of its workforce.

GENERAL EXPENSES

The agreement includes \$133,648,000 for general expenses of the Capitol Police.

Diversity Training.—Capitol Police sworn officers interact with thousands of domestic and international visitors every day. Visitors have varying cultural and social needs, including but not limited to individuals with limited English proficiency, diverse cultural and ethnic backgrounds, and disabilities. The Committees recognize that USCP includes diversity training as part of Capitol Police training sessions and, in lieu of the diversity training directive carried in House Report 117-80, the Department shall brief the Committees on any efforts to strengthen its curriculum as encouraged in House Report 116-447.

Enhanced Leadership Development for Newly Promoted Sworn Supervisors.—As indicated in House Report 117-80, the Committees believe that enhanced training should be developed to ensure that newly appointed officials have the requisite experiences and knowledge to lead the officers assigned to them for supervision. The Department is directed to provide a report to the Committees within 90 days of enactment of this act that includes a plan for developing and implementing such an enhanced new supervisor training program, to include the information laid out in House Report 117-80.

Physical Wellness.—The Committees appreciate the efforts undertaken by the USCP to develop and implement a holistic wellness and resiliency program for its workforce, including facilities, resources, and programming dedicated to physical wellness. Recognizing the physically demanding nature of the law enforcement profession, the Committees encourage USCP to continue providing resources for officers to benefit from all

wellness offerings and to cultivate an environment supporting overall physical fitness. Furthermore, the Department is directed to provide a report to the Committees within 90 days of enactment of this act on the current and planned activities to support the overall physical wellness of the force, including a comparison of the Department's annual physical fitness testing requirements with those of other law enforcement agencies and an assessment on the feasibility of aligning the Department's guidelines with those of other agencies.

USCP Information Sharing.—The Department is encouraged to continue increasing its efforts to communicate with Members of Congress, congressional employees, and the public about events occurring around the Capitol complex in a manner that is consistent with and does not interfere with its primary mission of protecting the Congress and the legislative process.

USCP OIG Reports.—This agreement modifies the second paragraph in House Report 117-80 language regarding USCP OIG Reports to direct the OIG to assess current practices to prevent bias within the Capitol Police workforce that would cause harm to or distract from the USCP mission. The OIG is encouraged to provide this report to the Committees no later than 180 days after the enactment of this act.

Periodic Reinvestigation and Continuous Vetting.—The agreement notes that since publishing House Report 117-80, the Department provided a response to the OIG's recommendation to require sworn and operational civilian employees to obtain a Top Secret clearance and to require that administrative and civilian employees obtain a minimum of a Secret clearance. The Committees appreciate the Department's timely response to this recommendation and recognize the staffing limitations that make this recommendation not feasible for the Department at this time. Should the Department's position change, USCP is directed to inform and brief the Committees on its evaluation.

Security Services Bureau.—The agreement provides \$38,488,764 for the Security Services Bureau.

Training to "Stop the Bleed."—The Capitol Police has trained nearly its entire sworn workforce in Tactical Combat Casualty Care, also known as "Stop the Bleed" training, which increases survivability from mass shootings and other casualty events causing life-threatening external bleeding. The USCP is directed to continue such efforts, utilizing the "Stop the Bleed" methodology, to ensure that all officers can respond to and administer basic bleeding control techniques to individuals with trauma.

ADMINISTRATIVE PROVISION

The agreement requires USCP to notify the Committees prior to the obligation of funds under 2 U.S.C. 1905(a)(2) above a certain threshold.

OFFICE OF CONGRESSIONAL
WORKPLACE RIGHTS
SALARIES AND EXPENSES

The agreement includes \$7,500,000 for salaries and expenses, of which \$2,000,000 shall remain available until September 30, 2023.

CONGRESSIONAL BUDGET OFFICE
SALARIES AND EXPENSES

The agreement includes \$60,953,000 for salaries and expenses.

Promoting Transparency.—The Congressional Budget Office (CBO) provides Congress with budgetary and economic analysis that is important to the legislative process and can have significant policy implications. The Committees support CBO's current and planned efforts to improve and promote transparency of the agency's modeling and

cost estimate process. CBO should continue with efforts on transparency that respect the interests of Congress and maintain the agency's professional independence. CBO is expected to include in its fiscal year 2023 budget request details about the agency's ongoing and future efforts to implement the multi-year plan to increase its capacity to make CBO's work as transparent and responsive as possible.

Responsiveness.—The Committees continue to expect CBO to ensure a high level of responsiveness to committees, leadership, and Members of Congress, to the greatest extent practicable under the priorities for CBO set by law, especially when working on current pending legislation. As an agency that prides itself as being nonpartisan, CBO should be providing the same information to all stakeholders at the appropriate time when addressing legislation that has been made public.

ARCHITECT OF THE CAPITOL

The agreement includes \$773,896,233 for the activities of the Architect of the Capitol (AOC).

American-Made Masks.—The Committees appreciate the efforts made by the AOC to identify sources for American-made masks during the COVID-19 pandemic for bulk purchases on behalf of Congress and expect the AOC to purchase masks made in America to the maximum extent possible, should additional purchases be required in the future.

AOC Office of Inspector General.—The agreement includes no less than \$5,300,000 to support no fewer than 20 FTE within the AOC OIG during fiscal year 2022. The Committees reiterate their strong support of the AOC OIG and its independence from the AOC leadership, but encourage the Office to rigorously track its monthly expenditures to ensure it does not exceed the funding identified for it. The AOC is also directed to ensure that sufficient funding is available for contracts and other expenses identified by the AOC OIG to fulfill its mission.

AOC Vehicle Usage.—The AOC is required to comply with 31 U.S.C. 1343 and, as such, limited by the statutory controls over motor vehicle acquisition and use, including price limitation, equipment, and replacement of motor vehicles, and per regulations set forth by the General Services Administration (GSA). The AOC is also expected to adhere to GSA regulations on official use of agency vehicles to perform AOC's mission, including proper identification of the vehicle as Federal government-issued and -owned, as well as home-to-work policies.

Campus-Wide Lighting.—The AOC is directed to provide a briefing to the Committees within 90 days of enactment of this act on the status of initiatives to improve lighting around the Capitol campus.

Timely Responses to Committee Inquiries.—While the Committees primarily communicate with the AOC through the Office of Legislative Affairs, they reserve the right to call upon any individual or organization within its jurisdiction for requests for information. The Committees have both budgetary and oversight capabilities, and requests for additional information from the Chairs, Vice Chair, or Ranking Members, or their committee staff to any jurisdiction should be treated as a priority for the agency and responded to expeditiously.

CAPITAL CONSTRUCTION AND OPERATIONS

The agreement includes \$139,116,500 for Capital Construction and Operations, of which \$5,000,000 shall remain available until September 30, 2026.

Operating Budget:	\$134,116,500
Project Budget:	
Federally Recognized Indian Tribes Study	1,027,000

Planning and Programming	3,973,000
.....	5,000,000
Total, Capital Construction and Operations	\$139,116,500

AOC Response to Sexual Harassment Complaints.—AOC employees should feel their work environment is safe and that complaints of harassment and discrimination are taken seriously. The AOC is expected to continue to brief the Committees on the status of implementation for each inquiry result listed in the AOC OIG's March 2020 review, pursuant to the parameters included in Senate Report 116-124.

Combating Communicable Diseases within the Capitol Complex.—Within the funding provided, the AOC is directed to conduct a feasibility study as described in House Report 117-80 with the goal of reducing the spread of infectious diseases while also further securing the Capitol structure to be more resilient and improve both health and safety infrastructure.

Planning and Programming Briefing.—The AOC is to provide a briefing within 90 days of enactment of this act to the Committees on the obligation of and plans for spending funds provided to the Architect for Planning and Programming.

USCP Headquarters and New Senate Office Building.—The AOC shall identify and evaluate options for a renovation or replacement of the USCP Headquarters and a new Senate Office Building. Such an evaluation should incorporate external screening portals and access points for visitors and staff for the Senate Office Buildings, secure indoor and underground parking, and additional office, committee, and sensitive compartmented information facility space. The AOC is directed to provide a report to the Committees on Appropriations, the Senate Committee on Rules and Administration, and the Committee on House Administration detailing such options within 180 days of enactment of this act.

CAPITOL BUILDING

The agreement includes \$42,579,000, for maintenance, care, and operation of the Capitol Building, of which \$12,899,000 shall remain available until September 30, 2026.

Operating Budget:	\$29,680,000
Project Budget:	
Sprinkler System Installation, USC	6,800,000
Minor Construction	5,500,000
Conservation of Fine and Architectural Art	599,000
.....	12,899,000
Total, Capitol Building	\$42,579,000

Miscellaneous Improvements Notifications.—The Committees appreciate the AOC's efforts to document and notify the Committees of "Miscellaneous Improvements projects," which are completed projects that cost less than \$5,000 for labor and materials. The Committees direct the AOC to provide quarterly reports on Miscellaneous Improvements projects, including a description and cost of each project and the status of total funding set aside for this purpose.

CAPITOL GROUNDS

The agreement includes \$15,237,000 for the care and improvements of the grounds surrounding the Capitol, House and Senate Office Buildings, and the Capitol Power Plant, of which \$2,000,000 shall remain available until September 30, 2026.

Operating Budget:	\$13,237,000
Project Budget:	
Minor Construction	2,000,000
.....	2,000,000
Total, Capitol Grounds	\$15,237,000

Accessibility.—The Committees direct the AOC to prioritize removal of accessibility barriers on the Capitol Complex.

SENATE OFFICE BUILDINGS

The agreement includes \$81,977,000 for the maintenance, care, and operation of the Senate Office Buildings, of which \$9,000,000 shall remain available until September 30, 2026, and \$2,000,000 shall remain available until expended for Committee Room Modernization.

Operating Budget:	\$70,977,000
Project Budget:	
Exterior Door Conservation, Phase I, Dirksen	2,000,000
Committee Room Modernization	2,000,000
Minor Construction	7,000,000
(SCIF Study and Design)	(2,000,000)
.....	11,000,000
Total Senate Office Buildings	\$81,977,000

Calder Mountain and Clouds Sculpture.—The Senate Committee directs the AOC to continue working with outside partners on the restoration of the Calder Mountain and Clouds sculpture. The AOC is expected to continue providing the Senate Committees on Appropriations and on Rules and Administration with regular updates on the status of these efforts.

Composting Program.—The Committee has received requests from Senators to restart the AOC’s post-consumer composting program, which was terminated in 2016. Within 90 days of enactment of this act, the AOC shall brief the Senate Committees on Appropriations and Rules and Administration on the resources and authorities necessary to explore this proposal, including prospective benefits to the Senate of such a program.

Senate Employees’ Child Care Center (SECCC) Facility Assessment.—The Senate Committee notes the importance of the SECCC facility expansion and encourages all stakeholders to continue working towards selecting a preferred site option for site expansion.

Senate Sensitive Compartmented Information Facility (SCIF) Assessment.—Given the limited physical capacity and significant and increasing demand for use by Senators and Senate staff of SCIF space, the recommendation provides an additional \$1,000,000 for Senate Office Buildings Minor Construction above the request, for a total of up to \$2,000,000 to be used for preliminary planning, study, and design of additional sensitive compartmented information facility space for the Senate, in coordination with the Office of Senate Security. The AOC is directed to provide a report to the Senate Committees on Appropriations and on Rules and Administration detailing such options within 180 days of enactment of this act.

HOUSE OFFICE BUILDINGS

The agreement includes \$212,422,500 for the care and maintenance of the House Office Buildings, of which \$12,000,000 shall remain available until September 30, 2026, and \$128,000,000 shall remain available until expended for the restoration and renovation of the Cannon House Office Building. Of the amount made available, \$9,000,000 shall be derived by transfer from the House Office Building Fund.

Operating Budget:	\$72,422,500
Project Budget:	
CAO Project Support	5,000,000
Minor Construction	7,000,000
Cannon Building Restoration	128,000,000
.....	140,000,000
Total House Office Buildings	\$212,422,500

Cannon Building Costs.—The Committees recognize the urgent need to complete the Cannon Building renewal, which will replace outdated building systems, conserve historic aspects of the building, and optimize the functionality of Member suites, among other improvements. The Committees remain concerned that the cost of the Cannon renova-

tion continues to increase from an initial project estimate of \$752,700,000 to the current project estimate of \$934,866,000.

CAPITOL POWER PLANT

The agreement includes \$114,598,000 for maintenance, care and operation of the Capitol Power Plant, of which \$24,575,000 shall remain available until September 30, 2026.

Operating Budget:	\$90,023,000
Project Budget:	
Piping Replacement and Egress Improvements	20,100,000
Minor Construction	4,475,000
.....	24,575,000
Total, Capitol Power Plant	\$114,598,000
Offsetting Collections	(10,000,000)

Electric Vehicle (EV) Charging in the U.S. Senate.—As the onsite presence of electric vehicles has increased on the Capitol campus, additional charging stations are needed. In order to increase the availability of charging stations, the electrical infrastructure of the Senate must also be expanded. The agreement provides an additional \$475,000 for Capitol Power Plant Minor Construction above the request, to upgrade the existing Level 1 (L1) charging stations to Level 2 (L2) fast-charging stations, and to install additional L2 fast-charging stations across the Senate, subject to approval of the locations by the Senate Committee on Rules and Administration. While recognizing that this account is five-year money, the Committees believe the bulk of this work should be completed no later than September 30, 2023.

LIBRARY BUILDINGS AND GROUNDS

The agreement includes \$64,544,000 for Library of Congress Buildings and Grounds, of which \$31,000,000 shall remain available until September 30, 2026.

Operating Budget:	\$33,544,000
Project Budget:	
Fire Alarm and Audibility Upgrade, Phase I, JMMB ...	22,500,000

Total, Capitol Police Buildings, Grounds and Security	\$62,389,733

Forced Entry/Ballistic Resistant Doors.—House Report 117–80 language is negated regarding the forced entry/ballistic resistant doors.

Screening Vestibules.—Within 60 days of the enactment of this act, the USCP and AOC shall brief the Committees on Appropriations, Senate Committee on Rules and Administration, and the Committee on House Administration on the status of the screening vestibules project, to include an update on vestibules both outside the Capitol and outside the House and Senate Office Buildings.

BOTANIC GARDEN

The agreement includes \$24,463,500 for the U.S. Botanic Garden, of which \$10,100,000 shall remain available until September 30, 2026.

Operating Budget:	\$14,363,500
Project Budget:	
National Garden Improvements, BGNG	5,600,000
Urban Agriculture Initiatives	500,000
Minor Construction	4,000,000
.....	10,100,000
Total, Botanic Garden	\$24,463,500

CAPITOL VISITOR CENTER

The agreement includes \$25,569,000 for the Capitol Visitor Center.

ADMINISTRATIVE PROVISIONS

The agreement includes provisions that prohibit payments of bonuses to contractors behind schedule or over budget and make available coins collected from fountains for maintenance operations.

LIBRARY OF CONGRESS

SALARIES AND EXPENSES

The agreement includes \$550,620,874 in direct appropriations for the Library of Congress (the Library or LOC) salaries and expenses. In addition, collections that may be credited to this appropriation shall remain available until expended. The recommendation includes the following to remain available until expended: \$9,661,000 for the Teaching with Primary Sources program, \$1,419,000 for the upgrade of the Legislative Branch Financial Management System, \$250,000 for the Surplus Books Program, \$3,831,000 for the Veterans History Project, and \$10,000,000 for the final installment in the Visitor Experience Initiative. In addition, the agreement includes the fiscal year 2022 request of \$4,400,000 for 5G cellular technology upgrades, \$4,394,000 for the Integrated Electronic Security System (IESS), \$6,500,000 for the Library Collections Access Platform (L-CAP), and \$2,663,000 for Microsoft 365 migration.

IT Modernization.—The Library has made significant progress in recent years modernizing essential Library technology and standardizing and optimizing Library operations. The recommendation will allow the Library’s flagship websites, loc.gov, congress.gov and crs.gov, to be sustained in continuous development and will allow IT infrastructure to continue to be refined and enhanced, with increased integration of IT development, IT security, and IT operations. The agency-wide modernization efforts also address major IT efforts for the Copyright Office, Congressional Research Service (CRS), and the National Library Service for Blind and Print Disabled (NLS). The LOC is expected to continue to refine the IT Modernization and Integrated Master Schedule and encouraged to consider it as an evolving document. The plan should be used to integrate schedules and cost baselines for responsible project management. In addition, the leadership of the Office of the Librarian should help shape and use it as an important management tool.

National Film and Sound Recording Preservation Programs.—The Committees recognize the important work of the National Film Preservation Program and the National Sound Recording Preservation Program, including the federally chartered National Film and National Recording Preservation Foundations. Given that these programs were reauthorized under the Library of Congress Sound Recording and Film Preservation Programs Reauthorization Act of 2016 (Public Law 114–217), the Committees expect that the Library will continue to support them.

LOC Office of Inspector General.—The agreement includes not less than \$4,336,000 for the Library's OIG, to support no fewer than 14 FTE.

Preservation of the Collection.—The Committees recognize the Library currently has over \$2,000,000 available through September 30, 2022, for the purposes of the de-acidification preservation program. Upon the exhaustion or expiration of those funds, whichever comes first, the Committees will evaluate the need for the continuation of the program.

Reading Room Access.—The Committees recognize that public access to the Main Reading Room at the Library of Congress is limited. Currently, researchers must apply to receive registration cards to gain full access to the room, and visitors to the LOC often do not have time to go through the registration process. Therefore, the LOC is directed to provide a report to the Committees within 120 days of enactment of this act on the feasibility of opening the Reading Room to the general public while still preserving the research environment and the collections. The report should include a proposal of times and days to allow public access, any costs associated with opening the room to the public, and any other factors affecting a plan for greater public access.

Visitor Experience Initiative.—The recommendation provides \$10,000,000 for the fourth and final installment in the Library's Visitor Experience, which brings the total federal investment in the project to \$40,000,000. This funding is available until expended and is available only upon approval of the Committees. The Committees continue to direct the Library to provide quarterly updates to the Committees on the project's design, latest cost estimates, obligations incurred by fiscal year source, and anticipated construction and implementation timelines. Cost estimates should be validated by both the Librarian and the Architect of the Capitol. These updates should also include reports on the Library's progress on fundraising initiatives for private funding, including both donations in-hand and verbal commitments.

COPYRIGHT OFFICE

SALARIES AND EXPENSES

The agreement includes \$53,065,000 in direct appropriations to the Copyright Office. An additional \$41,973,000 is made available from receipts for salaries and expenses and \$3,000,000 is available from prior year unobligated balances, for a total of \$98,038,000.

CASE Act and MMA Implementation.—The agreement includes the funding requested to implement the Copyright Alternative in Small-Claims Enforcement (CASE) Act and continues funding for the Orrin G. Hatch-Bob Goodlatte Music Modernization Act (MMA) staffing.

Copyright IT Modernization.—The agreement continues funding for Copyright Office IT modernization efforts. The collaboration between the Copyright Office and the Library's Office of Chief Information Officer is commended, and the Committees direct the two to continue to work together to achieve efficiencies in shared services, while allowing for mission-specific modernization to be the responsibility of the Copyright Office. Per House Report 117-80, the Library is encouraged to remain sensitive to the specialized requirements of the Copyright Office as the Office implements its IT modernization plan in conjunction with the overall Library IT modernization effort. The Copyright Office is directed to provide a detailed spending plan for the IT modernization efforts funded in fiscal year 2022.

CONGRESSIONAL RESEARCH SERVICE

SALARIES AND EXPENSES

The agreement includes \$129,106,000 for salaries and expenses for CRS.

Continuing Education for Congressional Staff.—The agreement includes funds for the development of a legal education program as described in response to House Report 116-447.

NATIONAL LIBRARY SERVICE FOR THE BLIND AND PRINT DISABLED

SALARIES AND EXPENSES

The agreement includes \$61,227,000 for salaries and expenses for the National Library Service for the Blind and Print Disabled.

ADMINISTRATIVE PROVISIONS

The agreement includes provisions related to reimbursable and revolving funds, authorities of the Librarian of Congress to accept gifts, and Library of Congress orders under task and delivery order contracts.

GOVERNMENT PUBLISHING OFFICE

CONGRESSIONAL PUBLISHING

(INCLUDING TRANSFER OF FUNDS)

The agreement includes \$78,872,161 for authorized publishing, printing and binding for the Congress.

PUBLIC INFORMATION PROGRAMS OF THE SUPERINTENDENT OF DOCUMENTS

SALARIES AND EXPENSES

(INCLUDING TRANSFER OF FUNDS)

The agreement includes \$34,020,000.

GOVERNMENT PUBLISHING OFFICE

BUSINESS OPERATIONS REVOLVING FUND

The agreement includes \$11,345,000, to remain available until expended.

Office of Inspector General.—The agreement includes \$6,324,000 for the Government Publishing Office's (GPO) OIG during fiscal year 2022. The Committees direct that the OIG adhere to its fiscal year 2022 budget submission and priorities, and any departure from the budget plan shall be subject to the procedures set forth under the agreement's reprogramming, notification, consultation, and reporting requirements.

GOVERNMENT ACCOUNTABILITY OFFICE

SALARIES AND EXPENSES

The agreement includes \$719,230,113 in direct appropriations for salaries and expenses of the Government Accountability Office. In addition, \$38,900,000 is available from offsetting collections, for a total of \$758,130,113.

Within the total, no less than \$2,451,000 is provided for the GAO Office of Inspector General to support no less than 11 FTE.

Appropriations and Budget Law.—The Committees acknowledge that GAO legal decisions, including those related to the Congressional Review Act, are often fact specific and time consuming. The Committees commend the improvements made by the GAO Appropriations Law Group to increase resources dedicated to supporting Congress' oversight role. GAO is encouraged to continue to find ways to speed up its adjudication process and to prioritize responding to congressional inquiries and publishing formal legal decisions stemming from congressional requests.

Congressionally Directed Spending and Community Project Funding Transparency and Accountability.—The Committees include, as part of the fiscal year 2022 appropriations process, Congressionally Directed Spending (CDS) pursuant to Rule XLIV of the Standing Rules of the Senate and Community Project Funding (CPF) pursuant to House Rules XXI and XXIII, which identify the specific recipients of certain Federal funds in most of this year's annual appropriations acts. Rule XLIV of the Standing Rules of the Senate and House Rules XXI and XXIII re-

quire public transparency and accountability that underpin the process for vetting these proposals. Consistent with those goals, the Committees direct the GAO to undertake an audit of CDS and CPF contained in fiscal year 2022 appropriations acts, with the goal of informing the Committees' consideration of such funding in subsequent fiscal years.

The audit shall include the following characteristics, after consultation with the Committees on Appropriations of the House and Senate:

1. The review shall be based upon a sample drawn from CDS and CPF items across agencies and subcommittees.

2. The review shall determine whether the entities or projects identified to receive CDS or CPF received the funding in question, whether such recipients spent or had an identifiable plan to spend the funding in question, and whether the amounts provided were spent on the purposes identified by the Congress.

3. The review shall evaluate whether the relevant agency or office distributed each item identified for examination in a timely fashion, and whether such agency or office installed sufficient processes for monitoring the recipients' expenditure of such funding.

The GAO shall conduct the audit and provide periodic briefings and reports based on available data to the Committees, including a report to inform the fiscal year 2023 budget process.

DATA Act Briefing.—The Digital Accountability and Transparency Act of 2014 (DATA Act) (Public Law 113-101) mandated a centrally reported and standardized government-wide, financial agency account and award activity information system for the executive branch. The Committees are interested in how this information could be used to support congressional oversight, constituent relations, and policy formation. As GAO has worked on oversight of DATA Act online spending information in the past, the Committees direct GAO to brief the Committees on how existing data could be formatted to support the work of Congress.

GAO Study.—In lieu of House report language regarding a GAO study on personal documents, the agreement addresses this matter in the Financial Services and General Government division.

CONGRESSIONAL OFFICE FOR INTERNATIONAL LEADERSHIP

The agreement includes \$6,000,000 for the Congressional Office for International Leadership (COIL), formerly the Open World Leadership Center.

Expansion of Program to Other Countries.—COIL is requested to keep the Committees apprised of any new developments on expanding programming to include other regions and countries that may be of strategic necessity to the United States.

ADMINISTRATIVE PROVISION

The agreement includes a provision for COIL's statutory name change and clarifies reference to the name change in prior appropriations acts.

JOHN C. STENNIS CENTER FOR PUBLIC SERVICE TRAINING AND DEVELOPMENT

The agreement includes \$430,000 for the Stennis Center for Public Service Training and Development.

TITLE II—GENERAL PROVISIONS

The agreement continues provisions related to maintenance and care of private vehicles; fiscal year limitations; rates of compensation and designation; consulting services; costs of the Legislative Branch Financial Managers Council; limitation on transfers; guided tours of the Capitol; limitation on telecommunications equipment procurement; prohibition on certain operational expenses; plastic waste reduction; Capitol

health and safety; annual rates of pay for certain legislative branch agencies; annual rates of pay for congressional staff; and display of honorific plaque to honor law enforcement officers and agencies that responded to the violence that occurred at the United States Capitol on January 6, 2021.

**DISCLOSURE OF EARMARKS AND CON-
GRESSIONALLY DIRECTED SPENDING
ITEMS**

Pursuant to clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Sen-

ate, neither the bill nor the explanatory statement contains any congressional earmarks or congressionally directed spending items, limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.

DIVISION J—MILITARY CONSTRUCTION, VETERANS AFFAIRS, AND RELATED AGENCIES APPROPRIATIONS ACT, 2022

The joint explanatory statement accompanying this division is approved and indicates congressional intent. Unless otherwise noted, the language set forth in House Report 117-81 and Senate Report 117-35 carries the same weight as language included in the joint explanatory statement and should be complied with unless specifically addressed to the contrary in this joint explanatory statement. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein.

In cases where House Report 117-81, Senate Report 117-35, or this explanatory statement directs the submission of a report, that report is to be submitted to the Committees on Appropriations of the House of Representatives and the Senate. Where this explanatory statement refers to the Committees or the Committees on Appropriations, unless otherwise noted, this reference is to the House of Representatives Subcommittee on Military Construction, Veterans Affairs, and Related Agencies and the Senate Subcommittee on Military Construction, Veterans Affairs, and Related Agencies.

TITLE I

DEPARTMENT OF DEFENSE

Military Construction Overview

Reprogramming Guidelines.—The following reprogramming guidelines apply for all military construction and family housing projects. A project or account (including the sub-elements of an account) which has been specifically reduced by the Congress in acting on the budget request is considered to be a congressional interest item and as such, prior approval is required. Accordingly, no reprogramming to an item specifically reduced below the threshold by the Congress is permitted, except that the Department of Defense (DOD) may seek reprogramming for appropriated increments.

The reprogramming criteria that apply to military construction projects, which is 25 percent of the funded amount or \$2,000,000, whichever is less, also apply to new housing construction projects and improvements. To provide the Services the flexibility to proceed with construction contracts without disruption or delay, the costs associated with environmental hazard remediation such as asbestos removal, radon abatement, lead-based paint removal or abatement, and any other legislated environmental hazard remediation may be excluded, if such remediation requirements could not be reasonably anticipated at the time of the budget submission. This exclusion applies to projects authorized in this budget year, as well as projects authorized in prior years for which construction has not been completed.

In addition to these guidelines, the Services are directed to adhere to the guidance for military construction reprogramming actions and notifications, including the pertinent statutory authorities contained in DOD Financial Management Regulation 7000.14-R and relevant updates and policy memoranda. Further, the agreement encourages the Office of the Director of National Intelligence to use a format similar to that used by the Office of the Secretary of Defense to submit reprogramming requests.

Facilities Sustainment, Restoration and Modernization (FSRM).—The Department of Defense is directed to continue describing on form 1390 the backlog of FSRM requirements at installations with future construction projects. For troop housing requests, form 1391 should describe any FSRM conducted in the past two years. Likewise, future require-

ments for unaccompanied housing at the corresponding installation should be included. Additionally, the forms should include English equivalent measurements for projects presented in metric measurement. Rules for funding repairs of facilities under the Operation and Maintenance accounts are described below:

(1) components of the facility may be repaired by replacement. Such replacement can be up to current standards or codes;

(2) interior arrangements and restorations may be included as repair;

(3) additions and new facilities may be done concurrently with repair projects, as long as the final conjunctively funded project is a complete and usable facility; and

(4) the appropriate Service Secretary shall notify the appropriate committees 21 days prior to carrying out any repair project with an estimated cost in excess of \$7,500,000.

Incremental Funding.—The Committees recognize that providing full funding for military construction projects if they are executable is ideal. However, it continues to be the practice to provide incremental funding for certain large projects to enable the Services to more efficiently allocate military construction dollars among projects that can be executed in the year of appropriation. Therefore, the agreement includes six projects that have been incrementally funded; however, the full authorization of the projects was provided in the National Defense Authorization Act, Fiscal Year 2022.

Military Construction Funding.—The agreement includes \$14,900,000,000, which is \$5,052,969,000 above the budget request, in a continued effort to support current and future force readiness through critical infrastructure investments. Building off the fiscal year 2022 budget request, this level also funds all authorized and unfunded requirements and addresses other priorities that have been historically neglected in budget requests, such as quality of life and research and development facilities. While Congress continues to provide funding above the budget request for military construction, the Committees encourage the Department to adequately resource these accounts.

Military Installation Resilience.—The agreement includes planning and design and unspecified minor construction funding for the Department to address critical resilience requirements, particularly related to current and future risks from extreme weather and anticipated or unanticipated changes in environmental conditions. Recognizing that such investments are key to installation readiness, the agreement provides \$25,000,000 for the Army; \$40,000,000 for the Navy and Marine Corps; \$40,000,000 for the Air Force; and \$15,000,000 for Defense-wide agencies and accounts to continue to develop projects, conduct studies and analyses, and update Unified Facilities Criteria to directly enhance military installation resilience. No later than 60 days after enactment of this Act, the Services and the DOD Comptroller are directed to provide a spend plan for the funds appropriated in fiscal year 2022.

Laboratory Infrastructure.—The Committees recognize the importance of DOD science and technology laboratories and test and evaluation facilities and support investment in this critical infrastructure. The agreement provides \$85,000,000 for the Army; \$15,000,000 for the Navy and Marine Corps; and \$25,000,000 for the Air Force for planning and design, unspecified minor construction, and authorized major construction projects to address priority laboratory requirements. The Services are directed to submit a spend plan for these funds no later than 30 days after enactment of this Act.

Red Hill Bulk Fuel Storage Facility (RHBFSS).—The Committees express dis-

appointment in the Department's operation and management of the facility and related infrastructure, which has negatively affected and disrupted the lives of servicemembers, their families, and the people of Hawai'i. The Secretary of Defense is directed to provide the Committees a report, within 90 days of enactment of this Act, that identifies the military construction requirements, including remediation efforts, and details its near-, mid-, and long term plans related to RHBFSS. The report also should identify the military construction options being considered for alternative fueling capacity throughout the Indo-Pacific. In addition, the report should include cost estimates, to the extent possible, and an analysis of the risk and estimated time frames associated with the options. Lastly, the Committees expect the Department to continue to brief the Committees regularly on the progress of remediation.

Navy Water Purification Infrastructure.—The agreement includes an additional \$50,000,000 for the Navy for planning and design in order to advance future water treatment and distribution infrastructure projects. The Department is directed to submit a spend plan for these additional funds to the Committees no later than 30 days after enactment of this Act.

European Deterrence Initiative (EDI).—The agreement includes \$415,064,000 within the Army, Navy, and Air Force military construction accounts to fund seven EDI projects across Europe as well as minor construction and planning and design. Further, the agreement includes an additional \$10,000,000 above the budget request for the North Atlantic Treaty Organization (NATO) Security Investment Program to support U.S. allies and partners, deter aggression by the Russian Federation, and promote democratic governance, peace, and stability in Europe.

Child Development Centers (CDCs).—The bill includes \$224,700,000 for seven child development center projects, of which \$33,000,000 is for planning and design for future projects. This investment of resources is necessary to address both insufficient accessibility to childcare facilities, as well as the poor conditions of existing facilities. Such shortfalls in capacity are an unacceptable burden to military families. The Department is directed to assign greater priority to CDC construction projects in future budget requests.

United States Indo-Pacific Command (INDOPACOM).—The INDOPACOM area of responsibility is the largest combatant command and requires a modern, resilient military presence to ensure the continued strength of U.S. national security. However, the Committees are concerned that the Services have not properly prioritized projects within INDOPACOM in recent fiscal years. The agreement provides an additional \$58,600,000 for INDOPACOM planning and design to advance future projects. Additionally, the agreement directs the Assistant Secretary of Defense for Sustainment to report no later than 180 days after the enactment of this Act on: (1) the overall strategy for joint use facilities in the Indo-Pacific; (2) the challenges and benefits of adding ports to the DOD's joint-use planning; and (3) limitations imposed by current authorities that may hinder cost-sharing efforts.

Unfunded Priority Lists (UPL) and Future Years Defense Program (FYDP).—The Committees direct the Department of Defense and all Services, active and reserve components, as well as combatant commanders, as required by law, to submit updated UPL and FYDP lists to the congressional defense committees for military construction projects no later than 10 days after the transmission of the annual President's Budget.

U.S. Space Command Headquarters.—The agreement notes the Government Account-ability Office and the Department of Defense Inspector General’s inquiries into the basing decision for U.S. Space Command head-

quarters. The Committees look forward to receiving the reports.

MILITARY CONSTRUCTION, ARMY
The agreement provides \$1,051,772,000 for ‘‘Military Construction, Army’’, which is \$217,080,000 above the budget request. Within

this amount, the agreement includes \$190,619,000 for study, planning, design, archi-tecture, and engineering services, and host nation support. Within the total for Military Construction, Army, \$182,080,000 is for the following projects in the following amounts:

Table with 4 columns: State, Location, Project, Amount. Lists military construction projects for various states including AL, AK, GA, HI, KS, MO, NM, NY, SC, TX.

Arsenals.—The agreement directs the Sec-etary of the Army to submit a report within 180 days of enactment of this Act on the con-dition and capacity of access control points at Army arsenals, specifically identifying ar-senals that may experience an increase in traffic and personnel because of new produc-tion requirements within the arsenal. The report should identify risk assessments

based off current security postures, cost as-sessments to reduce the security risk at ac-cess control points, and all existing military construction projects that enhance the secu-rity posture of arsenals.

MILITARY CONSTRUCTION, NAVY AND MARINE CORPS
The agreement provides \$2,644,277,000 for ‘‘Military Construction, Navy and Marine

Corps’’, which is \$275,925,000 above the budget request. Within this amount, the agreement includes \$453,652,000 for study, planning, de-sign, architecture, and engineering services. Within the total for Military Construction, Navy and Marine Corps, \$476,145,000 is for the following projects in the following amounts:

Table with 4 columns: State, Location, Project, Amount. Lists military construction projects for various states including AZ, CA, FL, HI, ME, NC, RI, SC, TX.

Shipyard Infrastructure Optimization Plan (SIOP).—The Committees are very concerned that the Navy’s Shipyard Infrastructure Op-timization Plan is falling behind schedule and consistently runs over cost estimates. In order to ensure the continued progress of SIOP, the bill provides \$350,000,000 for ongo-ing SIOP projects requested in the Presi-dent’s Budget. The agreement also provides an additional \$275,000,000 for SIOP cost in-creases and planning and design for future

construction projects. This marks the second consecutive year that Congress has provided significant funding beyond the request for SIOP requirements. The Committees expect the Department to prioritize SIOP funding and improve the cost estimates submitted to Congress. Additionally, the agreement di-rects the Department to provide regular up-dates on the progress of SIOP and requires timely notification of any cost variations.

MILITARY CONSTRUCTION, AIR FORCE
The agreement provides \$2,204,750,000 for ‘‘Military Construction, Air Force’’, which is \$102,060,000 above the budget request. Within this amount, the agreement includes \$287,175,000 for study, planning, design, archi-tecture, and engineering services. Within the total for Military Construction, Air Force, \$291,060,000 is for the following projects in the following amounts:

Table with 4 columns: State, Location, Project, Amount. Lists military construction projects for various states including CO, GA, HI, LA, NV, NM, OH, SC, TX.

MILITARY CONSTRUCTION, DEFENSE-WIDE (INCLUDING TRANSFER OF FUNDS)
The agreement provides \$2,206,051,000 for ‘‘Military Construction, Defense-Wide’’,

which is \$248,762,000 above the budget re-quest. Within this amount, the agreement includes \$347,727,000 for study, planning, de-sign, architecture, and engineering services.

Within the total for Military Construction, Defense-Wide, \$91,655,000 is for the following projects in the following amounts:

Table with 4 columns: State, Location, Project, Amount. Lists military construction projects for HI, MS.

State	Location	Project	Amount
NY	Fort Drum	Wellfield Expansion Resilience Project	27,000,000

Energy Resilience and Conservation Investment Program (ERCIP).—The agreement provides a total of \$469,322,000 for ERCIP, which is an increase of \$182,572,000 above the budget request. The Secretary of Defense is directed to submit a spend plan for the additional ERCIP funds no later than 30 days after enactment of this Act.

Special Operations Command East Coast Training Facilities.—The agreement directs the Secretary of Defense to provide a report

within 180 days of enactment of this Act that outlines any training capability shortfalls of East Coast based sites and the feasibility of developing an East Coast joint training center that focuses on enabling all-domain warfare. This report should also analyze the value provided to the U.S. Special Operations Command by National Guard training facilities.

MILITARY CONSTRUCTION, ARMY NATIONAL GUARD

The agreement provides \$337,893,000 for “Military Construction, Army National Guard”, which is \$80,790,000 above the budget request. Within this amount, the agreement includes \$57,725,000 for study, planning, design, architecture, and engineering services. Within the total for Military Construction, Army National Guard, \$49,790,000 is for the following projects in the following amounts:

State	Location	Project	Amount
KS	Topeka	National Guard/Reserve Center Building SCIF: Planning and Design	\$420,000
MS	Camp Shelby	Maneuver Area Training Equipment Site (MATES)	15,500,000
MO	Aviation Classification Repair Activity Depot	AVCRAD Aircraft Maintenance Hangar Addition: Planning and Design	3,800,000
NC	Salisbury	Aircraft Maintenance Hangar Addition/Alteration: Planning and Design	2,700,000
VT	Ethan Allen AFB	Family Readiness Center: Unspecified Minor Construction	4,665,000
VT	Bennington	Readiness Center	16,900,000
VA	Sandston	Aircraft Maintenance Hangar: Planning and Design	5,805,000

Army National Guard (ARNG) Readiness Center Transformation Master Plan (RCTMP).—The agreement provides \$20,000,000 for Army National Guard planning and design. The Committees expect increased investments in ARNG Readiness Centers in future fiscal years. Furthermore, the agreement directs the ARNG to brief the Committees on how its military construction funding priorities align with current and future readiness center requirements based on the RCTMP no later than 90 days after enactment of this Act.

National Guard Biathlon Programs.—The agreement includes \$8,000,000 above the President’s budget request in minor military construction to update biathlon facilities to continue engagement and training. The Director of the Army National Guard is directed to provide a spend plan for the use of these funds within 30 days of enactment of this Act.

Vehicle Maintenance Facilities.—The agreement includes \$2,000,000 in planning and design for vehicle maintenance facilities, and the Committees encourage the Army National Guard to ensure maintenance infra-

structure is adequately addressed in future budget requests.

MILITARY CONSTRUCTION, AIR NATIONAL GUARD

The agreement provides \$305,050,000 for “Military Construction, Air National Guard”, which is \$107,280,000 above the budget request. Within this amount, the agreement includes \$23,682,000 for study, planning, design, architecture, and engineering services. Within the total for Military Construction, Air National Guard, \$104,280,000 is for the following projects in the following amounts:

State	Location	Project	Amount
CT	Bradley ANGB	Composite ASE Vehicle Maintenance Facility	\$17,000,000
DE	New Castle County Airport	Fuel Cell and Corrosion Control Hangar	17,500,000
ID	Boise Air Terminal (Gowen Field)	Medical Training Facility	6,500,000
IL	Abraham Lincoln Capital Airport	Base Civil Engineer Complex	10,200,000
NY	Gabreski ANGB	Base Civil Engineer Complex	14,800,000
SC	McEntire JNGB	Hazardous Cargo Pad	9,000,000
WA	Camp Murray ANGS	Air Support Operations Group Complex	27,000,000
WI	Volk Combat Readiness Training Center	Replace Aircraft Maintenance Hangar/Shops: Planning and Design	2,280,000

MILITARY CONSTRUCTION, ARMY RESERVE

The agreement provides \$94,111,000 for “Military Construction, Army Reserve”,

which is \$29,200,000 above the budget request. Within this amount, the agreement includes \$7,167,000 for study, planning, design, architecture, and engineering services. Within the

total for Military Construction, Army Reserve, \$29,200,000 is for the following project in the following amount:

State	Location	Project	Amount
WI	Fort McCoy	Transient Training Enlisted Barracks	\$29,200,000

MILITARY CONSTRUCTION, NAVY RESERVE

The agreement provides \$71,804,000 for “Military Construction, Navy Reserve”, which is the same as the budget request. Within this amount, the agreement includes

\$6,005,000 for study, planning, design, architecture, and engineering services.

MILITARY CONSTRUCTION, AIR FORCE RESERVE
The agreement provides \$120,074,000 for “Military Construction, Air Force Reserve”, which is \$41,700,000 above the budget request.

Within this amount, the agreement includes \$5,830,000 for study, planning, design, architecture, and engineering services. Within the total for Military Construction, Air Force Reserve, \$41,700,000 is for the following projects in the following amounts:

State	Location	Project	Amount
CA	Beale AFB	940 ARW SQ OPS & AMU Complex	\$33,000,000
OH	Youngstown Air Reserve Station	Assault Strip Widening	8,700,000

NORTH ATLANTIC TREATY ORGANIZATION SECURITY INVESTMENT PROGRAM

The agreement provides \$215,853,000 for the “North Atlantic Treaty Organization Security Investment Program,” which is \$10,000,000 above the budget request.

DEPARTMENT OF DEFENSE BASE CLOSURE ACCOUNT

The agreement provides \$529,639,000 for the “Department of Defense Base Closure Account”, which is \$245,000,000 above the budget request.

Navy Base Closure and Realignment (BRAC) Remediation.—The agreement includes an additional \$85,000,000 above the budget request

for the Navy to accelerate environmental remediation at installations closed under previous BRAC rounds. Furthermore, the Navy is directed to provide to the Committees a spend plan for these additional funds no later than 60 days after enactment of this Act.

Perfluorooctane Sulfonate (PFOS) and Perfluorooctanoic Acid (PFOA).—The Committees continue to be concerned about the extent of PFOS/PFOA contamination at closed U.S. military installations and how that contamination is measured. Therefore, the agreement includes an additional \$150,000,000 above the budget request within the Base Closure Account to increase the pace of

cleanup at the military installations affected by PFOS/PFOA. The Department is directed to submit a spend plan for these additional funds to the Committees no later than 60 days after enactment of this Act. Additionally, the Committees direct the Deputy Assistant Secretary of Defense for Environment to provide a report to the congressional defense committees no later than 60 days after enactment of this Act that establishes a baseline of information regarding PFOS/PFOA at closed military installations.

FAMILY HOUSING

Item of Interest

Military Housing Privatization Initiative (MHPI).—The agreement provides the requested funding for the Services to ensure appropriate oversight of MHPI providers. Despite significant changes in the program and implementation of the Tenant Bill of Rights, Congress continues to hear complaints about the state of homes within the MHPI, the timeliness and thoroughness of repair and remediation of reported problems, and the MHPI partners' communication with their tenants. The Department is directed to report on its oversight plans and use of the funds provided as well as the MHPI providers' compliance with the Tenant Bill of Rights within 45 days of enactment of this Act.

FAMILY HOUSING CONSTRUCTION, ARMY

The agreement provides \$99,849,000 for "Family Housing Construction, Army", which is the same as the budget request.

FAMILY HOUSING OPERATION AND MAINTENANCE, ARMY

The agreement provides \$391,227,000 for "Family Housing Operation and Maintenance, Army", which is the same as the budget request.

FAMILY HOUSING CONSTRUCTION, NAVY AND MARINE CORPS

The agreement provides \$77,616,000 for "Family Housing Construction, Navy and Marine Corps", which is the same as the budget request.

FAMILY HOUSING OPERATION AND MAINTENANCE, NAVY AND MARINE CORPS

The agreement provides \$357,341,000 for "Family Housing Operation and Maintenance, Navy and Marine Corps", which is the same as the budget request.

