This application must be submitted through [Grants.gov](#).

We encourage you to begin familiarizing yourself with Grants.gov. After accessing the home page, we recommend that first time users of the system go to the “Learn Grants” tab to the right of the “Home” tab to watch a short video to learn how to register for a user ID and

password. The “Learn Grants” tab also includes a variety of resources to help users successfully submit a grant application.

Also, for obtaining and submitting an application, please refer to our Common Instructions for Applicants to Department of Education Discretionary Grant Programs, published in the Federal Register December 27, 2021 (86 FR 73264) and available at [Federal Register :: Common Instructions for Applicants to Department of Education Discretionary Grant Programs](#). Please note that these Common Instructions supersede previous versions, and, in part, describe the transition from the requirement to register in SAM.gov a Data Universal Numbering System (DUNS) number to the implementation of the Unique Entity Identifier (UEI). More information on the phaseout of DUNS numbers is available at [Transition from DUNS Number to Unique Entity Identifier \(UEI\) Fact Sheet \(ed.gov\)](#).

The application package will be available in May, and we will host an application technical assistance webinar to walk applicants through the application package and address any questions.

More information on the application and webinar is forthcoming. We look forward to working with you. If you have questions, please email them to: **CongressionallyDirectedGrants-OPE@ed.gov**.

Thank you,
