Benefits of a Human Services Degree

The Associate in Science Degree program in Human Services prepares students to work with individuals who are consumers of the human services delivery system, providing them with direct services and linking them with other community services and resources.

The mission of the Human Services program is to prepare students to become skilled professionals who can function ethically and effectively within multicultural settings and with diverse populations.

We strive to respond to regional and economic needs and provide access to higher education for all who seek fulfillment of career and economic goals through education. The program is geared to the needs of our students, the profession we support and the commerce that drives our economy.

Transfer Agreements: Graduates wishing to pursue their bachelor's degree can benefit from our transfer agreements with many different colleges and may enroll after transferring credits earned at Nashua Community College. All candidates are required to have a personal interview with a department faculty member.