FAMILY HOUSING CONSTRUCTION, AIR FORCE

The agreement provides \$115,716,000 for "Family Housing Construction, Air Force", which is the same as the budget request.

FAMILY HOUSING OPERATION AND MAINTENANCE, AIR FORCE

The agreement provides \$325,445,000 for "Family Housing Operation and Maintenance, Air Force", which is the same as the budget request.

FAMILY HOUSING OPERATION AND MAINTENANCE, DEFENSE-WIDE

The agreement provides \$49,785,000 for "Family Housing Operation and Maintenance, Defense-Wide", which is the same as the budget request.

DEPARTMENT OF DEFENSE FAMILY HOUSING IMPROVEMENT FUND

The agreement provides \$6,081,000 for the "Department of Defense Family Housing Improvement Fund", which is the same as the budget request.

DEPARTMENT OF DEFENSE MILITARY UNACCOMPANIED HOUSING IMPROVEMENT FUND

The agreement provides \$494,000 for the "Department of Defense Military Unaccompanied Housing Improvement Fund", which is the same as the budget request.

ADMINISTRATIVE PROVISIONS

(INCLUDING TRANSFERS AND RESCISSION OF FUNDS)

The agreement includes section 101 limiting the use of funds under a cost-plus-a-fixed-fee contract.

The agreement includes section 102 allowing the use of construction funds in this title for hire of passenger motor vehicles.

The agreement includes section 103 allowing the use of construction funds in this title for advances to the Federal Highway Administration for the construction of access roads.

The agreement includes section 104 prohibiting construction of new bases in the United States without a specific appropriation.

The agreement includes section 105 limiting the use of funds for the purchase of land or land easements that exceed 100 percent of the value.

The agreement includes section 106 prohibiting the use of funds, except funds appropriated in this title for that purpose, for family housing.

The agreement includes section 107 limiting the use of minor construction funds to transfer or relocate activities.

The agreement includes section 108 prohibiting the procurement of steel unless American producers, fabricators, and manufacturers have been allowed to compete.

The agreement includes section 109 prohibiting the use of construction or family housing funds to pay real property taxes in any foreign nation.

The agreement includes section 110 prohibiting the use of funds to initiate a new installation overseas without prior notification.

The agreement includes section 111 establishing a preference for American architectural and engineering services for overseas projects.

The agreement includes section 112 establishing a preference for American contractors in United States territories and possessions in the Pacific and on Kwajalein Atoll and in countries bordering the Arabian Gulf.

The agreement includes section 113 requiring congressional notification of military exercises when construction costs exceed \$100,000.

The agreement includes section 114 allowing funds appropriated in prior years for new projects authorized during the current session of Congress.

The agreement includes section 115 allowing the use of expired or lapsed funds to pay the cost of supervision for any project being completed with lapsed funds.

The agreement includes section 116 allowing military construction funds to be available for five years.

The agreement includes section 117 allowing the transfer of funds from Family Housing Construction accounts to the Family Housing Improvement Program.

The agreement includes section 118 allowing transfers to the Homeowners Assistance Fund.

The agreement includes section 119 limiting the amount of repair and maintenance funds for flag and general officer quarters and allowing for notification by electronic medium. The provision also requires an annual report on the expenditures of each quarter.

The agreement includes section 120 extending the availability of funds in the Ford Island Improvement Account.

The agreement includes section 121 allowing the transfer of expired funds to the Foreign Currency Fluctuations, Construction, Defense account.

The agreement includes section 122 allowing for the reprogramming of construction funds among projects and activities subject to certain criteria.

The agreement includes section 123 prohibiting the obligation or expenditure of funds provided to the Department of Defense for military construction for projects at Arlington National Cemetery.

The agreement includes section 124 providing additional construction funds for unfunded requirements.

The agreement includes section 125 directing all amounts appropriated to "Military Construction, Army", "Military Construction, Navy and Marine Corps", "Military Construction, Air Force", and "Military

Construction, Defense-Wide" accounts be immediately available and allotted for the full scope of authorized projects.

The agreement includes section 126 extending the eligibility of unobligated funding for fiscal year 2017 projects that have not lapsed.

The agreement includes section 127 rescinding unobligated balances.

The agreement includes section 128 defining the congressional defense committees.

The agreement includes section 129 providing funds for various military construction accounts for DOD labs.

The agreement includes section 130 providing funds for the Shipyard Infrastructure Optimization Plan.

The agreement includes section 131 providing funding for military construction in support of missile and space intelligence missions.

The agreement includes section 132 providing additional funds for planning and design and unspecified minor construction in order to improve military installation resilience.

The agreement includes section 133 providing additional funds for planning and design for child development center construction projects.

The agreement includes section 134 providing funds for various military construction accounts for natural disasters.

The agreement includes section 135 providing funds for cost to complete projects for the Army National Guard and Air National Guard.

The agreement includes section 136 allowing projects with a total authorized cost of less than a certain amount to increase the project cost by more than 50 percent of the total authorized cost of the project under certain circumstances.

The agreement includes section 137 providing the Navy with planning and design funds for water treatment and distribution infrastructure.

The agreement includes section 138 providing funds specified to address cost increases identified subsequent to the fiscal year 2022 budget request for authorized major construction projects across various accounts.

The agreement includes section 139 providing funds specified to address cost increases for authorized major construction projects funded by this Act.

The agreement includes section 140 prohibiting the use of funds in this Act to close or realign Naval Station Guantanamo Bay, Cuba.

TITLE II

DEPARTMENT OF VETERANS AFFAIRS

Items of Special Interest

Toxic Exposures.—The Committees remain concerned by the long history of servicemembers being exposed to toxic substances, including Agent Orange, radiation, per- and polyfluoroalkyl substances (PFAS), and open burn pits, and believe that the recent rulemaking activity expanding presumptive benefits for veterans with toxic exposures is a step in the right direction. More must be done, both in expanding access to healthcare for veterans exposed to toxins, as well as ensuring they are receiving the disability and compensation benefits that they have earned.

The Department of Veterans Affairs (VA) is urged to work with the Department of Defense (DOD) to ensure that VA has information about every location in which servicemembers may have been exposed to toxins in order to appropriately adjudicate claims and make determinations about presumptive eligibility. Further, to improve data on veteran exposure to burn pits and potential health effects, the Committees reiterate the direction provided in House Report 117-81, requiring a report within 180

days on burn pit data tracking and reporting.

Additionally, the Committees support the Department's plans to increase research on the effects of and treatments for veterans exposed to toxins during their time in military service, as well as the launch of the Military Exposure Research Program. The Department is encouraged to partner with DOD and other research institutions to leverage its funding and to include gender-specific research in its research efforts. The Committees reiterate the directions provided in House Report 117-81 and Senate Report 117-35 to address concerns from PFAS exposure.

To assist in better understanding the effects of exposure to open burn pits and airborne hazards on the health of veterans, the agreement provides \$10,000,000 for the Airborne Hazards and Burn Pits Center of Excellence.

The Department is directed to provide a spend plan to the Committees on Appropriations detailing the planned use of funds provided in this Act for programs focused on toxic substances within 30 days of enactment of this Act. In addition, the Department is directed, within 60 days of enactment of this Act, to provide a retrospective report detailing spending on programs and activities focused on toxic substance exposure, including registries, research, reviewing and adjudicating claims, and benefits and health care for fiscal year 2021.

Supply Chain Modernization.—VA has well-documented medical supply chain challenges, and on June 22, 2021, the United States Court of Federal Claims issued an order that required VA to adjust its planned efforts in this area. The Department was provided significant funding intended to expedite their ongoing modernization, but as this effort has continued to demonstrate significant challenges, this bill includes a provision that reallocates funding that VA has not yet used. The Department has not provided a Supply Chain Management Strategy to outline how its various supply chain initiatives relate to each other, and what has been determined to be the best path forward for this initiative, having considered all options. The Secretary is directed, within 30 days of enactment of this Act, to provide the Committees with an update or the final version of its Supply Chain Management Strategy, to include any changes necessary to the fiscal year 2022 Supply Chain Modernization spend plan based on the challenges VA has experienced, including court rulings.

Unobligated Balances of Expired Discretionary Funds.—The Department is directed to submit to the Committees on Appropriations quarterly reports detailing all unobligated balances of expired discretionary funds by fiscal year.

Federal Law Enforcement.—The agreement notes that the explanatory statement accompanying the Commerce, Justice, Science, and Related Agencies Appropriations Act, 2022 directs the Attorney General to ensure implementation of evidence-based training programs on de-escalation and the use-of-force, as well as on police community relations, and the protection of civil rights, that are broadly applicable and scalable to all Federal law enforcement agencies. The agreement further notes that several agencies funded by this Act employ Federal law enforcement officers and are Federal Law Enforcement Training Centers partner organizations. The agreement directs such agencies to consult with the Attorney General regarding the implementation of these programs for their law enforcement officers. The agreement further directs such agencies to submit a report to the Committees on Appropriations on their efforts relating to such implementation no later than 180 days after

consultation with the Attorney General. In addition, the agreement directs such agencies, to the extent that they are not already participating, to consult with the Attorney General and the Director of the FBI regarding participation in the National Use-of-Force Data Collection. The agreement further directs such agencies to submit a report to the Committees on Appropriations, no later than 180 days after enactment of this Act, on their efforts to so participate.

VETERANS BENEFITS ADMINISTRATION
COMPENSATION AND PENSIONS
(INCLUDING TRANSFER OF FUNDS)

The agreement provides \$152,016,542,000 for Compensation and Pensions in advance for fiscal year 2023. Of the amount provided, not more than \$20,115,000 is to be transferred to General Operating Expenses, Veterans Benefits Administration (VBA) and Information Technology Systems for reimbursement of necessary expenses in implementing provisions of title 38. The agreement also provides an additional \$8,955,364,000 above the fiscal year 2022 advance appropriation for this account.

Disability Claims Backlogs during COVID-19.—As described in House Report 117-81, the agreement continues to require quarterly reporting on the status of the disability claims backlog and requires VA to provide the first report within 90 days of the enactment of this Act.

READJUSTMENT BENEFITS

The agreement provides \$8,906,851,000 for Readjustment Benefits in advance for fiscal year 2023.

VETERANS INSURANCE AND INDEMNITIES

The agreement provides \$109,865,000 for Veterans Insurance and Indemnities in advance for fiscal year 2023.

VETERANS HOUSING BENEFIT PROGRAM FUND

The agreement provides such sums as may be necessary for costs associated with direct and guaranteed loans for the Veterans Housing Benefit Program Fund. The agreement limits obligations for direct loans to not more than \$500,000 and provides \$229,500,000 to be available for administrative expenses.

VOCATIONAL REHABILITATION LOANS PROGRAM
ACCOUNT

The agreement provides \$2,838 for the cost of direct loans from the Vocational Rehabilitation Loans Program Account, plus \$429,467 to be paid to the appropriation for General Operating Expenses, Veterans Benefits Administration. The agreement provides for a direct loan limitation of \$1,662,758.

NATIVE AMERICAN VETERAN HOUSING LOAN
PROGRAM ACCOUNT

The agreement provides \$1,400,000 for administrative expenses of the Native American Veteran Housing Loan Program Account.

GENERAL OPERATING EXPENSES, VETERANS
BENEFITS ADMINISTRATION

The agreement provides \$3,453,813,000 for General Operating Expenses, Veterans Benefits Administration and, of the amount provided, up to 10 percent is available for obligation until September 30, 2023. This amount is \$30,813,000 above the request, which is intended to help VA process new benefits claims and lower the claims backlog, particularly as VA identifies new presumptive service-connected conditions.

Equitable Relief.—As described in House Report 117-81, the Secretary is directed to continue to grant or extend equitable relief to eligible veterans initially deemed eligible in instances of administrative error, and the agreement requires the report to be submitted to the Committees on Appropriations no later than 90 days after enactment of this Act.

VETERANS HEALTH ADMINISTRATION

Negligence of Veterans Affairs Employees and Patient Safety.—The agreement notes the direction in Senate Report 117-35 related to negligence of Veterans Affairs employees and patient safety concerns. VA must do more to encourage its employees to identify and report issues that could result in harm to patients. The Department should expeditiously complete the required report and schedule a briefing with the Committees on Appropriations.

MEDICAL SERVICES

The agreement provides \$70,323,116,000 in advance for fiscal year 2023 for Medical Services, with \$1,500,000,000 available through fiscal year 2024. The agreement maintains bill language requiring the Secretary to ensure that sufficient amounts are available for the acquisition of prosthetics designed specifically for female veterans.

Caregivers Support.—The agreement includes \$1,373,133,000 for VA's Caregivers Program, which is \$20,000,000 above the budget request.

Office of Rural Health.—The agreement provides \$327,455,000 for the Office of Rural Health and the Rural Health Initiative, which is \$20,000,000 above the budget request.

Mental Health and Suicide Prevention

Mental Health and Suicide Prevention.—The agreement provides \$13,176,661,000 in discretionary funds for mental health programs, of which \$597,997,000 is for suicide prevention outreach. In addition to the directives in House Report 117-81 and Senate Report 117-35, the agreement urges the Department to focus on preventing suicides on VA properties.

The agreement provides \$255,968,000 for the Veterans Crisis Line (VCL) and directs the Department to ensure the VCL has geolocation capabilities to ensure accurate emergency dispatch to persons at risk of imminent harm to self or others.

The agreement provides \$40,000,000 for the National Center for PTSD and encourages the Center to consider academic and inter-agency collaborations to investigate novel combinatorial forms of intervention for PTSD, including multifactor approaches.

Preventing Veteran Homelessness

The agreement includes \$2,154,450,000 in support of programs to prevent veteran homelessness, including \$395,352,000 for Supportive Services for Veterans Families (SSVF), \$483,900,000 for the Department of Housing and Urban Development—Veterans Affairs Supportive Housing (HUD-VASH), \$270,442,000 for Grant and Per Diem programs, and \$70,103,000 for Veterans Justice Outreach program.

SSVF.—The agreement provides \$420,000,000 for grant awards in fiscal year 2023 and expects the Department to expand to other locations to address gaps in services, as appropriate.

HUD-VASH.—As part of efforts to ensure adequate caseworker staffing to assist homeless veterans and veterans at risk of homelessness, the Department is directed to report to the Committees on the contracting of case manager positions and the effectiveness of contracted caseworkers, as described in House Report 117-81 and Senate Report 117-35.

VHA Staffing and Clinical Workforce Issues

Annual Staffing Report.—The Committees appreciate the Department's efforts to provide useful information regarding its staffing challenges. Building off of the directive included in the Joint Explanatory Statement accompanying Public Law 116-260, the Committees direct the Veterans Health Administration to provide no later than January 31

of each calendar year, beginning in January 2023, a comprehensive report on: (1) staffing shortages generally; (2) staffing needs in rural and remote areas; (3) staffing needs for women's health providers; (4) the development, use, and refinement of credentialing and staffing models; and (5) its plans to address these workforce issues. The Committees encourage the Department to focus on annually identified occupational shortages, but note that it may from time-to-time request information regarding specific types of shortages, such as mental health providers. As such, the Department is requested to track professions and specialties of interest.

Telehealth and Connected Care

The agreement provides \$2,435,182,000 to sustain and increase telehealth capacity, including in rural, highly rural, and underserved communities.

Telehealth Briefing.—VHA is directed to continue to expand telehealth availability to include other mental health, primary care, and rehabilitation services and to provide a briefing as described in Senate Report 117-35 no later than 120 days after enactment of this Act on efforts to increase telemedicine services to veterans and families and the resources needed to make such services more readily available.

Gender-Specific Care for Women

Gender-Specific Care for Women.—The agreement includes \$840,446,000, which is \$30,000,000 above the budget request, to support gender-specific care for women, as well as funding for the program office and initiatives. The funding will expand programmatic support for women's healthcare, including operational efforts through the Office of Women's Health, implementation of the Deborah Sampson Act, and investments in women's health provider training, such as the Women Veterans Health Care Mini Residency Program. The funding includes \$1,000,000 for peer support programs for women veterans, as described in House Report 117-81.

The Department is directed to provide a spend plan detailing how this funding will be allocated and describing all planned activities related to care for women veterans to the Committees no later than 90 days after enactment of this Act. In addition, the Department is directed to provide quarterly briefings to the Committees on the expenditure of the funds. The Department is further directed to continue improving medical facilities to meet the needs of women veterans and is reminded of the annual reporting requirement included in the Joint Explanatory Statement accompanying Public Law 116-94 related to women's healthcare facilities.

Opioid Safety Initiatives and Substance Use Disorder Care

To continue to build upon opioid reduction efforts and safety initiatives, the agreement includes \$621,334,000 for opioid prevention and treatment programs at VA, including \$245,666,000 for activities authorized by the Comprehensive Addiction and Recovery Act of 2016 (Public Law 114-198). The agreement supports robust funding to continue implementation of the Jason Simcakoski Memorial and Promise Act. The agreement also includes \$155,970,000 for Substance Use Disorder (SUD) efforts to ensure a greater number of veterans can receive SUD specialty services.

Substance Use Disorders.—The Committees recognize the ongoing work of VA to reduce substance use disorder among veterans, and the importance of programs that utilize harm reduction techniques and offer confidential education information that can reduce substance use, relapse, hospital visits and suicide. The agreement does not include the funding and reporting requirement included in House Report 117-81 to establish an

internet-based substance abuse education program, but instead VA is urged to expand its efforts related to SUD education and outreach and required to submit a report to the Committees within 90 days of enactment of this Act on how substance use education programs are being implemented across the Department.

Whole Health

The agreement provides \$83,600,000 for Whole Health, which is \$10,000,000 above the request, to continue to implement and expand the Whole Health initiative to all VA facilities. Within the total, the agreement includes \$5,000,000 for creative arts therapies, as described in House Report 117-81 and consistent with the budget request.

Long-Term Care

Long-Term Care.—The agreement provides \$11,772,077,000 as requested by the Department for long-term care. This includes \$8,095,395,000 for institutional care and \$3,676,682,000 for non-institutional care. VA is encouraged to continue cooperating with community, State, and Federal partners to expand these programs.

Other Health Issues

Neurology Centers of Excellence.—The Department is encouraged to increase its investment to maintain and expand existing centers of excellence within VA dedicated to neurological conditions. The report requested in House Report 117-81 and Senate Report 117-35 is requested within 120 days of enactment of this Act and should include details on potential collaborations among the neurology centers of excellence.

Epilepsy Center of Excellence.—The agreement provides \$10,000,000 for the Epilepsy Center of Excellence, as requested.

Headache Disorders Centers of Excellence.—The Committees encourage the Department to expand the Headache Disorders Centers of Excellence system to include at least 28 sites nationally. In lieu of the funding provided in House Report 117-81, the agreement reiterates the direction in Senate Report 117-35 to provide a report that includes a plan to expand the Headache Disorders Centers of Excellence. VA is expected to provide sustained support for the Centers of Excellence to ensure the successful recruitment and retention of healthcare providers with specialty training in headache medicine.

Pressure Injuries.—The report required in House Report 117-81 and Senate Report 117-35 on the Standardized Pressure Injury Prevention Protocol Checklist is requested within 120 days of enactment of this Act.

Molecular Diagnostics for All Cancers.—The Committees believe that every veteran with cancer deserves the highest quality and most medically advanced diagnosis and treatment available, and the Committees commend the Department's Precision Oncology Program. In lieu of the funding in House Report 117-81, the agreement includes up to \$10,000,000 to accelerate the adoption of molecular diagnostics for numerous cancers, including rare cancers.

Adaptive Sports.—The agreement includes \$27,048,000 for National Veterans Sports Programs, including \$16,000,000 for adaptive sports programs, and no less than \$1,500,000 for equine therapy.

Medication Optimization for Veterans.—In lieu of the funding provided in House Report 117-81, the Committees direct VA to continue to increase investment in the expansion of the use of clinically validated, evidence-based pharmacogenomic analysis, testing and clinical decision support tools to assess veterans, especially polypharmacy patients, and those at higher risk for adverse drug events. The agreement reiterates the report required in Senate Report 117-35 on the Department's use of these tools.

Remote Patient Diabetes Foot Ulcer Monitoring.—As noted in House Report 117-81 and Senate Report 117-35, the Committees encourage the Department to continue and expand efforts to monitor diabetes patients remotely. The Department is directed to provide a report to the Committees on Appropriations within 180 days of enactment of this Act on the effectiveness of current efforts to prevent foot amputation, including findings from The Initiative to End Diabetic Limb Loss in Veterans, and the feasibility, including cost estimates, of expanding these programs to reach an additional 20,000 veterans, as well as expanding to additional VISNs.

Intimate Partner Violence Program.—The Committees support the VA Intimate Partner Violence Program (IPV), which has made important progress in implementing programs to combat domestic violence, and direct the Department to fully resource the IPV Program and to continue to include it as a program of interest with budget detail in the justifications accompanying the fiscal year 2023 budget submissions.

Safe Syringes for VA Health Workers.—The report required in House Report 117-81 and Senate Report 117-35 on syringe procurement standards is requested within 180 days of enactment of this Act.

Pilot Programs for Agritherapy.—The agreement provides \$5,000,000 to continue a pilot program to train veterans in agricultural vocations, while also tending to behavioral and mental health needs with behavioral healthcare services and treatments by licensed providers at no fewer than three locations.

Oral Contraceptives.—In lieu of the direction in House Report 117-81, the Committees note the potential advantages for patients in receiving a full year's supply at once of oral contraceptive pills that are for regular use and urge the Department to improve awareness of the option to receive a full year's supply of such pills, when medically appropriate. The Committees request a report within 90 days of enactment of this Act on how VA is improving awareness of this option.

Assisted Reproductive Services.—The agreement does not include the House directive.

Fertility Treatment Data.—In lieu of the reporting requirements and directives under the heading "Fertility Treatment Data" in House Report 117-81, the agreement directs the Department to provide a report within 180 days of enactment of this Act, and annually thereafter, regarding the fertility treatment and counseling furnished by VA over the past five fiscal years. The report should include the following: (1) the number of veterans who received fertility treatment or counseling furnished by the Department of Veterans Affairs, disaggregated by era of military service of such veterans; (2) the number of spouses of veterans who received fertility treatment or counseling furnished by the Department; (3) the cost to the Department of furnishing fertility treatment and counseling, disaggregated by cost of services and administration; (4) the average cost to the Department per recipient of fertility treatment and counseling; (5) in cases in which the Department furnished fertility treatment through the use of assisted reproductive technology, the average number of cycles per person furnished, disaggregated by type of treatment; (6) a description of how fertility treatment and counseling services of the Department are coordinated with similar services of the Department of Defense; and (7) the number of women veterans who are ineligible for in vitro fertilization treatment or other forms of assisted reproductive services currently provided by the Department for certain veterans,

disaggregated by state of residence, race, age, and marital status.

MEDICAL COMMUNITY CARE

The agreement provides \$24,156,659,000 in advance funding for fiscal year 2023 for Medical Community Care, with \$2,000,000,000 available until September 30, 2024.

Medical Community Care Budget Estimates.—The agreement fully funds the Department's requests for advance appropriations in fiscal year 2023 and provides additional funds for fiscal year 2022.

The Committees remain dedicated to supporting the needs of the nation's veterans and understand veterans' healthcare needs and choices are difficult to predict, particularly during a global pandemic.

Rural Health Continuity of Care.—The agreement continues to encourage VA to sustain continuity of care for rural veterans in line with the direction included in Senate Report 117-35.

Dialysis Services.—The agreement encourages VA to ensure care is not disrupted or diminished for dialysis patients and reiterates the reporting requirement set forth in Senate Report 117-35.

MEDICAL SUPPORT AND COMPLIANCE

The agreement provides \$9,673,409,000 in advance for fiscal year 2023 for Medical Support and Compliance, with \$200,000,000 available through fiscal year 2024.

MEDICAL FACILITIES

The agreement provides \$7,133,816,000 in advance for fiscal year 2023 for Medical Facilities, of which \$350,000,000 is made available through fiscal year 2024.

The Committees expect VA to provide, no later than 30 days after enactment of this Act, an expenditure plan detailing the planned use of the funds provided, and further, the Committees request a quarterly update of the plan if the funding for any single project changes by more than \$3,000,000 during that time period.

Community-Based Outpatient Clinic in Bakersfield, California.—The Committees remain concerned that a new Bakersfield CBOC remains unbuilt more than a decade after Congress authorized this facility in Public Law 111-82.

Recurring Expenses Transformational Fund.—The agreement supports the Department's plan to allocate \$150,000,000 of the Recurring Expenses Transformational Fund balances to support non-recurring maintenance projects.

MEDICAL AND PROSTHETIC RESEARCH

The agreement provides \$382,000,000 for Medical and Prosthetic Research, available until September 30, 2023. Bill language is included to ensure that the Secretary allocates adequate funding for prosthetic research specifically for female veterans and for toxic exposures.

Access to Clinical Oncology Trials.—The Committees continue to applaud the ongoing collaborative efforts between VA medical centers and NCI-designated comprehensive cancer centers. In lieu of the funding in

House Report 117-81, the Committees direct VA to allocate up to \$10,000,000 to support partnerships between VA medical centers and NCI-designated comprehensive cancer centers. The Committees further direct VA to provide a report within 90 days of enactment of this Act on how the Department will use these funds and how prior year funds have been used to improve veterans' access to cancer clinical trials, as previously directed.

Neural-Enabled Prosthetics.—The Committees understand the uniqueness of limb trauma injuries sustained by servicemembers in combat and support additional research in this area. In lieu of the funding in House Report 117-81, the agreement directs VA to continue its efforts to fund and conduct research that will design and develop technology to offset the effects of limb amputation, orthopedic injury and disease, neuropathic pain, and other neurodegenerative diseases by partnering with colleges and universities that specialize in these fields.

Spinal Cord Research.—The Committees recognize the severity of spinal cord injuries and support additional research in this area. The Department is encouraged to work with outside organizations on spinal cord injury translational research to improve the quality of life of impaired and disabled veterans. In lieu of the funding in House Report 117-81, the agreement directs the Department to provide an updated report within 180 days of enactment of this Act to the Committees on Appropriations on its efforts to expand spinal cord research and opportunities to work with outside organizations.

Research Facilities and Academic Affiliates.—As directed in House Report 117-81 and Senate Report 117-35, the Committees direct the Secretary to provide a report no later than 90 days after enactment of this Act, on locations where it would be feasible and appropriate to employ arrangements that would allow for sharing agreements between local VA Medical Centers to utilize existing research space at an academic affiliate. The report should also outline the extent barriers to these agreements exist, including legislative and regulatory prohibitions.

NATIONAL CEMETERY ADMINISTRATION

The agreement provides \$394,000,000 for the National Cemetery Administration (NCA). Of the amount provided, up to 10 percent is available until September 30, 2023.

Prisoners of War Headstones.—The Committees appreciate that the Department initiated a consultation process under the National Historic Preservation Act to replace the remaining headstone of a prisoner of war at Fort Douglas National Cemetery in Salt Lake City, Utah, that features a swastika and emphasize that this process should not unnecessarily delay the replacement of this headstone. As directed in House Report 117-81, VA is required to provide monthly reports on the status of the consultation process and the timeline for removal of this headstone to the Committees on Appropriations.

Western New York Cemetery.—The Department is reminded of the requirement to provide a plan and timeline for completing the Western New York National Cemetery project, as described in the fiscal year 2017 budget proposal, to the Committees on Appropriations no later than 60 days after enactment of this Act.

DEPARTMENTAL ADMINISTRATION
GENERAL ADMINISTRATION
(INCLUDING TRANSFER OF FUNDS)

The agreement provides \$401,200,000 for General Administration. Of the amount provided, up to 10 percent is available for obligation until September 30, 2023. The agreement continues to include bill language permitting the transfer of funds from this account to General Operating Expenses, Veterans Benefits Administration.

In lieu of the funding provided in House Report 117-81 on 21st Century Integrated Digital Experience Act (IDEA) (Public Law 115-336) compliance for the Center for Women Veterans, the Committees reiterate support for VA to fully implement the requirements of the 21st Century IDEA Act and increase investment to stand up fully compliant websites across the enterprise, including the website for the Center for Women Veterans. The Department is directed to report to the Committees on Appropriations on plans to modernize the Center for Women Veterans website and digital service delivery programs, and how it will comply with all 21st Century IDEA Act requirements no later than 180 days following enactment of this Act.

Financial Management Business Transformation (FMBT).—The agreement provides \$19,590,000 for FMBT.

The agreement provides funding for General Administration in the amounts specified below:

Table with 2 columns: Office 1 and Amount. Total: \$401,200

1 The Office of Acquisition, Logistics & Construction and the Veterans Experience Office are funded solely with reimbursable authority.

The Secretary may alter these allocations if the Committees have been notified and written approval is provided.

BOARD OF VETERANS APPEALS

The agreement provides \$228,000,000 for the Board of Veterans Appeals, of which up to 10 percent shall remain available until September 30, 2023.

INFORMATION TECHNOLOGY SYSTEMS
(INCLUDING TRANSFER OF FUNDS)

The agreement provides \$4,842,800,000 for the Information Technology (IT) Systems account. The agreement includes \$1,414,215,000 for staff salaries and expenses, \$3,131,585,000 for operation and maintenance of existing programs, and \$297,000,000 for program development.

The agreement makes no more than 3 percent of pay and associated costs funding available until the end of fiscal year 2023, no more than 5 percent of operations and maintenance funding available until the end of fiscal year 2023, and all IT systems development funding available until the end of fiscal year 2023.

The agreement continues to include language permitting funding to be transferred among the three IT subaccounts, subject to approval from the Committees, and allowing funding to be transferred among development projects or to new projects subject to the Committees' approval. Further, the agreement prohibits increasing or decreasing a development project by more than \$3,000,000 prior to receiving approval of the Committees or after a period of 30 days has elapsed.

This table is intended to serve as the approved list of development projects; as noted above, any requested changes exceeding \$3,000,000 to a project are subject to reprogramming requirements.

Recurring Expenses Transformational Fund.—The agreement supports the Department's plan to allocate \$670,000,000 of the Recurring Expenses Transformational Fund balances to support information technology.

VETERANS ELECTRONIC HEALTH RECORD

The agreement provides \$2,500,000,000 for Veterans Electronic Health Record for activities related to the development and roll-out of VA's Electronic Health Record Modernization (EHRM) initiative, the associated contractual costs, and the salaries and expenses of employees hired under titles 5 and 38, United States Code.

Furthermore, the agreement makes 25 percent of the funds contingent upon the Secretary providing a plan with benchmarks and measurable metrics for deployment and a plan for addressing all required infrastructure upgrades to the Committees on Appropriations no later than 30 days prior to July 1, 2022. The Secretary is not provided transfer authority and is directed to continue using this account as the sole source of funding within the Department for EHRM.

While the Committees remain supportive of the EHRM initiative and the Secretary's comprehensive strategic review, as with any acquisition of this size and magnitude, there continue to be implementation concerns. The funding level and contingency requirement recognize the implementation delays and challenges to date, as well as the need to communicate a clear plan to address infrastructure needs, deploy the new system, monitor progress, and demonstrate success.

The Committees expect the Department to follow the direction in bill language, as well as in House Report 117-81 and Senate Report 117-35. This includes, but is not limited to, the continuation of quarterly reporting and briefings. The agreement continues to direct the Government Accountability Office to conduct quarterly performance reviews of EHRM deployment and to report to the Committees on Appropriations each quarter.

OFFICE OF INSPECTOR GENERAL

The agreement provides \$239,000,000 for the Office of Inspector General. Of the amount provided, up to 10 percent is available for obligation until September 30, 2023.

CONSTRUCTION, MAJOR PROJECTS

The agreement provides \$1,611,000,000 for Construction, Major Projects. The agreement makes this funding available for five years, except that \$700,000,000 is made avail-

able until expended, of which \$100,000,000 shall be available for seismic improvement projects.

The agreement funds the following items requested in the budget submission:

CONSTRUCTION, MINOR PROJECTS

The agreement provides \$553,000,000 for Construction, Minor Projects. The agreement makes this funding available for five years, except that \$55,300,000 is made available until expended. The agreement includes \$359,210,000 for the Veterans Health Administration, \$106,990,000 for the National Cemetery Administration, \$22,100,000 for the Veterans Benefits Administration, and \$64,700,000 for staff offices and the Office of Information Technology.

GRANTS FOR CONSTRUCTION OF STATE EXTENDED CARE FACILITIES

The agreement provides \$50,000,000 for Grants for Construction of State Extended Care Facilities, to remain available until expended, which is \$50,000,000 above the request.

GRANTS FOR CONSTRUCTION OF VETERANS CEMETERIES

The agreement provides \$48,500,000 for Grants for Construction of Veterans Cemeteries, to remain available until expended, which is \$3,500,000 above the request.

ASSET AND INFRASTRUCTURE REVIEW

The agreement provides \$5,000,000 for the Asset and Infrastructure Review account. This is a new account for fiscal year 2022 to support the work of the Asset and Infrastructure Review Commission.

ADMINISTRATIVE PROVISIONS
(INCLUDING TRANSFERS AND RESCISSIONS OF FUNDS)

The agreement includes section 201 allowing for the transfer of funds among the three mandatory accounts.

The agreement includes section 202 allowing for the transfer of funds among the four medical accounts.

The agreement includes section 203 allowing salaries and expenses funds to be used for the hire of passenger vehicles, lease of facilities or land, and purchase of uniforms.

The agreement includes section 204 restricting the accounts that may be used for the acquisition of land or the construction of any new hospital or home.

The agreement includes section 205 limiting the use of funds in the Medical Services account only for entitled beneficiaries unless reimbursement is made to the Department.

The agreement includes section 206 allowing for the use of certain mandatory appropriations accounts for payment of prior year accrued obligations for those accounts.

The agreement includes section 207 allowing the use of appropriations available in this title to pay prior year obligations.

The agreement includes section 208 allowing the Department to use surplus earnings from the National Service Life Insurance Fund, the Veterans' Special Life Insurance Fund, and the United States Government Life Insurance Fund to administer these programs.

The agreement includes section 209 allowing the Department to cover the administrative expenses of enhanced-use leases and provides authority to obligate these reimbursements in the year in which the proceeds are received.

The agreement includes section 210 limiting the amount of reimbursement the Office of Resolution Management, the Office of Employment Discrimination Complaint Adjudication, and the Office of Diversity and Inclusion can charge other offices of the Department for services provided.

The agreement includes section 211 requiring the Department to collect third-party payer information for persons treated for a non-service-connected disability.

The agreement includes section 212 allowing for the use of enhanced-use leasing revenues for Construction, Major Projects and Construction, Minor Projects.

The agreement includes section 213 outlining authorized uses for Medical Services funds.

The agreement includes section 214 allowing for funds deposited into the Medical Care Collections Fund to be transferred to the Medical Services and Medical Community Care accounts.

The agreement includes section 215 which allows Alaskan veterans to use medical facilities of the Indian Health Service or tribal organizations.

The agreement includes section 216 permitting the transfer of funds from the Department of Veterans Affairs Capital Asset Fund to the Construction, Major Projects and Construction, Minor Projects accounts and makes those funds available until expended.

The agreement includes section 217 requiring the Secretary to submit financial status quarterly reports for each of the Administrations in the Department. The specific data requested is similar to that requested in the fiscal year 2017 conference report.

The agreement includes section 218 requiring the Department to notify and receive approval from the Committees of any proposed transfer of funding to or from the Information Technology Systems account and limits the aggregate annual increase in the account to no more than 10 percent of the funding appropriated to the account in this Act.

The agreement includes section 219 providing up to \$379,009,000 of specified fiscal year 2022 funds for transfer to the Joint DOD-VA Medical Facility Demonstration Fund.

The agreement includes section 220 which permits up to \$323,242,000 of specified fiscal year 2023 medical care funding provided in advance to be transferred to the Joint DOD-VA Medical Facility Demonstration Fund.

The agreement includes section 221 which authorizes transfers from the Medical Care Collections Fund to the Joint DOD-VA Medical Facility Demonstration Fund.

The agreement includes section 222 which transfers at least \$15,000,000 from VA medical accounts to the DOD-VA Health Care Sharing Incentive Fund.

The agreement includes section 223 prohibiting funds from being used to replace the current system by which VISNs select and contract for diabetes monitoring supplies and equipment.

The agreement includes section 224 requiring that the Department notify the Committees of bid savings in a major construction project of at least \$5,000,000, or 5 percent, whichever is less, 14 days prior to the obligation of the bid savings and describe their anticipated use.

The agreement includes section 225 which prohibits VA from increasing the scope of work for a major construction project above the scope specified in the original budget request unless the Secretary receives approval from the Committees.

The agreement includes section 226 requiring a quarterly report from each VBA regional office on pending disability claims, both initial and supplemental; error rates; the number of claims processing personnel; corrective actions taken; training programs; and review team audit results. It also requires a quarterly report on the number of appeals pending at the Veterans Benefits Administration and the Board of Veterans Appeals.

The agreement includes section 227 requiring VA to notify the Committees 15 days prior to any staff office relocations within VA of 25 or more full-time-equivalent staff.

The agreement includes section 228 requiring the Secretary to report to the Committees each quarter about any single national outreach and awareness marketing campaign exceeding \$1,000,000.

The agreement includes section 229 permitting the transfer to the Medical Services account of fiscal year discretionary 2022 funds appropriated in this Act or available from advance fiscal year 2022 funds already appropriated, except for funds appropriated to General Operating Expenses, VBA, to address possible unmet, high priority needs in Medical Services, upon approval of the Committees.

The agreement includes section 230 permitting the transfer of funding between the General Operating Expenses, Veterans Benefits Administration account and the Board of Veterans Appeals account upon approval of the Committees.

The agreement includes section 231 prohibiting the Secretary from reprogramming funds in excess of \$7,000,000 among the major construction projects or programs unless the reprogramming is approved by the Committees.

The agreement includes section 255 rescinding unobligated balances.

The agreement includes section 256 rescinding unobligated balances.

The agreement includes section 257 providing contributions from other Federal agencies to VA Non-Profit Corporations for research with an extended distribution authority on valid obligations.

TITLE III

RELATED AGENCIES

AMERICAN BATTLE MONUMENTS COMMISSION

SALARIES AND EXPENSES

The agreement provides \$87,500,000 for Salaries and Expenses of the American Battle Monuments Commission (ABMC), an increase of \$2,700,000 above the budget request. The additional funds will allow ABMC to not only maintain the cemeteries and monuments honoring America's war dead, but also to preserve and communicate these veterans' stories of courage and sacrifice.

FOREIGN CURRENCY FLUCTUATIONS ACCOUNT

The agreement provides such sums as necessary for the Foreign Currency Fluctuations Account.

UNITED STATES COURT OF APPEALS FOR VETERANS CLAIMS

SALARIES AND EXPENSES

The agreement provides \$41,700,000 for Salaries and Expenses for the United States Court of Appeals for Veterans Claims.

DEPARTMENT OF DEFENSE—CIVIL

CEMETERY EXPENSES, ARMY

SALARIES AND EXPENSES

The agreement provides \$87,000,000 for Cemetery Expenses, Army—Salaries and Expenses. Within that amount, up to \$15,000,000 in funding is available until September 30, 2024.

CONSTRUCTION

The agreement provides \$141,000,000 for Construction, to support Arlington National Cemetery's Southern Expansion project that would provide approximately 80,000 burial opportunities and extend the life of the cemetery.

ARMED FORCES RETIREMENT HOME

TRUST FUND

The agreement provides a total of \$77,000,000 for the Armed Forces Retirement Home (AFRH), an increase of \$1,700,000 above the budget request. The increase is intended to support high-priority capital projects, particularly those currently under design, as well as operations and maintenance requirements. The agreement requires AFRH to provide an expenditure plan detailing the planned use of the funds provided for capital projects, as directed in House Report 117-81. The agreement also includes two-year availability of funds for operations and maintenance.

ADMINISTRATIVE PROVISION

The agreement includes section 301 allowing Arlington National Cemetery to deposit and use funds derived from concessions.

TITLE IV

GENERAL PROVISIONS

The agreement includes section 401 prohibiting the obligation of funds in this Act beyond the current fiscal year unless expressly so provided.

The agreement includes section 402 prohibiting the use of the funds in this Act for programs, projects, or activities not in compliance with Federal law relating to risk assessment, the protection of private property rights, or unfunded mandates.

The agreement includes section 403 encouraging all departments and agencies funded in this Act to expand the use of “E-Commerce” technologies and procedures.

The agreement includes section 404 specifying the congressional committees that are to receive all reports and notifications.

The agreement includes section 405 prohibiting the transfer of funds to any department, agency, or instrumentality of the United States Government without authority from an appropriations Act.

The agreement includes section 406 prohibiting the use of funds for a project or program named for a serving Member, Delegate, or Resident Commissioner of the United States House of Representatives.

The agreement includes section 407 requiring all reports submitted to Congress to be posted on official web sites of the submitting agency.

The agreement includes section 408 prohibiting the use of funds to establish or maintain a computer network unless such network blocks the viewing, downloading, and exchanging of pornography, except for law enforcement investigation, prosecution, or adjudication activities.

The agreement includes section 409 prohibiting the use of funds for the payment of first-class air travel by an employee of the executive branch.

The agreement includes section 410 prohibiting the use of funds in this Act for any contract where the contractor has not complied with E-Verify requirements.

The agreement includes section 411 prohibiting the use of funds in this Act to construct facilities on military installations that do not meet resiliency standards.

The agreement includes section 412 prohibiting the use of funds in this Act for the renovation, expansion, or construction of any facility in the continental United States for the purpose of housing any individual who has been detained at the United States Naval Station, Guantanamo Bay, Cuba.

DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the bill or this explanatory statement, along with the name of each House Member, Senator, Delegate, or Resident Commissioner who submitted a request to the Committee of jurisdiction for each item so identified. For each item, a Member is required to provide a certification that neither the Member nor the Member's immediate family has a financial interest, and each Senator is required to provide a certification that neither the Senator nor the Senator's immediate family has a pecuniary interest in such congressionally directed spending item. Neither the bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.

DIVISION K—DEPARTMENT OF STATE, FOREIGN OPERATIONS, AND RELATED PROGRAMS APPROPRIATIONS ACT, 2022

The explanatory statement accompanying this division is approved and indicates congressional intent. In implementing this agreement, Federal departments, agencies, commissions, and other entities are directed to comply with the directives, reporting requirements, and instructions contained in the H.Rept. 117-84 (House report) accompanying H.R. 4373 (House bill) as though stated in this explanatory statement, unless specifically directed to the contrary.

This explanatory statement, while repeating some House report language for emphasis or clarification, does not negate language in such report unless expressly provided herein. Language expressing an opinion or making an observation in the House report represents the view of the House committee unless specifically endorsed in this explanatory statement.

Reports required to be submitted pursuant to the Act, including reports required by this explanatory statement and the House report, may not be consolidated to include responses to multiple requirements in a single report, except following consultation with the Committees on Appropriations.

For purposes of this explanatory statement, the term “the Act” means the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2022, and the term “prior Acts” means prior Acts making appropriations for the Department of State, foreign operations, and related programs. In addition, “division K of Public Law 116-260” means the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2021; “division G of Public Law 116-94” means the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2020; “division F of Public Law 116-6” means the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2019; “division J of Public Law 115-31” means the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2017; and “division K of Public Law 113-76” means the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2014.

For the purposes of this Act, the term “regular notification procedures of the Committees on Appropriations” shall mean such Committees must be notified not less than 15 days in advance of the initial obligation of funds, and the term “reporting procedures of the Committees on Appropriations” shall mean a report must be provided to such Committees not more than 90 days after the conclusion of fiscal year 2022.

Federal agencies funded by the Act shall notify the Committees on Appropriations of any reprogramming, as required by section 7015 of the Act, at the most detailed level of the Congressional Budget Justification (CBJ), the Act, or this explanatory statement.

Congressional notifications submitted by the heads of the Federal agencies funded in the Act for funds that are being reallocated prior to initial obligation, reprogrammed, or reobligated after deobligation, shall, to the maximum extent practicable, contain detailed information about the sources of the funds and why such funds are no longer needed or intended to be used as previously justified.

The agencies and entities funded by the Act are directed to obligate the funds appropriated for fiscal year 2022 in a prudent but timely manner.

Section 7019 of the Act requires that amounts designated in the respective tables

included in this explanatory statement for funds appropriated in titles III through V, including tables in title VII, shall be made available in the amounts designated, unless otherwise provided for in the Act, and shall be the basis of the report required by section 653(a) of the Foreign Assistance Act of 1961 (FAA) (653(a) report), where applicable. In lieu of the tables and allocations of funding contained in the House report, the tables and allocations contained in this explanatory statement shall guide departments, agencies, commissions, and other entities when allocating funds. The Act provides that the amounts designated in the tables shall be made available notwithstanding the date of the transmission of the 653(a) report. The authority of section 7019(b) to deviate by more than 10 percent shall not be used to deviate to zero unless such funds cannot be legally obligated or conditions are such that such deviation is directly related to the national security interest of the United States.

Proposed deviations from tables in titles I and II in this explanatory statement are subject to the regular notification procedures of the Committees on Appropriations, unless an exception or deviation authority is specifically provided in the Act or this explanatory statement.

The Secretary of State and the Administrator of the United States Agency for International Development (USAID) shall continue to provide the Committees on Appropriations electronic copies of all reports, notifications, spend plans, and any other documents required by the Act, prior Acts, this and prior explanatory statements and statements of managers, the House report, and prior reports.

For purposes of the Act and this explanatory statement, the term “prior consultation” means a pre-decisional engagement between a relevant Federal agency and the Committees on Appropriations during which such Committees are given a meaningful opportunity to provide facts and opinions, in advance of any public announcement, to inform: (1) the use of funds; (2) the development, content, or conduct of a program or activity; or (3) a decision to be taken. Additionally, section 7020 of the Act includes specific requirements regarding multi-year pledges.

Notwithstanding authority included in any provision of the Act shall not be construed to exclude the requirements of such provision.

Pursuant to section 7016(b) any Federal agency receiving funds made available by the Act shall post on its publicly available website any report required by the Act not later than 45 days following the receipt of such report by Congress. This requirement does not apply if: (1) the public posting of the report would compromise national security, including the conduct of diplomacy; (2) the report contains proprietary, privileged, or sensitive information; or (3) the public posting of the report is specifically exempted in the House report or this explanatory statement.

For purposes of the Balanced Budget and Emergency Deficit Control Act of 1985 (Public Law 99-177), with respect to appropriations contained in the Act, the term “program, project, and activity” (PPA) means any item for which a dollar amount is specified in the Act or this explanatory statement. In addition, the definition of PPA in section 7023 of the Act shall apply to the accounts listed in that section. In carrying out any Presidential sequestration, Federal agencies funded by the Act shall conform to the definition of PPA described in this paragraph.

In submitting annual CBJs, each Federal agency funded by the Act shall include de-

tailed information on all available resources, including estimated prior year unobligated balances and recoveries, reimbursable agreements, funds transferred pursuant to section 632(a) and (b) of the FAA and significant uses of the Economy Act (31 U.S.C. 1535). Agencies that use a Working Capital Fund (WCF) shall include in CBJs the total budgetary resources for each office that receives funds from a WCF, and include a table on WCF resources that will serve as a baseline for reprogramming and transfer purposes. CBJs shall also include estimated savings from any proposed office or mission closure or reorganization, elimination of special envoys and other senior level special representatives, and actual prior year representation expenses for each department and agency where such expenses are authorized.

Spend plans submitted pursuant to section 7062(b) of the Act shall: (1) include all intended sources of funds made available by the Act and any other resources, as applicable, for such program; and (2) conform to the definition of such plan under section 7034(t)(4) of the Act.

Consistent with prior fiscal years, none of the funds made available by the Act may be used to send or otherwise pay for the attendance of more than 50 employees of Federal agencies who are stationed in the United States at any single international conference occurring outside the United States, unless the Secretary of State reports to the appropriate congressional committees at least 5 days in advance that such attendance is important to the national interest. For purposes of this restriction, the term “international conference” means a conference attended by representatives of the United States Government and of foreign governments, international organizations, or non-governmental organizations (NGOs).

Federal agencies funded by the Act shall not provide bonuses to government contractors who fail to complete their contract in a satisfactory manner, including as a result of avoidable scheduling delays or cost overruns.

In lieu of language in the House report under the heading *COVID-19 Response and Recovery*, the agreement provides for the safety of United States citizens by combating infectious diseases and strengthening health systems abroad.

In lieu of the directive in the House report regarding the response to the global pandemic, the USAID Administrator should ensure such programming is inclusive of all affected communities, including marginalized groups, that may experience barriers in access to government services.

The agreement does not endorse directives under certain House report headings: *Discrimination of LGBTQI+ persons*; *Non-Discrimination Policies* (under Operating Expenses); and *Mexico*, regarding funding for violence prevention programs at Mexico’s northern border.

The language in the House report under the heading *Bill Organization* regarding women’s health and family planning is modified by the agreement.

For the purposes of this explanatory statement, the term “designated as an emergency requirement” means that such amount is designated as an emergency requirement pursuant to a concurrent resolution on the budget or the Balanced Budget and Emergency Deficit Control Act of 1985.

In addition to amounts in this division, the agreement includes \$6,800,000,000 in division N for assistance to respond to the situation in Ukraine and in countries impacted by the situation in Ukraine and for additional support for other vulnerable populations and communities. Each of the additional amounts are designated as an emergency requirement.

The operating plan required by section 7062(a) of the Act shall include the projected budget and staffing level for the Office.

Consular Operations.—The agreement endorses House report language under the heading *Timely Processing of Passports and Visas*. Not later than 90 days after enactment of the Act, the Secretary of State shall submit a report to the Committees on Appropriations regarding lessons learned from the pandemic, including the adoption of remote services, the feasibility of increased interview waivers and remote visa interviews, and any other process improvements that would enhance consular services domestically and overseas.

Consultations.—The Secretary of State shall consult with the Committees on Appropriations in a timely manner on the number of Department of State secure facilities abroad, and operations related to Syria and Turkey.

Cybersecurity and Report.—The Secretary of State shall consult with the Committees on Appropriations on a semi-annual basis on cybersecurity protocols and procedures. Not later than 45 days after enactment of the Act, the Secretary of State shall update the report required under this heading in Senate Report 116-126 in the manner described.

Department of State Diversity and Inclusion.—The agreement supports recent steps taken by the Department of State to hire a Chief Diversity and Inclusion Officer and to establish the Office of Diversity and Inclusion to address the chronic lack of diversity

in the Department's workforce, recruitment and retention, and the underrepresentation of diverse groups in management and senior leadership positions. Not later than 90 days after enactment of the Act, the Secretary of State shall report to the Committees on Appropriations on the implementation of the Department's Diversity and Inclusion Strategic Plan, funding and staff allocated to these efforts, benchmarks to measure progress and ensure accountability in achieving these goals, and efforts to assess and respond to bias in hiring, promotion, employee performance evaluations, and reassignment policies.

In lieu of the directive in the House report under *Lateral entry*, not later than 120 days after enactment of the Act, the Secretary of State shall report to the Committees on Appropriations on the status of the implementation of section 404 of Public Law 114-323. Such report should include an assessment of the viability of using future lateral entry programs as an avenue for increasing the number of individuals from under-represented groups in mid- and senior-level Foreign Service ranks.

The agreement includes funding above the fiscal year 2021 level for workforce diversity initiatives, including not less than \$6,000,000 each for the Pickering and Rangel Fellowships and additional funds for the International Career Advancement Program. The Department should also evaluate diversity across Foreign Service Specialist tracks and Generalist cones and determine whether the Foreign Affairs IT Fellowship model could be expanded to increase diversity in other fields. Finally, the Act provides authority for the Department of State to provide up to \$8,000,000 for paid internships in order to expand the pool of participants in the program.

Department of State Staffing Reports.—Not later than 60 days after enactment of the Act and every quarter thereafter until September 30, 2023, the Secretary of State shall report to the Committees on Appropriations on the on-board personnel levels, hiring, and attrition of the Civil Service, Foreign Service, eligible family members, and the Locally Employed Staff (LES) workforce of the Department of State.

Global Criminal Justice.—Not later than 45 days after enactment of the Act, the Ambassador-at-Large for Global Criminal Justice shall consult with the Committees on Appropriations on the staffing levels and capacity of the Office of Global Criminal Justice to manage programs implemented pursuant to section 7066(a)(2) of the Act.

Global Magnitsky Human Rights Accountability Act.—The agreement endorses the House report language under this heading.

Historical Programs.—The agreement provides funds for the Department of State to continue to record the written and oral histories of its personnel and use for training and other purposes, in coordination with the Association for Diplomatic Studies and Training.

Intercountry Adoption.—The Secretary of State should ensure that the fee schedule approved for the Intercountry Adoption Accreditation and Maintenance Entity, Inc. (IAAME) does not impose undue financial burdens on families seeking to adopt internationally and confirm that fees collected for monitoring and oversight by IAAME are not used for other unpermitted purposes. The next annual report on intercountry adoptions, as required by Public Law 106-279,

shall detail the efforts of the Department of State to increase intercountry adoptions in fiscal year 2022 and include steps that the Bureau of Consular Affairs takes to address impediments to intercountry adoption, especially in countries where American families are in the process of adoption, but those adoptions have been slowed or blocked.

Office of Canadian Affairs.—The agreement provides \$500,000 for the Office of Canadian Affairs to continue leading the U.S. interagency working group to identify gaps and limitations within the Memoranda of Understanding between British Columbia and Alaska, Washington, Idaho, and Montana.

Outstanding Judgments.—The Secretary of State shall assist, as appropriate, in obtaining payment of outstanding judgments against foreign governments and diplomats, including in the human trafficking civil case *Lipenga v. Kambalame*, and submit a report to the Committees on Appropriations not later than 30 days after enactment of the Act on progress in resolving that case.

Preventing Diplomats from Aiding and Abetting Flights from Justice.—The Secretary of State shall update the report required under this heading in Senate Report 116-126 in the manner described, except such report shall detail the steps taken by the Department of State since the submission of the previous report.

Private Security Companies.—Not later than 90 days after enactment of the Act, the Secretary of State shall update the report required under this heading in Senate Report 115-152 regarding actions taken to ensure consistency in meeting standards and codes of conduct used by certain private security companies.

Real Property.—The Secretary of State shall assist in facilitating resolutions of commercial disputes involving United States entities seeking return of real property seized or expropriated by foreign governments, as appropriate.

The report should provide meaningful analysis of opportunities for such partnerships to strengthen health systems, including in countries that are unable to provide life-saving treatment for childhood cancer. The Administrator is directed to ensure the report is more substantive and responsive than the report that was submitted by the Department of State pursuant to section 7058(c) of division K of Public Law 116–260.

Global Health Security Report.—Not later than 90 days after enactment of the Act and prior to the initial obligation of funds, the USAID Administrator and Secretary of State, as appropriate, shall submit to the Committees on Appropriations a report on the proposed uses of funds made available for global health security programs on a country and project basis, including possible contributions to multilateral mechanisms. Such report shall be updated and submitted to the Committees every 90 days until such funds are fully obligated.

Health Systems Report.—The USAID Administrator and U.S. Global AIDS Coordinator shall submit a report to the Committees on Appropriations, not later than 120 days after enactment of the Act, detailing progress on the integration and joint funding of health systems strengthening activities. In addition to the requirements enumerated under the heading Health systems in the House report, the report should include: (1) a baseline accounting of ongoing systems strengthening contributions from each program line in the table under Global Health Programs; (2) detail on reporting and performance indicators used to track and coordinate such efforts; and (3) a description of steps taken, or planned to be taken, to ensure systems strengthening investments are sustained by host countries.

Leprosy.—USAID is encouraged to support research and development of a vaccine to protect against nerve damage among those diagnosed with leprosy, the most serious complication of the disease.

Maternal and Child Health Report.—Not later than 90 days after enactment of the Act, the USAID Administrator shall submit a report to the Committees on Appropriations on the following outcomes achieved during the previous fiscal year, disaggregated by country: (1) the approximate number of treatments provided to children for pneumonia and diarrhea, reported separately, as a result of U.S. Government assistance; and (2) the approximate number of mothers and infants who received postnatal care within two days of childbirth as a result of such assistance. Such report shall include detail on funds expended to achieve such outcomes.

Multilateral Vaccine Development.—The agreement includes \$100,000,000 for a U.S. contribution to support a multilateral vaccine development partnership for epidemic preparedness innovations, pursuant to section 6501 of Public Law 117–81. Not later than 90 days after enactment of the Act, the USAID Administrator shall consult with the Committees on Appropriations on such contribution.

Neglected Surgical Conditions.—The USAID Administrator shall support efforts to strengthen surgical health capacity to address such health issues as cleft lip and cleft palate, club foot, cataracts, hernias, fistulas, and untreated traumatic injuries in underserved areas in developing countries, including in contexts without water or electricity. Strengthening surgical health systems includes the training of local surgical teams and assisting ministries of health to develop and implement national surgical, obstetric, trauma, and anesthesia plans. Not later than 90 days after enactment of the Act, the USAID Administrator shall brief the Committees on Appropriations on the planned uses of funds for these purposes in fiscal year 2022.

Nutrition Report.—The agreement requires the nutrition report under this heading in the House report, which shall also include: (1) the outcomes, disaggregated by USAID bureau, including nutrition-specific treatment and prevention interventions on a country-by-country basis; (2) the approximate number of additional children treated for severe acute malnutrition as a result of United States Government assistance; and (3) the approximate number of additional children receiving vitamin A as a result of such assistance.

Research and Development.—Not later than 60 days after enactment of the Act, the USAID Administrator shall update the report required under this heading in Senate Report 116–126.

The USAID Administrator shall also develop a new multi-year strategy on global health research and development, which shall be submitted to the Committees on Appropriations and posted on the USAID website not later than 180 days after enactment of the Act. Such strategy should include: (1) how USAID will work across programs to implement a comprehensive research and development approach; (2) plans to collect and use input from the Global Health Bureau, consultations with nonprofit and other private sector partners, and the heads of other relevant Federal agencies, including CDC, the National Institutes of Health, and the Biomedical Advanced Research and Development Authority; (3) plans to coordinate with such stakeholders in support of innovative global health product development; and (4) specific investment and target goals for research and product development across disease areas.

Strategy Update.—USAID’s efforts to help end preventable child and maternal deaths have been driven by the Acting on the Call framework since 2014, which is now outdated.

The USAID Administrator shall conduct a strategic review of its framework for ending preventable child and maternal deaths, which should include meaningful consultations with the Committees on Appropriations, civil society, USAID Missions, and local organizations and stakeholders. A revised framework should be released not later than December 31, 2022.

Vaccines.—The agreement supports continued efforts at not less than the prior fiscal year level to create effective vaccines for malaria and HIV/AIDS and to undertake vaccine development efforts to prevent and respond to infectious disease outbreaks.

Vulnerable Children.—The agreement supports funding to implement the United States Government Strategy on Advancing Protection and Care for Children in Adversity (APCCA), including to coordinate assistance for orphans and vulnerable children, putting family care first, and to provide protection and psycho-social support to youth at risk of violence, abuse, exploitation, or neglect, particularly in conflict zones and humanitarian settings. USAID interventions should assist children recovering from trauma caused by conflict and forced displacement, including through partnerships with local organizations with expertise in incorporating children in permanent family-based care and foster care programs, preventing unnecessary family separation, and decreasing the percentage of children living in institutions. The annual report required by Public Law 109–95 shall include the amounts invested for each objective of the APCCA in the prior fiscal year.

The USAID Administrator is directed to better track and coordinate outcomes related to child protection and protection of children outside of family care, including: (1) investment in technology that identifies and protects vulnerable children, facilitates case management, and reports outcomes; and (2) programs that prevent unnecessary parent-child separation and increase the percentage of children living within family care instead of institutions.

DEVELOPMENT ASSISTANCE

The agreement includes \$4,140,494,000 for Development Assistance. Funds for certain countries and programs under this heading are allocated according to the following table and subject to section 7019 of the Act:

Advisor for Indigenous Peoples Issues.—The USAID Advisor for Indigenous Peoples Issues should report directly to the USAID Administrator, and have sufficient staff to: (1) integrate USAID’s Indigenous Peoples Policy into all USAID programs and across bureaus and missions; (2) provide technical support and training to such bureaus and missions; (3) conduct affirmative investigations of USAID and international financial institution (IFI) projects that impact Indigenous people; and (4) defend and promote the territories, human rights, and well-being of Indigenous people internationally through small grants, partnerships, training, research, and economic and social empowerment initiatives.

Children with Disabilities.—The Secretary of State and USAID Administrator shall increase funding for programs implemented by UNICEF and its partners to protect the rights of, and increase access to services and opportunities for, children with severe cognitive and physical disabilities in poor countries.

Clean Cookstoves.—The Department of State and USAID, in partnership with other Federal agencies, shall continue to help address the health and safety issues associated with traditional cookstoves, including by distributing clean cookstoves that sustainably reduce fuel consumption and exposure to harmful smoke.

Faith-Based Organizations.—The Secretary of State and USAID Administrator shall continue to use the faith sector, in conjunction with the public and private sectors, for the delivery of assistance in developing countries.

Low Cost Eyeglasses.—Not later than 90 days after enactment of the Act, the USAID Administrator shall consult with the Committees on Appropriations on the planned uses of funds made available for USAID’s program to support sustainable, locally owned initiatives that provide needy children and adults with poor vision access to low cost eyeglasses.

The USAID Administrator shall submit a multi-year strategy to support the following priorities: (1) government led and implemented expansion of access to eyeglasses within public health and education systems; and (2) growing the number of for-profit optical businesses serving low-income customers. Activities could include: (1) working with ministries of health to build the eye health workforce and delegate tasks to less specialized health workers; (2) strengthening government supply chain and procurement processes; (3) strengthening government data

and information management systems including reliable data on the number of people in country without access to low cost eyeglasses; and (4) providing technical assistance to help grow the number of for-profit optical businesses serving low income customers.

Mobility Program.—The agreement continues support for partnerships with existing entities overseas that have successful models of providing access to affordable bicycles to achieve development objectives, as well as addressing challenges of spare parts, maintenance, and reducing social stigma.

Mongolia Anti-Corruption Program.—The agreement includes funds for an anti-corruption program in Mongolia focused on mineral trafficking along border areas, to be awarded on an open and competitive basis, which should include investigation simulations to strengthen the ability of criminal justice officials to combat trafficking.

Volunteers.—The USAID Administrator shall implement an agency-wide policy that attributes additional merit to proposals and applications that include the use of skilled U.S. and local volunteers (including, as appropriate, the use of the Peace Corps Response and U.S. Government retirees) to implement a broad range of locally-driven development activities, which shall be posted on the USAID website.

INTERNATIONAL DISASTER ASSISTANCE

The agreement includes \$3,905,460,000 for International Disaster Assistance in this division. An additional \$2,650,000,000 is included under the heading in division N and designated as an emergency requirement. Such funds shall be apportioned to USAID not later than 60 days after enactment of the Act.

TRANSITION INITIATIVES

The agreement includes \$80,000,000 for Transition Initiatives in this division, and an additional \$120,000,000 is included under the heading in division N and designated as an emergency requirement.

COMPLEX CRISES FUND

The agreement includes \$60,000,000 for Complex Crises Fund.

ECONOMIC SUPPORT FUND

The agreement includes \$4,099,000,000 for Economic Support Fund in this division, and an additional \$647,000,000 is included under the heading in division N and designated as an emergency requirement. Funds for certain countries and programs under this heading are allocated according to the following table and subject to section 7019 of the Act:

Anti-Blasphemy Laws.—The agreement includes funds to support in-country training programs for countries that repeal or begin a formal process to remove blasphemy-related offenses from their criminal codes, and to train relevant civil society leaders, religious leaders, the media, the judiciary, and law enforcement on conflict de-escalation tools, community engagement, peace building, and international human rights standards.

Countering Violent Extremism Programs.—Given the limited return on investment and the scarcity of reliable data on the effectiveness of countering violent extremism programs, particularly those conducted across the Sahel, USAID and the Department of State should reassess and reconfigure such programs, as appropriate, following consultation with the Committees on Appropriations. Such programs should include more meaningful engagement with affected populations in order to determine new approaches to addressing this problem.

Information Communications Technology Training.—Funds are made available for Information Communications Technology Training to support public-private partnerships that provide capacity building technology training for professionals from developing countries to advance a consistent global regulatory framework on critical information communication technology issues.

Institutions of Higher Education.—The agreement includes sufficient funding to continue support for institutions of higher education in the Middle East and South Asia, including reimbursement and support for students from Afghanistan. Not later than 90 days after enactment of the Act, the Secretary of State shall submit a plan to the Committees on Appropriations to support Afghan students at such institutions.

Middle East Partnership Initiative Availability and Consultation Requirement.—The agreement includes funds appropriated under title III of the Act, which shall be made available for assistance for the Western Sahara. Not later than 90 days after enactment of the Act, and prior to the obligation of such funds, the Secretary of State, in consultation with the USAID Administrator, shall consult with the Committees on Appropriations on the proposed uses of such funds.

USAID Israel International Development Cooperation.—The agreement supports efforts to advance shared development goals in third countries between USAID and Israel's Agency for International Development Cooperation as described under this heading in the House report.

DEMOCRACY FUND

The agreement includes \$340,700,000 for Democracy Fund, of which \$215,450,000 is for Department of State's Bureau of Democracy, Human Rights, and Labor (DRIL), and \$125,250,000 is for USAID's Bureau for Development, Democracy, and Innovation.

The agreement includes funds to counter the rise of authoritarianism abroad and for the directives included in the table under this heading in the House report.

Human Rights.—In lieu of the directive in the House report under this heading, the Secretary of State, in consultation with the USAID Administrator, should submit a report to the Committees on Appropriations, not later than 60 days after enactment of the Act, on the activities of special envoys with responsibilities for issues of concern to marginalized populations.

ASSISTANCE FOR EUROPE, EURASIA AND CENTRAL ASIA

The agreement includes \$500,000,000 for Assistance for Europe, Eurasia and Central Asia in this division, and an additional \$1,120,000,000 is included under the heading in division N and designated as an emergency requirement.

Albania.—The agreement provides \$1,000,000 for assistance for Albania to be managed by USAID. The USAID Administrator shall consult with the Committees on Appropriations on plans to expand its presence and programs in that country.

Balkans.—Not later than 90 days after enactment of the Act, the Secretary of State and USAID Administrator shall jointly brief the Committees on Appropriations on programs and initiatives to increase bilateral trade between the United States and the Balkans, to reduce youth unemployment in the region, and to grow small and medium enterprises to spur economic growth.

DEPARTMENT OF STATE

MIGRATION AND REFUGEE ASSISTANCE

The agreement includes \$2,912,188,000 for Migration and Refugee Assistance in this division. An additional \$1,400,000,000 is included under the heading in division N and designated as an emergency requirement.

The Secretary of State shall continue to include amounts designated for the Emergency Response Fund in annual program plans.

North Korea.—The agreement includes assistance for refugees from North Korea, including protection activities in the People's Republic of China (PRC) and other countries in Asia.

Primary Health Care.—The agreement supports funding for primary healthcare for refugees, internally displaced persons, and other vulnerable communities in humanitarian settings and conflict zones.

Protection Against Violence and Discrimination.—The Secretary of State and USAID Administrator are directed to continue to work with governments and partners to investigate reports of discrimination and violence against third-country nationals fleeing conflict. The Secretary and Administrator shall continue to work to ensure that all individuals fleeing conflict, whether nationals of a country or third-country nationals living in such country, are treated humanely and have equal access to humanitarian assistance, especially during a time of war. Not later than 45 days after enactment of the Act, the Secretary and Administrator shall brief the appropriate congressional committees on how principles of equal access to humanitarian assistance and protection against violence are being carried out with partners implementing United States assistance and in diplomatic and humanitarian dialogues with other governments.

Refugee Employment.—The Secretary of State shall expand efforts, utilizing existing organizations and mechanisms, to assist refugees and other displaced persons in becoming self-reliant through labor mobility, as a complementary solution for refugees in addition to resettlement. Not later than 90 days

after enactment of the Act, the Secretary shall report to the Committees on Appropriations on steps being taken in response to this directive.

United Nations Relief and Works Agency.—The agreement endorses the report directive concerning the United Nations Relief and Works Agency (UNRWA) included under this heading in the House report. Such report shall also include reforms implemented by UNRWA over the past three years.

UNITED STATES EMERGENCY REFUGEE AND MIGRATION ASSISTANCE FUND

The agreement includes \$100,000 for United States Emergency Refugee and Migration Assistance Fund.

INDEPENDENT AGENCIES
PEACE CORPS

(INCLUDING TRANSFER OF FUNDS)

The agreement includes \$410,500,000 for Peace Corps.

Peace Corps Volunteers.—The Peace Corps evacuated all volunteers in March 2020 due to the COVID-19 pandemic, and, to date, no volunteers have returned to the field. The agreement includes funds to support ongoing efforts to process and support the safe redeployment of Peace Corps Volunteers abroad.

MILLENNIUM CHALLENGE CORPORATION

The agreement includes \$912,000,000 for Millennium Challenge Corporation, including up to \$115,000,000 for administrative expenses.

Anti-Corruption and Governance.—MCC should continue to emphasize the importance of the ruling justly indicators, including control of corruption, for compact eligibility and to ensure that recipients of MCC funds are making consistent progress in these areas.

Supporting Economic Growth.—MCC should continue trade-based capacity building efforts in support of the AGOA and MCA Modernization Act (Public Law 115-167) and collaborate with other agencies to address the existing barriers that Sub-Saharan African nations face in the development of free trade agreements.

INTER-AMERICAN FOUNDATION

The agreement includes \$42,000,000 for Inter-American Foundation. The agreement includes sufficient funds to support the exchange program described under this heading in the House report.

UNITED STATES AFRICAN DEVELOPMENT FOUNDATION

The agreement includes \$40,000,000 for United States African Development Foundation. The agreement includes sufficient funds to support partnerships between the United States African Development Foundation and African diaspora communities in the United States that further African-led development projects, as described under this heading in the House report.

DEPARTMENT OF THE TREASURY
INTERNATIONAL AFFAIRS TECHNICAL ASSISTANCE

The agreement includes \$38,000,000 for International Affairs Technical Assistance, of which not more than \$9,500,000 is for administrative expenses.

DEBT RESTRUCTURING

The agreement includes \$52,000,000 for Debt Restructuring to support the Debt Service Suspension Initiative and the Common Framework on Debt Treatments to provide economic relief stemming from the COVID-19 pandemic.

TROPICAL FOREST AND CORAL REEF CONSERVATION

The agreement includes \$15,000,000 for Tropical Forest and Coral Reef Conservation. In implementing the Tropical Forest and

Coral Reef Conservation Act, the Department of the Treasury should seek to negotiate agreements with eligible partners in the most expeditious manner possible.

TITLE IV

INTERNATIONAL SECURITY ASSISTANCE
DEPARTMENT OF STATE
INTERNATIONAL NARCOTICS CONTROL AND LAW ENFORCEMENT

The agreement includes \$1,391,004,000 for International Narcotics Control and Law Enforcement in this division, and an additional \$30,000,000 is included under the heading in division N and designated as an emergency requirement. The agreement includes \$5,000,000 for Global Agriculture and Food Security Program.

Pledge.—The agreement includes funds for the Global Agriculture and Food Security Program to further the UN Sustainable Development Goal on food security and urges the Secretary of the Treasury to submit a pledge on behalf of the United States Government in support of the 2020–2025 replenishment period.

CONTRIBUTIONS TO THE INTERNATIONAL MONETARY FUND FACILITIES AND TRUST FUNDS

The agreement includes \$102,000,000 for Contributions to the International Monetary Fund Facilities and Trust Funds.

TITLE VI

EXPORT AND INVESTMENT ASSISTANCE

EXPORT-IMPORT BANK OF THE UNITED STATES INSPECTOR GENERAL

The agreement includes \$6,500,000 for Inspector General for the Export-Import Bank of the United States, of which \$975,000 may remain available until September 30, 2023.

ADMINISTRATIVE EXPENSES

The agreement includes \$114,000,000 for Administrative Expenses for the Export-Import Bank of the United States, of which up to \$17,100,000 may remain available until September 30, 2023.

PROGRAM BUDGET APPROPRIATIONS

The agreement includes \$5,000,000 for Program Budget Appropriations.

UNITED STATES INTERNATIONAL DEVELOPMENT FINANCE CORPORATION INSPECTOR GENERAL

The agreement includes \$2,800,000 for Inspector General for United States International Development Finance Corporation.

CORPORATE CAPITAL ACCOUNT

The agreement includes \$698,000,000 for Corporate Capital Account, including \$198,000,000 for administrative expenses and project-specific transaction costs as described in section 1434(k) of the BUILD Act of 2018 (division F of Public Law 115–254) and \$500,000,000 for programs, which may be paid to the United States International Development Finance Corporation Program Account.

Environmental and Social Policies and Procedures.—The U.S. International Development Finance Corporation (DFC) CEO shall establish strict guidelines for the use of waivers of its Environmental and Social Policies and Procedures, which should be limited to compelling circumstances and in furtherance of an important U.S. national interest. The use of such waivers is subject to the regular notification procedures of the Committees on Appropriations. Such notification shall include the justification for the waiver and describe the environmental and social policies and procedures to be applied in lieu of DFC's policies and procedures.

Impact Assessments.—Funds made available by the Act for the DFC shall be used to increase quality impact assessments to vet proposed projects for potential environmental and social risks, and to ensure compliance with human rights, labor, environmental, and transparency standards.

Investment in the Caribbean, Latin America, and the Pacific Islands.—The agreement endorses the reporting directive under the heading *Investment in the Pacific Islands and the Caribbean* in the House report. Such report shall also include investments in Latin America and describe how DFC investments address needs including renewable energy and distributed energy generation systems, climate change adaptation, and support for minority and women-owned businesses.

Mission.—The agreement endorses the directive under the heading *Private Sector Development* in the House report. The DFC is an important tool to counter debt trap diplomacy by the PRC in Southeast Asia and around the world, and the DFC shall prioritize projects that advance significant U.S. development goals and utilize its tools to be complementary to, but not a substitute for, U.S. foreign assistance and security programs.

Operating Plan.—The operating plan required by section 7062(a) of the Act shall contain detailed information regarding all funds available to the DFC in the current fiscal year, including: (1) carryover; (2) funds transferred from other Federal agencies; and (3) funds that are not allocated for particular programs, projects, or activities. The DFC shall also specify in the operating plan funds intended to be made available for any overseas presence.

Reallocation of Funds.—Notifications submitted for funds made available by the Act for the DFC shall, if applicable, include detailed information regarding any such funds that were previously justified for a different purpose.

PROGRAM ACCOUNT

The agreement includes up to \$500,000,000 for Program Account transferred from Corporate Capital Account.

TRADE AND DEVELOPMENT AGENCY

The agreement includes \$79,500,000 for Trade and Development Agency, including

not more than \$19,000,000 for administrative expenses.

Digital Connectivity and Cybersecurity Partnership (DCCP).—The agreement includes funding at not less than the prior year level for the DCCP, which shall support training of technology professionals and officials, including from developing countries.

Disability Programs.—Not later than 90 days after enactment of the Act, the USAID Administrator shall consult with the Committees on Appropriations on the development of a multi-year strategy for assistance for persons with disabilities.

Section 7029. International Financial Institutions (modified)

Beneficial Ownership Information.—Not later than 90 days after enactment of the Act, the Secretary of the Treasury shall submit the report required under this heading in the House report.

Evaluations.—Not later than 90 days after enactment of the Act, the Secretary of the Treasury shall submit the report required under this heading in the House report.

Grievance Mechanisms and Procedures.—Not later than 90 days after enactment of the Act, the Secretary of the Treasury shall submit a report to the Committees on Appropriations detailing steps taken by the U.S. executive directors and the IFIs to support independent investigative and adjudicative mechanisms and procedures pursuant to subsection (h).

Whistleblowers.—Not later than 90 days after enactment of the Act, the Secretary of the Treasury shall submit a report to the Committees on Appropriations detailing steps taken by the U.S. executive directors and the IFIs to support the protection of whistleblowers pursuant to subsection (g).

Section 7030. Insecure Communications Networks (unchanged)

Strategy Requirement.—Not later than 90 days after enactment of the Act, the Secretary of State shall submit a report to the Committees on Appropriations describing the steps taken to implement the strategy required under this section in the explanatory statement accompanying division K of Public Law 116-260.

Section 7031. Financial Management and Budget Transparency (modified)

Anti-Kleptocracy and Human Rights.—For purposes of subsection (c), violations of human rights include the unjust or wrongful detention of members of political parties, journalists, civil society leaders, LES of a United States diplomatic mission, or a United States citizen or national.

Specific Cases.—The Secretary of State shall apply subsection (c) to foreign government officials involved in threatening, unjustly or wrongfully imprisoning, or otherwise depriving of liberty independent journalists who speak out or publish about official corruption or other abuses.

Waiver.—The Secretary of State shall submit a written notification to the appropriate congressional committees and the Committees on the Judiciary of the Senate and House of Representatives not less than 5 days prior to exercising the waiver authority in subsection (c)(3), including the justification for each waiver.

Section 7032. Democracy Programs (modified)

The agreement includes a total of not less than \$2,600,000,000 for democracy programs under several accounts in a manner similar to the prior fiscal year to strengthen democracy abroad against rising authoritarianism and erosion of the rule of law. Subsection (a)(2) designates not less than \$102,040,000 for DRL for certain countries and regional programs. Such funds are allocated according to the following table:

BUREAU OF DEMOCRACY, HUMAN RIGHTS, AND LABOR,
DEPARTMENT OF STATE
(Budget authority in thousands of dollars)

Account/Program	Budget Authority

Venezuela	10,000
Yemen	3,000
HRDF	11,500
Assistance for Europe, Eurasia and Central Asia	
Europe and Eurasia	22,000
of which, Internet Freedom	(4,500)
Uzbekistan	3,000

Countering Corruption Programs.—The agreement includes funds for Department of State and USAID programs to counter corruption abroad. The Secretary of State and USAID Administrator shall jointly report to the appropriate congressional committees on the respective roles and responsibilities of each agency in the conduct of such programs to ensure coordination and avoid duplication. A component of such programs should target developing democracies, including programs to strengthen actors in the government and nongovernmental sectors to address this issue. The agreement includes \$3,000,000 for a rule of law program in developing democracies to be administered by USAID that focuses on the use of best practices to counter corruption, to be awarded on an open and competitive basis and following consultation with the Committees on Appropriations.

Democracy Assistance for Africa.—Not later than 90 days after enactment of the Act, the Secretary of State and USAID Administrator shall jointly submit a report to the Committees on Appropriations detailing democracy assistance provided to each country in Africa over the past five fiscal years and plans to ensure adequate funding is provided for such programs in subsequent fiscal years.

Democracy Strategy.—Not later than 180 days after enactment of the Act, the Secretary of State, in consultation with the USAID Administrator, shall submit to the appropriate congressional committees a strategy for democracy programs globally. As part of developing that strategy, the Administrator shall consult with the Committees on Appropriations on efforts to modernize USAID's democracy assistance tools and approaches to counter new and emerging threats to democracy, and plans to expand such efforts in future fiscal years.

International Freedom of Expression and Independent Media.—The agreement provides funds for programs to promote and support international freedom of expression and independent media. Funds should be used to support efforts to: (1) strengthen civil society organizations working to defend freedom of expression and association; (2) support the enactment of laws and policies to protect freedom of expression, association, and assembly; and (3) educate the public about the legitimate role of journalists and civil society activists in society.

Labor Programs.—Pursuant to subsection (k)(1), labor programs include programs that support labor rights, strengthen independent worker organizing, and build capacity in collective bargaining through partnership with relevant stakeholders that demonstrate an expertise on labor rights promotion.

Program Changes.—The Secretary of State or USAID Administrator, as appropriate, shall follow the directive under this heading in Senate Report 116-126 in the manner described.

Promotion of Human Rights in the People's Republic of China.—The agreement supports funding for NGOs within the Indo-Pacific region that are focused on the protection and advancement of freedom of expression, association, assembly, and religion for women, human rights activists, and ethnic and religious minorities in the PRC.

The Assistant Secretary for Democracy, Human Rights, and Labor shall consult with the Committees on Appropriations and representatives of civil society regarding: (1) strengthening the capacity of such entities; (2) protecting members of organizations, including those residing outside the PRC, who have been targeted for arrest, harassment, intimidation, and other human rights violations, forced sterilizations, coercive abortions, or forced labor; and (3) messaging to reach the broadest possible audiences within the PRC about U.S. Government efforts to protect freedom of expression, association, assembly, and religion.

Protection of Civil Society Activists and Journalists.—The agreement provides funds for programs to protect civil society activists and journalists who are harassed, threatened, and attacked for their legitimate advocacy activities. Not later than 90 days after enactment of the Act, the Secretary of State shall post on the Department's website the specific processes by which such individuals can request protection and other assistance from U.S. embassies, including in areas where the United States does not maintain a diplomatic facility. In addition, the Secretary shall develop internal protocols and training on engagement with and protection of, such individuals, to include strengthening interagency sharing of data on reprisals against such individuals on a regular and timely basis.

Spend Plan.—The spend plan required under section 7062(b)(1)(E) of the Act for democracy programs should include accounts, regions, and global programs.

Section 7033. International Religious Freedom (modified)

Assistance.—The agreement includes not less than \$10,000,000 under Economic Support

Fund for programs to protect and investigate the persecution of religious minorities, and not less than \$10,000,000 for international religious freedom programs under Democracy Fund.

Countries of Particular Concern.—If the USCIRF recommends the designation of a country as a country of particular concern in its annual report, and such country is not designated as a CPC by the State Department, the Secretary of State shall provide the rationale for such decision to the appropriate congressional committees within 30 days.

Curriculum Report.—Not later than 45 days after enactment of the Act, the Secretary of State shall submit a report to the Committees on Appropriations detailing the status of implementation of training for all Foreign Service Officers in international humanitarian law and policy, and the development of the curriculum required under section 103 of the Frank R. Wolf International Religious Freedom Act (Public Law 114-281).

Expansion of Activities Report.—Not later than 90 days after enactment of the Act, and following consultation with the Committees on Appropriations, the Secretary of State shall brief such Committees on efforts and opportunities to expand international religious freedom programs, including through roundtables that bring together individuals from diverse religions and beliefs.

Section 7034. Special Provisions (modified)

Beneficiary Feedback.—Not later than 90 days after enactment of the Act, and annually thereafter until September 30, 2027, the Secretary of State and USAID Administrator shall submit a report to the Committees on Appropriations on beneficiary feedback. The report shall include a description of how: (1) the Department of State and USAID ensure that implementing partners establish effective procedures for collecting and responding to feedback from beneficiaries; and (2) oversight is regularly conducted to ensure such feedback is collected and used to maximize the impact of U.S. foreign assistance, consistent with the requirements of subsection (m)(1).

Exchange Visitor Program Clarification.—For purposes of subsection (e)(7), the term “modify” means any executive action that changes the number, origin, or eligibility of program participants during any 60 day period, or that otherwise changes the manner in which the program is implemented, including the suspension of visas.

Ex-Post Evaluations.—In addition to funds otherwise made available for monitoring and evaluation, the agreement includes additional funds to be used for ex-post evaluations of the sustainability of United States assistance programs. Not later than 60 days after enactment of the Act, the Secretary of State and USAID Administrator shall jointly consult with the Committees on Appropriations on the proposed uses of such funds. Not later than 120 days after enactment of the Act, the Secretary and Administrator shall report to the Committees on Appropriations on the uses of funds made available for ex-post evaluations in fiscal year 2021.

Forensic Anthropology Assistance.—Funding for forensic anthropology assistance shall be used to support activities, including DNA analysis and the exhumation and identification of remains, in countries where large numbers of people were killed or forcibly disappeared and presumed dead as a result of armed conflict, crimes against humanity, or other gross violations of human rights, including to support activities in Central America to exhume remains of victims of atrocities.

Loan Guarantees.—Not later than 60 days after enactment of the Act, the Secretary of

State, USAID Administrator, Secretary of the Treasury, and DFC CEO shall jointly submit an updated report to the appropriate congressional committees detailing: (1) the current management of the Sovereign Loan Guarantee portfolio and financial exposure, including any duplication or financial management challenges; (2) the impact on each agency of a decision to transfer the portfolio in full to such agency, including any additional resources or legislative fixes required; and (3) the status of an interagency decision on permanent transfer and management of the portfolio.

Local Competition.—When making available funds appropriated by the Act or prior Acts for a limited competition through local entities, the USAID Administrator shall ensure that effective financial and performance oversight occurs and that pre-award and post-award requirements continue to be met. The USAID Administrator shall submit a report not later than 45 days after the end of fiscal year 2022 to the appropriate congressional committees on all awards in excess of \$3,000,000 and sole source awards in excess of \$2,000,000 subject to limited or no competition for local entities.

Local Works.—In furtherance of subsection (p), not later than 90 days after enactment of the Act, the USAID Administrator shall submit to the Committees on Appropriations a report including: (1) an assessment of the progress in achieving the central goal of Local Works to move USAID toward a development model based on the recognition that local governments, organizations, and communities are often best-suited to lead a process of sustainable progressive change; (2) a description of the key factors that prevent such goal from being achieved and steps being taken to address those factors and to expand Local Works; and (3) recommendations for any administrative or legislative action that would further enable such goal to be achieved.

Protections and Remedies for Employees of Diplomatic Missions and International Organizations.—For purposes of implementing section 203(a)(2) of the William Wilberforce Trafficking Victims Protection Reauthorization Act of 2008 (Public Law 110-457), the Secretary of State shall consider the following as sufficient to determine that a diplomatic mission “tolerated such actions”: (1) the failure to provide a replacement passport within a reasonable period of time to a T-visa recipient; (2) the existence of multiple concurrent civil suits against members of the diplomatic mission; or (3) the failure to satisfy a civil judgment against an employee of the diplomatic mission.

Section 889 Report.—Not later than 45 days after enactment of the Act, the Secretary of State and USAID Administrator shall each submit an update to the report required under section 7030 in the explanatory statement accompanying division K of Public Law 116-260 on the impact of section 889 on programs and operations. Such report shall also include detail on the implementation of subsection (r).

Section 7035. Law Enforcement and Security (modified)

Combat Casualty Care Report.—The Secretary of State shall update the report required under this heading in section 7039 of Senate Report 116-126, except that the reporting period shall cover the prior fiscal year.

Foreign Military Training Report.—The report required by section 656 of the FAA should include units of operation of military personnel who receive training, which shall be specified at the battalion or equivalent level.

International Prison Conditions.—Funds made available for assistance to eliminate

inhumane conditions in foreign prisons should include interventions to improve access to adequate nutrition, medical care, and hygiene and to end the use of solitary confinement that violates due process and harms human health.

Oversight and Accountability.—Prior to signing a new Letter of Offer and Acceptance (LOA) involving funds appropriated under Foreign Military Financing Program, the Secretary of State shall consult with each recipient government to ensure the LOA complies with purposes of section 4 of the Arms Export Control Act and that the defense articles, services, and training procured with funds under such heading are consistent with U.S. national security policy. The Secretary shall inform the appropriate congressional committees of any instance in which the Secretary has credible information that such assistance was used in a manner contrary to such agreement.

Reports Continued.—The Secretary of State shall submit the report on security assistance required by section 7035(d)(1) of division G of Public Law 116-94 in the manner described, except such report shall include funds obligated and expended during fiscal year 2021.

The Secretary of State shall submit the report on vetting required by section 7049(d)(3) of division F of Public Law 116-6 in the manner described.

Security Assistance Coordination.—The agreement supports increased measures to ensure that security cooperation programs supported by the Act are strategic, address clearly defined goals and objectives, and are integrated with other programs. Not later than 90 days after enactment of the Act, the Secretary of State, in coordination with the Secretary of Defense, shall submit to the Committees on Appropriations an integrated security cooperation strategy for assistance for Colombia, Jordan, Mexico, the Philippines, and Tunisia.

Each strategy shall include: (1) an overview of the security relationship between the United States and the country; (2) a description of the goals, objectives, and milestones of security cooperation programs and initiatives supported by the Department of State and the Department of Defense; (3) a description of how programs complement rather than duplicate each other; (4) funding by account and program for fiscal year 2022 and the prior two fiscal years; and (5) a description of host country capabilities and financial contributions towards shared security goals. The strategy shall also identify all relevant United States title 10 and title 22 authorities, identify areas of overlap in United States security assistance, and provide recommendations for eliminating redundancies and improving management and oversight of U.S. assistance to foreign security forces and defense institutions.

Section 502B.—Not later than 90 days after enactment of the Act, the Secretary of State shall submit a report to the appropriate congressional committees detailing each instance when section 502B of the FAA was applied in the past ten years to prevent the provision of security assistance or the issuance of an export license under the Export Administration Act of 1979, and each instance when the President certified in writing that extraordinary circumstances existed to warrant the provision of assistance or issuance of such an export license. The report shall also specify the criteria used to determine if the government of a country has engaged in a consistent pattern of gross violations of human rights and include a current list of such governments.

Security Force Professionalization.—Prior year funds appropriated for security force professionalization programs under Peace-

keeping Operations and International Narcotics Control and Law Enforcement remain available to increase partner capacity to collect, track, and analyze data on arbitrary arrest, abuse of detainees, and harm to civilians from law enforcement operations of the respective government. Not later than 90 days after enactment of the Act, the Secretary of State shall consult with the Committees on Appropriations on the planned uses and program management of such funds in fiscal years 2022 and 2023.

Training Related to International Humanitarian Law.—Not later than 90 days after enactment of the Act, and following consultation with the Committees on Appropriations, the Secretary of State shall submit a report to the Committees on the implementation of section 7035(a)(4) of division G of Public Law 116-94. Such report shall include the amount of funds made available by country under Peacekeeping Operations and Foreign Military Financing Program for such purpose in the prior fiscal year.

Section 7036. Arab League Boycott of Israel (unchanged)

Section 7037. Palestinian Statehood (unchanged)

Section 7038. Prohibition on Assistance to the Palestinian Broadcasting Corporation (unchanged)

Section 7039. Assistance for the West Bank and Gaza (modified)

Section 7040. Limitation on Assistance for the Palestinian Authority (unchanged)

Section 7041. Middle East and North Africa (modified)

Bahrain Report.—Not later than 60 days after enactment of the Act, the Secretary of State shall submit a report to the Committees on Appropriations, which may be in classified form if necessary, detailing efforts made on behalf of political prisoners in Bahrain and the Government of Bahrain's response.

Egypt.—The agreement includes assistance for Egypt at levels consistent with the prior fiscal year. The Secretary of State shall inform the Committees on Appropriations, in writing, in advance of any modification to amounts included for assistance for Egypt in the report required by section 653(a) of the FAA. No funds were requested for cash transfer assistance or budget support for Egypt and the agreement does not include funds for such purposes.

Counterterrorism Campaign in the Sinai.—Not later than 90 days after enactment of the Act, the Secretary of State, in consultation with the Secretary of Defense, shall update the report required under this heading in Senate Report 116-126 on Egypt's compliance with end-user monitoring agreements for the use of U.S. military equipment in the Sinai, in the manner described.

Pre-Obligation Determination.—In making the determination pursuant to paragraph (4), the Secretary of State shall consider the case of American citizen, April Corley, who suffered severe injuries and losses as a result of an attack on her tour group by Egyptian armed forces on September 13, 2015.

Report.—Not later than 90 days after enactment of the Act, the Secretary of State shall submit a report to the Committees on Appropriations on incidents of harassment, threats, and arbitrary detention against American citizens, and their family members in Egypt and the United States.

Iran Counterinfluence Programs.—The Secretary of State, in consultation with the heads of other relevant Federal agencies, shall coordinate Iran counterinfluence programs funded by the Act. Such programs should: (1) counter the false assertions made by the Government of Iran against the United States and other democratic coun-

tries; (2) describe the support Iran provides to terrorist or extremist proxies; and (3) assess and describe the adverse impacts such support causes to the people of Syria, Yemen, Lebanon, and other areas where Iran operates through proxies.

Iran Reports.—Not later than 180 days after enactment of the Act, the Secretary of State shall update the report required under this heading in Senate Report 116-126 in the manner described.

Iraq.—In addition to the amounts designated in the Act for Iraq under Economic Support Fund and Foreign Military Financing Program, the agreement includes not less than the following amounts for assistance for Iraq: \$47,500,000 under Nonproliferation, Anti-terrorism, Demining and Related Programs; and \$1,000,000 under International Military Education and Training.

Higher Education.—The agreement includes \$10,000,000 under Economic Support Fund to support American-style higher education institutions in Iraq, including in the Kurdistan region, on an open and competitive basis.

Justice Sector Assistance.—The agreement provides not less than \$5,000,000 under International Narcotics Control and Law Enforcement and Economic Support Fund to support the Iraqi justice sector, including to combat corruption, strengthen adherence to international standards of due process, improve juvenile justice, provide for the humane treatment of prisoners, and support civil society engagement with the judiciary. Such funds shall be made available following consultation with the Committees on Appropriations.

Security Assistance.—The Secretary of State shall ensure that funds appropriated under title IV of the Act that are made available for assistance for Iraqi security forces are monitored in accordance with sections 502B and 620M of the FAA.

Jordan.—Within the total amount designated in the Act for assistance for Jordan, the agreement includes not less than the following: \$1,207,400,000 under Economic Support Fund; \$13,600,000 under Nonproliferation, Anti-terrorism, Demining and Related Programs; and \$4,000,000 under International Military Education and Training.

The agreement supports critical economic assistance needed this fiscal year to help ensure Jordan's ongoing stability, including to strengthen Jordan's borders and to help mitigate the impact of hosting millions of refugees. The Secretary of State shall continue to support the Government of Jordan's efforts to implement economic and democratic reforms and shall consult with the Committees on Appropriations on prospective policy proposals aimed at assisting Jordan achieve additional and long-lasting reforms, including in its water and public sectors.

Disability Programs.—The agreement provides up to \$2,000,000 under this heading to support disability advocacy programs in Jordan, following consultation with the Committees on Appropriations and the Higher Council for the Rights of Persons with Disabilities in Jordan.

High Quality Crafts.—The agreement includes funding for programs that use the high quality craft sector as a catalyst for sustainable economic growth in Jordan, especially at Umm Qais in Northern Jordan.

Lebanon.—The agreement includes assistance for Lebanon at levels above the prior fiscal year.

Border Dispute Resolution.—The agreement supports efforts to facilitate the resolution of border disputes between Lebanon and Israel. Not later than 90 days after enactment of the Act, the Secretary of State shall submit a report to the Committees on Appropriations on steps taken during the prior year to resolve such disputes.

Institutes of Higher Education.—Not later than 90 days after enactment of the Act, the USAID Administrator shall submit a report to the Committees on Appropriations detailing plans to support institutions of higher education in Lebanon that have been severely impacted by the country's economic and political crises and the COVID-19 pandemic. The report should include plans to continue supporting such institutions over a three-year period.

Lebanese Armed Forces.—The agreement continues to support the efforts of the Lebanese Armed Forces to combat Hezbollah and other terrorist groups in Lebanon, and to continue to serve as a stabilizing force in that country and for the region.

Refugee Scholarships.—The agreement includes \$9,000,000 to continue the undergraduate and graduate scholarship program for refugees in Lebanon, including Palestinians and Syrians. Such funds are in addition to funds made available for assistance for Lebanon under Economic Support Fund and are to be administered consistent with the Lebanon scholarship program at not-for-profit educational institutions in Lebanon that meet the standards required for American accreditation.

Libya.—Prior to the initial obligation of funds made available by the Act for assistance for Libya, the Secretary of State shall certify and report to the Committees on Appropriations that all practicable steps have been taken to ensure that mechanisms are in place for monitoring, oversight, and control of such funds.

Morocco.—The agreement includes not less than \$10,000,000 under Economic Support Fund, not less than \$10,000,000 under Development Assistance, and \$1,000,000 under Foreign Military Financing Program for assistance for Morocco.

Syria.—Prior to the initial obligation of any funds appropriated by the Act for assistance for Syria, the Secretary of State shall take all practicable steps to ensure that mechanisms are in place for monitoring, oversight, and control of such assistance inside Syria.

Tunisia.—The agreement includes assistance for Tunisia at levels consistent with prior fiscal years following consultation with, and the regular notification procedures of, the Committees on Appropriations. Such assistance shall support the Tunisian people in holding free and fair elections and strengthening democratic governance, fighting corruption, promoting economic growth, empowering the private sector, and maintaining regional security.

The Secretary of State and USAID Administrator shall continue to prioritize economic development and reform programs in Tunisia, including through anticorruption programs and the designation of corrupt officials under section 7031(c) of the Act. The Secretary of State shall continue to raise concerns both publicly and privately with the Government of Tunisia on democratic backsliding and coordinate with the international community on an appropriate response to such action. The agreement includes sufficient funds to increase democracy programs in support of the aspirations of the people of Tunisia for freedom and justice, and, through the Countering PRC Influence Fund, to counter the strategic influence of the PRC.

UN Political Process on Western Sahara.—The Secretary of State shall continue to support a United Nations-led political process that achieves a just, lasting, and mutually acceptable political solution in accordance with relevant United Nations Security Council resolutions.

West Bank and Gaza.—The agreement includes \$40,000,000 under International Nar-

cotics Control and Law Enforcement for security assistance programs for the West Bank and \$219,000,000 under Economic Support Fund for the West Bank and Gaza.

Assessment.—The Secretary of State, in consultation with the USAID Administrator, shall conduct a comprehensive assessment of water infrastructure requirements in the West Bank and Gaza, which should include: (1) relevant information from the World Bank, UN, and other international donors; and (2) the feasibility and options for establishing a U.S.-led financing mechanism, in accordance with the Taylor Force Act and in coordination with other donors, to address the requirements identified by such assessment. The Secretary of State shall consult with the Committees on Appropriations prior to initiating such an assessment.

Report on Incitement.—Not later than 90 days after enactment of the Act, and in addition to the reporting requirement under subsection (1)(6), the Secretary of State shall submit a report to the appropriate congressional committees detailing steps taken by the Palestinian Authority and by the other governments in the region to counter incitement of violence and to promote tolerance, peace, and coexistence.

U.S. Consulate in Jerusalem.—In lieu of the language in the House report under the heading, United States Consulate in Jerusalem, the Secretary of State shall brief the Committees on Appropriations on the feasibility of reopening the Consulate.

Yemen.—The agreement includes funds under title III of the Act and under Non-proliferation, Anti-terrorism, Demining and Related Programs for health, humanitarian, and stabilization assistance for Yemen, including demining operations.

Economic and Governance Reforms.—Not later than 180 days after enactment of the Act, the Secretary of State shall submit a report to the Committees on Appropriations detailing economic and governance reforms that the governments of Tunisia and Egypt could take to: (1) significantly enhance their capability to raise revenue to support public utilities and services and reduce subsidies; (2) improve transparency and accountability to reduce inefficiencies, and help avoid conflicts of interest and other detrimental practices related to public services and expenditures; and (3) protect freedom of expression and association, due process, and the independence of the media and the judiciary.

Section 7042. Africa (modified)

Cameroon.—The Secretary of State shall use all available diplomatic tools to ensure the transparent investigation, and appropriate punishment, of security force personnel who are credibly alleged to have committed, ordered, or covered up gross violations of human rights, including those committed against Cameroonian citizens and refugees in the Far North and Anglophone regions.

Democratic Republic of the Congo (DRC).—Not later than 90 days after enactment of the Act, the Secretary of State shall brief the Committees on Appropriations on efforts to protect minority communities in the DRC, including the Banyamulenge. The briefing shall describe assistance provided in response to recent atrocities and any sanctions levied against responsible individuals.

Virunga National Park.—The agreement provides \$2,000,000 under International Narcotics Control and Law Enforcement for equipment and technical training to bolster security in Virunga National Park, including against illegal armed groups.

Guinea-Bissau.—The agreement provides up to \$1,000,000 for programs under International Narcotics Control and Law Enforcement to strengthen bilateral law enforce-

ment and security cooperation with Guinea-Bissau, including on wildlife trafficking and other natural resource issues. The Secretary of State shall secure U.S. diplomatic facilities in Bissau, which is a non-presence post, and ensure LES at the U.S. Liaison Office are adequately compensated.

Liberia.—The agreement provides funds above the fiscal year 2021 level for assistance for Liberia to strengthen health systems, including to expedite the distribution and administration of COVID-19 vaccines in Liberia.

Mali.—Not later than 90 days after enactment of the Act, the Secretary of State shall submit a report to the appropriate congressional committees assessing the impact of the termination of Operation Barkhane and the Takuba Task Force on counterterrorism efforts in the Sahel and on the security operations and stability of governments in the region. In addition, the report should describe the interest and efforts of malign actors to play a larger role in this region.

Nigeria.—Not later than 90 days after enactment of the Act, the Secretary of State shall brief the Committees on Appropriations on implementation of the U.S. Strategy for Countering Boko Haram/ISIS-WA, which was submitted to Congress pursuant to Public Law 114-266.

Rwanda.—In determining whether to provide assistance to the Government of Rwanda, the Secretary of State shall prioritize whether such government is respecting freedom of expression and association, the right of due process, transparency and fairness in judicial and electoral processes, and the humane treatment of prisoners.

Sahel Report.—Not later than 90 days after enactment of the Act, the Secretary of State, in consultation with the heads of other relevant Federal agencies, shall update the report required under the *Report on Sub-Saharan Security Programs* heading in Senate Report 116-126.

Sahel Violations of Human Rights.—The Secretary of State should work with the Governments of Burkina Faso, Mali, and Niger to ensure the transparent investigation, and appropriate punishment, of security force personnel and those associated with such personnel who are implicated in gross violations of human rights. Not later than 60 days after enactment of the Act, the Secretary shall brief the Committees on Appropriations on the status of such investigations and the intended uses of funds made available under title IV of the Act and prior Acts for assistance for such governments.

South Sudan.—Additional funds made available to support civil society organizations in South Sudan should prioritize organizations that advocate for an end to ethnic violence, displacement, and government corruption, and in support of conditions conducive to holding free and fair elections, strengthening democratic institutions, and economic development that is equitable and reaches all, including the most marginalized.

South Sudan Basic Education.—Not later than 90 days after enactment of the Act, the USAID Administrator shall consult with the Committees on Appropriations on basic education programs for South Sudan, including opportunities to support teacher training and other needs for government, private, and non-profit primary and secondary education institutions.

Terrain Hotel Attack.—Not later than 45 days after enactment of the Act, the Secretary of State shall submit an updated report to the appropriate congressional committees on steps taken, and planned to be taken, by the Governments of the United States and South Sudan to obtain justice and fair compensation for the victims of the attack on the Terrain Hotel on July 11, 2016.

Sudan Reports.—In lieu of the reporting requirement under *Reports, Sudan* in the House report, the Secretary of State shall submit a report, not later than 45 days after enactment of the Act, on actions being taken, bilaterally and multilaterally, to foster a civilian transition in Sudan.

Tanzania.—The Secretary of State and USAID Administrator shall consult with the Committees on Appropriations on ways to assist Tanzania to address extremist spillover, including ISIS M, from Mozambique and the feasibility of cross border programs to address this issue.

Section 7043. East Asia and the Pacific (modified)

Burma.—The agreement provides not less than \$136,127,000 for assistance for Burma, except no assistance may be made available to the State Administration Council or the Burmese military. Funds may also be made available for programs supporting: (1) conflict mitigation and stabilization; (2) democracy, human rights, civil society, independent media, and rule of law; (3) health; (4) education; (5) rural economic development and agriculture; and (6) humanitarian assistance. Not later than 90 days after enactment of the Act, the Secretary of State, in consultation with the USAID Administrator, shall consult with the Committees on Appropriations on the uses of funds.

The entities referenced in subsection (a)(1)(B) include: the National Unity Government of the Republic of the Union of Myanmar; the National Unity Consultative Council; the Committee Representing Pyidaungsu Hluttaw; the Civil Disobedience Movement; and the political, administrative, and governance institutions of Ethnic Armed Organizations that are providing non-violent support to the democratic movement and processes.

Cross Border Humanitarian Assistance.—The agreement includes funds for cross border humanitarian assistance for ethnic groups in Burma, particularly those displaced by the civil war, and the Secretary of State shall prioritize the establishment of cross border delivery mechanisms with the Government of Thailand through ethnic health organizations and other experienced entities, and to Thai communities along the border. Not later than 60 days after enactment of the Act, the Secretary of State shall report to the appropriate congressional committees on steps taken to accelerate cross border assistance.

Diplomatic Engagement.—The Secretary of State shall continue emphasizing diplomatic engagement with the international community, including the UN, to end violence and restore democratic processes in Burma.

Cambodia.—The agreement provides funds under title III for assistance for survivors of the Khmer Rouge. Prior to the obligation of such funds, the USAID Administrator shall submit a report to the Committees on Appropriations detailing programs to be supported during fiscal year 2022 and plans for this program over the next three fiscal years.

Democracy Programs.—The agreement provides funds for democracy programs for Cambodia that shall be made available to strengthen civil society and democratic political parties, particularly those with members in exile, which shall include programs conducted outside of Cambodia.

Extraordinary Chambers in the Court of Cambodia.—The Secretary of State shall continue to seek reimbursement from the Principal Donors Group for the Documentation Center of Cambodia for costs incurred in support of the Extraordinary Chambers in the Court of Cambodia. Not later than 45 days after enactment of the Act, the Secretary of State shall report to the Committees on Appropria-

tions on actions taken during the previous fiscal year to secure such reimbursement.

PRC Activities Report.—Not later than 90 days after enactment of the Act, the Secretary of State shall submit a report to the Committees on Appropriations on the total estimated amount of the PRC's activities in Cambodia in fiscal year 2021.

Research and Education Programs.—The agreement provides funds for research and education programs associated with the Khmer Rouge genocide in Cambodia, including the support of the PRC for the Khmer Rouge regime.

Indo-Pacific Strategy and the Asia Reassurance Initiative Act of 2018.—The agreement includes not less than \$300,000,000 for the Countering PRC Influence Fund.

Guidance.—Consistent with subsection (c)(2), use of funds made available for the Countering PRC Influence Fund shall be the joint responsibility of the Secretary of State and the USAID Administrator. Not later than 90 days after enactment of the Act, the Secretary and Administrator shall submit a report to the Committees on Appropriations detailing the framework and processes for administering the Fund, including the designation of a coordinator and deputy coordinator at the Department of State and USAID, respectively, who shall provide policy guidance, coordination, and approval for uses of the Fund.

Funds are allocated according to the following table:

COUNTERING PRC INFLUENCE FUND
(Budget authority in thousands of dollars)

Account/Program	Budget Authority
Development Assistance	75,000
Economic Support Fund	80,000
<i>Tibetan Institutes promoting democracy and religious freedom</i>	(3,000)
International Narcotics Control and Law Enforcement	70,000
Nonproliferation, Anti-terrorism, Demining and Related Programs	25,000
Foreign Military Financing Program	50,000

Chinese Communist Party Influence Report.—The Secretary of State shall update the report regarding the PRC and Chinese Communist Party disinformation and other malign campaigns with respect to the United States under the heading *People's Republic of China* in the explanatory statement accompanying division K of Public Law 116-260.

Debt Trap Diplomacy.—Not later than 45 days after enactment of the Act, the Secretary of State shall direct a sampling of U.S. embassies in Asia, Africa, Eurasia, Latin America, and the Middle East to prepare a report on PRC equity and assets within their country of operation. These reports shall include the following: (1) an assessment of the country's overall debt obligations to the PRC; (2) a listing of known significant infrastructure projects that are financed from capital provided by the PRC banking system, state-owned commercial banks, and PRC sovereign wealth funds; and (3) an assessment of which known infrastructure projects listed in such report are projects under the Belt and Road Initiative.

Oceania.—Not later than 90 days after enactment of the Act, the Secretary of State and USAID Administrator shall submit a report to the Committees on Appropriations describing the Department and USAID's strategy and specific programs, including anti-corruption activities, to counter debt trap and corrupt practices in countries of the Oceania region and identifying areas to strengthen such programming to promote democracy and counter malign influence, particularly from the PRC.

Rare Earth Minerals.—The agreement endorses language under the heading *Energy*

Resource Governance Initiative in the House report and directs the Secretary of State to submit a report to the Committees on Appropriations, not later than 180 days after enactment of the Act, on steps taken to address the national security threat posed by the PRC's control of an estimated two-thirds of the global supply of rare earth minerals. The report shall include: (1) a description of the extent to which the United States has engaged with the other countries of the Quadrilateral Security Dialogue to promote shared investment and development of rare earth minerals; and (2) a description of steps planned to be taken to produce a more reliable and secure global supply chain of such minerals.

Research and Development Cooperation.—The Department of State and USAID are directed to take all practicable steps to ensure that research and development activities funded by the Act are protected against interference and misappropriation by the PRC.

Spend Plan.—In submitting the spend plan required by section 7062(b)(1)(D) of the Act for the Indo-Pacific Strategy, the Secretary of State shall include amounts to be obligated by account for the activities authorized in Public Law 115-409.

Xinjiang.—None of the funds made available by the Act shall be used to implement, administer, carry out, modify, revise, or enforce any action that directly supports or facilitates forced labor and other violations of human rights, crimes against humanity, and genocide in the PRC.

Laos.—The agreement includes not less than \$7,500,000 for maternal and child health and nutrition programs for Laos under Global Health Programs.

Laos Dioxin Assessments.—For purposes of subsection (d), dioxin assessments should include environmental testing in villages close to multiple spraying runs and locations where Agent Orange may have been stored and loaded onto aircraft.

People's Republic of China Access and Reciprocity Report.—Not later than 90 days after enactment of the Act, the Secretary of State shall submit the report under the heading *Reciprocity* in the House report. Such report shall also include an update to the report required under the heading *People's Republic of China Access Report* in Senate Report 115-282 and an analysis of any disparities in access on United States interests and priorities and policy recommendations to promote reciprocity in the United States-PRC relationship.

Philippines.—Funds under title III of the Act should be made available for USAID to continue support for the national and community-based drug treatment and demand reduction program implemented by the Philippine Department of Health and local entities. Such funds shall be made available on a cost-matching basis to the maximum extent practicable.

Southeast Asia Legal Education.—The agreement provides funds for a program, to be awarded on an open and competitive basis, to help modernize undergraduate law school programs in Cambodia, Vietnam, and Laos through legal skills courses on the rule of law, anti-corruption, rights protection, advocacy, mock trial, lawyering, and ethics, as well as to sponsor skills-based competitions and international collaboration initiatives, including regional rule of law journals and regional professor exchange.

Taiwan.—Funds made available under Economic Support Fund for the Global Cooperation and Training Framework shall be administered by the American Institute in Taiwan.

Thailand.—The agreement provides \$4,000,000 for democracy, conflict resolution, and reconciliation programs in Southern Thailand.

Tibet.—Funds appropriated by the Act should not be used to produce or disseminate documents, maps, or other materials that recognize or identify Tibet, including the Tibet Autonomous Region and other Tibetan autonomous counties and prefectures, as part of the PRC until the Secretary of State reports to the appropriate congressional committees that the Government of the PRC has reached a final negotiated agreement on Tibet with the Dalai Lama or his representatives or with democratically-elected leaders of the Tibetan people.

Differentiation of Assistance.—For purposes of the report required by section 653(a) of the FAA, spend plans, and notifications, the Department of State and USAID shall differentiate assistance made available by the Act for Tibet from any such assistance made available for the PRC and India.

Lhasa Consulate.—The Department of State shall continue to pursue the establishment of a consulate in Lhasa to provide services to U.S. citizens traveling in Tibet and to monitor political, economic, and cultural developments in the Tibet Autonomous Region. Until such consulate is established, the Department of State should not permit the establishment of any additional PRC consulate in the United States.

Tibetan Institutes Promoting Democracy and Religious Freedom.—Not later than 90 days after enactment of the Act, the Assistant Secretary for Democracy, Human Rights, and Labor and the United States Special Coordinator for Tibetan Issues shall jointly consult with the Committees on Appropriations on the proposed operations and programs of Tibetan Institutes promoting democracy and religious freedom referenced in subsection (h)(3).

Vietnam.—The recommendation includes \$15,000,000 for higher education programs in Vietnam, of which \$7,500,000 is for the Vietnam Education Foundation Act of 2010, and such funds may not be used for the construction of facilities.

Health/Disability Programs.—The agreement provides funding to continue and expand health/disability programs related to the use of Agent Orange and exposure to dioxin. To better achieve U.S. humanitarian goals, assistance should directly reach the homes of more Vietnamese who are severely affected.

Reconciliation/Vietnamese Wartime Accounting Initiative.—The agreement includes \$2,000,000 for a Reconciliation/Vietnamese Wartime Accounting Initiative to strengthen Vietnam's capacity to conduct DNA analysis and to otherwise assist in locating and identifying Vietnamese MIAs, to collect oral histories, and to support communications and outreach that furthers reconciliation including museum and other exhibits on war legacy cooperation. Not later than 90 days after enactment of the Act, the USAID Administrator shall consult with the Committees on Appropriations on the proposed uses of such funds.

Section 7044. South and Central Asia (modified)

Afghanistan.—The Secretary of State should consider ways to recognize the assistance of certain countries for their support of at-risk persons from Afghanistan, including Albania, Bahrain, Canada, Chile, Colombia, Costa Rica, Ecuador, Guyana, India, Kuwait, Mexico, Netherlands, North Macedonia, Poland, Portugal, Qatar, Rwanda, Singapore, Uganda, and the United Arab Emirates.

The agreement supports the reprogramming of prior year appropriated funds for assistance for Afghanistan to support U.S.-funded program implementers, participants, and their families in third countries who are at a heightened risk of retaliation by the Taliban. Such targeted assistance should include implementers and participants associ-

ated with women's empowerment, democracy, justice and human rights, and media programs.

The agreement supports continued funding for the American University of Afghanistan (AUAF), which is providing online education for Afghan students and educational opportunities in third countries for such students in Qatar, Iraq, and Central Asia, and directs the Secretary of State and USAID Administrator to consult with the Committees on Appropriations not later than 15 days after enactment of the Act on plans to support AUAF.

The agreement does not incorporate the reporting directives related to Afghanistan under this heading in the House report.

India.—The Secretary of State and USAID Administrator should work with the Government of India and Indian civil society organizations to increase economic opportunities, encourage tolerance, protect human rights, and strengthen the administration of justice in the North Eastern Region of India.

Nepal.—The Secretary of State should continue to urge the Government of Nepal to honor the agreement with the United Nations High Commissioner for Refugees that commits the Government of Nepal to respect the principle of non-refoulement that prohibits countries from expelling or returning people to a country where they would be at risk of irreparable harm or serious human rights violations.

Pakistan.—The agreement includes funding for Pakistan for democracy and gender programs consistent with the prior year level.

Sri Lanka.—Not later than 90 days after enactment of the Act, the Secretary of State shall submit a report to the Committees on Appropriations, with a classified annex if necessary, on: (1) the Government of Sri Lanka's compliance with United Nations Human Rights Council resolutions including Resolution 46/1, adopted on March 23, 2021; (2) the status of security reforms in Sri Lanka including an update on the report required under this heading in Senate Report 116-126 in the manner described; (3) the involvement of Sri Lankan police and military officers, of whatever rank, who have been involved in ordering, condoning, carrying out, or covering up crimes of arbitrary and incommunicado detention, torture, and extortion of Tamils; and (4) the involvement of Sri Lankan officials, of whatever rank, in significant acts of corruption.

Section 7045. Latin America and the Caribbean (modified)

Bolivia.—The agreement endorses language in the House report under this heading regarding the elections process in Bolivia. Not later than 120 days after enactment of the Act, the Secretary of State shall submit a report to the Committees on Appropriations evaluating: (1) the transparency and legitimacy of the 2019 Bolivia general elections by soliciting information from independent, internationally recognized experts; and (2) progress in investigations of responsibility for violations of human rights that occurred during that period.

Central America.—Subsection (a)(1) directs that funds appropriated under titles III and IV of the Act be made available for assistance for Belize, Costa Rica, El Salvador, Guatemala, Honduras, Nicaragua, and Panama, including through the Central America Regional Security Initiative. Such assistance shall be prioritized for programs that address factors that contribute to irregular migration, including countering violence, poverty, and corruption, and promoting economic growth that is equitable and reaches all, including the most marginalized.

Funds for certain assistance for Central America are allocated according to the following table:

SELECTED ASSISTANCE FOR CENTRAL AMERICA

(Budget authority in thousands of dollars)

Account/Program	Budget Authority
Development Assistance	
<i>Central America Youth Empowerment Program</i>	50,000
<i>Honduras</i>	95,000
<i>El Salvador</i>	
<i>National Commission for the Search of Persons Dis-</i> <i>appeared in the Context of the Armed Conflict</i>	1,000
International Narcotics Control and Law Enforcement	
<i>Central America Criminal Justice Pilot Project</i>	2,500
<i>Central America Regional Security Initiative</i>	
<i>Costa Rica</i>	32,500
International Military Education and Training	
<i>Costa Rica</i>	725
Foreign Military Financing Program	
<i>Costa Rica</i>	7,500

Anti-Corruption and Rule of Law Programs.—Subsection (a)(1)(A)(i) provides not less than \$61,500,000 for support of entities and activities dedicated to combating corruption and impunity and strengthening the rule of law, including offices of Attorneys General, as described under the *Central America* heading in the House report. Funds are included to support technical assistance to strengthen the investigative capacity of offices of Attorneys General and specialized anti-corruption units in El Salvador, Guatemala, and Honduras, provided that such entities demonstrate political independence and willingness to prosecute high level cases, including against senior government officials, legislators, and private individuals. The Secretary of State and USAID Administrator shall consult with the Committees on Appropriations on the use of such funds prior to submission of the spend plans required by section 7062(b)(1)(A) of the Act, which should include planned amounts for the above referenced activities and entities.

Central America Criminal Justice Pilot Project.—The agreement provides funds for a pilot project, to be awarded on an open and competitive basis, to address criminal justice reform in El Salvador, Guatemala, and Honduras by strengthening the criminal justice chain as an interrelated system and developing layered accountability mechanisms for identifying points of corruption. The Secretary of State shall consult with the Committees on Appropriations on the design of this project.

Central America Youth Empowerment Program.—Pursuant to subsection (a)(1)(C), the agreement includes funding to establish a Central America Youth Empowerment Program (CAYEP) in El Salvador, Honduras, and Guatemala with the goal of improving economic and social stability to measurably reduce migration. Not later than 90 days after enactment of the Act, and prior to the initial obligation of funds for the CAYEP, with the exception of the rapid diagnostic assessment discussed below, the USAID Administrator shall submit to the Committees on Appropriations a plan detailing the proposed uses of funds, which shall be updated every 90 days until such funds are expended. The plan shall include: (1) a timeline for implementation of the program; (2) the target participant populations, identified by age and community, taking into consideration available migration information, local NGO capacity, and other relevant factors; (3) types of community service projects for the communities identified; (4) program components that will foster a sense of community and rootedness, including a shared skills development curriculum, financial inclusion interventions and partnership with local NGOs that have a presence in selected communities; and (5) the operational design of the program, to include the process of selecting, engaging, and sustaining partners and participants, as well as a strategy to obtain matching funds by private sector donors and local governments.

Funds for this program may be used to conduct a rapid assessment in likely target communities to provide baseline data regarding migratory trends among young people, local NGO capacity, and community needs.

Costa Rica.—The agreement includes not less than prior year enacted levels for assistance for Costa Rica.

Chixoy Reparations Plan.—The Government of Guatemala should fulfill its commitment under the financing agreement for the Chixoy Reparations Plan in a timely manner, and the USAID Administrator shall brief the Committees on Appropriations on progress not later than 60 days after enactment of the Act.

Economic Growth and Foreign Investment.—Funds made available by the Act for assistance for El Salvador, Guatemala, and Honduras shall, as appropriate and in accordance with the conditions of subsection (a)(2), be made available for programs that: (1) increase productivity in targeted economic sectors in which each country could be regionally or globally competitive, consistent with U.S. law; (2) reduce trade barriers regionally and with the United States; (3) enhance infrastructure at key border crossings in order to facilitate trade regionally and with the United States; (4) provide technical assistance to promote economic growth that is equitable and reaches all, including the most marginalized, and attract foreign investment, including by implementing legal, regulatory, and economic reforms; and (5) provide technical assistance to increase the collection of taxes.

Gender-Based Violence Prevention Programs.—The agreement includes funds for programs to protect women and girls against gender-based violence in Central America, including in El Salvador, Guatemala, and Honduras. Prior to the obligation of funds for such programs, the Secretary of State shall consult with the Committees on Appropriations.

Honduras.—The agreement provides \$95,000,000 under Development Assistance for Honduras and, as part of the Central America Regional Security Initiative, not less than \$30,000,000 under International Narcotics Control and Law Enforcement (INCLE), in recognition of the positive initial steps taken by the newly elected Government of Honduras to confront the poverty, corruption, violence, abuse of authority, and impunity that have plagued the Honduran people for generations. INCLE funds should prioritize support for community policing, anti-gang programs, judicial reform, and investigations and prosecutions of violent criminals and corrupt officials. Regional neighbors should urgently take similar steps to address such deeply rooted problems.

Locally-led Development.—Funds made available to carry out subsection (a)(1)(B) may be allocated regardless of the directives in the report required by section 653(a) of the FAA. Such funds may be attributed to any such specifically designated funding level after the award of funds under subsection (a)(1), if applicable. The USAID Administrator shall consult with the Committees on Appropriations on the planned uses of funds to carry out subsection (a)(1)(B) prior to the initial obligation of funds, and such funds shall be subject to the regular notification procedures of the Committees on Appropriations.

Nicaragua.—Subsection (d) provides not less than \$15,000,000 under Development Assistance for democracy programs in Nicaragua, which includes funding above prior year levels to support civil society, journalists, and other activists promoting the transparency and accountability of government institutions.

Administration of Funds.—The Secretary of the Treasury shall ensure compliance with section 4 of the Reinforcing Nicaragua's Adherence to Conditions for Electoral Reform Act of 2021 (RENACER Act) when administering funds appropriated for payments to applicable international financial institutions under title V of the Act.

Reports.—The report required by section 4 of the RENACER Act on the implementation of such section and the report required by section 11 of such Act on human rights abuses in Nicaragua shall also be submitted to the Committees on Appropriations.

Spend Plans and Obligations.—Section 7062(b)(1)(A) of the Act requires the Secretary of State or USAID Administrator, as appropriate, to submit a spend plan for funds made available by the Act for assistance for Central America. Section 7045(a)(1)(D) of the Act limits obligations for assistance for the countries of Central America to not more than the amount specified in section 7045(a)(1) of division K of Public Law 116-260 until the Secretary of State or the USAID Administrator submits the spend plan for countries in Central America.

Colombia.—Pursuant to subsection (b)(1), funds for assistance for Colombia are allocated according to the following table:

COLOMBIA	
(Budget authority in thousands of dollars)	
Account/Program	Budget Authority
Development Assistance	80,000
Economic Support Fund	141,000
<i>Afro-Colombian and Indigenous Communities</i>	23,000
<i>Human Rights</i>	12,500
International Narcotics Control and Law Enforcement	189,000
<i>Rule of Law and Human Rights</i>	37,500

Nonproliferation, Anti-terrorism, Demining and Related Programs	21,000
International Military Education and Training	1,850
Foreign Military Financing Program	38,525
<i>Biodiversity</i>	(15,000)

Biodiversity Programs.—The agreement provides funding to continue programs and activities to protect Colombia's biodiversity in national parks, protected areas, and Indigenous reserves.

Demobilized Combatants.—The agreement supports programs, including humanitarian demining, to reintegrate demobilized combatants into civilian pursuits, consistent with United States and Colombian law. Funds for such programs may only be made available following consultation with the Government of Colombia.

Indigenous Coffee Producers.—The agreement provides not less than \$2,000,000 to support efforts to improve education, digital connectivity, tertiary roads, and other community improvements in Indigenous coffee producing municipalities, to increase incomes and expand economic opportunities, which should be matched with donations from non-U.S. Government sources.

Cuba.—The Secretary of State shall update the *Consular Services Report* and *U.S. Government Personnel Report* contained under the *Cuba* heading in section 7035 of Senate Report 116-126 in the manner described. The Secretary of State shall also update the *Internet Access Report* required under the *Cuba* heading in section 7045 in Senate Report 115-282 in the manner described.

Haiti.—The Secretary of State and USAID Administrator shall update the Committees on Appropriations on efforts to improve the rule of law in Haiti, including border security, and to support local civil society.

Haiti Prisons.—The agreement includes not less than \$5,000,000 to help meet the urgent sanitary, medical, and nutritional needs of Haitian prisoners, the vast majority of whom are in pre-trial detention. The Secretary of

State shall consult with the Committees on Appropriations on the planned uses of funds.

Mexico.—The agreement includes funds sufficient to support levels for assistance for Mexico commensurate with those detailed under this section in the House report. The agreement endorses the reporting directive under this section in the House report concerning human rights. The agreement endorses language in the House report under this section on activities to address the flow of illegal opioids into the United States.

Disappeared Persons and Forensic Assistance.—The Government of Mexico should provide answers to the families of an estimated 100,000 cases of disappeared persons and identify the thousands of human remains that have been recovered. The Department of State is encouraged to provide forensic assistance to Mexico to help address the significant backlog of cases.

The Caribbean.—Funds for certain assistance for the Caribbean are allocated according to the following table:

THE CARIBBEAN	
(Budget authority in thousands of dollars)	
Account/Initiative	Budget Authority
Development Assistance	
<i>Inclusive Economic Growth</i>	10,000
<i>Strengthening Disaster Resilience</i>	12,000
Economic Support Fund	
<i>Caribbean Energy Initiative</i>	6,500
Caribbean Basin Security Initiative	80,000
<i>Economic Support Fund</i>	35,000
<i>International Narcotics Control and Law Enforcement</i>	35,000
<i>Foreign Military Financing Program</i>	10,000

The agreement includes \$10,000,000 under Development Assistance to support initiatives aimed at promoting inclusive economic growth in the Caribbean region, with a primary focus on small grants that promote economic opportunity for women, youth, and other disadvantaged populations, as appropriate. The USAID Administrator shall consult with the Committees on Appropriations on the design of such programs and the proposed use of such funds not later than 90 days after enactment of the Act.

Venezuela.—Subsection (f) provides not less than \$40,000,000 under Economic Support Fund for democracy programs for Venezuela, and provides that funds under title III of the Act and prior Acts shall be made available to assist with the needs of Venezuelan migrants, subject to prior consultation with, and the regular notification procedures of, the Committees on Appropriations.

Western Hemisphere Private Sector Investment.—The Department of State should continue to encourage governments in Latin America and the Caribbean to adopt policies and laws that are conducive to increasing private sector investment in those regions.

Section 7046. Europe and Eurasia (modified)

Armenia.—The agreement includes not less than \$45,000,000 for assistance for Armenia, including from funds made available by the Act for the Countering Russian Influence Fund.

Belarus.—The agreement includes not less than \$30,000,000 for assistance for Belarus, which shall be made available to promote human rights and to support civil society activists, independent media, and political opposition forces to further democratic transition in Belarus. Not less than \$2,000,000 is for democracy programs.

Civil Society and Independent Journalists.—The Department of State, USAID, and NED shall continue supporting civil society organizations and independent journalists in European and Eurasian countries where media freedom is threatened, including Poland, and where malign influence and aggression poses a threat, including Latvia, Lithuania, and Estonia.

Conflict in the Caucasus.—Prior to the initial obligation of funds appropriated under title IV of the Act for assistance for Armenia and Azerbaijan, the Secretary of State shall consult with the Committees on Appropriations on the proposed uses of such funds.

Georgia.—In addition to the amounts designated in the table under Foreign Military Financing Program in this explanatory statement, the agreement includes not less than the following amounts for assistance for Georgia: \$88,025,000 under Assistance for Europe, Eurasia and Central Asia; \$5,700,000 under International Narcotics Control and Law Enforcement; \$1,100,000 under Non-proliferation, Anti-terrorism, Demining and Related Programs; and \$2,000,000 under International Military Education and Training.

Greenland.—Not later than 45 days after enactment of the Act, the USAID Administrator, following consultation with the Secretary of State, shall provide the Committees on Appropriations with a description of proposed operations, programs, and activities in Greenland in fiscal year 2022.

Hungary.—The agreement includes funding above the fiscal year 2021 level for democracy programs for Hungary, particularly to support independent media and civil society. *Section 7047. Countering Russian Influence and Aggression (modified)*

Countering Russian Influence Fund.—The agreement includes not less than \$295,000,000 for the Countering Russian Influence Fund (CRIF), which is in addition to amounts made available for bilateral assistance for countries in Europe, Eurasia and Central Asia. Funds made available for the CRIF from Assistance for Europe, Eurasia and Central Asia shall be made available from supplemental funds appropriated for such account. Funds are allocated according to the following table:

Countering Russian Influence Fund
(Budget authority in thousands of dollars)

Account	Budget Authority
Assistance for Europe, Eurasia and Central Asia	90,000
International Narcotics Control and Law Enforcement	50,000
International Military Education and Training	5,000
Foreign Military Financing Program	150,000

Obligation and Expenditure Report.—Not later than 90 days after the initial obligation of funds and every 90 days thereafter until September 30, 2023, the Secretary of State and USAID Administrator shall submit a consolidated report to the Committees on Appropriations containing updated information on obligations and expenditures of the CRIF on a country and project basis.

Report on the Occupation of Georgia.—Not later than 90 days after enactment of the Act, the Secretary of State shall update the report required by section 7070(c)(4) of division J of Public Law 115-31.

Reports on the Russian Federation.—Not later than 45 days after enactment of the Act, the Secretary of State shall update the reports required by section 7071(b)(2), (c), and (e) of division K of Public Law 115-76.

Section 7048. United Nations (modified)

Annual Report on Anti-Israel Bias at the United Nations.—The Secretary of State, in consultation with the U.S. Permanent Representative to the UN, shall report to the Committees on Appropriations in the manner described under Contributions to International Organizations in the House report for the previous calendar year.

Annual Report on Arrears.—The Secretary of State shall continue to submit the report on arrears required by section 7048(j) of division J of Public Law 115-31 for fiscal year 2022 except such report shall be on an annual basis.

Burden Sharing Report.—Not later than 90 days after enactment of the Act, the Secretary of State, in consultation with the U.S. Permanent Representative to the UN, shall submit a report to the Committees on Appropriations detailing efforts made during the prior calendar year to encourage other governments to increase their contributions for international peacekeeping activities, international organizations, and other multilateral and bilateral assistance programs, and the results of such efforts.

Michael Sharp and Zaida Catalan.—The Secretary of State shall brief the Committees on Appropriations not later than 90 days after enactment of the Act, on efforts to work with the Government of the DRC and the UN to thoroughly investigate and bring to justice those responsible for the deaths of Michael Sharp and Zaida Catalan.

United Nations Human Rights Council.—The Secretary of State and the U.S. Permanent Representative to the UN shall continue to publicly denounce, and work to reverse, the continued and disproportionate focus of the UNHRC on Israel, including the 2021 establishment of the unprecedented Commission of Inquiry to investigate Israel, which perpetuates the unfair singling out of Israel in the UN and represents an unnecessary obstacle to the cause of peace. The Secretary of State shall report to the Committees on Appropriations not later than September 30, 2022, on the resolutions considered in the UN Human Rights Council during the previous 12 months, and on steps taken to remove Israel as a permanent agenda item and to ensure integrity in the election of members to such Council.

Section 7049. War Crimes Tribunals (unchanged)

Section 7050. Global Internet Freedom (modified)

The agreement includes not less than \$77,500,000 for programs to promote Internet freedom globally, of which \$27,000,000 is from funds appropriated under International Broadcasting Operations for the OTF. Funds for such activities are allocated according to the following table:

Global Internet Freedom
(Budget authority in thousands of dollars)

Account/Program	Budget Authority
Economic Support Fund	27,000
Near East Regional Democracy	(16,750)
Democracy Fund (Department of State)	14,000
Democracy Fund (USAID)	3,500
Assistance for Europe, Eurasia and Central Asia	6,000
International Broadcasting Operations, Open Technology Fund	27,000

Internet Freedom Cost Matching.—Funds in the agreement that are made available for Internet freedom programs should be matched, to the maximum extent practicable, by sources other than the U.S. Government, including from the private sector.

Internet Freedom Spend Plan.—The OTF President, in consultation with the USAGM CEO, shall submit a spend plan for Internet freedom programs made available under International Broadcasting Operations. Such plan shall include all USAGM resources, including funds and employees used to support digital programs on the Internet.

Section 7051. Torture and Other Cruel, Inhuman, or Degrading Treatment or Punishment (unchanged)

Section 7052. Aircraft Transfer, Coordination, and Use (modified)

Section 7053. Parking Fines and Real Property Taxes Owed by Foreign Governments (modified)

Section 7054. International Monetary Fund (unchanged)

Section 7055. Extradition (unchanged)

Section 7056. Assistance for Innocent Victims of Conflict (new)

The agreement includes a new general provision to establish the Marla Ruzicka Fund for Innocent Victims of Conflict, to replace the Afghan Civilian Assistance Program and the Marla Ruzicka Iraqi War Victims Fund, to provide assistance to families and communities in Afghanistan, Iraq, Syria, and Yemen who have suffered harm as a result of military operations in which the United States has been directly or indirectly involved. Such support should include rehabilitation and mobility assistance, vocational training, equipment to start a business, and funds to repair damaged property.

Section 7057. United Nations Population Fund (unchanged)

Section 7058. Global Health Activities (modified)

Consultation and Report.—Funds made available by the Act to support the collection and analysis of data on unknown viruses and other pathogens, or to support a coordinating mechanism for the sharing of data with other countries, may only be made available following consultation with the Committees on Appropriations.

Not later than 120 days after enactment of the Act, the Secretary of State, following consultation with the USAID Administrator and the heads of other relevant Federal agencies and international institutions, including the WHO, shall report to the Committees on Appropriations on efforts to reassess and establish updated international norms, model standards, and model review mechanisms, as appropriate, for the oversight of the discovery and research of unknown viruses and other pathogens of pandemic potential.

Family Planning/Reproductive Health.—The agreement maintains prior year funding levels and policy related to family planning/reproductive health. The agreement does not endorse directives under certain House report headings: *Reproductive health and voluntary family planning; Research*, regarding contraception; and *Women's reproductive healthcare in El Salvador.*

Global Health Security.—Global health security programming should address the risks of zoonotic spillover posed by greater human contact with wildlife driven, in large part, by deforestation and wildlife degradation. Not later than 120 days after enactment of the Act, the USAID Administrator shall submit a comprehensive, integrated plan to the Committees on Appropriations for a minimum of eight countries where cross sectoral programming in health, agriculture, governance, and the environment is planned and how such programs will be evaluated. Programs should involve prevention at high-risk interfaces such as the commercial trade in live wild life and other animals and raw or unprocessed wildlife parts and promote a risk management approach to sustainable intensification of agriculture and protein production.

Vaccines.—The agreement supports the use of funds made available for global health security to accelerate development, production, and equitable access to COVID-19 tests, treatments, and vaccines. Not later than 90 days after enactment of the Act, the USAID Administrator shall submit a report to the

Committees on Appropriations detailing such efforts using funds provided in the Act, in prior Acts, and from other sources. The report shall include a description of: (1) the amount of funding allocated for global vaccine distribution and delivery; (2) specific activities undertaken by USAID to accelerate such development, production, and access; and (3) performance metrics used to measure progress of such efforts. The Administrator shall consult with the heads of other relevant Federal agencies to maximize coordination on COVID-19 vaccine distribution efforts.

Section 7059. *Gender Equality and Women's Empowerment (modified)*

Section 7060. *Sector Allocations (modified)*

Basic Education.—The agreement includes \$125,000,000 for the Global Partnership for Education and \$25,000,000 for Education Cannot Wait. The USAID Administrator shall consult with the Committees on Appropriations on such contributions to ensure adequate monitoring, evaluation, effectiveness, and sustainability of programs.

Basic Education Annual Report.—The annual report to Congress on the United States strategy to promote basic education, submitted pursuant to the Reinforcing Education Accountability in Development Act (division A of Public Law 115-56), should include funding data disaggregated by country, education level, and populations affected by crisis and conflict.

International Food Security and Agriculture Report.—Not later than 120 days after enactment of the Act, the USAID Administrator, in consultation with the heads of other relevant Federal agencies, shall submit a report to the Committees on Appropriations on programs and initiatives currently supported by the U.S. Government to address food insecurity and advance agricultural reforms abroad, including those conducted with multilateral organizations, and the extent to which such programs and initiatives are capable of responding to the growing levels of global food insecurity.

International Food Security Balances Report.—The agreement directs the USAID Administrator to submit a report to the Committees on Appropriations not later than 30 days after enactment of the Act and every 90 days thereafter until September 30, 2023, detailing the amount of funds obligated and the unobligated balances for food security-related activities administered by the Bureau for Humanitarian Assistance. The USAID Administrator shall consult with the Committees on Appropriations prior to the initial submission of such report.

Land Grant Institutions.—USAID should continue supporting the work of land grant institutions of higher learning and continue partnering with such institutions with specialized capability in agriculture research to assist developing countries to improve food production.

Reconciliation Programs.—The agreement includes sufficient funds to increase global people-to-people reconciliation programs and provides funds under Economic Support Fund for such activities involving Israelis and Palestinians under the Middle East Partnership for Peace Act.

Section 7061. *Environment Programs (modified)*

Funds for certain bilateral environment programs are allocated according to the following table:

ENVIRONMENT PROGRAMS—Continued

(Budget authority in thousands of dollars)

Account/Program	Budget Authority
Brazilian Amazon	25,000
Central Africa Regional Program for the Environment	45,000
Endangered sea turtles	150
Great Apes	45,000
Guatemala/Belize/Mexico	7,500
Lacey Act	4,000
Plastic Impacted Marine Species	1,000
Toxic Chemicals	9,000
United States Fish and Wildlife Service	6,500
<i>Migratory bird conservation</i>	(1,500)
United States Forest Service	8,500

Civil Society.—For the purposes of section 7061, assistance should be provided to civil society organizations working to protect the environment whose members have been the target of government-sanctioned harassment, threats, assassinations, and abuse of the judicial process.

Climate-Sensitive Health Risks.—USAID is encouraged to support policies and programs to address the disproportionate impact of pollution and environmental degradation on low-income and minority communities, including Indigenous communities.

Community-Based Resource Management.—Programs should promote local buy-in for conservation efforts recognizing the rights of local people to manage, or benefit directly or indirectly, from wildlife and other natural resources in a long-term, biologically sustainable manner.

Great Apes.—Of the funds provided to protect the habitat of great apes in Central Africa and Indonesia, \$8,500,000 is included to be directly transferred to the U.S. Fish and Wildlife Service and the agreement includes \$5,500,000 for USAID's orangutan conservation program.

Illegal, Unreported, and Unregulated (IUU) Fishing.—USAID's Bureau for Development, Democracy, and Innovation and Bureau for Resilience and Food Security are directed to work together to address the fundamental system failures that allow for IUU fishing to persist, jeopardizing economic, environmental, and food security objectives, including through new or expanded initiatives undertaken by the Bureau for Resilience and Food Security.

Large Dams.—The agreement continues a provision carried in prior Acts relating to IFI financing for large dams. The agreement intends the criteria set forth in Senate Report 114-79 to also apply to any financing regarding the construction of any large dam by the DFC.

Marine Partnerships.—The agreement supports efforts by U.S. research institutions to partner with marine science researchers in developing countries, to improve scientific knowledge and management practices that support sustainably managed marine fish and other resources.

Maya Biosphere Reserve.—The agreement includes funding for tropical forest conservation in the Maya Biosphere Reserve, of which not less than \$2,500,000 shall be provided by direct transfer to the Department of the Interior's (DOI) International Technical Assistance Program to: (1) strengthen environmental governance; (2) expand community-based conservation initiatives; (3) protect archeological sites; and (4) encourage sustainable economic opportunities including in Belize and Mexico. The agreement does not provide funding for logging or the construction of roads, except for community forest concessions and temporary roads in support of such concessions.

Migratory Birds.—The agreement provides funds to protect the habitat of migratory birds along the Atlantic and Pacific flyways by direct transfer to the U.S. Fish and Wildlife Service, and funds to protect sea turtles

by direct transfer to the National Oceanic and Atmospheric Administration.

National Parks and Protected Areas.—The Department of State and USAID shall follow the directives under this heading in the House report regarding national parks and protected areas and shall consult with the Committees on Appropriations on the implementation of such directives.

Funds made available for the United States Forest Service should support programs related to the restoration of forests and landscapes of degraded ecosystems, the promotion of urban forestry, youth engagement on natural resource management, and watershed management in forests, grasslands, and arid landscapes.

Ocean Plastic Pollution.—The agreement includes funds to address ocean plastic pollution. Not later than 60 days after enactment of the Act, the Secretary of State and USAID Administrator shall consult with the Committees on Appropriations on the planned uses of such funds, including for bilateral programs, and the establishment of a multilateral mechanism to address ocean plastic pollution.

Okavango Delta.—The Secretary of State and USAID Administrator should engage with the Governments of Namibia and Botswana to implement the Delta Act (Public Law 115-353), including to ensure that any petroleum exploration does not endanger the water, agricultural land, and other natural resources that local inhabitants depend on, or elephants and other endangered species, and shall consult with the Committees on Appropriations on this issue not later than 45 days after enactment of the Act.

Funds made available by the Act to implement the Delta Act should also focus on the headwaters of the Okavango Delta, and should integrate humanitarian demining efforts, public-private partnerships for conservation, prevention of wildlife trafficking, and development of eco-tourism.

Partnership for Conservation.—Not later than 90 days after enactment of the Act, the Secretary of State and USAID Administrator shall jointly consult with the Committees on Appropriations on the feasibility of a public-private, grant-making entity to support the establishment and long-term management of protected areas in developing countries, including terrestrial, coastal and marine protected areas, parks, community conservancies, Indigenous reserves, conservation easements, and biological reserves, and to carry out other effective area-based conservation measures.

Plastic Impacted Marine Species.—The agreement includes funds to be administered pursuant to 16 U.S.C. 3701 for cost-matching projects that protect marine species severely impacted by marine plastic debris, and the USAID Administrator shall consult with the Committees on Appropriations prior to the obligation of such funds.

Toxic Chemicals.—The agreement includes funding to address toxic chemical pollution in Africa, Asia, and Latin America, of which not less than \$3,000,000 is for programs to measurably reduce public exposure to lead associated with the unsafe disposal or recycling of batteries, contaminated cookware, or other sources of lead exposure. Prior to the initial obligation of funds, the USAID Administrator shall consult with the Committees on Appropriations on a multi-year strategy targeting such exposure and materials in severely affected countries.

U.S. Fish and Wildlife Service, U.S. Forest Service, National Oceanic and Atmospheric Administration, and the Department of the Interior.—Funds provided by direct transfer to USFWS, USFS, NOAA, and the DOI shall be transferred expeditiously and in a manner that is consistent with prior years. Prior to

ENVIRONMENT PROGRAMS

(Budget authority in thousands of dollars)

Andean Amazon	25,000

the obligation and expenditure of funds USFWS, USFS, NOAA, and DOI shall submit spend plans to the Committees on Appropriations and USAID detailing the intended uses of such funds. Prior to the submission of spend plans, such agencies shall consult on the intended uses of funds with USAID, as appropriate.

Wildlife Poaching and Trafficking.—Efforts are needed to strengthen wildlife laws and law enforcement related to the commercial trade in live wildlife for human consumption, which fuels epidemics and pandemics of zoonotic origin, and to address the increase in wildlife trafficking in Central and South America. The agreement supports the directive in the House report for a comprehensive security, governance, and conservation strategy for Central America. The agreement also supports funding for anti-poaching programs, including cross-border cooperation for anti-poaching in the Honduras-Guatemala-Mexico border forest region and the use of aircraft for anti-poaching and protected area management activities, pursuant to the authority provided in section 484(a)(2) of the FAA.

Section 7062. Budget Documents (modified)

Multi-Year Availability.—The Secretary of State and the USAID Administrator shall include in the annual CBJ a detailed justification for multi-year availability for any funds requested under Diplomatic Programs and Operating Expenses.

Section 7063. Reorganization (modified)

Section 7064. Department of State Management (modified)

Federal Law Enforcement.—The agreement notes that the explanatory statement accompanying the Commerce, Justice, Science, and Related Agencies Appropriations Act, 2022 directs the Attorney General to ensure implementation of evidence-based training programs on de-escalation and the use-of-force, as well as on police community relations, and the protection of civil rights, that are broadly applicable and scalable to all Federal law enforcement agencies. The agreement further notes that several agencies funded by this Act employ Federal law enforcement officers and are Federal Law Enforcement Training Centers partner organizations. The agreement directs such agencies to consult with the Attorney General regarding the implementation of these programs for their law enforcement officers. The agreement further directs such agencies to submit a report to the Committees on Ap-

propriations on their efforts relating to such implementation no later than 180 days after consultation with the Attorney General. In addition, the agreement directs such agencies, to the extent that they are not already participating, to consult with the Attorney General and the Director of the FBI regarding participation in the National Use-of-Force Data Collection. The agreement further directs such agencies to submit a report to the Committees on Appropriations, no later than 180 days after enactment of this Act, on their efforts to so participate.

Report on Compliance.—The report accompanying the certification required in subsection (b)(1) shall include a description of the criteria used by the Secretary of State to certify that an office or bureau is capable of managing and overseeing foreign assistance.

Report on Sole Source Awards.—Not later than 45 days after enactment of the Act, the Secretary of State shall submit a report to the Committees on Appropriations detailing all sole source awards made by the Department of State during the prior fiscal year in excess of \$2,000,000, which shall be posted on the Department website.

Section 7065. United States Agency for International Development Management (modified)

USAID Accountability Mechanism.—Not later than 90 days after enactment of the Act, the USAID Administrator shall submit an update to the report required under this heading in the explanatory statement accompanying division K of Public Law 116-260. Such report shall also include whether USAID's accountability mechanism is operating consistent with international best practices, including features such as: (1) a compliance review function to ensure project adherence to environmental, social, and other policies and standards; (2) a dispute resolution function; (3) an advisory function to report lessons learned; and (4) adequate staffing for the mechanism.

Section 7066. Stabilization and Development in Regions Impacted by Extremism and Conflict (modified)

Consolidated Report.—Not later than 45 days after enactment of the Act, and every 90 days thereafter until September 30, 2023, the Secretary of State and USAID Administrator shall submit a consolidated report to the Committees on Appropriations containing updated information on obligations and expenditures of the Prevention and Stabilization Fund on a country and program basis.

Consultation.—The Secretary of State shall consult with the Committees on Appropriations prior to exercising the transfer authority contained in subsection (a)(1).

Section 7067. Debt-for-Development (unchanged)

Section 7068. Enterprise Funds (unchanged)

Section 7069. Extension of Consular Fees and Related Authorities (modified)

Consular Authorities.—The agreement includes a new authority to shift passport application and execution fees currently deposited in the General Fund of the Treasury to the Department of State to support consular operations. This authority is estimated to provide a minimum of \$340,000,000 in additional resources for consular operations in fiscal year 2022.

Section 7070. Organization of American States (new)

Inter-Parliamentary Engagement.—The agreement supports programs, including establishment of a Parliamentary Assembly, that enhance inter-parliamentary cooperation and participation of elected legislators from OAS member states in OAS activities.

Section 7071. Protective Services (modified)

Section 7072. Rescissions (modified)

The agreement rescinds \$2,243,779,000, of which \$1,630,644,000 is from Afghanistan operations and assistance programs that can no longer be used for such purposes. Of the total, \$855,644,000 is from unobligated Economic Support Fund balances, \$515,000,000 is from unobligated Millennium Challenge Corporation balances, \$105,000,000 is from unobligated International Narcotics Control and Law Enforcement balances, \$70,000,000 is from unobligated Peace Corps balances, \$670,000,000 is from unobligated Embassy Security, Construction, and Maintenance balances, and \$28,135,000 is from unobligated Global Security Contingency Fund balances.

DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING ITEMS

Pursuant to clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, neither the bill nor the explanatory statement contains any congressional earmarks or congressionally directed spending items, limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.

DIVISION L—TRANSPORTATION, HOUSING AND URBAN DEVELOPMENT, AND RELATED AGENCIES APPROPRIATIONS ACT, 2022

CONGRESSIONAL DIRECTIVES

The joint explanatory statement accompanying this division is approved and indicates congressional intent. Unless otherwise noted, the language set forth in House Report 117-99 carries the same weight as language included in this joint explanatory statement and should be complied with unless specifically addressed to the contrary in this joint explanatory statement. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein. In cases where the House has directed the submission of a report, such report is to be submitted to both the House and Senate Committees on Appropriations. The Department of Transportation [DOT] and the Department of Housing and Urban Development [HUD] are directed to notify the House and Senate Committees on Appropriations seven days prior to the announcement of a new program, initiative, or authority. Any reprogramming requests must be submitted to the Committees on Appropriations no later than June 30, 2022.

For fiscal year 2022, the terms “program, project, and activity” [PPA] shall mean any item for which a dollar amount is contained in this act, House Report 117-99, or this joint explanatory statement. The table in the operating plan required by House Report 117-99 shall delineate the appropriation and prior year enacted level both by object class and by PPA, as detailed in this act, House Report 117-99, and this joint explanatory statement, or in the budget appendix for the respective appropriations, whichever is more detailed, and shall apply to all items for which a dollar amount is specified and to all programs for which new budget (obligational) authority is provided, as well as to discretionary grants and discretionary grant allocations. The operating plan must also identify items of special congressional interest.

CONGRESSIONAL BUDGET JUSTIFICATIONS

The agreement directs each agency to include within its budget justification a report on all efforts made to address the programmatic duplication identified by the annual Government Accountability Office [GAO] reports along with legal barriers preventing the agency's ability to further reduce duplication and legislative recommendations, if applicable.

TRANSPARENCY REQUIREMENT

Transparency in advertising.—The agreement directs the Departments and agencies funded by this act to state within the text, audio, or video used for new advertising purposes, including advertising/posting on the Internet, that the advertisements are printed, published, or produced and disseminated at U.S. taxpayer expense, with exemptions for safety or conflicts with the agency's ability to carry out their statutory authority.

Stevens amendment.—The agreement reminds the Department that has not submitted the report requested in fiscal year 2020 to submit the information on the feasibility of complying with the Stevens amendment.

AUDIT STANDARDS

Agency audits.—For all contract actions (including awards, renewals, and amendments) Departments and agencies provided funding in this act shall require any accounting firm providing financial auditing or audit remediation services to provide a statement setting forth the details of any disciplinary proceedings occurring within 1 year of the projected performance period re-

lated to noncompliance with rules or laws applying to audit services.

DATA ACT COMPLIANCE

Digital Accountability and Transparency Act [DATA Act] compliance.—The agreement expects agencies to prioritize the submission of timely, accurate, quality, and complete financial and award information in accordance with established management guidance, reporting processes, and data standards established under the DATA Act (P.L. 113-101).

CYBERSECURITY

The agreement continues to support the ban in section 889 of Public Law 115-232 which prohibits government agencies from buying certain telecommunications and video surveillance services or equipment.

FEDERALLY FUNDED RESEARCH

The agreement urges DOT and HUD to affirmatively determine, justified in writing, and made available on a publicly accessible website, that research grants or agreements promote the progress of science in the United States or will advance a national security or economic interest.

TITLE I

DEPARTMENT OF TRANSPORTATION

OFFICE OF THE SECRETARY

SALARIES AND EXPENSES

The bill provides \$141,500,000 for the salaries and expenses of the Office of the Secretary [OST].

The agreement directs the Department to abide by both the will and intent of Congress in all funding and policy decisions, and to consult with the House and Senate Committees on Appropriations prior to issuing all notices of funding opportunities [NOFOs].

Regulations.—The agreement recommends that the Department identify opportunities to eliminate unnecessary regulations and streamline burdensome regulations to ensure the Department is a good steward of limited taxpayer resources and produces physical infrastructure that supports long-term economic growth. Further, the Department should identify areas where more autonomy can be given to local jurisdictions with a better understanding of needs and challenges in building and maintaining infrastructure.

In-flight sexual misconduct task force.—The agreement directs the Secretary to implement the recommendations of the aviation consumer protection advisory committee that were adopted at the committee's September 24, 2020, meeting and outlined in a letter to the Secretary dated December 31, 2020. The Department should provide any briefings upon request on implementation of the recommendations and timing of subsequent rulemaking(s).

Transportation accessibility.—Section 13010 of the Infrastructure Investment and Jobs Act [IIJA] requires the Secretary to establish a transportation access pilot program; therefore, the agreement does not include the direction in House Report 117-99. The agreement instead directs the Department to brief the House and Senate Committees on Appropriations on its implementation plans for section 13010 no later than 90 days after the enactment of this act.

Infrastructure coordinator.—The agreement directs the Office of International Transportation and Trade within OST to work with the General Services Administration, the Department of Homeland Security, and other relevant agencies to facilitate more efficient development of infrastructure projects on the southern border with Mexico and the northern border with Canada.

Nationally significant freight and highway [INFRA] projects.—The agreement notes the concerns raised in the GAO report [GAO-18-38] relating to the Department's selection

process for INFRA grants, including recommendations on notifying unsuccessful applicants. Therefore, the agreement directs DOT, within 60 days of announcing fiscal year 2022 INFRA awards, to offer briefings to all applicants that did not receive an award in order to explain the factors that negatively impacted the application and make recommendations for improving the application for future grant rounds. Further, within 60 days of announcing grant awards, the Department is directed to publish on its website a list of all fiscal year 2022 applications received along with the names of the applicant organizations and funding amounts requested.

Freight.—The agreement continues to recognize the need to improve freight mobility through all modes of transportation. Marine highways are an important tool to improve the efficiency of transportation in many states, and the Department should support projects that improve marine highways as well as our nation's inland waterways. The agreement reminds the Department to provide the report required in fiscal year 2021 regarding potential options for modifying existing transportation programs to allow improvements to inland waterways, which the Department should submit to the House and Senate Committees on Appropriations, the House Committee on Transportation and Infrastructure, and the Senate Committee on Commerce, Science, and Transportation within 30 days of enactment of this act.

RESEARCH AND TECHNOLOGY

The bill provides \$51,363,000 for research and technology, of which \$42,718,000 shall remain available until expended. The agreement supports the research initiatives proposed in the budget request unless expressly addressed to the contrary under this heading.

Highly automated systems safety center of excellence [HASS COE].—The agreement provides \$5,000,000 for the HASS COE established by section 105 of title I of division H of Public Law 116-94.

Bridge clearinghouse.—The agreement provides \$5,000,000 for an accelerated bridge technologies clearinghouse as directed and enumerated in House Report 117-99.

Position navigation and timing [PNT] technologies and global positioning system [GPS] backup.—The agreement does not include the direction on PNT technologies in House Report 117-99. The agreement supports the findings in the Department's January 2021 “Complementary PNT and GPS Backup Technologies Demonstration Report [DOT-VNTSC-20-07]”, which found that “the best strategy for achieving resilient PNT service is to pursue multiple technologies to promote diversity in the PNT functions that support transportation and other critical infrastructure sectors.” The agreement provides \$15,000,000 to establish a program that leads to wide adoption of multiple technologies that provides the necessary GPS backup and complementary PNT as identified by the Department's report. Funding will enable, among other things, the development of safety-critical PNT requirements and standards, vulnerability and performance testing, certification protocols for safety-critical functions, the procurement of services as deemed appropriate by the Department, and user adoption models in order to facilitate the responsible use of resilient PNT services to meet Federal requirements for widespread adoption. The agreement expects the Department to report its findings and recommendations enabling GPS backup to the House and Senate Committees on Appropriations within one year of enactment of this act.

In addition, the agreement provides \$7,000,000 for DOT to engage in global navigation satellite systems performance monitoring and interference detection capability and to implement executive order 13905 and GPS signal authentication.

Transportation research board [TRB] reports.—The agreement does not include direction relating to the TRB under this heading in House Report 117-99. Instead, the agreement provides \$1,500,000 for the Secretary to enter into an agreement with the National Academy of Sciences, Engineering, and Medicine to conduct a study through the TRB to identify, assess, and develop metrics for measuring the effectiveness of surface transportation projects in addressing the transportation challenges and barriers faced by historically disadvantaged communities, areas of persistent poverty, and public transportation-dependent populations. The study shall: (1) identify and analyze existing data and metrics to establish a baseline of currently available means for assessing and measuring outcomes for surface transportation projects; (2) identify opportunities to improve data, the use of such data to improve metrics, and how such metrics could be applied to make more informed decisions in the planning process for surface transportation projects; and (3) consider new and innovative sources of data, analytic methods, and modeling for using such data and metrics in the transportation planning and decision-making process. The study shall include data and metrics related to improving access to housing, employment, health care, education, and essential services, and increasing safety.

University transportation centers [UTCs].—The agreement does not include the specific set-asides for funding as provided in House Report 117-99. The agreement continues to support UTCs, and notes that the Infrastructure Investment and Jobs Act provides a total of \$99,000,000 for fiscal year 2022 for the UTC program and that the Department is required to complete a competition for UTCs no later than November 15, 2022. The agreement directs the Department to initiate and complete this competition as soon as practicable to continue the important and valuable work of these university research partnerships in order to help foster the next generation of transportation professionals. Further, the Department should ensure that historically black colleges and universities have an opportunity to apply for this funding.

Coordination of DOT research.—The agreement encourages the Office of the Assistant Secretary for Research and Technology to work collaboratively and in coordination with the impacted modes across the Department to prevent duplication and ensure Federal research investments are optimized.

Other transaction agreement [OTA].—The Department shall develop clear and comprehensive policies to improve the management of OTA authority, including a justification for the use of the authority, the designation of officials with the authority to execute such agreements, clear conflict of interest certifications, an assessment of price reasonableness, and limitations on the amount of funds that can be utilized for such purposes within one year of the date of enactment of this act.

Small business innovation research [SBIR].—The agreement directs the Department to place an increased focus on making SBIR awards to firms with fewer than 50 people.

Resilient infrastructure.—The agreement directs the Department to expand its technical assistance and trainings to help state DOTs, local governments, and Tribal governments develop reliable indicators of vulnerability and actionable mitigation measures in all phases of transportation planning, asset

management, project-specific planning and development, and operations toward improving resiliency and reducing lifecycle costs. The Department is directed to prioritize research and demonstrations of new and proven technologies that could make our infrastructure systems more resilient and to share such technologies with other state and Federal partners as appropriate.

Connected vehicle pilot deployment program.—The agreement notes that the connected vehicle pilot deployment program is expected to be fully completed in July 2022, and directs the Department to provide results and findings from the pilot program no later than December 1, 2022, to the House and Senate Committees on Appropriations. Further, the Department should notify the House and Senate Committees on Appropriations of additional funding needs for this program.

NATIONAL INFRASTRUCTURE INVESTMENTS
(INCLUDING TRANSFER OF FUNDS)

The bill provides \$775,000,000 for local and regional project assistance grants as authorized under 49 U.S.C. 6702, to remain available until expended. Of this amount, not less than \$20,000,000 is for projects in historically disadvantaged communities or areas of persistent poverty and not less than five percent is for planning grants. Consistent with 49 U.S.C. 6702, not more than 50 percent of the funding shall be allocated to projects in rural and urbanized areas, respectively, and the Secretary may increase the Federal cost-share above 80 percent for projects in rural areas, historically disadvantaged communities, or areas of persistent poverty. The agreement does not include the direction under this heading in House Report 117-99. Instead, the bill directs the Secretary to take such measures to ensure an equitable geographic distribution of funds, an appropriate balance in addressing the needs of rural and urban communities, including Tribal areas, and the investment in a variety of transportation modes. Further, the bill requires the Secretary to consider and award projects solely based upon the selection criteria in 49 U.S.C. 6702(d)(3) and (d)(4). The agreement reiterates to the Department and potential applicants that this competitive grant program supports a broad variety of transportation projects, including highway, bridge, or road projects; public transportation projects; passenger and freight rail projects, including high speed passenger rail; port infrastructure improvement projects; intermodal projects, including commercial, transit, and intermodal parking garages; bicycle and pedestrian projects; multimodal infrastructure projects; and infrastructure reuse projects. The agreement also reminds the Department that projects that alleviate blocked highway-rail grade crossings are eligible for funding under this heading.

THRIVING COMMUNITIES INITIATIVE
(INCLUDING TRANSFER OF FUNDS)

The bill provides \$25,000,000 for a thriving communities program, to remain available until September 30, 2024.

The agreement directs the Department of Transportation to assist communities in a variety of geographic areas, including urban and rural communities. In addition, the agreement provides the Department of Housing and Urban Development up to \$5,000,000 under the heading “Policy Development and Research” for an interagency collaborative initiative to ensure housing and infrastructure development are taken into consideration in the administration of the thriving communities program.

NATIONAL SURFACE TRANSPORTATION AND
INNOVATIVE FINANCE BUREAU

The bill provides \$3,800,000 for the National Surface Transportation and Innovative Fi-

nance Bureau, to remain available until expended.

Financing for transportation oriented development [TOD].—The agreement recognizes the potential of TOD to facilitate economic development, the construction of affordable housing, and more livable and healthier communities within walking distance of, or accessible to, public transit.

RAILROAD REHABILITATION AND IMPROVEMENT
FINANCING PROGRAM

The bill authorizes the Secretary to issue direct loans and loan guarantees pursuant to chapter 224 of title 49, United States Code.

FINANCIAL MANAGEMENT CAPITAL

The bill provides \$5,000,000 for the financial management capital program, to remain available until September 30, 2023.

The agreement provides funding to continue DATA Act compliance, full implementation of G-invoicing data standardization initiatives, as well as analytical tools to support the monitoring of risks, funds status, and flow of funds to program recipients.

CYBER SECURITY INITIATIVES

The bill provides \$39,400,000 for departmental cyber security initiatives, to remain available until September 30, 2023.

OFFICE OF CIVIL RIGHTS

The bill provides \$11,564,000 for the Office of Civil Rights.

The agreement specifies that amounts provided above fiscal year 2021 be used to fill approved positions and contracts in order to: (1) collect, maintain, and perform trend analysis to tabulate disadvantaged business analysis, participation requirements, and certifications; (2) enhance educational and training materials for individuals with limited English proficiency; and (3) maximize awareness of accessible and equitable transportation services.

TRANSPORTATION PLANNING, RESEARCH, AND
DEVELOPMENT

(INCLUDING TRANSFER OF FUNDS)

The bill provides \$29,863,000 for planning, research, and development activities, to remain available until expended. Of this amount, \$2,000,000 is for the interagency infrastructure permitting improvement center and \$7,066,000 is for the purposes and amounts specified in the table entitled “Community Project Funding/Congressionally Directed Spending” included in this joint explanatory statement.

The agreement directs the OST to provide funding for projects listed in the table entitled “Community Project Funding/Congressionally Directed Spending” included in this joint explanatory statement in the corresponding amounts. Further, the agreement directs that the specific funding allocated in the table entitled “Community Project Funding/Congressionally Directed Spending” included in this joint explanatory statement shall not diminish or prejudice any application or geographic region to receive other discretionary grants or loans.

Non-traditional and emerging transportation technology [NETT] council.—The agreement directs DOT to conduct research to better understand the safety, interoperability, cybersecurity, privacy, and regulatory needs of non-traditional and emerging transportation technologies and projects. The agreement does not include funding provided in House Report 117-99, and instead, directs the Department to use available prior year funding provided to assist the NETT council for such activities.

Autonomous vehicle research in rural communities.—The agreement provides \$10,000,000 for an accredited university of higher education, or consortia thereof, to conduct research and to work with rural communities

to address the additional challenges, including weather variables and differing types of roadways, of bringing the benefits of autonomous vehicles, including freight and delivery vehicles, to rural Americans.

WORKING CAPITAL FUND
(INCLUDING TRANSFER OF FUNDS)

The bill limits expenditures for working capital fund activities to \$419,173,000.

The limitation allows the Department to complete the migration of commodity information technology [IT] to the working capital fund, and, if needed, the migration of personnel associated with commodity IT. Permission to expand activities to human capital and non-commodity IT activities is denied. The bill specifies that this limitation shall not apply to funds provided in Public Law 117-58; however, such exception shall only be exercised in support of traditional working capital fund activities and commodity IT activities unless otherwise explicitly approved by the House and Senate Committees on Appropriations.

SMALL AND DISADVANTAGED BUSINESS
UTILIZATION AND OUTREACH

The bill provides \$4,977,000 for small and disadvantaged business utilization and outreach, to remain available until September 30, 2023.

Disadvantaged business enterprise [DBE] definition.—Section 11101(e) of the IIJA increases the revenue cap applied to DBEs in the definitions used for DOT programs; therefore, the agreement does not include the direction in House Report 117-99.

PAYMENTS TO AIR CARRIERS
(AIRPORT AND AIRWAY TRUST FUND)

The act provides \$350,000,000 for payments to air carriers, to remain available until expended, and waives certain eligibility requirements. The Department is directed to provide the House and Senate Committees on Appropriations quarterly briefings on overflight fee collections and program costs to ensure continued success of the Essential Air Service program.

ADMINISTRATIVE PROVISIONS—OFFICE OF THE
SECRETARY OF TRANSPORTATION

Section 101 prohibits funds available to the Department of Transportation from being obligated for the Office of the Secretary of Transportation to approve assessments or reimbursable agreements pertaining to funds appropriated to the operating administrations, except for activities underway on the date of enactment of this act, unless such assessments or agreements have completed the normal reprogramming process for congressional notification.

Section 102 requires the Secretary of Transportation to post on the Internet a schedule of all council on credit and finance meetings, agendas, and meeting minutes.

Section 103 allows the Department of Transportation's working capital fund to provide payments in advance to vendors for the Federal transit pass fringe benefit program, and to provide full or partial payments to, and to accept reimbursements from, Federal agencies for transit benefit distribution services.

Section 104 allows the Department of Transportation's working capital fund to use certain recoveries from the transit benefit program to improve the administration of that program.

Section 105 extends the liquidation of valid obligations for one fiscal year for amounts made available for the national infrastructure investments program in Public Law 113-235.

Section 106 requires approval from the Assistant Secretary for Administration for retention or senior executive bonuses for all DOT employees.

Section 107 requires the Department of Transportation's working capital fund to transfer equipment into the working capital fund and collect replacement reserve for the equipment equal to the useful life and estimated replacement cost of such equipment.

Section 108 requires congressional notification before the Department of Transportation provides credit assistance under the transportation infrastructure finance and innovation act [TIFIA] program.

Section 109 allows for the repayment of credit risk premiums of the railroad rehabilitation and improvement financing [RRIF] program to eligible loans in cohort 3.

Section 109A makes modifications to 49 U.S.C. 312(a).

FEDERAL AVIATION ADMINISTRATION
OPERATIONS
(AIRPORT AND AIRWAY TRUST FUND)

The agreement provides \$11,414,100,000 for the operations of the Federal Aviation Administration [FAA], to remain available until September 30, 2023. Of the total amount provided, \$6,414,100,000 is to be derived from the airport and airway trust fund. The act distributes funds by budget activity, but the FAA is directed to update the House and Senate Committees on Appropriations immediately if resources are insufficient to operate a safe and effective air traffic control system. The FAA is further directed to include in its fiscal year 2022 operating plan and fiscal year 2023 budget request any carryover and how it plans to use these unobligated balances.

Advanced air mobility [AAM].—The agreement recognizes and supports the FAA's ongoing work on AAM, including the agency's work on aircraft certification, air traffic operations, landing site approval, infrastructure, and flight standards requirements.

Air traffic control privatization.—The agreement does not support any efforts to transfer the FAA's air traffic functions to a not-for-profit, independent, private corporation.

Aircraft certification.—The agreement includes not less than \$292,722,000 for aircraft certification service.

Authorization acts.—The agreement directs the FAA to brief the House and Senate Committees on Appropriations on the status of implementation of the mandates in the FAA Reauthorization Act of 2018 (P.L. 115-254) on a semi-annual basis and in the Aircraft Certification, Safety, and Accountability Act [ACSAA] (P.L. 116-260) on a quarterly basis. The FAA is also directed to provide all reports and briefings that are mandated by ACSAA to be provided to the House and Senate Committees on Appropriations.

Commercial space operational staffing and support.—The agreement expects the FAA to continue to increase staffing levels in the Office of Commercial Space Transportation.

Community engagement and noise.—The agreement provides not less than \$8,000,000 under this heading to support regular engagement with communities affected by aviation noise, including technical and analytical support for communities that may not have such expertise. Not less than 90 days after the date of enactment of this act, the FAA shall also provide the House and Senate Committees on Appropriations with a timeline for implementation of the new tools and systems related to noise in the budget request. The FAA's comprehensive review of its noise policy is also expected to focus on day-night level [DNL] standards and to be inclusive of all relevant stakeholders, including, but not limited to, communities near airports, other Federal departments and agencies, and airports.

Contract towers.—The agreement provides not less than \$178,000,000 for the contract tower program, and directs the FAA to con-

tinue to operate all contract towers currently in the program and expeditiously add qualified eligible airports. The FAA should address all open recommendations in the Office of Inspector General report (AV202135) on contract tower staffing and notify the House and Senate Committees on Appropriations of any challenges receiving relevant staffing data from the contractors. The agreement also directs the FAA to provide flexibility to contract towers at small-hub airports with unique terrain and winter weather challenges to include a minimum of two controllers during all regularly scheduled commercial flights, where permissible under current law.

Contracting.—The agreement urges the FAA to close all open recommendations from the Office of Inspector General report on the FAA's competitive award practices for its major program contracts (ZA2020020) by June 30, 2022. The agreement also directs the FAA to brief the House and Senate Committees on Appropriations on any open recommendations from the Office of Inspector General report on Other Transaction Agreements (ZA2017098).

Cybersecurity.—The agreement includes not less than \$38,000,000 for cybersecurity and directs the FAA to regularly update the House and Senate Committees on Appropriations on the prevalence and trends of any major cybersecurity compromises or incidents.

Dynamic regulatory system [DRS].—The agreement supports DRS and directs the FAA to include the appropriate resources to improve the system in the budget.

FAA organization charts.—The agreement directs the FAA to submit to the House and Senate Committees on Appropriations accurate and comprehensive organizational charts of each service, division, and office not later than June 1, 2022.

FAA public hearing.—The agreement notes that the recent proposal to modify the Condor 1 and Condor 2 military operating areas has been withdrawn. However, the agreement remains concerned with any potential proposals to modify these military operating areas and encourages the FAA to work with its partner agencies by holding a public hearing with representatives from the relevant Federal agencies in western Maine if any such proposal is issued. Should any similar proposal be issued, the agreement directs the FAA to report to the House and Senate Committees on Appropriations prior to the issuance of a record of decision regarding any modification of the Condor 1 and Condor 2 military operations areas that includes a summary of any public meeting and hearing and a list of the comments, questions, and responses presented at these meetings and hearings.

Global environmental standards for supersonic aircraft.—The agreement urges the FAA to continue its efforts to develop global environmental standards for supersonic aircraft by working through the International Civil Aviation Organization's Committee on Aviation Environmental Protection. The FAA should develop these standards while also addressing challenges with noise, environmental and climate impacts, and data limitations.

Helicopter safety National Transportation Safety Board [NTSB] recommendations.—The agreement directs the FAA to submit the reports on terrain awareness and warning systems, as well as the status update on NTSB recommendations A-06-017, A-06-18, and A-06-019, as required by the Consolidated Appropriations Act, 2021.

Infill radar.—The agreement supports the FAA's efforts to certify inflight radar and other strategies to mitigate wind turbine interference for the FAA and the Department of Defense [DoD], and directs the FAA to provide a briefing to the House and Senate Committees on Appropriations on these efforts

once the wind turbine-radar interference mitigation working group has completed an appropriate level of review and assessment.

International presence.—The agreement recognizes the importance of the FAA’s aviation safety global leadership and collaboration with foreign civil aviation authorities, particularly for certification, validation, and safety oversight activities.

Landing strips.—The agreement directs the FAA to assist Federal land managers, including but not limited to the Bureau of Land Management, United States Forest Service, and National Park Service, in charting airstrips located on Federal lands that are and may be useful for administrative, recreational, and emergency purposes.

NextGen Advisory Committee [NAC].—The FAA is expected to continue working with the NAC’s joint analysis team to develop and quantify the efficiency, emissions, safety, and passenger travel time benefits resulting from NextGen programs. The agreement also encourages the FAA to implement NAC recommendations and directs the FAA to provide an annual update on the status of NAC recommendations to the House and Senate Committees on Appropriations.

Performance based navigation [PBN].—The FAA should seek input from carriers to better understand the projected evolution of airline fleets, as well as the projected changes to hub operations, focus cities, and any other operational changes that could impact and inform how the FAA will further deploy PBN and other investments. The FAA is directed to provide an update to the House and Senate Committees on Appropriations on these issues no later than 180 days after enactment of this act.

Safety management system [SMS].—The agreement continues to direct the FAA to prioritize issuing a rulemaking requiring design and production approval holders for aviation products to establish a SMS, as required by section 102 of the Aircraft Certification, Safety, and Accountability Act.

Small unmanned aircraft system [UAS] procurement.—For any acquisition of small UAS using funds provided by the FAA, including those to Federal grant recipients, the FAA should require certification of review of the Department of Homeland Security [DHS] industry alert, and any subsequent and relevant UAS guidance, and completion of a risk assessment that considers the proposed use of the foreign-made UAS. The agreement directs the FAA to regularly brief the House and Senate Committees on Appropriations, on an as needed basis, on any security risks or challenges identified by either agency from any small UAS or UAS components.

Special use airspace.—The agreement directs the FAA to evaluate the benefits of airspace sharing by continuing to work with DOD through a federally-funded research and development center with expertise in national security, aviation operations, and systems development. This work should be conducted in parallel with all ongoing and future initiatives regarding airspace sharing. The Committee directs the FAA to brief the House and Senate Committees on Appropriations on the agency’s progress on this effort within 90 days of enactment of this act.

Training.—The agreement supports the FAA’s efforts to improve the training provided to the air traffic controller workforce, NAS technicians, and safety specialists. The FAA should procure training development and curriculum storage tools that can be deployed enterprise-wide and also provide personalized Web-based instruction to trainees. The FAA should also increase the use of innovative technologies, such as virtual reality, augmented reality, advanced simulation, artificial intelligence, and remote technical training opportunities, as appropriate.

Unmanned aircraft systems.—The FAA should use up to \$173,000,000 for UAS activities from all FAA appropriations accounts in this bill.

The agreement directs FAA to finalize the UAS beyond visual line of sight [BVLOS] rulemaking by September 2023.

The agreement directs the FAA to report to the House and Senate Committees on Appropriations within 180 days of enactment of this act on potential solutions to expand the use of part 135 operations of UAS deliveries, and whether these operations could be conducted through the low altitude authorization and notification capability program or the unmanned aircraft systems traffic management as the best way to ensure safe operations.

The agreement directs the FAA to provide a report to the House and Senate Committees on Appropriations within 90 days of enactment of this act on the agency’s efforts to engage with public safety stakeholders on part 107 waivers.

The agreement directs the FAA to address concerns with approvals of UAS BVLOS operations under 400 feet above ground level and implement an appropriate target level of safety for UAS operations through consideration of the recommendations of the aviation rulemaking committee [ARC].

The agreement directs the FAA to brief the House and Senate Committees on Appropriations on any impediments to issuing the UAS type certificates and how the FAA intends to resolve such impediments, without impeding safety.

The agreement urges the FAA to work through the ARC to look at public tolerance for risk in relation to UAS operations in sparsely populated areas, and to propose safety objectives related to ground and air risk. The FAA should also continue to integrate routine BVLOS operations into the national airspace in a safe manner.

The agreement directs the FAA to complete the requirements of section 376 of the FAA Reauthorization Act of 2018. The FAA should work through the BVLOS ARC to help define how the UAS traffic management network can support future operations, and should consider solutions for UAS integration programs that are compliant with industry consensus standards.

The agreement continues to include up to \$1,000,000 for the existing “Know Before You Fly” initiative.

To ensure the protection of wildlife and conservation areas, the FAA shall assist state, local, Tribal, and territorial governments that are interested in applying land use restrictions to recreational drones with the request process for adding such restrictions to the B4UFLY mobile app.

The agreement includes \$6,000,000 for matching funds to commercial entities that contract with an FAA designated UAS test site and directs the FAA to brief the House and Senate Committees on Appropriations within 270 days of enactment of this act on: (1) the number of waivers issued pursuant to 49 U.S.C. 44803(c); (2) the formalized process developed for waiver approval; and (3) efforts to communicate the availability of this waiver to use at the UAS test sites to support the FAA and UAS industry.

Unfinished rulemakings.—The agreement directs the FAA to report on unfinished rulemakings related to secondary cockpit barriers, the safety of foreign repair stations, and flight attendant rest requirements 30 days after enactment of this act.

Veterans’ pilot training program.—The agreement supports FAA’s use of cooperative agreements for the veterans’ pilot training program. The FAA should use \$1,000,000 from the Office of NextGen for this purpose, in addition to any remaining funds from previous

fiscal years from the Office of NextGen. The FAA should work with schools that are accredited by the Department of Education and which hold a restricted airline transport pilot letter of authorization. The FAA is directed to provide the House and Senate Committees on Appropriations an assessment of this program, and any recommendations on how to provide effective pilot training to veterans.

Workforce diversity.—Of the amount provided for staff offices, the agreement includes not less than \$4,000,000, but not more than \$7,500,000, for the minority serving institutions internship program, which the FAA should continue to grow and manage in a cost-effective manner. The agreement urges FAA to incorporate virtual or in-person tours of FAA facilities, develop targeted training focused on careers in aviation, and develop a pipeline of entry-level, diverse, and highly qualified talent.

FACILITIES AND EQUIPMENT

(AIRPORT AND AIRWAY TRUST FUND)

The agreement provides \$2,892,887,500 for facilities and equipment. Of the total amount available, \$550,000,000 is for personnel and related expenses and available until September 30, 2023; \$1,980,722,500 is available until September 30, 2024; and \$362,165,000 is for terminal facilities and available until September 30, 2026. The FAA is expected to make sound investment decisions and report to the House and Senate Committees on Appropriations on any major cost overruns or delays.

The table below provides allocations of funds for FAA facilities and equipment from the IJA for fiscal year 2022, which are subject to section 405 of this act:

ALLOCATION OF FUNDS FOR FAA FACILITIES AND EQUIPMENT FROM THE INFRASTRUCTURE INVESTMENT AND JOBS ACT—FISCAL YEAR 2022

Table with 2 columns: Activity and Amount. Rows include Activity 2—Air Traffic Control Facilities and Equipment, Activity 3—Non-Air Traffic Control Facilities and Equipment, Activity 4—Facilities and Equipment Mission Support, and Activity 5—Personnel and Related Expenses. Total, IJA is 1,000,000,000.

The table below provides details by activity for FAA facilities and equipment from funds made available under this heading in this act:

Table with 2 columns: Facilities and Equipment and Agreement. Rows include Activity 1—Engineering, Development, Test and Evaluation, Activity 2—Air Traffic Control Facilities and Equipment a. En Route Programs, and Total Activity 1.

Enterprise, concept development, human factors, and demonstration portfolio.—The FAA should work with interested State aviation departments, universities, UAS centers, test complexes, and relevant industry stakeholders that have the potential to serve as test beds for demonstrating the operational requirements for these emerging flight operations between multiple airports, to measure community acceptance and to identify training requirements for the controller, technician, and pilot workforces to safely operate and integrate these vehicles and systems into the NAS.

Reduced oceanic separation.—The FAA should continue use of global space-based automatic dependent surveillance-broadcast [ADS-B] data to support critical safety uses, and continue efforts with the acquisition management system process in making a final investment decision for this technology. The agreement also directs the FAA to brief the House and Senate Committees on Appropriations on the results of the operational evaluation in the Caribbean airspace that was completed in April 2021 within 60 days of enactment of this act.

Commercial space integration.—The agreement includes \$6,500,000 to demonstrate and validate the transmission of hazard areas into the ERAM system, including the space data integrator, as recommended by the air space access rulemaking committee.

Terminal air traffic control facilities—replace.—The agreement directs the FAA to continue working to address aging and antiquated air traffic control facilities that it leases from airport authorities to ensure they are fully compliant with current building codes consistent with being occupied by air traffic controllers. The agreement directs the FAA to consider creative financing options and to include consideration of long-term cost recovery leases when conditions warrant the construction of new air traffic control towers.

Remote towers.—The agreement includes \$4,900,000 for remote towers, which will be used to fund contract controllers for type certification at Leesburg, to complete the active testing phase of the operational evaluation at Fort Collins, and to begin the validation and verification at Fort Collins. The agreement directs the FAA to submit a plan and schedule for type certification of remote towers systems no later than 90 days after the enactment of this act. The plan and schedule should focus on accelerating type certification for the safe operation of remote towers and identify any challenges the agency faces in doing so.

Aviation surface observation system [ASOS].—The agreement includes \$11,200,000 and directs the FAA to use funding above the budget request for modification and/or replacement of the eight non-Federal automated weather observing systems currently in the process of the FAA takeover pilot program, as authorized under 49 U.S.C. 44502(e).

Landing and lighting portfolio.—The agreement includes \$67,887,500 and supports the FAA's work to modernize and enhance navigation aids [NavAids] monitoring and control capabilities in air traffic control towers. The agreement includes \$10,000,000 for instru-

ment landing systems and \$10,000,000 for precision path approach indicators. The FAA shall train existing technical staff and hire additional staff if necessary to install these critical systems. The FAA may use established contractors to augment FAA resources if necessary. The FAA should also refresh the software and technology of NavAids control and monitoring systems, which provide real time, mission critical capabilities, and enhance situational awareness, safety, and efficiency in managing air traffic.

FAA telecommunications infrastructure.—The agreement includes \$64,200,000 for the FAA telecommunications infrastructure, which includes funding for the FAA enterprise network service [FENS] and time division multiplexing to internet protocol migration efforts. The agreement includes funding in the operations account for remote telecommunications infrastructure replacement as an immediate-term solution to ensure the availability of the network. The agreement directs the FAA to provide a briefing on FENS to the House and Senate Committees on Appropriations within 90 days of enactment of this act, including the agency's detailed plans and schedule to deploy a long-term solution.

Military operations areas.—Radar and future NextGen systems capable of controlling airspace down to 500 feet above ground level enhance aviation safety in military operations areas that overlay public use airports. The agreement recommends that the FAA utilize existing resources to promptly provide radar or NextGen capability in areas with more than 5,000 operations per year.

Peoria airport tower.—The agreement encourages the FAA to continue working with the Peoria Airport Authority to help the airport remedy ongoing issues with its air traffic control tower.

RESEARCH, ENGINEERING, AND DEVELOPMENT (AIRPORT AND AIRWAY TRUST FUND)

The agreement provides \$248,500,000 for the FAA's research, engineering, and development activities, to remain available until September 30, 2024.

The following table provides details by program:

Research, Engineering, and Development	Agreement
Fire Research and Safety	7,136,000
Propulsion and Fuel Systems	3,000,000
Advanced Materials/Structural Safety	14,720,000
Aircraft Icing	2,472,000

Environment and Energy	22,000,000
NextGen—Environmental Research—Aircraft Technologies and Fuels	67,500,000
System Planning and Resource Management	3,300,000
Aviation Workforce Development—Section 625	10,000,000
William J. Hughes Technical Center Laboratory Facility	5,481,000
Total	248,500,000

Advanced materials/structural safety.—The agreement includes \$14,720,000 for advanced materials/structural safety, of which: (1) \$6,000,000 is to advance the use of these new additive materials (both metallic and non-metallic based additive processes) in the commercial aviation industry; (2) \$4,000,000 is to advance the use of fiber reinforced composite materials in the commercial aviation industry through the FAA joint advanced

materials and structures center of excellence; and (3) \$2,000,000 is for the FAA to continue its work with existing public-private partnerships that provide leading-edge research, development, and testing of composite materials and structures.

Aviation emissions and noise.—The agreement provides an increase of \$37,732,000 above fiscal year 2021 for research on reducing aviation emissions and noise.

The agreement includes \$22,000,000 for Environment and Energy, of which \$8,500,000 is to conduct research within the aviation sustainability center [ASCENT] COE. The increase in funding shall be used to better understand the impact of non-carbon dioxide emissions from aviation on climate change and to identify means to cost-effectively reduce these impacts.

The agreement includes \$67,500,000 for NextGen-Environmental Research-Aircraft Technologies and Fuels, of which \$26,565,000 is for ASCENT (of which not less than \$2,000,000 is to study the impact of aviation noise), and of which \$37,500,000 is for the continuous lower energy, emissions, and noise [CLEEN] program in order to accelerate the development of aircraft and engine technologies.

The increased funding should be used by ASCENT to go beyond the current 50 percent sustainable aviation fuel [SAF] blending limit and identify means to cost effectively reduce the lifecycle greenhouse gas emissions from SAF production and use, and continue its supply chain analysis work to help establish robust domestic supply chains for SAFs. ASCENT is also directed to continue working with the National Renewable Energy Laboratory on quantifying emissions reduction impacts of policies that could drive demand for SAFs. The FAA should also quantify the non-carbon climate benefits of these fuels.

In addition to the work on SAFs, ASCENT is also directed to work on quantifying the ultrafine particulate and other public health impacts of aviation on airsheds, particularly for communities near airports.

The agreement directs the FAA, in collaboration with the Departments of Energy and Agriculture and other Federal agencies, to conduct an interagency review and update of the 2016 Federal Alternative Jet Fuels Research and Development Strategy to address key scientific and technical challenges that inhibit the development, wide scale production, and use of economically viable SAF. The revised strategy should identify and prioritize specific research and development activities in order to accelerate SAF utilization.

Aviation workforce development programs.—The FAA should prioritize grants under the aviation workforce development program to academic institutions for flight operations, aviation maintenance, commercial aviation, unmanned aircraft systems, aviation technology, and training at the community college level or through an accredited aviation professional program. The FAA should also prioritize maintaining and growing workforce levels at maintenance, repair, and overhaul facilities.

Community and technical college centers of excellence [COE] in small UAS technology training program.—The agreement supports efforts by the FAA to collaborate with UAS Collegiate Training Initiative [CTI] schools to deliver up-to-date UAS training tools, resources, and guidelines that will prepare students for careers in UAS and continue to maintain the safety of the NAS.

UAS research.—The agreement includes \$22,077,000 for UAS research. Of this amount: (1) \$10,000,000 is directed to support the expanded role of the UAS COE in areas of UAS research, including cybersecurity, agricul-

tural applications, BVLOS, studies of advanced composites and other non-metallic engineering materials not common to manned aircraft but utilized in UAS, the STEM program, and to continue efforts with the UAS safety standards for UAS and to develop and validate certification standards for such systems; (2) \$2,000,000 for the Center's role in transportation disaster preparedness and response, partnering with institutions that have demonstrated experience in damage assessment, collaboration with state transportation agencies, and applied UAS field testing; and (3) \$8,000,000 is to support UAS research activities at the FAA technical center and other FAA facilities.

The agreement expects the Department to expedite its approval process for research projects at the COE. The FAA should also ensure that the research at the COE aligns with the agency's needs as it continues to address the challenges with integration of UAS into the NAS.

GRANTS-IN-AID FOR AIRPORTS

(LIQUIDATION OF CONTRACT AUTHORIZATION)

(LIMITATION ON OBLIGATIONS)

(AIRPORT AND AIRWAY TRUST FUND)

(INCLUDING TRANSFER OF FUNDS)

The agreement provides an obligation limitation of \$3,350,000,000 and a liquidating cash appropriation of \$3,350,000,000, to remain available until expended. Within the obligation limitation, the agreement provides not more than \$127,165,000 for administrative expenses, not less than \$15,000,000 for the airport cooperative research program, not less than \$40,961,000 for airport technology research, and \$10,000,000 for the small community air service development program.

Airport technology.—Of the amount for airport technology research, \$6,000,000 is for the airfield pavement technology program authorized under section 744 of Public Law 115-254, of which \$3,000,000 is for concrete pavement research and \$3,000,000 is for asphalt pavement research.

Airport improvement program [AIP] formula.—The agreement directs the FAA to consider the full range of flight activities (such as flight training, air cargo, emergency response, pilot training, etc.) and associated metrics when considering AIP discretionary grants.

Automated weather-observing system [AWOS] equipment.—The FAA should waive the requirement for a positive cost-benefit ratio for AWOS equipment for airports located in a county with a population of 50 or fewer persons per square mile based on the most recent decennial census. Furthermore, for such projects at public use airports that would have a material impact on the safety of operations at that airport, the FAA should not require the completion of a cost-benefit analysis as long as that project is funded using non-primary entitlement funding and no additional discretionary funding from the FAA.

Boarding bridges.—The agreement continues to direct the FAA to consult with the U.S. Trade Representative [USTR] and the U.S. Attorney General to develop, to the extent practicable, a list of entities that: (1) are a foreign State-owned enterprise that is identified by the USTR in the report required by subsection (a)(1) of section 182 of the Trade Act of 1974 (Public Law 93-618) and subject to monitoring by the USTR under section 306 of the Trade Act of 1974; and (2) have been determined by a Federal court, after exhausting all appeals, to have misappropriated intellectual property or trade secrets from an entity organized under the laws of the United States or any jurisdiction within the United States. The FAA shall make such list available to the public and

work with the USTR, to the extent practicable, to utilize the system for award management database to exclude such entities from being eligible for Federal non-procurement awards. The FAA is expected to notify the House and Senate Committees on Appropriations of any significant challenges the agency faces in completing these actions.

Burdensome regulations.—The FAA should continue to identify opportunities to eliminate unnecessary regulations and streamline burdensome regulations and identify areas where more autonomy can be given to local jurisdictions with a better understanding of needs and challenges in building and maintaining infrastructure.

National plan of integrated airport systems [NPIAS].—The agreement directs the FAA to expeditiously review requests for entry into the NPIAS. Public-use airports that meet all applicable criteria and which have had significant and material investment from their local communities should be included in the NPIAS.

GRANTS-IN-AID FOR AIRPORTS

The agreement provides \$554,180,000 in new budget authority for additional discretionary grants for airport construction projects, of which \$279,180,135 is for Community Project Funding/Congressionally Directed Spending. Funding allocated for Community Project Funding/Congressionally Directed Spending shall not diminish or prejudice the application of a specific airport or geographic region to receive other AIP discretionary grants or multi-year letters of intent.

Noise.—The agreement directs the FAA to ensure that AIP funds are made available to reduce the impact of noise on local communities.

Prioritization for additional grants for airport infrastructure.—Section 47115(j)(3)(B) of title 49, United States Code, requires that not less than 50 percent of the funds made available under this heading shall be for grants at nonhub, small hub, reliever, and nonprimary airports. The agreement directs the FAA to prioritize the remaining funds for grants at medium hub and large hub airports.

Temporary flight restrictions.—Section 119E of this act makes up to \$3,500,000 available to the FAA to reimburse certain airport sponsors that are closed during temporary flight restrictions. The agreement directs the FAA to notify the House and Senate Committees on Appropriations if additional funding is necessary.

Zero-emission vehicle [ZEV] and voluntary airport low emissions [VALE] programs.—The agreement supports the use of AIP funds for the ZEV and VALE programs and expects the FAA to provide not less than \$25,000,000 of the funds made available for supplemental discretionary AIP funding from the general fund for ZEV and VALE.

ADMINISTRATIVE PROVISIONS—FEDERAL AVIATION ADMINISTRATION

Section 110 allows no more than 600 technical staff-years at the center for advanced aviation systems development.

Section 111 prohibits funds for adopting guidelines or regulations requiring airport sponsors to provide FAA "without cost" building construction or space.

Section 112 allows reimbursement for fees collected and credited under 49 U.S.C. 45303.

Section 113 allows reimbursement of funds for providing technical assistance to foreign aviation authorities to be credited to the operations account.

Section 114 prohibits funds for Sunday premium pay unless work was actually performed on a Sunday.

Section 115 prohibits funds from being used to buy store gift cards with Government issued credit cards.

Section 116 requires the Administrator to block the identifying information of an owner or operator's aircraft in any flight tracking display to the public upon the request of an owner or operator.

Section 117 prohibits funds for salaries and expenses of more than nine political and Presidential appointees in the FAA.

Section 118 prohibits funds to increase fees under 49 U.S.C. 44721 until the FAA provides a report to the House and Senate Committees on Appropriations that justifies all fees related to aeronautical navigation products and explains how such fees are consistent with Executive Order No. 13642.

Section 119 requires the FAA to notify the House and Senate Committees on Appropriations at least 90 days before closing a regional operations center or reducing the services provided.

Section 119A prohibits funds from being used to change weight restrictions or prior permission rules at Teterboro Airport in New Jersey.

Section 119B prohibits funds from being used to withhold from consideration and approval certain application for participation in the contract tower program, or for certain reevaluations of cost-share program participation.

Section 119C prohibits funds from being used to open, close, re-designate, or reorganize a regional office, the aeronautical center, or the technical center subject to the normal reprogramming requirements outlined under section 405 of this act.

Section 119D improves the efficiency of the FAA franchise fund.

Section 119E allows the transfer of funds from the "Grants-in-Aid for Airports" account to reimburse airports affected by temporary flight restrictions for residences of the President.

Section 119F provides restrictions on the use of the authorities under 49 U.S.C. 44502(e) to transfer certain air traffic system or equipment to the FAA.

FEDERAL HIGHWAY ADMINISTRATION
LIMITATION ON ADMINISTRATIVE EXPENSES
(HIGHWAY TRUST FUND)
(INCLUDING TRANSFER OF FUNDS)

The agreement limits obligations for the administrative expenses of the Federal Highway Administration [FHWA] to \$463,716,697. In addition, the bill provides \$3,248,000 for the administrative expenses of the Appalachian Regional Commission [ARC].

FEDERAL-AID HIGHWAYS
(LIMITATION ON OBLIGATIONS)
(HIGHWAY TRUST FUND)

The agreement limits obligations for the federal-aid highways program to \$57,473,430,072 in fiscal year 2022.

Bridges with impacts to protected species under the Endangered Species Act.—The agreement encourages the FHWA to give consideration to projects that make improvements to bridges with significant impacts to species listed under the Endangered Species Act to mitigate those impacts. The agreement directs the Department to provide a report to the House and Senate Committees on Appropriations not later than 270 days after enactment of this act on how FHWA is making its selection of bridge improvements to address endangered species.

Implementation Plan.—In fiscal year 2020, the Department was directed to develop an implementation plan for conducting the research outlined in the Transportation Research Board's truck size and weight research plan, which has not been transmitted to Congress. The results of this research should be considered by the Department and Congress before any national changes in

truck length or weight policy are considered. The agreement directs the FHWA to brief the House and Senate Committees on Appropriations on the implementation plan within 30 days of enactment of this act.

Research and technology.—The agreement directs the FHWA to continue to prioritize research and demonstrations of new and proven technologies that could make infrastructure systems more resilient. The agreement directs the FHWA to promote resiliency in its every day counts initiative in order to leverage research and technology funds in support of states' efforts to deploy new and proven technologies. The agreement further directs the FHWA to report to the House and Senate Committees on Appropriations on the extent to which states and territories are currently, or plan to in the near future, use innovative technologies to build resiliency into their highway and bridge infrastructure, as well as identify any barriers to the use of innovative technologies that would otherwise allow for resiliency to be incorporated into such infrastructure.

Advanced digital construction management.—Section 503 of title 23, U.S.C. provides \$20,000,000 to accelerate the deployment and implementation of advanced digital construction management systems. The minimum grant amount for this program shall be \$500,000.

Nature-based solutions for infrastructure.—The agreement directs the FHWA to continue to build its competency and capacity in nature-based solutions [NBS] and continue its outreach to all states, Tribes, and localities on natural infrastructure options and best management practices and should build on its implementation guide by including it in the overall guidance and materials on conducting vulnerability assessments, including technical assistance and trainings provided to state DOTs, metropolitan planning organizations [MPOs], and local and Tribal governments. The agreement further directs the FHWA to submit a report to the House and Senate Committees on Appropriations within 1 year of enactment of this act that: (1) includes a summary of the extent of FHWA's NBS outreach; (2) identifies any deterrents or hindrances to the use of NBS; (3) identifies opportunities for increasing use of NBS; and (4) identifies any available assessment of the amount of Federal funding being put to NBS projects.

Timely response.—The agreement directs the FHWA to review and respond to Buy America waiver requests within 60 days of submission.

Categorical exclusions.—The agreement directs the FHWA to continue working with stakeholders, including state DOTs, to determine how to best minimize the bureaucratic burdens of the qualification process for categorical exclusions.

Appalachian development highway system [ADHS].—The agreement directs the FHWA to submit a report to the House and Senate Committees on Appropriations on its efforts to continue working with the ARC and relevant state DOTs to identify segments of existing, unfinished, and potential corridors and to discuss the justification for expanding the current ADHS mileage cap within 180 days of enactment of this act.

Low-carbon materials.—The agreement encourages the FHWA to continue efforts to develop low-carbon materials that reduce green-house gas [GHG] emissions while maintaining the structural integrity of infrastructure.

Surface transportation block grants [STBG].—The agreement directs the Secretary to ensure that state transportation agencies are fairly suballocating STBG funds to localities in accordance with current law.

Transparency in the deployment of automated vehicles [AVs].—The agreement directs the

FHWA, in coordination with other relevant modal administrations, to establish clear goals and priorities for the safe testing and deployment of AVs on public highway infrastructure by developing an action plan that should foster further discussion and information sharing with relevant stakeholders and officials to help inform future policies, research, and programs. The agreement also directs the FHWA to report to the House and Senate Committees on Appropriations on changes relevant in the forthcoming updates to the manual on uniform traffic control devices [MUTCD] related to AV testing and deployment. The FHWA should also continue to collate AV information and make publicly available its autonomous vehicle initiatives. Finally, the agreement directs the FHWA to update current resources available online related to the testing and deployment of AVs, including its fact sheet on environmental justice considerations for connected and automated vehicles.

Electric vehicles [EVs].—The agreement notes that section 2J in the current MUTCD states that if state or local agencies elect to provide specific service signing, there should be a statewide policy for such signing and criteria for the availability of the various types of services. The criteria should consider "vehicle services including gas and/or alternative fuels, oil, charging stations, and water."

Alternative fuel corridors.—The agreement supports the FHWA's efforts to designate alternative fuel corridors to support the expansion of zero-emission vehicles and directs the FHWA to designate future alternative fuel corridors that support travel and tourism traffic patterns and align with the national travel and tourism infrastructure strategic plan, to the extent permissible under current law.

Vision zero.—The agreement directs the FHWA to develop resources and provide technical assistance to help local agencies prioritize the safe system approach and its implementation of vision zero plans and strategies to reduce pedestrian fatalities and injuries. The agreement further directs the FHWA to submit a report to the House and Senate Committees on Appropriations on the extent to which states or territories receiving FHWA funds include elements of vision zero plans and strategies in their strategic highway safety plans, including an assessment of any barriers to use of vision zero plans and strategies identified by the states and territories.

Moveable barriers.—The agreement urges the FHWA to work with state DOTs to consider the feasibility of utilizing or deploying innovative technologies, including moveable barriers, that provide traffic congestion relief, offer quick alternatives to costly road construction, result in safer roadways, help eliminate crossover fatalities, offer flexibility, improve air quality, and decrease fuel consumption.

National highway geospatial data standards development feasibility study.—The agreement directs the FHWA to study, evaluate, and provide a comprehensive report on the geospatial data standards for all 50 states, D.C., and Puerto Rico no later than 180 days after enactment of this act.

Sonoran corridor.—The agreement encourages the FHWA to work with the State of Arizona to identify funds to facilitate the completion of tier II environmental impact statements on high priority corridors of less than 25 miles in distance and within 100 miles of the U.S.-Mexico border.

Interstate projects in the intermountain west.—The agreement supports the FHWA's continued collaboration with state DOTs on the initial planning process for improvements to I-10 between Phoenix and Tucson

and the new I-11 from U.S.-Mexico International Border to Reno, Nevada. FHWA should continue to provide technical assistance and assist the State DOTs in identifying financial resources to help complete the planning process for these critical projects.

Bridge safety.—The agreement continues to direct the FHWA to implement all open recommendations from the Office of Inspector General report [ST2020035] related to the pedestrian bridge collapse in 2018 at Florida International University [FIU].

Concrete research.—The agreement directs the Secretary to evaluate research initiatives eligible under the FHWA’s highway research and development program focusing on the use of stainless slag materials as a substitute for cement in concrete, as structural fill, controlled low strength material and related transportation infrastructure and provide a report to the House and Senate Committees on Appropriations within 180 days of enactment of this act outlining FHWA’s action plan to evaluate such research.

Wildlife-vehicle collision safety.—The agreement encourages the FHWA to work with states to reduce wildlife-vehicle collisions through the wildlife crossings pilot program in 23 U.S.C. 171 and through highway safety improvement program funds and eligibilities under 23 U.S.C. 148(a)(4)(B)(xvii).

Harmonization of tools.—The agreement encourages the FHWA to fund activities that harmonize environmental product declarations, data sets, and other tools to improve life cycle GHG emission comparisons of different materials and processes. The Secretary is directed to submit a report to the House and Senate Committees on Appropriations no later than 180 days after enactment of this act on a research and development strategy that will allow for robust and consistent environmental life cycle analyses for highway infrastructure projects to inform future internal research priorities.

Pollinator-friendly practices.—The agreement directs the FHWA to continue to support state DOT efforts to expand pollinator-friendly practices.

Electric vehicle [EV] charging infrastructure.—The agreement directs the GAO to assess the DOT’s coordination with the Department of Energy, other relevant Federal agencies, states and local planning agencies, and automotive industries in the planning for EV infrastructure investments. The GAO shall assess: (1) the work of the Joint Office of Energy and Transportation established by the IIJA; (2) FHWA’s efforts to designate national corridors for EV charging and alternative fueling stations; and (3) any opportunities to improve coordination among Federal agencies in the implementation of such act.

GHG emissions.—The agreement directs the GAO to assess and provide a report no later than 270 days after enactment of this act on: (1) the extent to which Federal agencies, states, and MPOs are currently collecting performance information on transportation-related GHG emissions; (2) how the information on GHG emissions is used to inform transportation investment decisions; and (3) opportunities for the FHWA to better leverage this information.

Tribal transportation program [TTP].—The agreement encourages the FHWA to expand on its fatality research and partnerships with state government, academic institutions, and non-profits that have existing relationships with Tribal governments and expertise in safety and transportation research as part of this work.

Interstate-35 innovative corridor project.—The agreement directs the FHWA to conduct comprehensive evaluations and analysis of highway corridors from ports of entry to in-

land ports. The FHWA may use funds from the research and development programs for this work.

(LIQUIDATION OF CONTRACT AUTHORIZATION)
(HIGHWAY TRUST FUND)

The agreement provides a liquidating cash appropriation of \$58,212,430,072, which is available until expended, to pay the outstanding obligations of the various highway programs at the levels provided in this act and prior appropriations acts.

HIGHWAY INFRASTRUCTURE PROGRAMS
(INCLUDING TRANSFER OF FUNDS)

The bill provides \$2,444,927,823 from the general fund. Of the total amount, the bill provides \$846,927,823 for Community Project Funding/Congressionally Directed Spending, \$100,000,000 for the ADHS, \$75,000,000 for the nationally significant Federal lands and Tribal projects program (of which 50 percent shall be set-aside for projects in Tribal areas), \$12,000,000 for the regional infrastructure accelerator demonstration program, \$1,145,000,000 for a bridge replacement and rehabilitation program, \$6,000,000 for the scenic byways program, \$10,000,000 to be transferred to the Northern Border Regional Commission, and \$250,000,000 for PROTECT grants, as authorized under 23 U.S.C. 176.

ADMINISTRATIVE PROVISIONS—FEDERAL
HIGHWAY ADMINISTRATION

Section 120 distributes the Federal-aid highways program obligation limitation.

Section 121 allows funds received by the Bureau of Transportation Statistics from the sale of data products to be credited to the Federal-aid highways account.

Section 122 provides requirements for any waiver of Buy America Act requirements.

Section 123 requires 60-day notification to the House and Senate Committees on Appropriations for any INFRA grants awarded under 23 U.S.C. 117, provided that such notification shall be made no later than 180 days from the date of enactment of this act.

Section 124 allows State DOTs to repurpose certain highway project funding within 25 miles of its original designation.

Section 125 requires the FHWA to adjudicate Buy America requests based on the criteria used prior to April 17, 2018.

FEDERAL MOTOR CARRIER SAFETY
ADMINISTRATION

MOTOR CARRIER SAFETY OPERATIONS AND
PROGRAMS

(LIQUIDATION OF CONTRACT AUTHORIZATION)
(LIMITATION ON OBLIGATIONS)
(HIGHWAY TRUST FUND)

The bill includes a liquidation of contract authorization and a limitation on obligations of \$360,000,000 for the operations and programs of the Federal Motor Carrier Safety Administration [FMCSA]. Of this limitation, \$14,073,000 is for the research and technology program, and \$41,277,000 is for information technology and information management, to remain available for obligation until September 30, 2024.

Information technology [IT] and information management [IM] capital improvement program [CIP].—The agreement provides \$41,277,000 to fund IT and IM modernization activities. The agreement directs the FMCSA to report no less than annually on the spending plans for the amounts provided for IT and IM and to update the House and Senate Committees on Appropriations about progress on modernizing its legacy systems.

Border crossing CIP.—The agreement directs the FMCSA to provide an annual report to the House and Senate Committees on Appropriations no later than 180 days after enactment of this act, on the current status of the border crossing CIP. The report shall in-

clude: a list of all funded and unfunded projects in past fiscal years; cost overruns, cost savings, and cost projections for each active project; target dates for project completion; delays and schedule changes; current challenges; and relevant safety inspection data.

MOTOR CARRIER SAFETY GRANTS
(LIQUIDATION OF CONTRACT AUTHORIZATION)
(LIMITATION ON OBLIGATIONS)
(HIGHWAY TRUST FUND)

The bill includes a liquidation of contract authorization and a limitation on obligations of \$496,000,000 for motor carrier safety grants, to remain available for obligation until September 30, 2023.

The bill provides the following funding levels for specific activities within this account:

Motor carrier safety assistance program	\$390,500,000
Commercial driver’s license program implementation program	41,800,000
High priority activities program	57,600,000
Commercial motor vehicle operators grant program	1,100,000
Commercial motor vehicle enforcement training and support grant program	5,000,000

The agreement includes funding for the high priority activities program grants to states that establish programs to impound or otherwise immobilize a passenger-carrying commercial motor vehicle found to have safety violations that are serious enough to warrant immediate removal from the roadway, as authorized.

ADMINISTRATIVE PROVISIONS—FEDERAL MOTOR
CARRIER SAFETY ADMINISTRATION

Section 130 requires the FMCSA to send notice of 49 CFR 385.308 violations by certified mail, registered mail, or some other manner of delivery which records receipt of the notice by the persons responsible for the violations.

Section 131 requires the FMCSA to update inspection regulations for rear underride guards as specified in GAO-19-264.

Section 132 prohibits funds from being used to enforce the electronic logging device rule with respect to carriers transporting livestock or insects.

NATIONAL HIGHWAY TRAFFIC SAFETY
ADMINISTRATION
OPERATIONS AND RESEARCH

The agreement provides \$200,000,000 from the general fund for operations and research. The agreement directs the NHTSA to include the same level of details as was included in the fiscal year 2020 budget estimate in future budget estimates.

Truck underride safety.—The agreement directs the NHTSA to implement recommendations included in the GAO report [GAO-19-264] on truck underride safety, complete a rulemaking to improve rear guards to meet the Insurance Institute for Highway Safety standards, and brief the House and Senate Committees on Appropriations quarterly on the agency’s progress in meeting these directives. The agreement also directs the NHTSA to share information with police departments on related activities in order to improve the quality and completeness of underride crash data.

AV testing.—The agreement directs the NHTSA to move forward on a research program on the kinetics and injury outcomes of occupants traveling in automated vehicles, including those with alternative seating postures and configurations, and to brief the House and Senate Committees on Appropriations on the results of this study.

GAO assessment.—The agreement directs the GAO to assess: (1) what is known about consumers’ understanding and use of lower level automated vehicle technologies; (2)

how vehicle manufacturers and governments are educating consumers about these technologies; and (3) what role the Federal government has in helping consumers understand the safety benefits of and appropriate use of these technologies. The agreement directs the GAO to submit this report to the House and Senate Committees on Appropriations within 1 year of enactment of this act.

AV testing.—The agreement encourages the NHTSA to continue to support research and test facilities that replicate a wide variety of challenging weather conditions, like rain, fog, and low sun angles. The NHTSA is encouraged to partner with an existing nonprofit automotive vehicle test and research facility to facilitate the development and deployment of AV technology that can operate in all weather conditions, including development of methodologies to measure the performance of AV technology.

OPERATIONS AND RESEARCH
(LIQUIDATION OF CONTRACT AUTHORIZATION)
(LIMITATION ON OBLIGATIONS)
(HIGHWAY TRUST FUND)

The agreement provides a liquidating cash appropriation and an obligation limitation of \$192,800,000, to remain available until expended, which reflects the authorized level of contract authority, and of which \$20,000,000 shall remain available until September 30, 2023, and \$7,000,000, for mobility research on older drivers, shall remain available until expended. Of the total amount, the agreement provides \$186,000,000 for programs authorized under section 403 of title 23, U.S.C., including behavioral research on automated driving systems and advanced driver assistance systems and improving consumer responses to safety recalls, and section 25024 of Public Law 117–58. The total also provides \$6,800,000 for the national driver register authorized under chapter 303 of title 49, U.S.C.

Highway fatalities.—The agreement directs the NHTSA to develop and implement a national campaign to reduce highway fatalities. The agreement also expects that the report directed in fiscal year 2021 will be delivered by May 1, 2022. Increased funding should be used to address the disproportionate increases in highway fatalities for non-Hispanic Black people, in occupant ejection, and in unrestrained occupants of passenger vehicles.

Road to zero coalition.—The agreement directs the NHTSA to develop and implement an agreement to provide safe system innovation grant funding at a level commensurate with current law within 120 days of enactment of this act.

Traffic safety culture.—The agreement includes \$600,000 for the NHTSA to work with a university with expertise in traffic safety culture to develop training courses for states to learn how to implement a traffic safety culture, as a means to promote vision zero. The training should include tools to guide states on data, metrics, and strategies to change driver behavior, how to examine current safety culture, and ways to engage a broad group of stakeholders.

Drunk and impaired driving detection.—The agreement directs the NHTSA to update the House and Senate Committees on Appropriations on the status of the Volpe report on advanced drunk driving prevention systems. The NHTSA should notify the House and Senate Committees on Appropriations on any factors that may delay progress on efforts to advance the implementation and integration of impaired driving technologies, and be fully attentive to the development of all such technologies that are under development or already being offered. The NHTSA is also directed to emphasize research on driver monitoring and to identify promising tech-

nologies that will reduce or eliminate impaired and distracted driving.

Drug-impaired driving.—The agreement expects the NHTSA to address long-standing NTSB recommendations to: (1) develop and disseminate to appropriate state officials a common standard of practice or guidance for drug toxicology testing which should consider recommendations issued by the National Safety Council in the publication entitled, “Recommendations for Toxicological Investigation of Drug-Impaired Driving and Motor Vehicle Fatalities—2021 Update” in consultation with relevant accredited universities and Federal agencies; (2) develop and disseminate best practices, identify model specifications, and create a conforming products list for oral fluid drug screening devices; (3) evaluate best practices and countermeasures found to be the most effective in reducing fatalities, injuries, and crashes involving drug-impaired drivers; and (4) provide additional guidance on each of these issues to the states.

The agreement continues to support the NHTSA’s drug-impaired driving initiative, research initiatives such as the collection of toxicology data in fatal accidents, and continued education and training efforts with law enforcement and prosecutors, such as drug recognition experts and advanced roadside impaired driving enforcement training. The NHTSA should issue clarifying guidance on the eligible uses of highway safety program grants for gathering data on individuals in fatal car crashes for substance impairments, where permissible under current law. With the opioid epidemic affecting the rates of drug-impaired driving, the NHTSA should also collaborate with the Centers for Disease Control and Prevention [CDC] to develop guidance to states on how funding provided by each agency can be used to reduce drug-impaired driving.

The agreement also encourages the NHTSA to use the results of laboratory tests (related to marijuana impairment standards) to move forward to field testing and to work towards the development of a standardized field sobriety test to detect levels of marijuana impairment. NHTSA’s work should focus on all commonly available cannabis products. NHTSA should also consider issuing toxicology testing guidance to State officials in accordance with recommendations issued by the National Safety Council in the aforementioned publication and consult with relevant accredited universities.

Child-car seat testing.—The agreement modifies the rulemaking directive in House Report 117–99 in this section to September 30, 2022.

Child hyperthermia.—The agreement provides not less than \$2,000,000 for NHTSA to continue and expand upon policies and programs implemented in 2019 regarding public education and outreach efforts on child hyperthermia prevention.

Stroke victim transportation protocol.—The agreement encourages the NHTSA and its Office of Emergency Medical Services [EMS] to continue working with stakeholders in the EMS community to develop and disseminate information on assessment, treatment, and transport-destination protocols to ensure that stroke patients are transported to the most appropriate hospital for treatment. In developing such protocols, stakeholders should consider the capability of an emergency receiving facility to improve outcomes for patients.

EMS/911.—The agreement encourages the NHTSA, through the EMS, to disseminate training in cardiopulmonary resuscitation to state and local emergency dispatchers. Such training should include evidence-based protocols, continuing education, and performance measures.

Digital alert technology.—The agreement specifies that the NHTSA should use funds provided in fiscal year 2020 for deployment of digital alert technology with local law enforcement in the field.

Causal factors of auto crashes.—The agreement encourages the NHTSA to focus on research on causal factors of auto crashes, such as distracted driving, road conditions, and congestion.

HIGHWAY TRAFFIC SAFETY GRANTS
(LIQUIDATION OF CONTRACT AUTHORIZATION)
(LIMITATION ON OBLIGATIONS)
(HIGHWAY TRUST FUND)

The bill provides a liquidating cash appropriation and an obligation limitation of \$774,300,000 for highway traffic safety grants, to remain available until expended.

State traffic safety information systems improvements.—The agreement directs the NHTSA to continue to provide technical assistance to states on improving the interoperability of state and national traffic safety information systems. In addition, within one-year after enactment of this act, the agreement directs the NHTSA to produce a publicly available report on what challenges states are facing with improving their traffic safety coordination and to brief the House and Senate Committees on Appropriations on the findings and analysis.

ADMINISTRATIVE PROVISIONS—NATIONAL
HIGHWAY TRAFFIC SAFETY ADMINISTRATION

Section 140 provides funding for travel and related expenses for state management reviews and highway safety core competency development training.

Section 141 exempts obligation authority made available in previous public laws from the obligation limitations set for the current year.

Section 142 prohibits funds from being used to enforce certain state maintenance of effort requirements under 23 U.S.C. 405.

FEDERAL RAILROAD ADMINISTRATION
SAFETY AND OPERATIONS

The bill provides \$240,757,000 for safety and operations of the Federal Railroad Administration [FRA], of which \$25,000,000 shall remain available until expended. The funding provided combined with available prior year funding will be sufficient to support safety activities and other FRA programs. The agreement provides the following funding levels for specific activities within this account:

Safe transportation of energy products	up to \$2,000,000
Automated track inspection program and data analysis	\$16,500,000
Positive train control support program	up to \$1,000,000
Trespasser prevention	up to \$400,000
Highway-rail grade crossing safety	up to \$2,175,000
Grant and project development technical assistance, oversight	up to \$1,500,000

Competitive grants.—The agreement directs the FRA to provide bi-annual reports to the House and Senate Committees on Appropriations on the status of grant agreements and obligations for all awards for fiscal years 2017 through 2022 for the Federal-state partnership for intercity passenger rail, consolidated rail infrastructure and safety improvements [CRISI], restoration and enhancement, and railroad crossing elimination grant programs.

Blocked railroad crossings.—The agreement directs the FRA to follow the direction included in House Report 117–99 relating to the FRA’s website for the public and law enforcement to report blocked railroad crossings. The agreement urges the FRA to require states receiving funding through the railroad safety state participation program to include on their website a link with instructions for reporting incidents to the FRA’s website on blocked railroad crossings.

Amfleet replacement.—The agreement does not include direction in House Report 117–99 as funding appropriated in the IIJA will support state and Amtrak acquisition costs for this new fleet.

RAILROAD RESEARCH AND DEVELOPMENT

The bill provides \$43,000,000 for railroad research and development, to remain available until expended. Of this amount, up to \$2,100,000 is available to make improvements at the transportation technology center as authorized under 49 U.S.C. 20108(d).

Safe transportation of energy products.—The agreement provides up to \$2,000,000 to research and mitigate risks associated with the transportation of crude oil, ethanol, liquefied natural gas [LNG], and other hazardous materials, including tank car research in partnership with other Federal agencies. The FRA is directed to continue to undertake comprehensive efforts in collaboration with the Pipeline and Hazardous Materials Safety Administration [PHMSA] to identify and address gaps in research relating to the transportation of LNG in rail tank cars, which should inform rulemaking.

Emissions reduction and alternative fuel locomotives.—The agreement provides \$2,500,000 for the FRA to continue ongoing research, development, and testing on innovative technologies and solutions for low- or no-emission alternative fuels for locomotives, engine improvements, and motive power technologies. The FRA is directed to work in collaboration with the Department of Energy and the private sector in order to hasten the transition from traditional diesel fuel locomotives, spur the development and deployment of low- or no-emission technologies, and achieve widespread commercial use. Further, the agreement directs the FRA to conduct research, development, testing, and analysis to determine the safety of such technologies, any additional emergency response planning and training requirements relating to such technologies, related infrastructure requirements to support such technologies, and any other activities the FRA deems necessary to ensure the safe operations of such technologies.

Workforce development.—The agreement provides up to \$1,000,000 to support the workforce development and research activities outlined in House Report 117–99.

Short-line safety.—The agreement provides \$2,500,000 to continue to improve safety practices and training for class II and class III freight railroads, including efforts to improve the safe transportation of crude oil, other hazardous materials, freight, and passenger rail.

Research partnerships with universities.—The agreement provides up to \$5,000,000 for partnerships with qualified universities on research related to improving the safety, capacity, and efficiency of the nation's rail infrastructure, including \$1,000,000 for research on intelligent railroad systems.

FEDERAL-STATE PARTNERSHIP FOR INTERCITY PASSENGER RAIL

The bill provides \$100,000,000 for Federal-state partnership for intercity passenger rail grants as authorized under 49 U.S.C. 24911, to remain available until expended.

CONSOLIDATED RAIL INFRASTRUCTURE AND SAFETY IMPROVEMENTS

(INCLUDING TRANSFER OF FUNDS)

The bill provides \$625,000,000 for CRISI grants as authorized under 49 U.S.C. 22907, to remain available until expended. Of this amount, not less than \$150,000,000 is for projects eligible under 49 U.S.C. 22907(c)(2) that support the development of new intercity passenger rail service routes including alignments for existing routes; not less than \$25,000,000 is for projects eligible under 49

U.S.C. 22907(c)(11); \$120,860,000 is for the purposes and amounts specified in the table entitled “Community Project Funding/Congressionally Directed Spending” included in this joint explanatory statement; and not more than \$5,000,000 is for preconstruction planning activities and capital costs related to the deployment of magnetic levitation transportation projects.

The agreement directs the FRA to provide funding for projects listed in the table entitled “Community Project Funding/Congressionally Directed Spending” included in this joint explanatory statement in the corresponding amounts. Further, the agreement directs that the specific funding allocated in the table entitled “Community Project Funding/Congressionally Directed Spending” included in this joint explanatory statement shall not diminish or prejudice any application or geographic region to receive other discretionary grants or loans.

THE NATIONAL RAILROAD PASSENGER CORPORATION [AMTRAK]

The agreement provides a total of \$2,331,371,000 for Amtrak. The agreement notes that this funding level represents extenuating circumstances regarding residual effects from the pandemic on Amtrak's reduced ridership and revenue. The agreement directs Amtrak to provide regular updates to the House and Senate Committees on Appropriations on any new revenue projections, estimates, or needs as they become available.

Amtrak station agents.—The agreement directs Amtrak to either provide a station agent in each Amtrak station that had a ticket agent position eliminated in fiscal year 2018 or, with respect to any given station on that list, to instead reach an agreement with the labor organization representing employees at such station to provide a station agent in a different station.

Budget and business plan.—The agreement directs Amtrak to submit a business plan in accordance with 49 U.S.C. 24320, as amended by Public Law 117–58.

FRA grant administration and report streamlining.—The agreement encourages the FRA to work with Amtrak to reduce duplication and streamline the reporting requirements for the FRA's grant agreements with Amtrak.

Food and beverage.—The agreement directs Amtrak to periodically update the House and Senate Committees on Appropriations on the food and beverage offerings, new initiatives, operating loss, and workforce impacts, as appropriate.

U.S. services.—The agreement directs Amtrak to take the necessary affirmative steps to ensure that contracts for customer service, professional, and IT services, including subsidiary services, shall be performed within the United States.

NORTHEAST CORRIDOR GRANTS TO THE NATIONAL RAILROAD PASSENGER CORPORATION

The bill provides \$874,501,000, to remain available until expended, for the Secretary to make grants to Amtrak for activities associated with the northeast corridor [NEC], defined as the main line between Boston, Massachusetts, and the District of Columbia, and the facilities and services used to operate and maintain the NEC line. The bill provides up to \$1,000,000 for the northeast corridor commission [NECC], which, combined with the up to \$5,000,000 appropriated in fiscal year 2022 in the Infrastructure Investment and Jobs Act, fully funds the NECC as authorized in section 22101(e) of division B of such act. The agreement takes into account that funding appropriated in the IIJA will be used to bring Amtrak-served stations into compliance with the Americans with Disabilities Act and acquire new passenger rolling stock to replace the single-level passenger

cars used in Amtrak's NEC, state-supported, and long-distance services.

NATIONAL NETWORK GRANTS TO THE NATIONAL RAILROAD PASSENGER CORPORATION

The bill provides \$1,456,870,000, to remain available until expended, for the Secretary to make grants to Amtrak for activities associated with the national network. National network grants provide operating and capital funding for Amtrak's long-distance and state-supported routes, long-distance routes that operate on the NEC, and other non-NEC activities. Of this amount, at least \$50,000,000 is for the development, installation, and operation of railroad safety improvements, including the implementation of a positive train control system. The agreement does not provide additional funding for the state-supported route committee, as the up to \$3,000,000 appropriated in fiscal year 2022 in the IIJA fully funds the state-supported route committee as authorized in section 22101(d) of division B of such act. Further, the agreement does not provide additional funding for the interstate rail compacts grant program, as the up to \$3,000,000 appropriated in fiscal year 2022 in the IIJA fully funds such grants as authorized in section 22101(f) of division B of such act.

National network services.—The agreement does not support proposals that will inevitably lead to long-term or permanent service cuts or segmentation of Amtrak's long-distance routes, which will lead to less service for rural communities.

ADMINISTRATIVE PROVISIONS—FEDERAL RAILROAD ADMINISTRATION

(INCLUDING RESCISSIONS)

(INCLUDING TRANSFER OF FUNDS)

Section 150 limits overtime to \$35,000 per Amtrak employee and allows Amtrak's president to waive this restriction for specific employees for safety or operational efficiency reasons. Amtrak's president is required to submit a report to the House and Senate Committees on Appropriations no later than 60 days after enactment of this act summarizing all overtime payments incurred by Amtrak for calendar year 2021 and the three prior calendar years.

Section 151 prohibits the use of funds made available by this act by Amtrak in contravention of the Worker Readjustment and Retraining Notification Act.

Section 152 allows the FRA to transfer certain amounts made available in this and prior acts to the financial assistance oversight and technical assistance account to support the award, administration, project management oversight, and technical assistance of grants administered by the FRA, with an exception.

Section 153 rescinds certain unobligated balances.

Section 154 prohibits the use of funds made available to Amtrak to reduce the total number of Amtrak police department uniformed officers patrolling on board passenger trains or at stations, facilities or rights-of-way below the staffing level on May 1, 2019.

Section 155 expresses the sense of Congress that long-distance passenger rail routes and services should be sustained to ensure connectivity throughout the national network.

Section 156 specifies that amounts made available in any prior fiscal years for the restoration and enhancement program are subject to 49 U.S.C. 22908, as in effect on the effective date of Public Law 117–58.

FEDERAL TRANSIT ADMINISTRATION

The bill provides the administrative expenses for the Federal Transit Administration [FTA] from the mass transit account under the heading “Transit Formula Grants”, as authorized by the IIJA. The

agreement includes the direction under the heading “Administrative Expenses” in House Report 117–99.

TRANSIT FORMULA GRANTS
(LIQUIDATION OF CONTRACT AUTHORIZATION)
(LIMITATION ON OBLIGATIONS)
(HIGHWAY TRUST FUND)

The bill includes a liquidation of contract authorization and a limitation on obligations from the mass transit account for transit formula grants of \$13,355,000,000, as authorized by the IIJA.

New transportation projects in low-growth areas.—The agreement encourages the FTA to prioritize projects that connect communities unserved or underserved by transit to employment centers and projects that support economic growth in disadvantaged areas.

Innovative procurement.—The FTA should provide technical assistance to states regarding the development of state purchasing schedules that are consistent with Federal law, take steps to ensure that purchases by transit agencies off of state schedules from other states comply with Federal requirements, and use webinars and stakeholder events to make transit agencies more aware that purchases off of state schedules are an eligible use of funds regardless of location.

Low or no emission vehicle program.—The agreement directs the FTA to implement 49 U.S.C. 5339(c) in a manner that encourages a variety of different fuel types, and to consider procurements that reduce an agency’s overall greenhouse gas emissions.

TRANSIT INFRASTRUCTURE GRANTS

The bill provides an additional \$504,263,267 in transit infrastructure grants, to remain available until expended. Of the funds provided, \$175,000,000 is available for buses and bus facilities competitive grants as authorized under 49 U.S.C. 5339(b); \$75,000,000 is available for low or no emission vehicle grants as authorized under 49 U.S.C. 5339(c); \$6,500,000 is available for ferry boats grants as authorized under 49 U.S.C. 5307(h), of which \$3,250,000 is available only for low or zero-emission ferries or ferries using electric battery or fuel cell components or the infrastructure to support such ferries; \$2,000,000 is available for bus testing facilities as authorized under 49 U.S.C. 5318; \$1,000,000 is available for an innovative mobility demonstration pilot program; \$1,000,000 is available for the accelerating innovative mobility program; \$20,000,000 is available for areas of persistent poverty or historically disadvantaged communities; \$10,000,000 is available for technical assistance, research, demonstration, or deployment activities or projects to accelerate the adoption of zero emission buses in public transit as authorized under 49 U.S.C. 5312; \$200,798,267 is available for the purposes and amounts specified in the table entitled “Community Project Funding/Congressionally Directed Spending” included in this joint explanatory statement; and \$12,965,000 is available for ferry service for rural communities as authorized under section 71103 of division G of Public Law 117–58. The bill provides funding from the general fund, and the funding is not subject to any limitation on obligations.

The specific funding allocated in the table entitled “Community Project Funding/Congressionally Directed Spending” included in this joint explanatory statement shall not diminish or prejudice the application of a specific project or geographic region to receive other discretionary grants or loans. The FTA is directed to include activities that increase green space surrounding a bus transportation hub structure as eligible for amounts provided under this heading in this act for buses and bus facilities competitive grants.

Transit vehicle innovation deployment centers [TVIDC].—The agreement directs the FTA to collaborate with TVIDC in order to accelerate the production and deployment of zero emission transit technologies and infrastructure that reduce the impacts of the transportation sector on greenhouse gas emissions through research and technical assistance.

TECHNICAL ASSISTANCE AND TRAINING

The bill provides \$7,500,000 for technical assistance and training activities under 49 U.S.C. 5314, to remain available until September 30, 2023. The funding provided under this heading is supplemental to the funding provided under the heading “Transit Formula Grants,” as authorized by the Infrastructure Investment and Jobs Act.

Cooperative agreements.—The agreement directs that not less than \$2,500,000 shall be for a cooperative agreement consistent with the direction in House Report 117–99 and not less than \$1,500,000 shall be for a cooperative agreement for a technical assistance center to assist small urban, rural, and Tribal public transit recipients and planning organizations with applied innovation and capacity building.

Transportation Research Board [TRB].—The agreement does not include funding under this paragraph provided in House Report 117–99.

CAPITAL INVESTMENT GRANTS

The bill provides \$2,248,000,000 for fixed-guideway projects, to remain available until expended. Of the funds provided, \$1,459,020,000 is available for new starts projects, \$345,000,000 is available for core capacity projects, \$321,500,000 is available for small starts projects, \$100,000,000 is available for the expedited project delivery pilot program, and \$22,480,000 is available for oversight activities consistent with 49 U.S.C. 5338(c). The bill directs the Secretary to administer the capital investment grants [CIG] program and move projects through the program to construction in accordance with the requirements of 49 U.S.C. 5309 and section 3005(b) of the FAST Act. The bill also clarifies that project sponsors may be concurrently eligible for both the new starts and expedited project delivery pilot programs.

As a result of changed conditions since the release of the budget request, the agreement does not include the CIG table contained under this heading in House Report 117–99. Amounts provided are sufficient to support projects that currently have executed grant agreements with the FTA, projects that meet the requirements of 49 U.S.C. 5309 and are anticipating grant agreements in fiscal year 2022, and activities authorized under 49 U.S.C. 5309(b)(1).

Project management oversight [PMO] activities.—The agreement directs the FTA to continue to submit to the House and Senate Committees on Appropriations the quarterly PMO reports for each project with a full funding grant agreement.

Pilot program for expedited project delivery program.—The agreement directs the FTA to continue to work with current and potential project sponsors to provide transparent information about the selection process and the method by which future interested project sponsors are able to participate in the pilot program for expedited project delivery.

Core capacity vehicle calculation.—The agreement directs the FTA to reevaluate the calculation contained in the “Final Capital Investment Grant Program Interim Policy Guidance” issued in June 2016, that it utilizes to determine interior size of railcar capacity for making core capacity eligibility determinations. In re-evaluating this calculation, the FTA should ensure that the method recognizes variation in vehicle con-

figurations and provides flexibility for agencies in demonstrating usable space per passenger in the corridor for determining eligibility for core capacity funding.

GRANTS TO THE WASHINGTON METROPOLITAN AREA TRANSIT AUTHORITY

The bill provides \$150,000,000 to carry out section 601 of division B of Public Law 110–432, as amended by the Infrastructure Investment and Jobs Act, to remain available until expended.

ADMINISTRATIVE PROVISIONS—FEDERAL
TRANSIT ADMINISTRATION
(INCLUDING RESCISSIONS)

Section 160 exempts previously made transit obligations from limitations on obligations.

Section 161 allows funds provided in this act that remain unobligated by September 30, 2025, for fixed guideway capital investment projects to be available for projects to use the funds for the purposes for which they were originally provided.

Section 162 allows for the transfer of appropriations made prior to October 1, 2021, from older accounts to be merged into new accounts with similar current activities.

Section 163 prohibits the use of funds to adjust apportionments pursuant to 26 U.S.C. 9503(e)(4).

Section 164 prohibits the use of funds to impede or hinder project advancement or approval for any project seeking a Federal contribution from the CIG program of greater than 40 percent of project costs.

Section 165 rescinds unobligated amounts made available in prior fiscal years from the formula grants account.

Section 166 permits the use of unexpended balances appropriated for low or no emission component assessment under 49 U.S.C. 5312(h) to be used for specified capital activities.

GREAT LAKES ST. LAWRENCE SEAWAY
DEVELOPMENT CORPORATION
OPERATIONS AND MAINTENANCE
(HARBOR MAINTENANCE TRUST FUND)

The bill provides \$38,000,000 for the operations, maintenance, and capital infrastructure activities of the Great Lakes St. Lawrence Seaway Development Corporation [GLS]. Of that amount, not less than \$14,500,000 is provided for the seaway infrastructure program. The agreement provides \$1,000,000 for trade and economic development activities at the GLS, to be carried out in conjunction with system stakeholders.

Seaway infrastructure program.—The agreement directs the GLS to continue to submit an annual report to the House and Senate Committees on Appropriations, no later than 90 days after enactment of this act, summarizing the activities of the seaway infrastructure program during the immediate preceding fiscal year.

MARITIME ADMINISTRATION
MARITIME SECURITY PROGRAM

The bill provides \$318,000,000 for the maritime security program, to remain available until expended.

CABLE SECURITY FLEET

The bill provides \$10,000,000 for the cable security fleet program, to remain available until expended.

TANKER SECURITY PROGRAM

The bill provides \$60,000,000 for the tanker security fleet program, to remain available until expended. The agreement directs the Maritime Administration [MARAD] to brief the House and Senate Committees on Appropriations on its efforts to establish the tanker security fleet program no later than 90 days after enactment of this act.

OPERATIONS AND TRAINING

The bill provides \$172,204,000 for MARAD's operations and training account. The agreement provides the following funding levels for specific activities within this account:

USMMA operations	\$85,032,000
USMMA facilities maintenance and repair, and equipment	5,500,000
Maritime environmental and technical assistance program	6,000,000
America's marine highway program	14,819,000
MARAD headquarters operations	60,853,000

Funding.—For amounts provided for the maritime environmental and technical assistance program, MARAD is directed to prioritize authorized activities that reduce vessel and port air emissions. The agreement directs MARAD to give preference to projects that reduce air emissions and vehicle miles travel when awarding grants through the America's marine highway program, other than for grant applications related to noncontiguous trade as defined in 46 U.S.C. 53501(4).

MARAD staffing.—Instead of the vacancy report required in House Report 117-99, the agreement directs MARAD to provide the House and Senate Committees on Appropriations with quarterly staffing data, including hiring and separations, by program office for all positions funded by this act in the MARAD headquarters operations and United States Merchant Marine Academy [USMMA] operations PPA.

MARAD's USMMA oversight.—The agreement notes with strong disappointment the ongoing, persistent, and systematic failures by the Department and MARAD to conduct proper oversight and management of the USMMA, which has impacted efforts to address sexual assault and sexual harassment prevention and response, created health and safety risks due to severe maintenance backlogs, and delayed critical long-term capital improvements projects. While the Department and MARAD have begun to address these matters, more must be done to rectify these urgent challenges at the USMMA. The agreement directs MARAD to prioritize funding increases provided for MARAD headquarters operations in this act, and in the reprogramming request approved by the House and Senate Committees on Appropriations on February 14, 2022, to improve and strengthen its oversight and management of the USMMA.

Sexual assault and sexual harassment [SASH] at USMMA.—The agreement notes that challenges with SASH persist at-sea during sea year training and on the USMMA campus. On February 14, 2022, the House and Senate Committees on Appropriations approved a reprogramming request to assist MARAD with implementing SASH prevention and response policies and procedures, addressing urgent at-sea training equipment needs, improving governance and oversight of the USMMA, and conducting further analysis to improve student and faculty safety and welfare. The agreement directs MARAD to fully staff the Sexual Assault/Sexual Harassment Prevention and Response Office at the USMMA and the new Every Mariner Builds a Respectful Culture [EMBARC] Office at MARAD. MARAD is directed to continue to engage with U.S. commercial vessel operators on the EMBARC SASH prevention standards in order to enroll additional vessel operators in the sea year program. Further, the agreement directs MARAD to continue to work toward establishing concurrent criminal jurisdiction over the USMMA campus as required by P.L. 115-232 and P.L. 116-94.

USMMA facility maintenance.—The agreement provides \$5,500,000 for facilities maintenance and repair, and equipment, which is equal to the budget request. An additional

\$3,000,000 was provided through a reprogramming approved by the House and Senate Committees on Appropriations on February 14, 2022, thereby providing a total funding level of \$8,500,000 for fiscal year 2022. The Department's failure to appropriately plan for and manage routine maintenance of USMMA facilities is unacceptable. While MARAD plans to execute a comprehensive facilities and systems maintenance contract this fiscal year, the USMMA, MARAD, and Department are directed to identify and mitigate all fire safety, heating, cooling, and boiler system failures within 30 days of enactment of this act and to brief the House and Senate Committees on Appropriations on the completion of such tasks within such timeframe.

USMMA capital improvements projects.—The agreement notes with concern that despite having over \$57,000,000 in available prior year funding to make capital improvements to USMMA facilities, the Department, MARAD, and the USMMA have failed to effectively execute a single renovation and rehabilitation project of a major facility in over six years, which has direct consequences on the quality of the education provided to students and the ability to attract new entrants to serve as future leaders in the United States Merchant Marine. The agreement continues to direct MARAD to expand and improve the capacity of USMMA staff in order to facilitate the proper management and oversight of capital improvements projects. However, recognizing that recruitment and retention of such positions remains a challenge for the USMMA, the agreement directs the Department to consider using design build contracts in order to expedite the renovation of academic facilities and related pier infrastructure this fiscal year. Further, the USMMA, MARAD, and the Department shall provide quarterly briefings to the House and Senate Committees on Appropriations on the status of all short- and long-term capital improvements projects and continue to provide an annual report on all capital improvements projects in the same manner and context as in previous fiscal years.

Secure composite shipping containers.—The agreement encourages MARAD to collaborate with the Federal Maritime Commission [FMC], Department of Defense, and Department of Homeland Security to support the transition of secure composite shipping containers into wider use to provide increased security, shipment visibility, and cargo facilitation. The agreement directs MARAD to use the existing America's marine highway program and the port infrastructure development program to promote and provide funding for secure composite shipping containers, if available and if eligible.

STATE MARITIME ACADEMY OPERATIONS

The bill provides \$423,300,000 for state maritime academy [SMA] operations. The bill provides the following funding levels for specific activities within this account:

Training ships	\$30,500,000
<i>(Training vessel sharing)</i>	<i>(not more than \$8,000,000)</i>
National security multi-mission vessel program ..	380,600,000
Student incentive program	2,400,000
Fuel assistance payments	3,800,000
Direct payments for SMAs	6,000,000

National security multi-mission vessel [NSMV].—The agreement includes resources to fully fund the fifth and final NSMV; address steel cost increases; and assist SMAs in making shore-side infrastructure improvements to support the delivery and operation of the NSMVs. Shore-side infrastructure shall only include NSMV-specific improvements required by MARAD to safely moor the vessels and other improvements that are necessary for SMAs to receive the NSMVs.

MARAD shall notify the House and Senate Committees on Appropriations prior to obligating any funds for shore-side infrastructure improvements, and such notification shall include the amount of funding provided by non-Federal sources for such infrastructure.

The agreement directs MARAD to conduct vigorous oversight of the vessel construction manager, as well as the shipyard, to ensure the NSMVs are delivered on budget and on time. MARAD is directed to continue to provide briefings to the House and Senate Committees on Appropriations on the status of the NSMV program on a quarterly basis, including detailed reporting on the SMAs shore-side infrastructure improvements needed to ensure successful delivery and operation of the NSMVs, and to provide immediate notification of any substantial risks to the construction schedule or cost.

ASSISTANCE TO SMALL SHIPYARDS

The bill provides \$20,000,000 for the small shipyard grant program, to remain available until expended.

SHIP DISPOSAL

The bill provides \$10,000,000 for the ship disposal program, to remain available until expended.

National maritime heritage grants program.—With the increasing cost of scrap steel, MARAD is expected to ensure it is able to secure the highest price possible from vessels recycled through the ship disposal program. The funds received from these sales are deposited into the vessel operations revolving fund [VORF], and MARAD distributes funding from the VORF according to the authorized purposes and allocations under 54 U.S.C. 308704, including to the national maritime heritage grants program. The agreement supports the use of funding from the VORF for the national maritime heritage grants program and directs MARAD to continue to work with the National Park Service to ensure that the portion of the VORF allocated for the national maritime heritage grants program under 54 U.S.C. 308704(b)(1)(A) is distributed in a timely fashion.

MARITIME GUARANTEED LOAN (TITLE XI) PROGRAM ACCOUNT

(INCLUDING TRANSFER OF FUNDS)

The bill provides \$3,000,000 for administrative expenses of the Title XI program and directs these funds to be transferred to MARAD's operations and training account.

PORT INFRASTRUCTURE DEVELOPMENT PROGRAM

The bill provides \$234,310,000 for the port infrastructure development program, to remain available until expended.

The agreement does not include direction included in House Report 117-99 on eligibility requirements.

Prioritization.—The agreement directs MARAD to set aside 25 percent of the funds for small inland river and coastal ports and terminals, as required by 46 U.S.C. 54301. The agreement directs MARAD to allow Federal cost shares above 80 percent for projects in rural areas, as permitted by 46 U.S.C. 54301. The agreement encourages MARAD to consider eligible port infrastructure development grants for small and rural coastal seaports that had a disproportionate loss of revenue in 2020 or 2021.

ADMINISTRATIVE PROVISION—MARITIME ADMINISTRATION

Section 170 authorizes MARAD to furnish utilities and services and to make necessary repairs in connection with any lease, contract, or occupancy involving government property under control of MARAD and allows payments received to be credited to the Treasury and to remain available until expended.

PIPELINE AND HAZARDOUS MATERIALS SAFETY ADMINISTRATION

OPERATIONAL EXPENSES

The bill provides \$29,100,000 for the necessary operational expenses of the PHMSA, of which \$4,500,000 shall remain available until September 30, 2024.

Protecting Our Infrastructure of Pipelines and Enhancing Safety Act of 2020 [PIPES Act].—The agreement provides sufficient resources to support the implementation of the PIPES Act (division R of P.L. 116-260) for this fiscal year.

Emergency response grants.—The agreement directs PHMSA to consider expanding emergency response grants to rural communities, to the extent permissible under law, and to work with relevant authorizing committees to expand grant eligibility to non-profit organizations providing emergency response training and to communities outside of high consequence areas.

HAZARDOUS MATERIALS SAFETY

The bill provides \$66,829,000 for PHMSA's hazardous materials safety functions, of which \$12,070,000 shall remain available until September 30, 2024.

The agreement specifies that \$1,000,000 shall be for community safety grants authorized by 49 U.S.C. 5107(i), \$2,500,000 shall be for the state hazardous materials safety inspection program, and \$1,000,000 shall be for the Assistance for Local Emergency Response Training [ALERT] grants.

PIPELINE SAFETY

(PIPELINE SAFETY FUND)

(OIL SPILL LIABILITY TRUST FUND)

The bill provides \$182,650,000 for PHMSA's pipeline safety program, to remain available until September 30, 2024. Of that amount, \$27,650,000 is derived from the oil spill liability trust fund, \$146,600,000 is derived from the pipeline safety fund, \$400,000 is derived from fees collected under 49 U.S.C. 60303 and deposited in the liquefied natural gas siting account, and \$8,000,000 is derived from fees collected under 49 U.S.C. 60302 and deposited in the underground natural gas storage facility safety account.

The agreement provides the following levels for specific activities within this account:

Table with 2 columns: Activity and Amount. Rows include Research and development (\$13,000,000), State pipeline safety grants (60,000,000), Underground natural gas storage facility safety grants (6,000,000), One-call state grants (1,058,000), and State damage prevention grants (1,500,000).

The agreement directs that some of the funds provided for research and development shall be used for the pipeline safety research competitive academic agreement program to focus on near-term solutions in order to improve the safety and reliability of the nation's pipeline transportation system.

Enhanced positive response [EPR].—The agreement encourages PHMSA to allow one-call state grants to be used for EPR to ad-

vance broader adoption of this innovative technology.

EMERGENCY PREPAREDNESS GRANTS

(LIMITATION ON OBLIGATIONS)

(EMERGENCY PREPAREDNESS FUND)

The bill provides an obligation limitation of \$28,318,000 for emergency preparedness grants, to remain available until September 30, 2024.

The agreement encourages PHMSA to train public sector emergency response personnel in communities on or near rail lines, which transport a significant volume of high-risk energy commodities or toxic inhalation hazards.

OFFICE OF INSPECTOR GENERAL

SALARIES AND EXPENSES

The bill provides \$103,150,000 for the salaries and expenses of the Office of Inspector General.

NextGen.—The agreement directs the Office of Inspector General to report on the extent to which the costs and benefits of NextGen programs can change due to external factors (such as weather), and actions taken by airlines (such as equipage and number of flights), airports, and other external stakeholders.

GENERAL PROVISIONS—DEPARTMENT OF TRANSPORTATION

Section 180 provides authorization for the DOT to maintain and operate aircraft, hire passenger motor vehicles and aircraft, purchase liability insurance, pay for uniforms, and purchase and operate unmanned aircraft systems.

Section 181 limits appropriations for services authorized by 5 U.S.C. 3109 up to the rate permitted for an executive level IV.

Section 182 prohibits recipients of funds in this act from disseminating personal information obtained by state DMVs in connection to motor vehicle records with an exception.

Section 183 prohibits funds in this act for salaries and expenses of more than 125 political and presidential appointees in the Department of Transportation.

Section 184 stipulates that revenue collected by the FHWA and the FRA from states, counties, municipalities, other public authorities, and private sources for training may be credited to specific accounts within the agencies with an exception for state rail safety inspectors participating in training.

Section 185 prohibits the DOT from using funds to make a loan, loan guarantee, line of credit, letter of intent, Federally funded cooperative agreement, full funding grant agreement, or discretionary grant unless the DOT gives a 3-day advance notice to the House and Senate Committees on Appropriations. The provision requires the DOT to provide a comprehensive list of all such loans, loan guarantees, lines of credit, letters of intent, Federally funded cooperative agreements, full funding grant agreements, and discretionary grants that will be announced with a 3-day advance notice to the House and Senate Committees on Appropriations. The provision also requires concurrent notice of any "quick release" of funds from FHWA's emergency relief program, and prohibits notifications from involving funds not available for obligation.

Section 186 allows funds received from rebates, refunds, and similar sources to be credited to appropriations of the DOT.

Section 187 requires reprogramming actions to be approved or denied by the House and Senate Committees on Appropriations, and reprogramming notifications shall be transmitted solely to the Appropriations Committees.

Section 188 allows funds appropriated to operating administrations to be obligated for

the Office of the Secretary for costs related to assessments only when such funds provide a direct benefit to the operating administrations.

Section 189 authorizes the Secretary to carry out a program that establishes uniform standards for developing and supporting agency transit pass and transit benefits, including distribution of transit benefits.

Section 190 allows the use of funds to assist a contract utilizing geographic, economic, or other hiring preference not otherwise authorized by law, only if certain requirements are met related to availability of local labor, displacement of existing employees, and delays in transportation plans.

Section 191 directs the Secretary of Transportation to work with the Secretary of Homeland Security to ensure that best practices for industrial control systems procurement are up to date and that systems procured with funds provided under this title were procured using such practices.

Section 192 allows amounts from improper payments to a third-party contractor that are lawfully recovered by the DOT to be made available until expended to cover expenses incurred in the recovery of such payments.

TITLE II

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

MANAGEMENT AND ADMINISTRATION

Broadband.—The agreement encourages the Department to help address the gap in broadband access among HUD-assisted households by: (1) continuing the connecthome initiative; (2) working in partnership with the U.S. Department of Agriculture [USDA] and the Federal Communications Commission [FCC] to improve broadband connectivity and promote the lifeline universal service program; and (3) providing relevant data, guidance, and technical assistance to HUD grantees to target resources efficiently to increase broadband connectivity. The agreement encourages the Department to consider needs of specific populations, such as elderly residents and residents with disabilities, in implementing these actions.

Energy codes.—The agreement encourages HUD to work in partnership with USDA to expeditiously update minimum energy efficiency standards, as required by law, for HUD-owned and subsidized properties.

GAO priority recommendations.—The agreement directs HUD, within 30 days of enactment of this act, to report to the House and Senate Committees on Appropriations on the steps it has taken in fiscal year 2021 to implement the 13 outstanding priority recommendations made by GAO and additional actions the Department will undertake in fiscal year 2022 to implement these recommendations.

Organizational charts and staffing realignments.—The agreement directs HUD to submit, in consultation with the House and Senate Committees on Appropriations, current and accurate organizational charts for each office within the Department as part of the fiscal year 2023 congressional justifications. HUD is further directed to submit any staff realignments or restructuring to the House and Senate Committees on Appropriations, consistent with section 405 of this act.

Appropriations attorneys.—The agreement funds appropriations attorneys in the Office of the Chief Financial Officer [OCFO] and directs the Department to refer all appropriations law issues to such attorneys within the OCFO. The agreement also encourages HUD to ensure the office has adequate personnel and non-personnel resources to fulfill their responsibilities, including the training of

HUD staff in funds control procedures and directives, as required by section 215 of this act.

Review of COVID-19 flexibilities and participation.—The agreement directs HUD to submit a report to the House and Senate Committees on Appropriations within 180 days of enactment of this act on: the impact of the statutory and regulatory flexibilities for COVID-19; implementation similarities and differences between programs; and recommendations for enhancing the effectiveness of service provision. Additionally, the agreement directs HUD, in consultation with the Department of the Treasury and the Consumer Financial Protection Bureau, to report to the House and Senate Committees on Appropriations within 120 days of enactment of this act on the estimated number of renters and homeowners who were behind on payments, but did not participate in emergency COVID-19 relief. The agreement also directs HUD to coordinate with the Department of the Treasury to evaluate the effectiveness of Emergency Rental Assistance programs in helping households avoid eviction and homelessness and maintain housing stability.

Rural areas.—The agreement urges the Department to enhance its efforts to provide decent, affordable housing and to promote economic development for Americans living in rural areas. When designing programs and making funding decisions, the Department shall take into consideration the unique conditions, challenges, and scale of rural areas.

EXECUTIVE OFFICES

The agreement includes \$15,200,000 for the salaries and expenses for executive offices, available until September 30, 2023. The agreement directs HUD to outline how budgetary resources will be allocated among the seven offices funded under this heading as part of the Department's operating plan for fiscal year 2022.

Affordable housing and construction costs.—The agreement limits the scope of the GAO report on cost trends directed in House Report 117-99 to the self-help and assisted homeownership opportunity program.

Collaboration with the Department of Health and Human Services [HHS].—The agreement does not include the direction in House Report 117-99 regarding collaboration with HHS on a decision-support tool for health prevention efforts. Instead, the agreement encourages HUD and HHS to collaborate on best practices to improve health outcomes for households served by HUD's programs.

HUD staffing assessment.—Instead of a GAO study as directed in House Report 117-99, the agreement directs HUD to provide a briefing on field office vacancies not later than 100 days after enactment of this act.

Top management challenges.—Instead of a report as directed in House Report 117-99, the agreement directs the Department to provide a briefing on the progress of the executive task force to address the Office of Inspector General's 2020 and 2021 top management challenges within 30 days of enactment of this act.

ADMINISTRATIVE SUPPORT OFFICES

The agreement provides \$607,000,000 for the salaries and expenses for administrative support offices, available until September 30, 2023. Funds are provided as follows:

Office of the Chief Financial Officer	\$82,000,000
Office of the General Counsel	114,000,000
Office of Administration	212,000,000
Office of the Chief Human Capital Officer	46,200,000
Office of the Chief Procurement Officer	25,000,000
Office of Field Policy and Management	60,500,000
Office of Departmental Equal Employment Opportunity	4,300,000
Office of the Chief Information Officer	63,000,000
Total	607,000,000

Expired balances report.—The agreement directs HUD to submit a report on expired balances within 90 days of the end of each fiscal year, and to identify amounts by account and line item, including carryover and recaptures.

Hiring and separation report.—The hiring and separation report directed in House Report 117-99 shall be submitted semiannually.

Office of Administration [OA].—The agreement does not approve the proposed consolidation of the OA, the Office of the Chief Human Capital Officer, and the Office of the Chief Procurement Officer into a single funding line or the proposed reorganization to create the Office of Government Information Management, and does not approve the creation of any new offices within the OA.

Office of Disaster Management.—The agreement approves the proposed reorganization of Disaster Emergency Management and Security Functions, as transmitted to the House and Senate Committees on Appropriations on February 7, 2022. This reorganization creates an Office of Disaster Management that reports directly to the Deputy Secretary to improve coordination and delivery of disaster assistance to communities and families.

Office of the Chief Financial Officer [OCFO].—The agreement encourages the OCFO to identify ongoing contract costs that are necessary and appropriate to sustain HUD's unqualified audit opinion and compliance with financial management requirements, and directs HUD to detail such contract expenses in its operating plans and congressional justifications. The agreement approves the proposed reorganizations to consolidate the Reports and Control Division with the Payments and Collections Division, as well as associated renaming of multiple branches; and to create the Financial Data Reporting and Analysis Division within the Assistant CFO [ACFO] for Systems. The agreement does not approve the proposed reorganizations to create a Customer Experience Division within the ACFO for Budget or the creation of an Office of Chief Risk Officer. The agreement does not include any funding for the creation of a customer experience advisory board or other customer experience activities within the OCFO.

Office of the Chief Procurement Officer [OCPO].—The agreement directs the Department to prioritize hiring additional staff for OCPO with an emphasis on the caliber and experience of new hires and to support the professional development of current staff.

Office of Field Policy and Management [OFPM].—The agreement directs HUD to support the existing promise zone designations for the length of their agreements, and directs the OFPM to work with designees to provide any OMB-requested data to effectively evaluate the initiative.

PROGRAM OFFICES

The agreement provides \$965,500,000 for the salaries and expenses for program offices, available until September 30, 2023. Funds are provided as follows:

Office of Public and Indian Housing	\$253,500,000
Office of Community Planning and Development	147,000,000
Office of Housing	431,000,000
Office of Policy Development and Research	35,000,000
Office of Fair Housing and Equal Opportunity	88,000,000
Office of Lead Hazard Control and Healthy Homes	11,000,000
Total	965,500,000

Empowerment zones [EZs].—The agreement modifies the direction included in House Report 117-99 by instead directing the GAO to summarize and submit a report to the House and Senate Committees on Appropriations not later than 180 days after the enactment of this act on its long-standing recommenda-

tions regarding the fragmented administration and limited data collection on EZs, which impairs evaluating their cost-effectiveness.

New housing in high-cost metropolitan areas.—The agreement directs HUD to report to the House and Senate Committees on Appropriations within 90 days after the enactment of this act on identified metropolitan areas where income concentration and housing supply constraints are most prevalent and recommend best practices for localities and states to help encourage the production of new housing in high-cost metropolitan areas.

Office of Community Planning and Development [CPD].—With new funding and available carryover, the agreement supports nearly 100 additional FTE, of which not less than 15 FTE are provided to support the workload increase associated with community investments for economic development initiatives. The agreement directs HUD to inform the House and Senate Committees on Appropriations within 15 days of enactment of this act regarding how it is implementing this hiring direction. The agreement also approves the proposed reorganization to establish an Office of Disaster Recovery, realign existing functions of the Disaster Recovery and Special Issues Division, and realign the Office of Grant Programs' Coordinating Officer for Disaster Recovery and associated staff to this new office.

Office of Housing.—The agreement approves the Department's proposed reorganization to relocate the Office of Manufactured Housing Programs to the Office of the Assistant Secretary for Housing—FHA Commissioner. The agreement directs the Department to report within 90 days of enactment of this act on actions taken by the Department in response to recent increased volume in FHA multifamily housing, the efficacy of workload sharing, consistency of processes between regions, and lessons learned to inform future risk management plans and better prepare for future volume surges.

Office of Public and Indian Housing [PIH].—With new funding and available carryover, the agreement supports an estimated 100 additional FTE, of which no less than 15 FTE are for the Office of Native American Programs, and no less than 35 FTE are for the Office of Public Housing and Voucher Programs. The agreement directs HUD to inform the House and Senate Committees on Appropriations within 15 days of enactment of this act regarding how it is implementing the agreement's hiring direction.

WORKING CAPITAL FUND

(INCLUDING TRANSFER OF FUNDS)

For the working capital fund [WCF], the agreement permits only centralized activities and funds from this account to include Federal shared services for financial management, procurement, travel, relocation, human resources (including the Treasury Executive Institute contract), printing, records management, space renovation, furniture, and supply services. Financial management, procurement, travel, and relocation costs for services provided to the Office of Inspector General are to be covered by the OCFO. The agreement does not expand the authority, as proposed in the budget request, to include information technology customer devices, financial management services full cost recovery, or any other activity not expressly permitted in this act. The agreement also requires HUD to include in its annual operating plan a detailed outline of its plans for transferring budgetary resources to the WCF in fiscal year 2022.

PUBLIC AND INDIAN HOUSING
TENANT-BASED RENTAL ASSISTANCE

The bill provides \$27,369,641,000 to be available until expended for all tenant-based section 8 activities under the tenant-based rental assistance account.

The bill includes \$24,095,029,000 for the renewal of tenant-based vouchers. This amount includes funding to renew veteran affairs supportive housing [VASH] vouchers funded in prior years and also includes up to \$5,000,000 for Tribal HUD-VASH renewals.

The bill provides \$200,000,000 in new incremental vouchers to expand affordable housing opportunities to low-income people (including families and individuals experiencing homelessness and survivors of domestic violence), \$50,000,000 for new incremental VASH vouchers, \$30,000,000 for new incremental family unification vouchers; \$25,000,000 for mobility-related services; and \$100,000,000 for tenant protection vouchers [TPVs].

Administrative fees.—The agreement directs HUD to consult with public housing agencies [PHAs], advocates, and researchers, and provide a report to the House and Senate Committees on Appropriations on ways to make the administrative fee formula more relevant to what it costs to administer a high-performing and efficient voucher program today, and report on the findings and recommendations within 180 days of enactment of this act.

HUD-VASH.—The agreement directs HUD and the VA to work collaboratively to develop performance metrics to track and assess the impact of program flexibilities on utilization, the reasons for unused funds, the effectiveness of the program, and the distribution of resources. The agreement continues to encourage HUD to use existing authority to recapture HUD-VASH voucher assistance from PHAs that voluntarily declare they no longer have a need for that assistance, and to reallocate such HUD-VASH voucher assistance to PHAs with an identified need. The agreement directs HUD to expeditiously provide the report directed by the fiscal year 2021 joint explanatory statement on methods to reallocate unused HUD-VASH vouchers, which shall include a determination of the feasibility of issuing a new solicitation of participation for unallocated HUD-VASH vouchers.

Limited English proficiency [LEP].—The agreement directs the Office of Public and Indian Housing to work in collaboration with the Office of Fair Housing and Equal Opportunity to issue guidance to PHAs to clarify the eligibility of PIH program funds for LEP-related activities and identify best practices for language access plans and cost-effective strategies for accessing robust language assistance within 180 days of enactment of this act.

HOUSING CERTIFICATE FUND
(INCLUDING RESCISSIONS)

The bill includes language allowing unobligated balances in the housing certificate fund to be used for the renewal of or amendments to section 8 project-based contracts and for performance-based contract administrators.

PUBLIC HOUSING FUND

The agreement provides \$8,451,500,000 for the public housing fund to remain available until September 30, 2025.

Within the total, the agreement provides \$5,038,500,000 for the public housing operating formula for 2022 payments; \$25,000,000 for need-based allocations to PHAs that experience or are at risk of financial shortfalls; \$3,200,000,000 for allocations to PHAs through the capital fund formula; \$75,000,000 for emergency capital needs, of which \$45,000,000 shall be for PHAs under receivership or under the

control of a federal monitor, and of which not less than \$10,000,000 is for safety and security measures; \$65,000,000 for competitive grants to public housing agencies to evaluate and reduce residential health hazards, including lead-based paint, carbon monoxide, mold, radon, and fire safety, of which not less than \$25,000,000 is specifically for lead-based paint hazards; \$15,000,000 for administrative and judicial receiverships; and \$33,000,000 for public housing financial and physical assessment activities.

Operating formula grants.—The funding provided for operating formula grants includes funding for resident participation activities, including tenant organizing activities, capacity building and technical assistance, and access to community services.

Energy and water performance.—The agreement does not include directions in House Report 117-99 on the energy performance contracting initiative pilot and instead encourages HUD to work with PHAs participating in energy performance contracting to address energy deficiencies in public housing.

Physical needs and energy conservation.—The agreement encourages the Department to consult with stakeholders to identify the most critical data gaps on physical needs and energy efficiency and ways to limit PHA burden in collection in addressing those gaps.

Shortfall funding.—The agreement directs that the allocation of financial shortfall funds shall first be prioritized to PHAs with 249 or fewer public housing units that are determined to be experiencing shortfalls and have less than one month of reserves before allocating funds to larger PHAs.

Administrative and judicial receiverships.—The agreement directs HUD to report quarterly to the House and Senate Committees on Appropriations on the status of PHAs under receivership, including factors that informed the receivership such as physical and financial scores, deficiencies with internal controls, and other information demonstrating each PHA's inability to effectively oversee their business operations. This report shall also include an identification of funding resources and technical assistance provided to each PHA for the purpose of transitioning out of receivership and how HUD will address deficiencies in an effort to return the respective PHAs to local control.

Quality assurance of physical inspections.—The agreement directs the Department to identify how funds provided for the Real Estate Assessment Center [REAC], including any carryover balances, will be utilized during fiscal year 2022 as part of the operating plan required by section 405 in this act. The agreement also directs the Department to submit to the House and Senate Committees on Appropriations within 90 days of enactment of this act a report on REAC inspections of all HUD assisted and/or insured properties. This report shall include: the percentage of all inspected properties that received a REAC-inspected score of less than 65 since calendar year 2013; the number of properties in which the most recent REAC-inspected score represented a decline relative to the previous REAC-inspected score; a list of the ten metropolitan statistical areas with the lowest average REAC-inspected scores for all inspected properties; and a list of the ten states with the lowest average REAC-inspected scores for all inspected properties.

The agreement also directs HUD to brief the House and Senate Committees on Appropriations during fiscal year 2022 at key milestones in implementation and rulemaking related to the national standards for the physical inspection of real estate [NSPIRE] inspection model, and include in such brief-

ings details on how open GAO recommendations are being addressed, and HUD's progress in addressing its inspection backlog.

Recycling and zero waste.—The agreement does not include funding for the recycling and zero waste pilot program included in House Report 117-99. Instead, the agreement directs HUD to submit the overdue report on HUD's evaluation of methods of supporting and expanding recycling and zero waste programs in public housing required in the fiscal year 2021 joint explanatory statement within 60 days of enactment of this act.

Emergency and safety and security grants.—Within the amounts provided for emergency capital needs, the agreement directs the Department to fund eligible safety and security projects as quickly as possible, and directs HUD to award the funds for PHAs under receivership or under the control of a Federal monitor based on need and not be subject to a cap on individual grant award amounts.

Residential health hazards.—The agreement prohibits the Department from deeming any PHA, including those that are troubled, substandard, or are under the direction of a monitor or a court-appointed receiver, to be ineligible to apply for or receive funding, provided that the PHA is in compliance with any current memorandum of agreement or recovery agreements. The agreement also prohibits HUD from deeming any PHA as ineligible to apply for or receive funding that has a violation or violations of the lead safe housing or lead disclosure rules and that present documentation establishing it is working in good faith to resolve such findings by meeting any deadlines it was required to reach under the terms of a settlement agreement, consent decree, voluntary agreement, or similar document as of the date of application. The Department is also prohibited from precluding funds from being used to carry out work to settle an outstanding violation. The agreement continues to expect the Department to work with PHAs to ensure that the initiative reflects the unique needs of the industry and strongly encourages HUD to work with PHAs, their maintenance staff, and tenants to help ensure potential lead-based paint risks are identified and addressed expeditiously.

The agreement directs PIH to continue to work with the Office of Lead Hazard Control and Healthy Homes to improve its monitoring processes and develop procedures to ensure that HUD staff take consistent and timely steps to address health hazards, as recommended by the GAO.

Public housing agency accreditation.—The agreement reminds the Department that the fiscal year 2021 joint explanatory statement directed HUD to report to the House and Senate Committees on Appropriations on the feasibility of partnerships between HUD and entities that provide accreditation services to PHAs to improve PHA governance and financial management.

Public housing data dashboard.—The agreement urges the Department to swiftly put into place a public dashboard for the public housing program.

CHOICE NEIGHBORHOODS INITIATIVE

The bill provides \$350,000,000 for the choice neighborhoods initiative, to remain available until September 30, 2026. Of this amount, not less than \$175,000,000 shall be made available to PHAs and not more than \$10,000,000 is available for planning grants.

The agreement directs HUD to give recipients of prior year planning grants priority consideration for implementation grant awards.

The bill increases the maximum amount of implementation grant funding that may be used for supportive services activities to not

more than 20 percent. In implementing this authority, the agreement directs HUD to ensure grantees utilize an appropriate mix of allowed funding mechanisms and do not solely rely upon a supportive services endowment trust.

SELF-SUFFICIENCY PROGRAMS

The bill provides \$159,000,000 for self-sufficiency programs, to remain available until September 30, 2025. Of the total, \$109,000,000 is for the family self-sufficiency [FSS] program, \$35,000,000 is for the resident opportunity and self-sufficiency program, and \$15,000,000 is for the jobs-plus initiative.

Family self-sufficiency program.—The agreement expects HUD to continue to provide technical assistance and training as appropriate in order to share best-practices on the FSS program.

Easing barriers to FSS participation.—For new families enrolling in the FSS program in 2022, the agreement directs that the income and rent amounts to be used in the “Program Contract of Participation” shall be taken from the amounts on the last reexamination or interim determination before the family’s initial participation in the FSS program.

FSS data.—The agreement directs HUD to include in its annual budget submission to Congress data showing FSS participation, escrow accumulation, and graduation rates for the FSS program, including data from participating entities without coordinator grants.

FSS performance measurement system.—The agreement supports efforts to update FSS’s performance measurement system and notes that HUD is in the process of improving the quality of the data and analysis of FSS programs. The agreement directs HUD to brief the House and Senate Committees on Appropriations on the proposed improvements to the performance measurement system no later than 30 days after its completion of this effort.

NATIVE AMERICAN PROGRAMS

The bill provides \$1,002,086,000 for Native American programs, to remain available until September 30, 2026. The bill provides the following levels for specific activities within this account:

Native American housing block grants—formula	\$772,000,000
Native American housing block grants—competitive	150,000,000
Title VI loan program	1,000,000
Indian community development block grant	72,086,000
Training and technical assistance	7,000,000

The agreement directs HUD to include activities that improve water or energy efficiency or increase resilience to natural hazards as eligible projects for the Native American housing block grants—competitive and the Indian community development block grant programs.

Competitive grants.—In addition to the direction in House Report 117–99, the agreement directs HUD to solicit feedback from Tribes on the competition process and challenges, and to brief the House and Senate Committees on Appropriations within 180 days of enactment of this act on the results of that outreach.

Coordinated environmental reviews for Tribal housing and related infrastructure.—The agreement directs HUD to continue its efforts to collaborate with its Federal agency partners to develop a coordinated environmental review process to simplify and streamline Tribal housing development and its related infrastructure needs in order to eliminate unnecessary Federal barriers to housing development in Tribal communities while also balancing the need to ensure appropriate and necessary environmental protections. HUD is expected to routinely report

to the House and Senate Committees on Appropriations on task force meetings, action items, goals, and recommendations.

INDIAN HOUSING LOAN GUARANTEE FUND PROGRAM ACCOUNT

The bill provides \$3,000,000 for the cost of guaranteed loans, to remain available until expended. The bill provides an additional \$500,000 for administrative contract expenses to carry out the loan guarantee program, to remain available until expended. The bill allows HUD to use funds in this and prior acts for the cost of guaranteed loans that are unobligated to subsidize a total loan level of not more than \$1,400,000,000, to remain available until September 30, 2023.

NATIVE HAWAIIAN HOUSING BLOCK GRANT

The bill provides \$22,300,000 for the Native Hawaiian housing block grant program, to remain available until September 30, 2026.

The agreement directs HUD to ensure that the funds provided are administered to maximize the provision of affordable housing through the construction of high density, multi-family affordable housing and rental units, as well as housing counseling services and the rehabilitation of housing on Native Hawaiian homelands that do not meet safe and sanitary housing building standards.

NATIVE HAWAIIAN HOUSING LOAN GUARANTEE FUND PROGRAM ACCOUNT (INCLUDING RESCISSION)

The bill provides not more than \$28,000,000 in loan guarantee commitment authority, including the authority to guarantee refinancing loans. The bill rescinds previously appropriated credit subsidy that is no longer viable in order to align credit programs with an annual loan limitation based on estimated demand as recommended in the budget request.

COMMUNITY PLANNING AND DEVELOPMENT HOUSING OPPORTUNITIES FOR PERSONS WITH AIDS

The agreement provides \$450,000,000 for housing opportunities for persons with AIDS [HOPWA] program, to remain available until September 30, 2023, except that amounts allocated pursuant to 854(c)(5) shall remain available until September 30, 2024.

Improved coordination between HOPWA and the Ryan White HIV/AIDS programs.—The agreement directs HUD and the HHS to provide a joint briefing to the House and Senate Committees on Appropriations not later than 90 days after enactment of this act on the challenges and opportunities for better collaboration, including, but not limited to, data sharing, duplication of efforts, and grantee capacity to inform improved service delivery for all grantees for the HOPWA and Ryan White HIV/AIDS programs.

COMMUNITY DEVELOPMENT FUND

The bill provides \$4,841,409,207 for the community development fund, to remain available until September 30, 2025. Of the total, the bill provides \$3,300,000,000 in community development block grant [CDBG] formula funding, \$25,000,000 for activities authorized under section 8071 of the SUPPORT for Patients and Communities Act, and \$1,516,409,207 for economic development initiatives.

Data in rural communities.—The agreement encourages HUD to extend flexibilities for the use of alternative data for rural communities with less than 1,000 residents when a CDBG applicant considers American community survey data to be unreliable.

CDBG timely performance reviews.—To ensure HUD’s regulations for entitlement grantees allow for an appropriate amount of time to effectively allocate funds to projects after annual grants are awarded, the Department should review in consultation with grantees its timely expenditure regulations.

CDBG disaster recovery [CDBG–DR].—The agreement directs HUD to take appropriate actions to streamline and improve program operations.

The agreement also directs HUD to brief the House and Senate Committees on Appropriations, within 90 days of enactment of this act, on recent and planned improvements to the disaster recovery grant reporting system, best practices in IT systems by past CDBG–DR grantees, and options for HUD deployment of shared IT systems or modules to limit grantee costs and burden.

The agreement further directs HUD, in coordination with the Federal Emergency Management Agency [FEMA], to provide a joint briefing to the House and Senate Committees on Appropriations, within 180 days of enactment of this act, on: (1) actions the agencies are taking to improve data sharing and integration, (2) how such efforts are staffed, coordinated, and monitored across the agencies to ensure continual progress, (3) how such efforts can reduce redundant and burdensome data collection from survivors, (4) known challenges and barriers to advancing data sharing, (5) safeguards to protect survivor privacy, and (6) key lessons learned from prior efforts. Improved collaboration is essential to rapidly deploying assistance, preventing duplication, and ensuring funds go where they are needed most. The agreement expects the Department and FEMA to pay careful attention to the recovery needs of low-income and other vulnerable households, who are most likely to be displaced.

Disaster recovery acceleration funds.—Lower income disaster survivors often face the longest timelines and the most significant barriers to recovery. The agreement is aware that organizations, like SBP in New Orleans, Louisiana and Enterprise Community Partners, are working to help these survivors rebuild faster through the use of recovery acceleration funds, which use private capital to help low- and moderate-income households finance the upfront costs to repair their homes while waiting for reimbursement from Federal funding. The agreement urges HUD to prioritize the acceleration of disaster recovery funds for eligible individuals and families, and to explore the utilization of mechanisms, like recovery acceleration funds, to speed recovery.

COMMUNITY DEVELOPMENT LOAN GUARANTEES PROGRAM ACCOUNT

The bill provides the authority to collect fees from borrowers adequate to result in a subsidy cost of zero and an aggregate limitation on commitments of no more than \$300,000,000 for loan guarantees under section 108.

HOME INVESTMENT PARTNERSHIPS PROGRAM

The bill provides \$1,500,000,000, to remain available until September 30, 2025, for the HOME investment partnerships program.

Affordable housing needs.—The agreement supports innovative projects that combine public and private capital and directs HUD to continue to work to expand the supply and affordability of housing for low- and very low-income people.

Reconciling income guidelines for disabled veterans.—The income guidelines for HUD’s HOME program and the Department of the Treasury’s Low Income Housing Tax Credit [LIHTC] program vary, and reconciling the two program’s requirements can be challenging. The agreement directs the Department to work with the Department of the Treasury to determine policies that align HUD and LIHTC guidelines to address the housing needs of low-income disabled veterans.

SELF-HELP AND ASSISTED HOMEOWNERSHIP OPPORTUNITY PROGRAM

The bill provides \$62,500,000 to remain available until September 30, 2024. The bill

provides the following funding levels for specific activities within this account:

Self-help homeownership opportunity program [SHOP]	\$12,500,000
Section 4 program	41,000,000
[Rural capacity building activities]	[not less than \$5,000,000]
National rural capacity building	5,000,000
Veterans housing rehabilitation and modification pilot program	4,000,000

Multiyear agreements.—The agreement does not include the direction in House Report 117–99 on multiyear agreements. The bill provides HUD the authority to enter into multiyear agreements for the section 4 capacity building for community development and affordable housing program [section 4], subject to the availability of annual appropriations. When utilizing this authority, the agreement directs HUD to include information in the multiyear NOFO outlining HUD’s process for re-evaluating grantees each fiscal year to determine funding awards for appropriated funds from subsequent fiscal years that are covered by the multiyear NOFO and multiyear agreement.

Section 4 program.—The agreement directs funds available for the section 4 program to be used solely for capacity building activities. The agreement also encourages targeted capacity building activities to address housing affordability and physical needs in Tribal communities and populations through the section 4 program.

National organization definition.—For the purposes of the national rural capacity building NOFO, the agreement directs HUD to define an eligible national organization as “a nonprofit entity, which has ongoing experience in rural housing, including experience working with rural housing organizations, local governments, and Indian Tribes, as evidenced by past and continuing work in one or more states in eight or more of HUD’s Federal regions.”

Assistance for low-income and disabled veterans.—The agreement notes that HUD is now processing the veterans housing rehabilitation and modification pilot program NOFO and awards in a timely manner and expects additional funding in this and any future year appropriations to receive similar due diligence.

Land acquisition costs.—The agreement encourages HUD to consider increasing the cap for the combined cost of land acquisition and infrastructure improvements per SHOP unit for the fiscal year 2022 NOFO.

HOMELESS ASSISTANCE GRANTS

The agreement provides \$3,213,000,000 to remain available until September 30, 2024, for homeless assistance grants. Funding is provided in the amounts shown in the following table:

Emergency solutions grants	\$290,000,000
Continuum of care (CoC) and rural housing stability assistance	2,809,000,000
Projects to assist survivors of domestic violence, dating violence, sexual assault or stalking	[not less than 52,000,000]
National homeless data analysis project	7,000,000
Comprehensive approach to serving homeless youth	107,000,000
Youth homelessness system improvement grants	[not less than 25,000,000]
Technical assistance	[up to 10,000,000]
Total	3,213,000,000

The agreement modifies the House Report 117–99 directive under this heading to not prioritize investigations or outreach to specific homeless subpopulations.

COVID–19 impacts.—The agreement modifies the House Report 117–99 directive under this heading by replacing the report with a briefing.

Comprehensive interventions to prevent and end youth homelessness.—The agreement di-

rects HUD to ensure that sufficient technical assistance resources and equal consideration for youth homelessness system improvement grants are provided to rural areas. The agreement encourages HUD to incorporate the following components when awarding youth homelessness system improvement grants: youth collaboration in project design and implementation, including establishment of local youth advisory boards; quality data collection, management, utilization, and evaluation; direct coordination and communication with service providers; cross-system partnerships including juvenile justice, child welfare, and education systems; and prevention and diversion strategies. The agreement prohibits youth homelessness system improvement grants from being used for services or housing. Lastly, the agreement directs HUD to provide information on successful youth transitional housing models on its website.

Services for youth experiencing homelessness.—The agreement encourages HUD to facilitate collaboration between CoCs and specialty partners that provide mental health services, including suicide prevention, for youth experiencing homelessness. The agreement further encourages HUD to inform grantees of methods to strategically provide educational and outreach resources to secure the necessary mechanisms and technologies to assist youth in confidentially accessing mental health services in times of crisis.

Tribal inclusion in youth homelessness demonstration program [YHDP].—The agreement encourages HUD to include Tribes and tribally designated housing entities as eligible recipients in the fiscal year 2022 YHDP NOFO.

Annual homeless assessment report [AHAR].—The agreement directs HUD to incorporate additional Federal data on homelessness, particularly as it relates to youth homelessness, into the AHAR and to submit the report to the House and Senate Committees on Appropriations by August 29, 2022.

HOUSING PROGRAMS

PROJECT-BASED RENTAL ASSISTANCE

The bill provides \$13,940,000,000 for project-based rental assistance activities, to remain available until expended, including \$13,540,000,000 to be available on October 1, 2021, and an advance appropriation of \$400,000,000 to be available on October 1, 2022. Of the total, not more than \$355,000,000 is for performance-based contract administrators and up to \$5,000,000 is for tenant education and outreach, which combined with available prior year funding will be sufficient to support tenant organizing activities, capacity building, and technical assistance. The agreement does not provide the funding requested for service coordinators.

Performance-based contract administrators.—The agreement directs HUD to ensure that any solicitation for performance-based contract administrators does not impede housing finance agencies from bidding on state-based contracts.

Managing troubled properties.—The agreement directs HUD to submit a report to the House and Senate Committees on Appropriations within 90 days of enactment of this act regarding the status, results, and enforcement actions, if any, of all physical inspections over the last five years of properties that received funding under this heading. If a property had not been inspected under the inspection timeline set by 24 C.F.R. 200.857(b), the report shall include a detailed explanation for why uniform physical condition standards were not applied.

HOUSING FOR THE ELDERLY

The agreement provides \$1,033,000,000 for the section 202 program, to remain available

until September 30, 2025, of which up to \$125,000,000 shall be for service coordinators and the continuation of existing congregate service grants. Of the total, up to \$199,000,000 is for new capital advance and project rental assistance contracts, of which up to \$10,000,000 is for the expansion of intergenerational dwelling units, and up to \$6,000,000 is to support preservation transactions of housing for the elderly originally developed by a capital advance and assisted by a project rental assistance contract.

Investments in new construction.—The agreement directs the Department to make all remaining funding provided in fiscal years 2019, 2020, and 2021 available within 60 days of enactment of this act, and to award that funding within 180 days of enactment of this act.

Service coordinators.—The agreement directs the Department to implement the following recommendations from the GAO report entitled “Elderly Housing: HUD Should Do More to Oversee Efforts to Link Residents to Services” (GAO–16–758): (1) continue to improve the accuracy of the Department’s data on section 202 properties with service coordination; (2) develop and make available written guidance on assessing compliance with supportive services requirements; and (3) develop and implement procedures for verifying and analyzing performance data. The agreement directs the Department to report to the House and Senate Committees on Appropriations within 60 days of enactment of this act on an action plan to implement these outstanding GAO recommendations.

HOUSING FOR PERSONS WITH DISABILITIES

The agreement provides \$352,000,000 for the section 811 program, to remain available until September 30, 2025. This includes up to \$160,000,000 for new project rental assistance [PRA] and capital advance awards.

Investments in new construction.—The agreement directs the Department to expeditiously make all remaining funding provided in fiscal years 2019, 2020, and 2021 available within 60 days of enactment of this act and to award that funding within 180 days of enactment of this act.

Individuals with intellectual and developmental disabilities.—The agreement directs HUD to continue to prioritize projects targeting and serving individuals with intellectual and developmental disabilities who have been receiving care through family members when awarding the new PRA funds provided in this act. The agreement directs HUD to coordinate with Federal partners, including HHS, and other public, private, and non-profit stakeholders to review existing programs and regulations to identify gaps in services and existing barriers to stable housing. The agreement also requires HUD to provide a briefing to the House and Senate Committees on Appropriations with its findings and recommendations within 280 days of enactment of this act.

HOUSING COUNSELING ASSISTANCE

The agreement provides \$57,500,000 for housing counseling, including up to \$4,500,000 for administrative contract services, to remain available until September 30, 2023.

Homeownership counseling.—The agreement directs that not less than \$3,000,000 of the funds provided for the housing counseling grant program is for pre- and post-purchase homeownership counseling.

Housing counseling agency partnerships with minority-serving institutions [MSIs].—The agreement directs that not less than \$3,000,000 of the funds provided for the housing counseling grant program are for housing counseling agencies to partner with historically black colleges and universities, Tribal colleges and universities, and other MSIs.

PAYMENT TO MANUFACTURED HOUSING FEES TRUST FUND

The agreement provides \$14,000,000 for the manufactured housing standards programs, of which \$14,000,000 is to be derived from fees collected and deposited in the manufactured housing fees trust fund.

Manufactured housing consensus committee construction and safety standards backlog.—The agreement directs HUD to prioritize clearing the backlog of unpublished Manufactured Housing Consensus Committee recommendations and to publish the fourth and fifth sets of standards no later than 1 year from the enactment of this act.

FEDERAL HOUSING ADMINISTRATION MUTUAL MORTGAGE INSURANCE PROGRAM ACCOUNT

The agreement sets a limit of \$400,000,000,000 on commitments to guarantee single-family loans and \$150,000,000 for administrative contract expenses, which shall be available until September 30, 2023.

FHA guidelines for manufactured housing.—The agreement directs HUD to review its financing guidelines for all of its manufactured housing mortgage programs to modernize policies to reflect today's market and improve the availability of this housing financing option.

Institutional investment in single-family housing.—The agreement directs HUD to brief the House and Senate Committees on Appropriations within 180 days of enactment of this act on FHA actions to encourage more owner occupants, government entities, and non-profit organizations (rather than institutional investors) to purchase HUD-insured and HUD-owned properties.

GENERAL AND SPECIAL RISK PROGRAM ACCOUNT

The agreement sets a \$30,000,000,000 limit on multifamily and specialized loan guarantees and provides that such commitment authority shall be available until September 30, 2023.

GOVERNMENT NATIONAL MORTGAGE ASSOCIATION

GUARANTEES OF MORTGAGE-BACKED SECURITIES LOAN GUARANTEE PROGRAM ACCOUNT

The agreement sets a limit of up to \$900,000,000,000 for new commitments and provides \$33,500,000 for salaries and expenses for the Government National Mortgage Association [Ginnie Mae], which shall be available until September 30, 2023.

POLICY DEVELOPMENT AND RESEARCH RESEARCH AND TECHNOLOGY

The bill provides \$145,400,000 for research and technology activities and technical assistance, to remain available until September 30, 2023.

Table with 2 columns: Description and Amount. Rows include Core research and technology (\$66,800,000), Innovation activities (\$500,000), Cooperative agreements and research partnerships with HBCUs (\$5,500,000), Cooperative agreements and research partnerships with HSIs (\$5,500,000), Legal assistance to low-income tenants at risk of or subject to eviction (20,000,000), and Research, demonstrations, and evaluations (17,600,000).

Table with 2 columns: Description and Amount. Rows include Technical assistance (41,000,000), Violence Against Women Act technical assistance (5,000,000), Thriving communities (5,000,000), and Total (145,400,000).

Core research and technology.—The agreement provides \$66,800,000 for core research and technology including: market surveys, research support and dissemination, data acquisition, housing finance studies, research partnerships, and housing technology.

Legal assistance.—The agreement provides \$20,000,000, to remain available until September 30, 2024, for competitive grants to nonprofit or government entities to provide legal assistance to low-income tenants at risk of or subject to eviction.

Research, demonstrations, and evaluations.—The agreement provides \$17,600,000 for research, demonstrations, and evaluations. Included in this total is the continuation of the following research and evaluations: mobility demonstration evaluation; family options long-term tracking study; choice neighborhoods initiative; and stakeholder engagement for national evictions database.

Technical assistance.—The agreement provides \$41,000,000 for technical assistance, including assistance to grantees receiving allocations for SUPPORT Act activities under the heading "Community Development Fund". Of this amount, \$5,000,000 is for training and technical assistance on the Violence Against Women Act [VAWA] housing protections for survivors of domestic violence, dating violence, sexual assault, and stalking.

Higher education and community partnerships.—The agreement encourages the Department to competitively award a cooperative agreement for institutions of higher education or nonprofit entities that train

and support institutions of higher education, to conduct research or provide technical assistance on matters related to economic opportunity, reducing homelessness, or other areas that improve the long-term capacity of communities or otherwise address priorities of the Office of Policy Development and Research.

Broadband access for HUD-assisted households.—The agreement encourages the Department to undertake an analysis of the extent to which broadband infrastructure barriers and high monthly costs result in HUD-assisted households receiving inadequate access to Internet, including potential methods for providing high-quality, subsidized broadband to HUD-assisted households.

Office of Innovation.—The agreement does not include directions relating to the Office of Innovation included in House Report 117-99. Instead, the agreement encourages the Office of Innovation to challenge the affordable housing industry to substantially drive down the cost of affordable housing design and production, including consideration of modular housing development.

Evictions counseling.—The agreement encourages HUD to work with housing counselors to identify the predominant causes of evictions and efforts to improve their processes, including the identification of any barriers to the collection of data on at-risk households, as well as to augment the services offered by housing counselors.

Demolition of abandoned properties.—The agreement encourages HUD to examine property demolition programs, including the neighborhood stabilization program, on the feasibility and reasonableness of these types of programs.

Digitizing housing code violations.—The agreement directs the Department to complete a feasibility study on the extent to which HUD can help cities and localities digitize housing codes for public view, including the associated costs, and submit the feasibility study to the House and Senate Committees on Appropriations.

Fair market rents [FMRs].—The agreement strongly encourages HUD, to the extent permissible under current regulations, to set FMRs at no lower than the previous year's level for an FMR area, unless the Department has sufficient local data to justify such a change.

Regulatory barriers clearinghouse.—The agreement encourages HUD to continue to collect, assess, and disseminate information on State and local regulations and policies affecting the creation and maintenance of affordable housing, including through the publication of regular articles and other policy guidance through the Department's regulatory barriers clearinghouse.

FAIR HOUSING AND EQUAL OPPORTUNITY FAIR HOUSING ACTIVITIES

The agreement provides \$85,000,000 for fair housing activities, to remain available until September 30, 2023. This includes \$56,000,000 for the fair housing initiatives program [FHIP], \$25,000,000 for the fair housing assistance program, \$3,000,000 for the national fair housing training academy, and \$1,000,000 for translated materials.

OFFICE OF LEAD HAZARD CONTROL AND
HEALTHY HOMES
LEAD HAZARD REDUCTION
(INCLUDING TRANSFER OF FUNDS)

The agreement provides \$415,000,000 for lead hazard control and healthy homes programs, to remain available until September 30, 2024. Of the amount provided, \$90,000,000 is available for the healthy homes initiative [HHI], and not less than \$95,000,000 is available for lead-based paint hazard reduction in jurisdictions with the highest lead-based paint abatement needs.

Aging-in-place home modification grants.—The agreement includes \$15,000,000 within HHI for aging-in-place home modification grants in order to enable low-income seniors to remain in their homes through low-cost, high-impact home modifications. The intended beneficiaries of these grants have always been low-income senior homeowners, and HUD shall ensure the use of funds appropriated in this and previous fiscal years will reflect that intent. In designing the NOFO for this program, HUD is directed to continue to take into account successful models of low-barrier, participant-led, holistic approaches to aging-in-place, including Johns Hopkins University's community aging in place-advancing better living for elders program and the community aging in place program of the Maine State Housing Authority. The agreement continues to direct HUD to track the outcomes of seniors whose homes have been modified in order to better understand the effectiveness of this funding in reducing at home falls, hospitalizations, and emergency response calls, as well as improving independence and tenure in home over time.

Improving the lead grant application process.—Through utilizing the technical assistance and NOFO improvements provided by the Department, applicants and grantees are encouraged to develop and utilize public-private partnerships as a means to leverage capital, as well as assist with grant and project management. The agreement directs HUD to continue to improve the NOFOs to encourage more grantees to apply, especially those that may not have access to professional grant writers. Additionally, HUD shall continue to clearly state in the NOFO that an application may include non-profit co-applicants, provided that an eligible city, county/parish, other unit of local government, or eligible state or Tribe are identified as the lead or co-applicant. The agreement continues to direct HUD to allow for an overlap in grant cycles in order to ensure continuity and improved program management at the local level. Further, HUD is directed to continue the weighting of criteria that ensures proper consideration is given to applicants that demonstrate previous successful completion of lead grants.

Multiple health hazards in homes.—The HHI strives to protect children and their families from housing-related health and safety hazards. Among these health and safety concerns are mold, noise, allergens, asthma, pesticides, and volatile organic compounds. Additionally, these safety concerns include fire hazards such as, but not limited to, cooking, smoking, heating, lighting, flammable liquids, and other home hazards that may lead to a fire. The presence of these multiple hazards exacerbates existing health problems and can lead to new physical and psychological ones. The agreement directs the Office of Lead Hazard Control and Healthy Homes [OLHCHH] to give homes with multiple hazards priority consideration.

Radon testing and mitigation resident safety demonstration.—The agreement includes \$5,000,000 for radon testing and mitigation activities in public housing units as proposed

in the fiscal year 2022 budget request. The OLHCHH shall coordinate with the Office of Public and Indian Housing throughout the length of the demonstration to ensure proper engagement and communication with the impacted PHAs. The agreement expects HUD to issue a broad, agency-wide radon policy in response to the Office of Inspector General's [OIG] 2021 evaluation (Report Number: 2020-OE-0003). Additionally, according to the EPA's final Federal Radon Action Plan Scorecard issued in 2016, HUD failed to complete the following commitments assigned to the agency regarding healthy homes activities: (1) collaborating with EPA, HHS, and USDA on an interagency radon outreach initiative; and (2) working with EPA and USDA to engage the philanthropic community to support radon risk reduction. The fiscal year 2021 joint explanatory statement directed the Department to complete these objectives, which have been subsumed into the subsequent, broader public-private national radon action plan led by the American Lung Association. The agreement continues to direct HUD to complete these objectives.

Weatherization assistance program.—Homes are often eligible for assistance under the Department of Energy's [DOE's] weatherization assistance program [WAP] and HUD's lead-based paint hazard control and healthy homes programs. The agreement continues to support OLHCHH's participation in the interagency working group with the DOE. OLHCHH is encouraged to continue to leverage partnerships between DOE, WAP grantees, and sub-grantees to perform window removal and installation work in older low-income housing. HUD is directed to collect information on how many units benefit from this coordination and how much this coordination has reduced costs for hardware and labor. HUD is directed to provide this information to the House and Senate Committees on Appropriations no later than 180 days after the end of each grant cycle on an annual basis.

Overdue directive.—The agreement notes the Committees are awaiting the submission of the inspection standards report outlining recommendations to strengthen lead inspection standards beyond a visual lead assessment in federally-assisted housing, HCV units, and households with a child under age six, as required by the fiscal year 2021 joint explanatory statement. HUD is directed to submit this report to the House and Senate Committees on Appropriations within 30 days of enactment of this act.

INFORMATION TECHNOLOGY FUND

The agreement provides \$323,200,000 for the information technology fund, to remain available until September 30, 2024, of which up to \$40,000,000 is available for development, modernization, and enhancement [DME] projects.

FHA IT modernization.—The House and Senate Committees on Appropriations have provided \$60,000,000 in dedicated funding towards FHA single-family IT modernization over the past three fiscal years as requested. However, during 2021, it became evident from the Office of Inspector General and GAO reports as well as the Committees' own oversight that the project is over-budget and behind schedule. Consequently, the agreement expects the Department to provide the sustained executive-level attention needed to remedy the chronic management challenges that caused these additional costs and delays, takes into account the project's \$19,200,000 in unobligated balances, and provides up to \$12,300,000 in new budget authority to continue progress on FHA IT modernization, which the agreement designates as a major modernization project. These funds are to be used for single-family insured

mortgage processing, underwriting and delivery, single-family asset management and claims systems, lender management activities, and program compliance. These funds may also be used for more immediate FHA IT needs, including the system interface with the Department of the Treasury's "Do Not Pay" system, compliance with HUD IT security policy, and the reverse mortgage system. Up to \$5,000,000 of these funds may also be used toward modernizing FHA multi-family housing IT systems, but are limited to planning activities and development of the automated underwriting system. The agreement directs the Department to provide timely updates on the FHA multifamily project as planning efforts conclude. Not more than \$1,230,000 of this amount may be obligated until the required plan is approved.

PIH IT modernization.—The agreement provides up to \$12,300,000 to make critical investments in the modernization and development of PIH IT systems, which the agreement designates as a major modernization project. The agreement directs these funds to be used for DME work related to the public housing information center, data warehouse, voucher management systems, the operating fund web portal, property inspections, and Tribal grant and loan guarantee programs. The agreement expects HUD to prioritize completion of already identified projects to achieve full functionality and targeted decommissioning of outdated systems prior to proposing any new projects. Not more than \$1,230,000 of this amount may be obligated until the required plan is approved.

Non-major modernization project priorities.—Within the total amounts available for the DME of HUD IT systems, the agreement provides up to \$8,600,000 for non-major modernization projects. Not more than \$860,000 of this amount may be obligated across all non-major projects until the required plan is approved. The agreement directs HUD to prioritize the modifications needed to accommodate the economic development initiatives and the disaster recovery data portal. Funds may also be used for the enterprise IT asset management and analytics, section 3 reporting, and geocoding IT projects.

Improving IT modernization management and cybersecurity.—The agreement urges the OCIO to address the following priority GAO recommendations that remain open: (1) to establish an enterprise-wide view of cost savings and operational efficiencies generated by investments and governance processes; and (2) to identify and correctly categorize critical cybersecurity staffing needs.

IT reporting and oversight.—The agreement directs HUD to include greater detail in its congressional justifications to: (1) delineate between funding for operations and maintenance and DME, including planning; (2) consistent with OMB guidance, summarize spending by major, non-major, and standard IT investments; and (3) include plain language summaries of proposed DME projects, total costs and savings potential, and target functionality and mission benefits. The act requires HUD to provide updated reports on a quarterly basis to the House and Senate Committees on Appropriations on all DME projects, with additional detail on major modernization projects, and directs the Department to brief the House and Senate Committees on Appropriations within 30 days of enactment of this act on its plans to comply with this directive to ensure the format and clarity of such reports meets the Committees' needs.

OFFICE OF INSPECTOR GENERAL

The bill provides \$140,000,000 for the salaries and expenses of the Office of Inspector General.

Audit reports.—The Office of Inspector General is expected to continue to provide copies of all audit reports to the House and Senate Committees on Appropriations immediately upon issuance and to make the Committees aware of any review that recommends significant budgetary savings.

Contracting audits of annual financial statements.—The agreement directs the Office of Inspector General to continue to rely on an independent external auditor, or auditors, to audit the financial statements of the Department, including the financial statements of FHA and GNMA.

GENERAL PROVISIONS—DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT
(INCLUDING TRANSFER OF FUNDS)
(INCLUDING RESCISSIONS)

Section 201 splits overpayments evenly between Treasury and state HFAs.

Section 202 prohibits funds from being used to investigate or prosecute lawful activities under the Fair Housing Act.

Section 203 requires any grant or cooperative agreement to be made on a competitive basis, unless otherwise provided, in accordance with section 102 of the Department of Housing and Urban Development Reform Act of 1989.

Section 204 relates to the availability of funds for services and facilities for GSEs and others subject to the Government Corporation Control Act and the Housing Act.

Section 205 prohibits the use of funds in excess of the budget estimates, unless provided otherwise.

Section 206 relates to the expenditure of funds for corporations and agencies subject to the Government Corporation Control Act.

Section 207 requires the Secretary to provide quarterly reports on uncommitted, unobligated, recaptured, and excess funds in each departmental program and activity.

Section 208 exempts GNMA from certain requirements of the Federal Credit Reform Act of 1990.

Section 209 authorizes HUD to transfer debt and use agreements from an obsolete project to a viable project, provided that no additional costs are incurred and other conditions are met.

Section 210 sets forth certain requirements for section 8 eligibility and includes consideration for persons with disabilities.

Section 211 distributes Native American housing block grants to the same Native Alaskan recipients as in fiscal year 2005.

Section 212 instructs HUD on managing and disposing of any multifamily property that is owned or held by HUD.

Section 213 allows PHAs that own and operate 400 or fewer units of public housing to be exempt from asset management requirements.

Section 214 restricts the Secretary from imposing any requirements or guidelines relating to asset management that restrict or limit the use of capital funds for central office costs, up to the limits established in law.

Section 215 requires that no employee of the Department be designated as an allotment holder unless the CFO determines that such employee has received certain training.

Section 216 requires the Secretary to notify the public of notices of funding opportunity for competitively awarded funds, and establishes how such notification may occur.

Section 217 requires attorney fees for programmatic litigation to be paid from the individual program office and Office of General Counsel salaries and expenses appropriations.

Section 218 allows the Secretary to transfer up to 10 percent of funds or \$5,000,000, whichever is less, appropriated under the headings “Administrative Support Offices”

or “Program Offices” to any other office funded under such headings.

Section 219 requires HUD to take certain actions against owners receiving rental subsidies that do not maintain safe properties.

Section 220 places a salary and bonus limit on public housing agency officials and employees.

Section 221 requires the Secretary to notify the House and Senate Committees on Appropriations at least 3 full business days before grant awards are announced.

Section 222 prohibits funds for HUD financing of mortgages for properties that have been subject to eminent domain.

Section 223 prohibits the use of funds to terminate the status of a unit of general local government as a metropolitan city with respect to grants under section 106 of the Housing and Community Development Act of 1974.

Section 224 allows funding for research, evaluation, and statistical purposes that is unexpended at the time of completion of the contract, grant, or cooperative agreement to be re-obligated for additional research.

Section 225 prohibits funds for financial awards for employees subject to administrative discipline.

Section 226 allows program income as an eligible match for 2015 through 2022 continuum of care funds.

Section 227 permits HUD to provide one year transition grants under the continuum of care program.

Section 228 maintains current promise zone designations and agreements.

Section 229 prohibits funds from being used to establish review criteria, including rating factors or preference points, for competitive grants programs for envision center participation or coordination, with exceptions.

Section 230 clarifies the use of funds for the family self-sufficiency program.

Section 231 addresses the establishment of reserves for public housing agencies designated as MTW agencies.

Section 232 prohibits funds from being used to make certain eligibility limitations as part of a notice of funding opportunity for competitive grant awards under the public housing fund.

Section 233 prohibits funds from being used to issue rules or guidance in contravention of section 1210 of Public Law 115-254 (132 Stat. 3442) or section 312 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5155).

Section 234 extends the time period for the liquidation of valid obligations for the choice neighborhoods initiative program in Public Law 113-235.

Section 235 prohibits the use of funds to direct a grantee to undertake specific changes to existing zoning laws as part of carrying out the final rule entitled, “Affirmatively Furthering Fair Housing” or the notice entitled, “Affirmatively Furthering Fair Housing Assessment Tool”.

Section 236 makes changes to the rental assistance demonstration.

Section 237 addresses the manner in which HUD may make adjustments for formula allocation corrections.

Section 238 rescinds unobligated balances made available in Public Law 116-260 from the “Executive Offices” and “Administrative Support Offices”.

Section 239 allows the Secretary to waive or specify alternative requirements to facilitate the use of certain funds made available in Public Law 116-260, with exceptions.

TITLE III
RELATED AGENCIES
ACCESS BOARD
SALARIES AND EXPENSES

The agreement provides \$9,750,000 for salaries and expenses.

FEDERAL MARITIME COMMISSION
SALARIES AND EXPENSES

The bill provides \$32,869,000 for the salaries and expenses of the Federal Maritime Commission [FMC], of which not more than \$3,500 shall be available for official reception and representation expenses. Of the funds provided, up to \$577,781 is available for the FMC Inspector General.

The agreement provides funding above the budget request to: (1) support the formal investigation to examine issues related to detention and demurrage practices, container return practices, and the availability of containers for export cargo, and to determine if the policies and practices of vessel-operating common carriers [VOCCs] violate 46 U.S.C. 44102(c); (2) review information provided by VOCCs and marine terminal operators on their current practices; (3) support the national shipper advisory committee for exporters and importers; and (4) further the statutorily established purpose of the FMC to “promote the growth and development of United States exports through competitive and efficient ocean transportation and by placing a greater reliance on the marketplace” (46 U.S.C. 40101(4)), including to support the Office of Consumer Affairs and Dispute Resolution Services [CADRS], Bureau of Enforcement, Area Representatives, Bureau of Trade Analysis, Office of the Secretary, fact finding investigations, and for necessary support services. The FMC is directed to brief the House and Senate Committees on Appropriations no later than 90 days after enactment of this act detailing its plans for these additional resources.

Shipping practices.—The agreement includes the direction in House Report 117-99; however, the agreement does not preclude the FMC from engaging on export and import issues through means other than the CADRS.

NATIONAL RAILROAD PASSENGER CORPORATION
OFFICE OF INSPECTOR GENERAL
SALARIES AND EXPENSES

The bill provides \$26,248,000 for the salaries and expenses of the National Railroad Passenger Corporation Office of Inspector General.

NATIONAL TRANSPORTATION SAFETY BOARD
SALARIES AND EXPENSES

The bill provides \$121,400,000 for the salaries and expenses of the National Transportation Safety Board [NTSB].

Alaska.—The agreement directs the NTSB to identify and delineate Alaska specific accident data within existing monthly aviation reporting and make them publicly available.

Recommendations to the DOT.—The agreement directs the NTSB to continue to provide the compliance report required under 49 U.S.C. 1135(e).

NEIGHBORHOOD REINVESTMENT CORPORATION
PAYMENT TO THE NEIGHBORHOOD
REINVESTMENT CORPORATION

The agreement provides \$166,000,000 for the Neighborhood Reinvestment Corporation [NRC]. Within the total, the bill provides \$3,000,000 to remain available until September 30, 2025, for the promotion and development of shared equity housing models.

Neighborhood revitalization.—The agreement recognizes the importance of restoring communities that are suffering from depopulation and deindustrialization. The agreement further recognizes that innovative revitalization strategies from partnerships including municipalities, land banks, community development organizations, nonprofits, and anchor institutions are needed to address the problem and encourages the NRC to work together with these partners in communities that have been left behind.

Grant notifications.—The agreement directs the NRC to provide at least three days' advance notice to the House and Senate Committees on Appropriations prior to the announcement of any grant exceeding \$50,000 that is awarded to a NRC network organization.

Rural areas.—The agreement urges the NRC to continue capacity-building initiatives in rural areas.

Multilingual training courses.—The agreement directs the NRC to continue surveying the NRC network to determine whether there is sufficient need for additional professional development and certification training courses for non-profit community development staff to be offered in additional languages.

Shared equity.—Of the \$3,000,000 provided for shared equity, the NRC is directed to invest \$1,000,000 in technical assistance and \$2,000,000 for capital grants for affiliates to bring new homes into their existing shared equity portfolios. The agreement encourages the NRC to invest in at least one recipient that serves a rural area or a city with a population under 50,000 that has demonstrated success in managing a shared equity portfolio. The agreement further directs the NRC to work with affiliate organizations with experience in offering shared equity homeownership opportunities as technical assistance providers.

GAO audit.—The agreement directs the GAO to audit the NRC. The agreement also directs the GAO to review and make recommendations to improve the NRC's compliance with title 2 U.S. Code of Federal Regulations Part 200 and internal policies and practices related to, at a minimum, internal controls for grant making and procurement, the independence of its internal audit function, conflicts of interest, whistleblower protections, and the audit of its annual financial statement. The GAO shall report its findings to the House and Senate Committees on Appropriations not later than 180 days after enactment of this act.

SURFACE TRANSPORTATION BOARD SALARIES AND EXPENSES

The bill provides \$39,152,000 for the salaries and expenses of the Surface Transportation Board [STB]. The bill permits the collection of up to \$1,250,000 in user fees to be credited to this appropriation and provides that the general fund appropriation be reduced on a dollar-for-dollar basis by the actual amount collected in user fees to result in a final appropriation from the general fund estimated at not more than \$37,902,000.

Regulatory proceedings.—The agreement continues to encourage the STB to provide a timely and decisive regulatory process.

UNITED STATES INTERAGENCY COUNCIL ON HOMELESSNESS OPERATING EXPENSES

The agreement provides \$3,800,000 for operating expenses of the U.S. Interagency Council on Homelessness [USICH]. The agreement modifies House Report 117-99 and does not request a report on access to housing services.

Vehicular homelessness community response.—The agreement directs USICH, in consultation with HUD's Office of Special Needs Assistance Program and Office of Policy Development and Research, to brief the House and Senate Committees on Appropriations on how communities are responding to the challenge of individuals who are experiencing vehicular homelessness within 180 days of enactment of this act.

Supporting transitioning service members.—The agreement directs USICH to brief the House and Senate Committees on Appropriations on interagency progress to support the

effective referral of transitioning service members to employment and housing services, including improved data sharing efforts, metrics that provide a direct comparison of warm handovers before 2018 when USICH identified the need for data transparency and each year thereafter, as well as any other relevant deliverables. The briefing shall also include next steps USICH intends to take to continue its progress, and, if applicable, outline areas of further improvement to continue decreasing rates of veteran homelessness.

Technical assistance in providing transitional housing for survivors of domestic violence.—The agreement directs USICH to continue collaborating with relevant stakeholders to improve the intake methodology and practices for survivors of domestic violence by providing necessary technical assistance that CoCs can efficiently implement. USICH shall continue providing periodic updates to the House and Senate Committees on Appropriations as they make progress.

Housing and supportive services.—The agreement directs USICH to submit to the House and Senate Committees on Appropriations within 270 days of enactment of this act a report identifying current federally funded supportive service programs, how those programs interact with federally funded housing programs, and challenges or barriers that hinder improved performance in such programs in meeting the needs of formerly chronically homeless individuals living with substance use disorders or mental and/or behavioral health issues.

Annual reporting requirements.—The agreement directs USICH to provide an annual report to the House and Senate Committees on Appropriations that compiles and summarizes all information required by section 203(c) of the McKinney Vento Homeless Assistance Act and identify any challenges in obtaining the required data, and the rationale behind any incomplete data. The agreement directs USICH to submit the fiscal year 2022 report no later than September 30, 2022.

Federal agency data collection of homeless individuals and grantees.—The agreement directs USICH to submit to the House and Senate Committees on Appropriations within 270 days of enactment of this act a report identifying the homeless data collection systems being used by the member agencies of USICH, including identification of which systems interact with, or are accessible by, multiple agencies.

Implementation of best practices.—The agreement directs USICH to ensure best practices and evidence-based conclusions are central to any technical assistance and recommendations released by the agency.

TITLE IV GENERAL PROVISIONS—THIS ACT

Section 401 prohibits the use of funds for the planning or execution of any program to pay the expenses of, or otherwise compensate, non-Federal parties intervening in regulatory or adjudicatory proceedings.

Section 402 prohibits the obligation of funds beyond the current fiscal year and the transfer of funds to other appropriations, unless expressly provided.

Section 403 limits consulting service expenditures through procurement contracts to those contracts contained in the public record, except where otherwise provided under existing law.

Section 404 prohibits funds from being used for certain types of employee training.

Section 405 specifies requirements for the reprogramming of funds and requires agencies to submit a report in order to establish the baseline for the application of reprogramming and transfer authorities.

Section 406 provides that not to exceed 50 percent of unobligated balances for salaries

and expenses may remain available until September 30, 2023, for each account for the purposes authorized, subject to the approval of the House and Senate Committees on Appropriations.

Section 407 prohibits the use of funds for any project that seeks to use the power of eminent domain, unless eminent domain is employed only for a public use.

Section 408 prohibits funds from being transferred to any department, agency, or instrumentality of the U.S. Government, except where transfer authority is provided in this or any other appropriations act.

Section 409 prohibits funds from being used by an entity unless the expenditure is in compliance with the Buy American Act.

Section 410 prohibits funds from being made available to any person or entity that has been convicted of violating the Buy American Act.

Section 411 prohibits funds from being used for first-class airline accommodations in contravention of sections 301-10.122 and 301-10.123 of title 41, CFR.

Section 412 restricts the number of employees that agencies may send to international conferences unless such attendance is important to the national interest.

Section 413 caps the amount of fees the STB can charge or collect for rate or practice complaints filed at the amount authorized for district court civil suit filing fees.

Section 414 prohibits funds from being used to maintain or establish computer networks unless such networks block the viewing, downloading, or exchange of pornography.

Section 415 prohibits funds from being used to deny an Inspector General timely access to any records, documents, or other materials available to the department or agency over which that Inspector General has responsibilities, or to prevent or impede that Inspector General's access to such records, documents, or other materials.

Section 416 prohibits funds to be used to pay award or incentive fees for contractors whose performance is below satisfactory, behind schedule, over budget, or failed to meet requirements of the contract, with exceptions.

Section 417 references "Community Project Funding/Congressionally Directed Spending" contained in this joint explanatory statement.

Section 418 prohibits funds made available by this act to DOT from being used in contravention of 54 U.S.C. 306108.

Section 419 prohibits funds from being used to permanently replace an employee intent on returning to his or her past occupation following completion of military service.

Section 420 prohibits funds from being used for the approval of a new foreign air carrier permit or exemption application if that approval would contravene United States law or Article 17 bis of the U.S.-E.U.-Iceland-Norway Air Transport Agreement.

Section 421 allows for a new future interstate route.

Section 422 extends the period of availability for amounts made available for capital investment grants in Public Law 116-6.

Section 423 makes technical corrections to title VIII of division J of Public Law 117-58.

Section 424 makes technical corrections to title VIII of division J of Public Law 117-58.

Section 425 makes technical corrections to title VIII of division J of Public Law 117-58.

Section 426 makes technical corrections to title VIII of division J of Public Law 117-58.

Section 427 makes technical corrections to title VIII of division J of Public Law 117-58.

Section 428 makes technical corrections to title VIII of division J of Public Law 117-58.

Section 429 makes technical corrections to title VIII of division J of Public Law 117-58.

Section 430 makes technical corrections to title VIII of division J of Public Law 117-58.

Section 431 makes technical corrections to title VIII of division J of Public Law 117-58.

Section 432 changes the availability of certain funding from the Disaster Relief Appropriations Act, 2013 (Public Law 113-2, division A; 127 Stat 36).

Section 433 expands the eligible use of funds provided in Public Law 110-252.

DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING ITEMS

Following is a list of congressional earmarks and congressionally directed spending

items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the bill or this explanatory statement, along with the name of each House Member, Senator, Delegate, or Resident Commissioner who submitted a request to the Committee of jurisdiction for each item so identified. For each item, a Member is required to provide a certification that neither the Member nor the Member's immediate family has a financial interest, and each Senator is required to pro-

vide a certification that neither the Senator nor the Senator's immediate family has a pecuniary interest in such congressionally directed spending item. Neither the bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.
